(4) *How the manufacturer proceeds in applying for an adjustment.* An application for an adjustment under this paragraph (a) shall be filed in accordance with Revised Procedural Regulation No. 1[9] and shall be on Form OPA 694:478 set out in Appendix C. Copies of this form and of the instructions for completing it may be obtained from any district or regional office of the Office of Price Administration. Where application is made for an adjustment in the maximum price for a rebuilt part, the application shall be filed with the nearest regional office. All other applications for adjustment shall be filed with the Office of Price Administration, Washington, D. C.

[Subparagraph (4) amended by Am. 4, effective 3-30-44]

(5) *Nonapplication of Supplementary Order No. 9.* This paragraph (a) supersedes Supplementary Order No. 9[10] (§ 1305.12), insofar as commodities covered by this regulation are concerned. Accordingly, applications for adjustment of a maximum price established by this regulation may not be filed under Procedural Regulation No. 6.[11]

(6) *Adjusting applicable suggested resale prices.* Any manufacturer who receives, under this paragraph (a), an adjustment in a list price established as his maximum price under this regulation shall adjust his applicable suggested resale list prices, if any, as follows: He shall multiply the previously suggested resale list prices by a percentage to be determined by dividing his adjusted maximum list price by his maximum list price prior to adjustment.

[Subparagraph (6) added by Am. 2, 8 F.R. 15456, effective 11-15-43]

(b) *Petition for amendment.* Any person seeking an amendment of this regulation may file a petition for amendment in accordance with Revised Procedural Regulation No. 1. There shall be filed with such petition and incorporated therein all relevant data showing the need for the proposed amendment and its conformity to the policy of this regulation and of the Emergency Price Control Act of 1942, as amended, to control inflation.

SEC. 17. *Transfer of business or stock in trade.* If the business assets or stock in trade of any business are sold or otherwise transferred after March 31, 1942, and the transferee carries on the business, or continues to deal in the same type of parts in the same competitive area and in an establishment separate from any establishment which he may previously have owned or operated, the transferee shall be subject to the same maximum prices as those to which his transferor would have been subject under this regulation if no transfer had taken place, and his obligation to keep records sufficient to verify these maximum prices shall be the same. The transferor in such cases shall either preserve and make available, or turn over, to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the provisions of this regulation.

SEC. 18. *Records and reports*—(a) *Records.* Persons subject to this regulation shall keep available for inspection by representatives of the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, shall remain in effect;

(1) Records of all sales of parts made after the effective date of this regulation and of the prices charged.

(2) Records of labor rates and overhead rates in effect on March 31, 1942;

(3) Records of all data showing the calculation of maximum prices in accordance with the provisions of this regulation.

(b) *Summary of data to be furnished by manufacturer to Office of Price Administration, and to customers*—(1) *To Office of Price Administration.* (i) Catalogs and discount sheets, and price lists containing list prices which are established as maximum prices. (Required by section 6.)

[Subparagraph (i) amended by Am. 4, effective 3-30-44]

(ii) Report of new maximum list price determined in accordance with section 9. (Required by section 9 (c).)

(iii) Informal application for exemption from necessity of establishing a new maximum list price. (Required by section 11.)

(iv) Report of new maximum non-list price determined in accordance with section 12 which is higher than the most recent price charged subsequent to March 31, 1942. (Required by section 12 (b).)

(v) Report of maximum price or price determining method established for a part under section 14. (Required by section 14 (b).)

(vi) Report on price or price determining method established under section 14, which must be filed six months after the date the established price or price determining method was filed in accordance with section 14 (b). (Required by section 14 (d).)

(2) *To customers.* (i) Catalogs and price lists, and discount sheets which include suggested resale prices established as maximum prices under Maximum Price Regulation No. 453 (Wholesalers' and Retailers' Maximum Prices for Automotive Parts).[12] (Required by section 10 (a).)

(ii) A statement informing customers that suggested resale prices included on manufacturer's price lists are their maximum prices, where such resale prices are established as maximum prices under Maximum Price Regulation No. 453 (Wholesalers' and Retailers' Maximum Prices for Automotive Parts). (Required by section 10 (b).)

(iii) Copies of invoices on which are billed emergency service charges permitted by section 14b. (Required by section 14b.)

[Subparagraph (iii) amended by Am. 4, effective 3-30-44]

(c) *Additional or substituted records and reports.* Every person subject to this regulation shall keep such other records and submit such other reports, including periodic financial statements, as the Office of Price Administration may from time to time require in writing, either in addition to or in substitution for, records and reports required by this regulation subject to the approval of the Budget Bureau in accordance with the Federal Reports Act of 1942.

[Paragraph (c) added by Am. 2, 8 F.R. 15456, effective 11-15-43]

SEC. 19. *Evasion.* (a) It shall be a violation of this regulation to evade the price limitations of this regulation by direct or indirect means, by reducing the period of guaranty or warranty or performance; by reducing discounts, freight allowances, exchange values, or other concessions to any purchaser; by changing discount or customary price differentials among classes of purchasers; by eliminating or reducing exchange credits; or in any other manner.

(b) The Office of Price Administration may, upon request, grant written permission to any person subject to this regulation to change his credit terms in effect on March 31, 1942, where such change is necessitated by orders issued by the Board of Governors of the Federal Reserve System or any agency of the United States.

SEC. 20. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages or suspension of licenses provided for by the Emergency Price Control Act of 1942, as amended.

SEC. 20a. *Licensing.* The provisions of Licensing Order No. 1,[13] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the

license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 20a added by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43]

SEC. 21. *Definitions.* (a) "New part" is a part which has not been previously used. The term includes unfinished parts not specifically excluded by section 1 (c) (1) and when sold by a manufacturer who is a regular producer of parts as defined in paragraph (g).

(b) "Normal base period" means the period 1936–1939. If the applicant for an adjustment under section 16 (a) shall demonstrate to the satisfaction of the Office of Price Administration either (1) that his entire industry was operating during the greater part of such period at an unusually depressed level or (2) that because of unusual conditions prevailing during that period, the manufacturer's business was operating during that period at an unusually depressed level in comparison to other businesses in the industry, and in addition that some other period prior to January 1, 1941, represents a proper normal base period, such other period may be considered. The mere fact that the rate of production or distribution has increased since 1936–1939 will not be deemed evidence that production or distribution during that period was at an unusually depressed level. If the manufacturer was not in business prior to January 1, 1941, he shall state that fact in his application.

(c) "Over-all profits" mean net profit resulting from the operation of all divisions of the manufacturer, before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes. In the case of a subsidiary wholly owned by a parent corporation, over-all profits mean the consolidated net profit of the parent corporation and the wholly owned subsidiary, as well as the net profit of the subsidiary, before the creation of any reserves, except ordinary reserves for depreciation and bad debts, and before income and excess profit taxes.

(d) "Person" includes: an individual, corporation, partnership, association, or any other organized group; their legal successors or representatives; the United States, or any government, or any of its political subdivisions; or any agency of the foregoing.

(e) "Purchaser of the same class" refers to the practice adopted by the manufacturer in setting different prices for a part sold to different purchasers or kinds of purchasers (for example, governmental agency, public institution, dealer, service station, other individual wholesaler or retailer, mail order house), or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

(f) "Rebuilt part", which includes a reconditioned part, is a part which has been previously used and in which all defective, worn, or missing components needing replacement or repair for satisfactory operation have been replaced or repaired, and is guaranteed to be rebuilt or equivalent to rebuilt and to render satisfactory service.

(g) "Producer", for the purpose of this regulation, means any person engaged in one or more operations in the fabrication, processing or assembly of a part described in section 1 (c) (1), and includes subcontractors as well as prime contractors.

[Paragraph (g) amended by Am. 4, effective 3-30-44]

(h) "Similar part". One part shall be deemed "similar" to another part, if the first has the same use as the second, affords the purchaser fairly equivalent serviceability, and belongs to a type which would ordinarily be sold in the same price line. In determining the similarities of such commodities, differences merely in style or design which do not affect use or serviceability, or the price line in which such commodities would ordinarily have been sold, shall not be taken into account.

(j) "Subcontract" means any purchase order or agreement to perform all or any part of the work, or to make or furnish any commodity, required for the performance of another contract or subcontract.

(k) "Total unit costs" mean:

(1) *When the manufacturer produces all the units of the part he sells,* the direct unit cost of labor, materials, and subcontracted services plus a proportion of factory overhead, administrative, selling and other expenses, based on actual operating experience, properly allocable to the production of the part, but does not include provisions for income or excess profit taxes. The allocation of factory overhead, administrative and other expenses must be made without reference to temporary fluctuations of production.

(2) *When the manufacturer purchases all the units of the part he sells,* the weighted average of his supplier's invoiced net prices, freight in and freight out, other direct costs, and selling and administrative expenses normally applicable to the handling of the commodity which are properly allocable to the manufacturer's total cost of doing business, exclusive of any provisions for income or excess profit taxes.

(3) *When the manufacturer produces some of the units and purchases the remainder of the units of the part he sells,* the result obtained by adding together the amounts derived from the multiplication of the total unit cost determined under subparagraph (1) for the units produced and the total unit cost under subparagraph (2) for the units purchased by the respective percentage each of these groups constitute of the total units sold by the manufacturer.

[Subparagraph (3) amended by Am. 4, effective 3-30-44]

(l) "Used part" is a part which has been previously used but which is not a rebuilt part as defined in paragraph (f).

(m) "War contract" means any contract with the United States, or any agency thereof, or with the government, or any agency thereof, of any country whose defense the President deems vital to the defense of the United States, under the terms of the Lend-Lease Act, for the sale of a machine or part purchased (1) for the ultimate use of the armed forces of the United States or for lend-lease purposes, or (2) by any government (or agency thereof) of any country whose defense the President deems vital to the defense of the United States under the terms of the Lend-Lease Act, or (3) for use in the production or manufacture of any commodity described in (1) or (2).

SEC. 22. *Exemptions from this regulation.* (a) All sales and deliveries of heavy axles pursuant to the prime contract between the United States and the Timken-Detroit Axle Company, Detroit, Michigan, Contract No. W-20-018-ORD-816 and Production No. T-10759, notwithstanding section 3 or any other section of this regulation, are exempt from the provisions of this regulation. This exemption does not extend to sales and deliveries pursuant to subcontracts under such prime contract.

[Sec. 22 added by Am. 3, 9 F.R. 1161, effective 1-28-44]

[NOTE: Supplementary Order No. 42 (8 F.R. 4968) provides that no price regulation of the OPA shall apply to sales or deliveries of any commodity or service made to Government agencies pursuant to secret contracts or subcontracts.]

APPENDIX A—AUTOMOTIVE PARTS AND SUBASSEMBLIES COVERED BY THIS REGULATION

1. Chassis parts and actuating mechanism, including frame, torque members and other parts used to promote rigidity or strength, including chassis converters and trailer running gears.
2. Springs, standard helper and auxiliary, including parts thereof and all attaching parts.
3. Shock absorbers and parts thereof, including attaching parts.
4. Axles.
(a) Front axle, conventional and front wheel drive, and all parts thereof, including bearings, housing, actuating mechanism and spring seats, connecting and attaching parts.
(b) Rear axle, conventional, auxiliary and conversion, and all parts thereof, including bearings, actuating mechanism, spring seats, connecting and attaching parts.
5. Wheels and associated parts and parts thereof, and attaching parts, including rims, hubs, hub caps, drums, lugs, and bearings. Also wheel trim sets, discs and shields.
6. Steering mechanism, housing and parts thereof, including steering wheel with connecting and attaching parts, king pins and king pin bushings, shims, and attaching parts, steering bearings, and steering balls, stabilising equipment.
7. Internal combustion engines and parts thereof, including actuating mechanism, cylinder head, attaching and connecting parts, cylinder block, pistons and parts thereof, connecting rods and attaching parts thereof, cylinder sleeves (wet and dry), timing gears, timing chain, distributor, including shaft gears, bushings and their connecting and attaching parts, tappets, plungers, valves, valve parts and their actuating mechanism, air pumps, fan and parts thereof, crank case and enclosed parts, crankshaft bearings, oil level indicator, fly wheel with connecting parts, shims and gaskets.
8. Fuel system and parts thereof, including the actuating mechanism, gas tank, auxiliary gas tank, vacuum tank and parts thereof, air filter, carburetor and parts thereof. Also fuel pipes, check valves, manifolds and pressure pumps.
9. Motor exhaust systems, extensions and parts thereof, including manifold exhaust pipe, muffler and parts and connecting parts thereof.
10. Ignition system and parts thereof (except batteries), including ignition switch, generator and parts thereof, with connecting and attaching parts thereof, distributors and parts thereof, including connecting and attaching parts, spark plugs and parts thereof, ignition coil, relay or cut-out, fuses, automatic spark control systems.

[Item 10 amended by Am. 4, effective 3-30-44]

11. Temperature control system and parts thereof, including hose connections, radiator, radiator covers, screens, shutters, fronts and guards and parts thereof with their connecting and attaching parts, radiator grills, circulating pumps and parts thereof, thermostat and parts thereof.
12. Clutch mechanism and parts thereof, including clutch cover, bearings, facings, shafts, and pedals.
13. Transmission, standard auxiliary, overdrive and fourth speed, with the actuating mechanism thereof, including housing, fluid and vacuumatic transmissions with the parts thereof, bearings, gears, shift levers, speedometer drive.
14. Differential, standard and auxiliary with the actuating mechanism and parts thereof, including pinion and ring gears, and housings.
15. Drive shaft with the connecting actuating parts thereof, including bushings and universal joints.
16. Brake system, all types with actuating mechanism and parts thereof, including foot and hand brake levers, brake shoes, toggle joinings, pull rods, shafts, equalizers, springs, cylinders, tubes, tanks, and reserve tanks for fluid.
17. Lubrication system and parts thereof, including oil pumps and parts thereof, including connecting and attaching parts, filler and level plugs, grease cups, oil cleaners, individual fittings and parts thereof, central shot system and parts thereof.
18. Bolts, nuts, screws and rivets as defined in Maximum Price Regulation 147 either when specially packaged and sold as automotive parts by manufacturers of automotive parts or sold as replacement parts by manufacturers of motor vehicles or of assemblies designed for use only as automotive parts or accessories.
19. Hood, fenders, running boards, cowling and connecting and attaching parts thereof, including dual wheel fenders and fender splash guards.
20. Starting system and parts thereof, actuating mechanism, including starter, motor starter, switches, starting pedal rods, with the connecting and attaching parts.
21. Signal devices and parts thereof, including the actuating mechanism, buttons, and switches, horns, and buzzers, including connecting and attaching parts and directional signals.
22. Lighting system and parts thereof, including switches, lamps and posts, including auxiliary lighting equipment (except bulbs), resistance coils and parts thereof. Also beam headlights, fog, spot, trunk, fender, step, and running or identification lighting equipment.

23. Electrical gauges and control equipment and parts thereof, including gasoline gauges, heat indicator, ammeter and other miscellaneous electrical gauges.
24. Mechanical equipment gauges, hydraulic or otherwise, including the instrument panel and with its connecting and attaching parts, gas tank gauges, water temperature gauges, oil circulation gauges, oil pressure indicator and other miscellaneous gauges.
25. Control equipment and parts thereof, including acceleration mechanism, choker rods, governors and parts thereof, windshield wiper control and attaching parts, carburetor heat control, speedometers and parts thereof.
26. Bumpers and bumper stops, guards, wings, and their connecting and attaching parts.
27. Bodies and cabs designed exclusively for commercial vehicles and busses including component and attaching parts, excepting upholstery.

[Items 20, 21, 22 and 27 amended by Am. 4, effective 3-30-44]

28. Rear view mirrors.
29. Body fittings and attachments, including wind lace or weather strip, cowl boards, sun visors, floor boards, foot rails, body hardware.
30. Miscellaneous auxiliaries, including windshield wipers, running board plates, running board molding, spare tire locks, license plate frames, etc.

[Item 30 as amended by Am. 2, 8 F.R. 15456, effective 11-15-43]

31. Tourist trailer parts, including trailer legs, hitches, coupling devices and running gears.
32. Parts for commercial motor vehicle trailers, tractors, including third axle attachments and auxiliary wheel units.
33. Portable power units including power take-offs, truck cranes, winches, transmission derricks, truck hoists, and compressors auto driven.
34. Reground crankshafts, rebored cylinders, repaired and rebuilt generators, starters and motors, relined brake shoes, overhauled and reconditioned carburetors, rebabbitted connecting rods, realigned main bearings, trued brake drums, rebuilt clutches, resurfaced cylinder heads, and refaced valves.
35. Motorcycle drive chains.
36. Motorcycle dispatch, tow, traffic, side, and service cars and their parts, accessories and subassemblies.

APPENDIX B—AUTOMOTIVE PARTS, SUBASSEMBLIES, AND ACCESSORIES EXCLUDED FROM THIS REGULATION

1. Batteries and battery separators.
2. Electric light bulbs, flares, flashlights.
3. Sheet or other nonprocessed glass.

[Item 3 amended by Am. 4, effective 3-30-44]

4. Goggles, riding belts, saddle bags and splashers, leg shields and windshields for motorcycles.
5. Rugs, carpets, fabrics, leather and mohair upholstery.
6. Bicycle accessories and parts.
7. Hoists, winches, derricks, and cranes not classified as automotive power units or auto driven.
8. Tire or car theft alarms including truck burglar alarms.
9. Luggage and baggage racks, roof rails, and coat rails.
10. Radios, radio aerials and controls.
11. Tires, tubes, tire covers and tire repair material including patches.
12. Automotive fabrics including cloth, fibre or leather seat covers.
13. Signs or insignia attachments including decalcomanias.
14. Clocks, mileage clocks and movement recorders other than speedometers.
15. Automotive mechanical and electrical testing and maintenance equipment and supplies including but not limited to:
Garage equipment.
Small tools.
Expendable tools.
Tire gauges.
Chemical compounds.
Air pumps—hand or mechanical.
Lubricants and greases.
Brake fluids.
Anti-freeze solutions.
Rags.
Polishes.
Waxes.
16. Castings, forgings or blanks before machining, threading or stamping operations have progressed to the point where they can be identified as automotive parts. Non-ferrous castings are identified as automotive parts when the cost of machining such castings is more than 25%, figured as provided in § 1395.1 (c) of Revised Maximum Price Regulation 125, or when such castings are otherwise exempt from that regulation.

[Item 16 as amended by Am. 2, 8 F.R. 15456, effective 11-15-43]

17. Farm machine equipment or parts and subassemblies especially designed or manufactured for farm equipment.
18. Road building equipment or parts and subassemblies especially designed or manufactured for road building equipment.
19. Marine engines or parts thereof when such engines or parts are especially designed for marine engines.
20. The following types of accessories:

["Sun visors and shields" deleted by Am. 4, effective 3-30-44]

Shades.
Screens.
Valances.

APPENDIX C—FORM FOR APPLICATION FOR ADJUSTMENT OF MANUFACTURER'S MAXIMUM PRICES FOR AUTOMOTIVE PARTS

Form OPA 694:478

Form Approved
Budget Bureau No. 08-R616

UNITED STATES OF AMERICA
OFFICE OF PRICE ADMINISTRATION
WASHINGTON, D. C.

Application for Adjustment of Maximum Prices for Automotive Parts Under Maximum Price Regulation No. 452.

Company name _____
Address _____
(Street) (City) (State)

The following facts are furnished to the Office of Price Administration in support of this Application:

SCHEDULE A

1. General description of the company's business.

2. Designate and describe part(s) for which price increase is required.

3. Present the following information for each part listed in Item 2 above.

(a) Dollar volume of unfilled orders, $_____

(b) Unit volume of unfilled orders. (Indicate unit used) _____

(c) Degree of completion of production or supply on unfilled orders _____%.

(d) Anticipated dollar volume of new orders for the next: 3 months, $_____; 6 months, $_____; 12 months, $_____.

NOTE: If more than one part is being reported, present the required information on another sheet.

4. Present evidence that the company is an essential manufacturer of an essential automotive part.

(a) For each part designated in Item 2 above, fill in the following if you have entered into, or propose to enter into, a war contract or subcontract for the sale of that part:

(1) Identification of contract _____
(2) Name of purchaser _____
(3) Address of purchaser _____
(Street)
_____
(City) (State)

NOTE: If more than one part is being reported, present the required information on another sheet.

(b) Present any other information which demonstrates that the manufacturer is an essential manufacturer of an essential part.

(NOTE: The terms "war contract", "subcontract", "essential manufacturer" and "essential part" are defined in Sections 16 and 21 of this regulation.)

5. Are similar parts produced or supplied by competing manufacturers in your region? _____
(Yes or no)

If yes, give names and addresses of competitors, and their prices for such parts.

SCHEDULE B

Important. If you have submitted any of the following information on Office of Price Administration Financial Report Forms A and B for certain periods or have furnished same on a previous application for adjustment of a maximum price, you may omit those periods in your present report. In the case of a subsidiary wholly owned by a parent corporation, consolidated financial data should be submitted for the parent corporation and the wholly owned subsidiary as well as financial statements for the subsidiary.

1. *Financial data 1941–1943.*

Submit balance sheets and profit and loss statements for the years 1941 and 1942, and for the most recent accounting period in 1943.

(NOTE: Each profit and loss statement must contain a detailed breakdown of cost of goods sold, administrative expense, selling expenses and officers' salaries and bonuses, and the number of officers.)

2. *Financial data 1936–1940.*

(NOTE: The filing of the financial data designated in this item is optional. Should the applicant prefer, this information will be obtained by the Office of Price Administration directly from the Bureau of Internal Revenue.)

Either submit balance sheets and profit and loss statements for the years 1936–1940, or fill in the following condensed table.

	1936	1937	1938	1939	1940
Net sales					
Cost of goods sold					
Gross profit					
Administrative expenses					
Selling expenses					
Net operating profit					
Other income less other expenses					
Net profit before income taxes					
Debt (except current) at end of year					
Net worth at end of year					
Total assets					

3. Are the salaries and wages of all your employees in compliance with the maximum established by the Office for Economic Stabilization? _____ If no, state exceptions.
(Yes or no)

Instructions for the Form—Instructions for the use of Adjustment Application Form for Automotive Parts. In preparing this application, please consider that the form is intended to cover the cases of all persons who are manufacturers as defined in Section 1 (b) (1) of Maximum Price Regulation No. 422. Therefore, you will find that some of the questions do not apply to your case. Moreover, you may find that some points that is important in your case is not covered in the form. Adapt the form if this can be done, or state the information on a separate sheet if that will be clearer. If any difficulty is experienced in completing this form it may be taken to the nearest OPA district accountant who will give his assistance in its preparation.

Schedule C entitled "Unit Price and Cost Information" is subject to the following explanation:

1. *Price data—(a) (1) (List) (Non-list) price.* Please indicate whether the price is a list price or a non-list price by crossing out the term that does not apply.

2. *Dealers' commissions.* Where all dealers receive the same commission, use the full commission rate even if some sales are not subject to any commission. If several different rates affect the part covered by the application, use the rate that applies to the largest amount of sales.

3. *Trade discounts.* Deduct trade discounts at the average rate of discounts prevailing in your company for the part covered by this application.

(b) *Period to be covered.* Use a sufficient number of months prior to the date of the application to give an adequate understanding of the situation. Name the period in the allotted space and fill in commission rates or discounts.

2. *Unit cost data—(a) (1) In general.* A manufacturer who produces all the parts he sells should use Form (a). A manufacturer who purchases all the parts he sells should use Form (b). A manufacturer who produces some and purchases the remainder of the parts he sells should use both Forms (a) and (b) and should indicate under Form (a) or (b) what percentage each group of parts constituted of the total number of parts sold during the period for which the data are submitted. (2) Only actual costs for materials should be included in unit cost data.

(b) *Form (a).* For Form (a) the following should be noted: State separately any charges added to costs of materials.

Where standard costs are used, adjust costs for over- or under-absorption during the period to which the costs apply.

The cost data for the ceiling date may be recomputed if the part covered by the application was not manufactured on or about that date. In the recomputation apply the wage rates prevailing in your plant on the ceiling date and material cost of the same date.

Under Items (6), (7) and (8) include only costs borne by the manufacturer and not billed separately to the buyer.

Effective date. This regulation shall become effective September 2, 1943.

[Effective dates of amendments are shown in notes following the parts affected]

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of March 1944.

CHESTER BOWLES,
Administrator.

PART 1382—HARDWOOD LUMBER

[MPR 146,[1] Incl. Amdts. 1–18]

APPALACHIAN HARDWOOD LUMBER

Section 1382.1 is amended; § 1382.11 (b) subparagraph (27) is redesignated (26); § 1382.12 (a) (1) (iii) through (c) is deleted; § 1382.12 (d) is redesignated (b) and amended by Amendment 18, effective March 30, 1944, so that Maximum Price Regulation No. 146 shall read as follows:

In the judgment of the Price Administrator, the prices of Appalachian hardwood lumber are threatening to rise to an extent and in a manner inconsistent with the purposes of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of Appalachian hardwood lumber prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said act. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.[2]

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Above paragraph added by Supplementary Order 61, 8 F.R. 12552, effective 9–11–43]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 146 is hereby issued.

Sec.

1382.1 Maximum prices for Appalachian hardwood lumber.
1382.2 Less than maximum prices.

1382.6a Licensing.
1382.7 Petitions for amendment.
1382.8 Definitions.
1382.9 Applicability of General Maximum Price Regulation.
1382.10 Effective date.
1382.10a Effective dates of amendments.
1382.11 Appendix A: Maximum prices for Appalachian hardwood lumber in standard or near standard grades.
1382.12 Appendix B: Maximum prices for Appalachian hardwood lumber in "recurring special" grades or items.
1382.13 Appendix C: Maximum prices for Appalachian hardwood lumber in "standard special" grades or items.
1382.14 Appendix D: Maximum prices for Appalachian hardwood lumber in grades, specifications and extras not specifically priced.

AUTHORITY: §§ 1382.1 to 1382.14, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681.

§ 1382.1 *Maximum prices for Appalachian hardwood lumber.* On and after June 1, 1942, regardless of any contract or other obligation, no person shall sell or deliver, and no person shall buy or receive in the course of business, any Appalachian hardwood lumber for direct-mill shipment at prices higher than the maximum prices established by this regulation, and no person shall agree, offer, or attempt to do any of these things.

[§ 1382.1 amended by Am. 18, effective 3–30–44]

§ 1382.2 *Less than maximum prices.* Lower prices than those set forth in Appendices A, B, and C, §§ 1382.11, 1382.12, and 1382.13, may be charged, demanded, paid, or offered.

§ 1382.3 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of shipment; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after shipment. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[§ 1382.3 amended by Am. 11, 8 F.R. 3056, effective 3–16–43, and Supplementary Order 50, 8 F.R. 10568, 14310, effective 7–27–43]

§ 1382.4 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 146 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to Appalachian hardwood lumber, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Making credit terms more onerous than those in effect or available to the purchaser on October 1, 1941;

(2) Unnecessarily routing lumber through a distribution yard;

(3) Unreasonably refusing to ship an item of lumber except in a small quantity which entitles the seller to a premium;

[1] 7 F.R. 3770.

[2] Statements of considerations are also issued simultaneously with amendments. Copies may be obtained from the Office of Price Administration.

[3] Revised: 7 F.R. 3661; 8 F.R. 3313, 3863, 6173, 11806; 9 F.R. 1594.

(4) Unreasonably refusing to ship lumber on standard grades and in grade-rule range widths and lengths;

(5) Falsely or wrongly grading or invoicing lumber;

(6) Grading as a special grade lumber which normally is graded by the seller as a standard grade;

(7) Making charges for delivery which exceed the actual cost to the seller of such delivery (except as provided in § 1382.11 (f)).

(c) It is unlawful for any person to charge, receive or pay a commission for the service of procuring (including buying, selling, or locating lumber, or for any related service such as "expediting") which does not involve actual physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of lumber. This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer, insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

[Paragraph (c) added by Supplementary Order 37, 8 F.R. 2192, effective 2-23-43; amended by Supplementary Order 77, 8 F.R. 14310, effective 10-26-43]

§ 1382.5 *Records and reports.* (a) Every seller and purchaser subject to this Maximum Price Regulation No. 146 making sales or deliveries or purchases of Appalachian hardwood lumber to the value of $500.00 or more in any one month, after June 1, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years a complete and accurate record of each sale or delivery or purchase of Appalachian hardwood lumber, showing the date of purchase or sale, the name and address of the buyer and seller, the quantities and grades purchased or sold, and the price paid or received.

(b) Such persons shall keep such other records in addition to or in place of the records required in paragraph (a) of this section and shall submit such reports to the Office of Price Administration as that Office may from time to time require or permit.

§ 1382.6 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 146 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

[Paragraph (a) as amended by Am. 10, 7 F.R. 8384, effective 10-21-42]

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 146 or any price schedule, regulation or order issued by the Office of Price Administration or any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1382.6a *Licensing.* The provisions of Licensing Order No. 1,[4] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[§ 1382.6a added by Am. 10, 7 F.R. 8384, effective 10-21-42; amended by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43]

§ 1382.7 *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation No. 146 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1.

[Above paragraph as amended by Supplementary Order 26, 7 F.R. 9948, effective 11-4-42]

In treating with petitions for amendment or adjustment, consideration will not be given to log and bolt costs which are higher than the applicable maximum purchase prices for logs and bolts established in Revised Maximum Price Regulation 161 (West Coast Logs),[5] or Maximum Price Regulations 313 (Prime Grade Hardwood Logs)[6] and 348 (Logs and Bolts),[7] or any revision or amendment of these regulations. This rule shall be followed regardless of whether the petitioner gets logs and bolts by purchasing them, logging his own standing timber, contracting for the logging of his own standing timber, or any other means. All petitions in any way based on the cost of logs or bolts must show the actual cost to the petitioner of logs and bolts received at his plant during the three months immediately prior to filing the petition, and the cost which would have been incurred by the petitioner if all of these logs and bolts had been purchased by him at ceiling prices. To figure these ceiling prices the petitioner should refer to the regulation which fixes the maximum prices for purchases and sales of the kinds of logs and bolts received at his plant.

[Above paragraph added by Supplementary Order 47, 8 F.R. 5808, effective 5-8-43]

[Note: Procedural Regulation No. 6 (7 F.R. 5067, 5665; 8 F.R. 6173, 6174) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications, and certain specific regulations listed in Revised Supplementary Order No. 9]

§ 1382.8 *Definitions.* (a) When used in Maximum Price Regulation No. 146, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized groups of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing.

(2) "Feet" means board feet of lumber except that with reference to lumber in thicknesses of ½", ¾", and ⅞", the term "feet" means surface feet.

(3) "Appalachian hardwood lumber" means lumber:

(i) Produced from the botanical species of yellow poplar (Liriodendron tulipifera), tough white ash (Fraxinus americana), beech (Fagus americana), soft maple (Acer rubrum), butternut (Juglans cinerea), chestnut (Castanea dentata), hard maple (Acer saccharum), and the botanical species included in the genera of red oak and white oak (Quercus), hickory (Hicoria), basswood (Tilia), birch (Betula), buckeye (Aesculus), cherry (Prunus), and all other hardwood species; and

[Subparagraph (1) as amended by Am. 13, 8 F.R. 9998, effective 7-23-43]

(ii) Processed into lumber at mills located within the Appalachian hardwoods area. The "Appalachian hardwoods area" is that area circumscribed by a line beginning at the intersection of the western line of the State of West Virginia and the western line of the State of Pennsylvania; thence southwesterly on the western line of West Virginia to the western boundary of Boyd County, Kentucky; thence extending southwesterly through Kentucky along the generally northwestern boundaries of the following counties: Boyd, Carter, Rowan, Menifee, Powell, Estill, Jackson, Rockcastle, Pulaski, Wayne, and Clinton to the Tennessee state line; thence westerly along said state line to the western boundary of Pickett County, Tennessee; thence southerly in Tennessee along the western boundaries of Pickett, Fentress, Morgan, Roane, Rhea, and Hamilton Counties to the intersection of the western boundary of Hamilton County and the Nashville, Chattanooga, and St. Louis Railroad; thence easterly along said railroad through Chattanooga to the intersection of said railroad and the Georgia state line; thence easterly along said state line to the western boundary of Fannin County, Georgia; thence southeasterly in Georgia along the southwestern boundaries of Fannin County and Lumpkin County; thence generally easterly in Georgia along the southeastern boundary of Lumpkin County, the southern boundary of White County, and the southern and eastern boundaries of Habersham County to the South Carolina state line; thence southeasterly along said line to the southeastern boundary of Oconee County, South Carolina; thence in a generally northeasterly direction through South Carolina along the southeastern boundaries of Oconee and Pickens Counties, and the western, southern, and eastern boundaries of Greenville County to the North Carolina state line; thence easterly along the southern line of North Carolina to the eastern boundary of Cleveland County, North Carolina; thence northerly in North Carolina along the eastern boundaries of Cleveland and Burke Counties; thence continuing generally northeasterly in North Carolina along the eastern or southern boundaries of Alexander, Wilkes and Surry Counties to the Virginia state line; thence east on said state line to the eastern boundary of Patrick County, Virginia; thence northeasterly through Virginia, following the eastern boundary of Patrick County and the southeastern boundaries of Franklin, Bedford, Amherst, Nelson, Albemarle, Greene, Madison, and Rappahannock Counties, turning southerly along the southwestern boundary of Fauquier County, and resuming a generally northerly direction along the eastern boundaries of Fauquier and Loudoun Counties to the Maryland state line; thence northwesterly along said state line to the eastern boundary of Frederick County, Maryland; thence northerly through Maryland along the eastern boundary of Frederick County to the Pennsylvania state line; thence westerly and thence northerly along said state line to the starting point. All sawmills on the boundary line of the Appalachian hardwoods area shall be deemed to be outside the Appalachian hardwoods area, except that mills in West Virginia and Maryland on the lines touching Pennsylvania and Ohio shall be deemed to be in the Appalachian area.

(4) "Mill" means any establishment:

(i) Which processes into the items of lumber covered by this Maximum Price Regulation No. 146, by sawing or planing, or ships to milling-in-transit operations for such processing by sawing, planing, or kiln drying, at least 25 per cent of the volume of Appalachian hardwood lumber or logs purchased or received by it, or

(ii) Which resembles the following described establishment more nearly than that described under the definition of "distribution yard" in subparagraph (5) (ii) of this paragraph: An establishment which concentrates and prepares lumber for commercial shipment, which keeps in stock primarily Appalachian hardwood lumber, which has its lumber brought in chiefly in rough green form by truck from small local sawmills and sells chiefly for rail shipment, and which has been located at its particular site in order to be near the lumber producing area.

(5) "Distribution yard" means an establishment:

(i) Which processes into the items of lumber covered by this Maximum Price Regulation No. 146, by sawing or planing, or ships to milling-in-transit operations for such processing by sawing, planing, or kiln drying, less than 25 per cent of the volume or Applachian hardwood purchased or received by it, and

(ii) Which resembles the following described establishment more nearly than that described under the definition of "mill" in subparagraph (4) (ii) of this paragraph: A wholesale or retail lumber yard which purchases or receives lumber from a mill or another distribution yard for purposes of unloading, sorting, and resale or redistribution, which regularly maintains a miscellaneous stock of lumber from different regions, which obtains its lumber primarily by rail shipment and sells primarily for truck shipment, which is equipped to make quick deliveries of many different items of lumber, and which has been located at its particular site primarily in order to be near a lumber consuming area.

(6) "Volume" means the board feet volume of lumber processed from logs, processed from other lumber, or sold, as the case may be, within the six months immediately prior to the transaction subject to this Maximum Price Regulation No. 146.

(7) "Deliver" means to make physical transfer of lumber to a purchaser, or to a carrier, not owned or controlled by the seller, for carriage to a purchaser.

(8) "Retail sale" means a sale which satisfies all of the following tests:

(i) It must be a sale of not more than 2,000 feet of lumber

(ii) It must be a sale in which the purchaser requests delivery to a point not more than 20 miles from the mill at which shipment originates

(iii) It must be a sale of lumber to a contractor or consumer for use in construction, remodeling, repair, maintenance, fabrication, or remanufacture, and not for resale in substantially the same form.

(9) "FAS One Face" means a trade practice grade of Appalachian hardwood lumber which grades Firsts or Seconds on the better side of the piece and not below No. 1 Common on the poorer side of the piece, in accordance with the standard grading rules for the particular species.

(10) "No. 2A Common Basswood" and the term "No. 2B Common Basswood" mean trade practice grades of Appalachian hardwood lumber under which basswood lumber is graded in accordance with the standard grading rules covering No. 2A Common Yellow Poplar and No. 2B Common Yellow Poplar, respectively.

(11) "Box grade" means a trade practice grade of Appalachian hardwood lumber which varies from the National Hardwood Lumber Association No. 3B Common grade by requiring 6/12 (50 per cent) rather than 3/12 (25 per cent) yield in sound cuttings.

(12) Unless otherwise specified, grade terms used herein have the meaning set forth in the "Rules for the Measurement and Inspection of Hardwood Lumber", issued by the National Hardwood Lumber Association, effective January 1, 1943.

[Subparagraph (12) as amended by Am. 13, 8 F.R. 9998, effective 7-23-43]

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1382.9 *Applicability of General Maximum Price Regulation.* The provisions of the General Maximum Price Regulation[8] shall not, on and after May 19, 1942, apply to sales and deliveries of Appalachian hardwood lumber where shipment originates at the mill rather than at a distribution yard.

§ 1382.10 *Effective date.* Sections 1382.1 to 1382.8, inclusive, and §§ 1382.10 to 1382.13, inclusive of Maximum Price Regulation No. 146 shall become effective June 1, 1942. Sections 1382.9 and 1382.10 of Maximum Price Regulation No. 146 shall become effective May 19, 1942.

[MPR 146 originally issued May 19, 1942]

[Effective dates of amendments are shown in notes following the parts affected]

§ 1382.11 *Appendix A: Maximum prices for Appalachian hardwood lumber in standard or near standard grades—*

(a) *Application of Appendix A.* The provisions of this appendix shall apply to Appalachian hardwood lumber which is sold in the species and on the grades designated in this appendix. Lumber sold on such grades shall be deemed to include lumber in:

(1) Grade-rule range widths and lengths;

(2) Widths and lengths substantially the same as grade-rule range widths and lengths; or

(3) Specified average widths or specified average lengths which are substantially run-of-the-log.

(b) The maximum f. o. b. mill price for 1,000 feet of Appalachian hardwood lumber in a rough air dried condition shall be as follows:

Notes on White Oak or Red Oak—Structural Stock or Sound Square Edge

Random Widths; in 2", 3" and 4" thicknesses—$43.00.

Free of heart in 2", 3" and 4" thicknesses—add $6.00 to maximum price for same thickness, width and length in above schedule.

Prices for Specific Sizes not in Schedule

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

Deductions for mixed hardwoods. For mixed hardwoods, structural stock or sound square edge, deduct $4.00 from the maximum price for white oak or red oak—structural stock or sound square edge in the same size in above schedule.

Notes on White Oak or Red Oak—Freight Car Stock, Common Dimension, Mine Car Lumber

Random Widths; in 2" and 3" thicknesses—$50.00.

Free of Heart; in 2" and 3" thicknesses—add $8.00 to maximum price for same thickness, width and length in above schedule.

Prices for Specific Sizes not in Schedule

The maximum price for material of a length not included in this schedule shall be determined by adding to the maximum price for the next shorter length the proportionate amount of the difference between the maximum price of such next shorter length and the maximum price of the next longer length.

In the case of any item for which the thickness or the width is not included in the schedule, the maximum price shall be the maximum price for the material of the next greater thickness or width.

The maximum prices set forth above supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

Deduction for mixed hardwoods. For mixed hardwoods—freight car stock, common dimension, mine car lumber, deduct $4.00 from the maximum price for white oak or red oak—freight car stock, common dimension, mine car lumber, in the same size as shown in above schedule.

(26) FAS ONE FACE

The maximum price for lumber of any species and thickness in the grade FAS One Face shall be $10.00 per 1,000 feet less than the maximum price established in this appendix for lumber of the same thickness in the FAS grade for the species.

[Former subparagraph (22) redesignated (24) by Am. 13, redesignated (27) by Am. 14, and redesignated (26) by Am. 18, effective 3–30–44]

(c) *Maximum prices for dunnage.* (1) The maximum rail-delivered price for 1,000 feet of dunnage lumber shall be as follows:

Delivered at:	Maximum delivered price
Baltimore, Maryland	$32.00
Beaumont, Texas	22.00
Boston, Massachusetts	36.00
Charleston, South Carolina	23.00
Corpus Christi, Texas	23.00
Galveston, Texas	23.00
Gulfport, Mississippi	23.00
Houston, Texas	23.00
Jacksonville, Florida	23.00
Lake Charles, Louisiana	22.00
Mobile, Alabama	22.00
Morgan City, Louisiana	22.00
Newark, New Jersey	34.00
New Orleans, Louisiana	22.00
New York, New York	34.00
Pensacola, Florida	23.00
Philadelphia, Pennsylvania	33.00
Port Arthur, Texas	23.00
Portsmouth, Virginia	26.00
Savannah, Georgia	23.00
Tampa, Florida	25.00

(2) The maximum price for dunnage delivered at the above ports by water shall be the rail-delivered price as above set forth less the difference between the rail transportation charge from the point of shipment to the particular port, computed by multiplying the applicable rail rate by the weight of the lumber based on 3500 pounds per M'BM, and the actual water transportation charge from the point of shipment to the particular port.

(3) The term "dunnage" as used above means lumber of any hardwood species, of standard widths and lengths, but poorer in quality than the lowest standard grade in the particular species.

[Paragraph (c) added by Am. 13, 8 F.R. 9998, effective 7–23–43, amended by Am. 15, 8 F.R. 15737, effective 11–19–43. Former paragraphs (c) through (j) redesignated (d) through (k) by Am. 13]

(d) *Deduction for green.* For lumber shipped in a "green" condition, deduct from the maximum prices for air-dried lumber established in this Appendix "A", 10 per cent of the maximum price for rough, air-dried material in the same specifications.

This deduction shall not apply to special sawn timbers, tough ash lumber, or to lumber customarily used without air seasoning, but it shall apply to any lumber which requires further air seasoning by the purchaser before being placed in the kiln for kiln-drying, or before fabrication if not kiln-dried.

The mere fact that the lumber is not used immediately, but is stored on the purchaser's yard, does not necessarily mean that green lumber has been shipped, but in case of dispute any lumber which weighs 25% or more in excess of the air-dried weight as published in the Rules for the Measurement and Inspection of Hardwood Lumber, issued by the National Hardwood Lumber Association, January 1, 1943, or for weights filed with the Office of Price Administration by the individual shippers, shall be considered to be "green".

Any purchaser who accepts "green" lumber at prices applicable to "dry" lumber is guilty of violation of the regulation to the same extent as the seller.

[Paragraph (d), formerly (c), amended by Am. 13, 8 F.R. 9998, effective 7–23–43, and Am. 15, 8 F.R. 1537, effective 11–19–43]

(e) The following additions per 1,000 feet of Appalachian hardwood lumber may be charged for the specified treatments and workings:

(1) Kiln drying the lumber to a moisture content not exceeding 9 per cent as of the time the lumber leaves the kiln.

Species	¾" and 4/4" thick	5/4" thick	1" thick	1¼" thick	1½" thick	2" thick	2½" thick	3" thick

(3) Anti-stain treatment (where requested by purchaser): 50¢

(4) Mill-working.

	Less than 1", 1" and 1¼" thick	1¼" to 3" thick
Resawing 1 line	$3.00	$2.50
Resawing 2 lines	5.50	4.50
Surfacing 1 or 2 sides	2.50	2.25
Surfacing 2 sides and Resawing	5.00	4.25
Resawing and Surfacing 1 or 2 sides	5.50	4.75
Surfacing 3 or 4 sides or 1 side and 1 edge	4.00	3.50

[Subparagraph (4) as amended by Am. 15, 8 F.R. 15737, effective 11–19–43]

(5) Inspecting, grading and measuring after kiln drying: 5 per cent of the f. o. b. mill price of the lumber in a rough air dried condition. This addition may be made only where the seller performs all three of these services, at the request of the purchaser, after kiln drying.

(6) End-racking or band sawing: No addition.

(7) *Custom kiln-drying and milling.* Where Appalachian hardwood lumber is kiln-dried or milled for the seller by a custom kiln or milling establishment, and the custom kiln or milling establishment is not owned or operated by, or connected with, the sawmill, the seller may add the actual cost of this custom kiln-drying or milling. The amount added may not be higher than the maximum price established by Maximum Price Regulation 165, as amended,* services, for the custom kiln or milling establishment applicable to the sale of the services of custom kiln-drying or milling. The invoice of the custom kiln or milling establishment must be attached to the lumber invoice of the seller.

[Sub-paragraph (7) added by Am. 12, 8 F.R. 5479, effective 4–29–43]

(f) The following additions per 1,000 feet of Appalachian hardwood lumber may be charged where the purchaser (or purchasers, in the case of pool cars) orders an item, consisting of one species, thickness, and grade of Appalachian hardwood lumber, in the quantities herein indicated:

Quantity ordered	Allowable addition (per 1,000 feet)
Over 3,000 but not exceeding 4,000 feet	$1.00
Over 2,000 but not exceeding 3,000 feet	2.00
1,000 to 2,000 feet	2.50
Less than 1,000 feet	3.00

(g) A delivered price in excess of the maximum f. o. b. mill prices set forth in paragraphs (b) and (c) hereof, may be charged, consisting of such maximum prices, plus the transportation charges set forth below: *Provided,* That the invoice contains the point of origin of the shipment, the destination, the applicable rail or truck rate, or if shipment is by private truck, the amount added for transportation, and the words "direct-mill shipment".

(1) *Common or contract carrier.* When shipment is by common or contract carrier, the following rules govern:

(i) When estimated weights are used, the rate times the estimated weight is the proper transportation charge. Estimated weights may be used only if they have been filed with the Office of Price Administration, Washington, D. C. The weights must be the weights used by the seller during the period October 1 to October 15, 1941. The estimated weight must be the weight for the exact kind of lumber actually shipped; for example, green weights may not be used if dry lumber is shipped. The transportation charge may be evened out to the nearest quarter-dollar per M.

(ii) When estimated weights are not used, the amount added for transportation must not be more than the amount actually paid to the common or contract carrier, evened out to the nearest quarter-dollar per M.

(2) *Private truck.* When shipment is by truck owned or controlled by the seller, the amount added for transportation may not be more than the actual cost to the seller of delivery by truck; and, no matter what the actual cost is, the amount added may not be more than the railroad charge at the carload rate for the most similar haul. However, if this railroad charge is less than $1.50, and if the actual cost of delivery is more than $1.50, a transportation charge of $1.50 may be made.

(3) *Trucking to railhead.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railhead, no addition may be made for the truck haul. However, in the following two cases a mill may apply for special permission to make an addition:

(i) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

(ii) Where a mill's rail connection has been abandoned since September 5, 1941.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

(4) *Truck delivery after rail haul.* When truck delivery follows a rail haul, the actual cost of truck delivery may be added.

(5) *All-truck haul.* When an all-truck haul ends in delivery to the job site, no special addition may be made above the charges provided in subparagraphs (1) and (2) of this paragraph, since in this case delivery to the job site involves no extra expense.

[Paragraph (g), formerly (f), amended by Am. 11, 8 F. R. 3056, effective 3–16–43; Am. 15, 8 F.R. 15737, effective 11–19–43; and Am. 16, 8 F.R. 17297, effective 12–29–43]

(h) Where the purchaser requests an inspection by, and an inspection certificate issued by, the National Hardwood Lumber Association, the seller may make an added charge which does not exceed the inspection fees and expenses charged by the Association to the seller and shown on the certificate.

*7 F.R. 6428, 6966, 8239, 8431, 8798, 8943, 8948, 9197, 9342, 9343, 9785, 9971, 9972, 10480, 10619, 10718, 11010; 8 F.R. 1060, 3324, 4782, 5081, 5755, 5933, 6364, 8506, 8873, 10671, 10939, 11754, 12023, 12710, 13302, 13472, 14090; 9 F.R. 1819.

(i) Where Appalachian hardwood lumber is sold on a Log Run, Mill Run, or No. 1 Common and Better grade for which no maximum price has been established in this appendix the maximum price shall be the maximum price established in this appendix for the lowest grade of lumber contained in the stock that is sold on such special inspection grade; the seller, however, may grade and ship the lumber on the standard grades included in such special inspection grade and invoice the footage in each of the standard grades at a price not to exceed the maximum price established in this Maximum Price Regulation No. 146 for the respective standard grades.

(j) The maximum prices established in this appendix shall not be increased by any charges for the extension of credit and shall be decreased for prompt payment to the same extent that the sale price would have been decreased on October 1, 1941, in a sale of a similar nature to a purchaser of the same class as involved in the transaction subject to this Maximum Price Regulation No. 146.

(k) Export sales of Appalachian hardwood lumber are subject to the provisions of the Maximum Export Price Regulation."

§ 1382.12 *Appendix B: Maximum prices for Appalachian hardwood lumber in "recurring special" grades or items.*

(a) *Application of Appendix B.* (1) The provisions of this appendix shall apply to Appalachian hardwood lumber in the species set forth in paragraph (a) (3) (i) of § 1382.8 which is sold on special specifications (herein referred to as "recurring special" grades or items), requested by the purchaser:

(i) Which are not covered by § 1382.11, Appendix A, of this Maximum Price Regulation No. 146; and

(ii) To which reference was made in the published price lists or unsolicited trade quotations of the producing mill at any time during the year 1941 or 1942.

(b) The maximum f. o. b. mill prices for 1,000 feet of Appalachian hardwood lumber in a rough air dried condition shipped from mills in the Appalachian area of the following particular producers, and in the following "recurring special" grades or items, shall be as follows:

[Former (a) (1) (iii) added by Am. 13, 8 F.R. 9998, effective 7-23-43; former (b) amended by Am. 1, 7 F.R. 4179, effective 6-1-42 and Am. 2, 7 F.R. 4852, effective 6-26-42; former (a) (1) (iii), (2), (b) and (c) deleted and former (d) redesignated (b) and amended by Am. 18, effective 3-30-44]

(b) *Additions, adjustments and restrictions.* The additions, adjustments, and restrictions provided in paragraphs (d), (e), (f), (g), (h), (i), (j), and (k) of § 1382.11 (Appendix A) shall apply to the prices established in this Appendix.

(c) *Effect on special prices.* The maximum prices contained in this Appendix C supersede the maximum prices for like material authorized for individual sellers under the special pricing provisions of this regulation.

[§ 1382.13 added by Am. 13, 8 F.R. 9098, effective 7-23-43. Former § 1382.13 amended by Am. 8, 7 F.R. 8198, effective 10-18-42; revoked by Am. 13]

§ 1382.14 *Appendix D: Maximum prices for Appalachian hardwood lumber in grades, specifications and extras not specifically priced—(a) Application of Appendix D.* (1) Appalachian hardwood lumber sold on special grades or specifications or with special services or other extras not specifically mentioned in Appendices A and C (§§ 1382.11 and 1382.13) is nevertheless subject to this regulation. The maximum price for such lumber shall be determined in accordance with the formula in paragraph (b) below.

(2) For the purposes of this section the term "Appalachian hardwood lumber" shall include all items of lumber in the species set forth in § 1382.8 (a) (3) but shall not include the following items. (The term "items" includes specifications, workings, services and/or extras):

(i) Glued stock.
(ii) Moulding.
(iii) Shiplap.
(iv) Risers.
(v) Step treads.
(vi) Thresholds.
(vii) Hand rails.
(viii) Bevel and drop siding.
(ix) Flooring.
(x) Switch, cross, and mine ties.
(xi) Mine material.
(xii) Small dimension stock.
(xiii) Lath.
(xiv) Navy oak ship stock. (See Maximum Price Regulation No. 281.)

(b) *Maximum prices for grades, specifications and extras not specifically priced.* (1) The maximum price for Appalachian hardwood lumber in grades, specifications and extras not specifically priced in Appendices A and C, shall be a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade, and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C. on OPA Form 246:1 Rev. given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But if the price is not disapproved within 30 days of the receipt of the report it is approved.

Applications for approval of maximum prices for special grades and items under this section will be considered only when accompanied by (i) a true copy of the order or of customer's inquiry on the basis of which the application has been submitted; and (ii) a statement certified to be true by the purchaser or prospective purchaser to the effect that none of the grades specifically priced in the regulation will serve the purpose for which the stock is intended to be used, which purpose is to be stated; that it has been his custom to purchase lumber on such special specifications. Approval of the price will be conditional on finding that the purpose for which the special grade item is to be used is classified by the War Production Board as essential to the war effort. Prices, when approved, for such special grades or items will be based on the price differential previously established between the particular special item requirement and the related grade rule specification.

[Subparagraph (1) as amended by Am. 15, 8 F.R. 15737, effective 11-19-43]

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But he must tell the buyer that the price is subject to revision within the thirty-day period, and, if the price is ordered reduced, must refund any excess over the final approved price.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 11 to GMPR, Amdt. 45]

EXCEPTIONS FOR CERTAIN SERVICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Rev. SR 11 is amended in the following respects:

1. Section 1499.46 (b) (91) is amended and (140) and (141) are added to read as follows:

§1499.46 *Exceptions for certain services.* * * *

(b) The provisions of the General Maximum Price Regulation shall not apply to the rates, fees, charges or compensation for the following services:

* * * * *

(91) Transportation of commodities by persons offering their services to the general public as common carriers by rail, water, motor, pipe line, or other means of conveyances, rates charged for.

* * * * *

(140) Service of storage or warehousing when performed by a person appropriately classified a a public utility and subject to regulation as such, maximum rates or charges for such service having been established, or otherwise regulated, by a federal, state, or municipal authority having jurisdiction over such rates or charges.

(141) Any service not excepted by other sub-paragraphs of this supplementary regulation when performed by a person appropriately classified as a public utility and subject to regulation as such, maximum rates or charges for such service having been established, or otherwise regulated, by a federal, state, or municipal authority having jurisdiction over such rates or charges.

2. Paragraph (c) of § 1499.46 is redesignated (d) and paragraph (d) is redesignated (e) and a new paragraph (c) is added to read as follows:

(c) (1) Any person furnishing a service listed in subparagraph (28), (33), (41), (51), (73), (81), (82), (91), (92), (99), (110), (140), or (141) of paragraph (b) of this section shall give notice of any proposed general increase in the rates or charges for such service thirty (30) days before the effective date of the increase. The notice shall be filed with the Transportation and Public Utilities Division of the Office of Price Administration, Washington, D. C., as provided in Procedural Regulation No. 11, as amended, and shall comply with all the applicable requirements of that regulation.

(2) The requirements of subparagraph (1) of this paragraph (c) shall be applicable for a period of only sixty (60) days from March 24, 1944 to any service listed in subparagraph (28), (33), (41), (51), (73), (91), (99), or (110) of paragraph (b) if, in the furnishing of the service, the person so doing is not properly classified as a public utility or is not regulated as such or if maximum rates or charges for the service have not been established, or are not otherwise regulated, by a federal, state, or municipal authority having jurisdiction.

(3) The requirements of subparagraph (1) of this paragraph (c) shall not be applicable to any service listed in subparagraph (81), (82), or (92) of paragraph (b) if, in the furnishing of the service, the person so doing is not properly classified as a public utility or is not regulated as such or if maximum rates or charges for the service have not been established, or are not otherwise regulated, by a federal, state, or municipal authority having jurisdiction.

This amendment shall become effective March 24, 1944.

(56 Stat. 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this 24th day of March 1944.

PART 1347—PAPER AND PAPER PRODUCTS

[RPS 32,[1] Incl. Amdts. 1–12]

PAPERBOARD SOLD EAST OF THE ROCKY MOUNTAINS

Sections 1347.51, 1347.62 (i) (2), (i) (3), and 1347.63 (b) (2) are amended by Amendment 12,* effective March 30, 1944, so that Revised Price Schedule No. 32 shall read as follows:

The Office of Price Administration, being charged with the maintenance of price stability and the prevention of undue price rises, has determined that the establishment of maximum prices for paperboard is essential in order to accomplish these purposes and is in the interest of national defense and national welfare, and that the maximum prices set forth herein are fair and reasonable. The determination of these prices comes after exhaustive investigations and numerous conferences with representatives of all branches of the paperboard trade.

Paperboard, and the boxes and containers manufactured therefrom, have become essential to the prosecution of the defense effort. The Office of Price Administration, through voluntary agreements and the establishment of price schedules for wastepaper and other commodities, has been exerting its efforts to prevent undue price rises in those raw materials which go to make up paperboard. The price rises which are threatening in the paperboard industry are, therefore, unwarranted. Because of the countless uses for paperboard, the effect of an inflationary price would be to create a dangerous price spiral and, therefore, immediate action is necessary.

Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Above sentence added by Supplementary Order No. 64, 8 F.R. 12554, effective 9-11-43]

Accordingly, under the authority vested in me by Executive Order No. 8734, it is hereby directed that:

Sec.
1347.51 Maximum prices for paperboard.
1347.52 Less than maximum prices.

Sec.
1347.63 Appendix C: Maximum prices for paperboard and specialty paperboard not covered by §§ 1347.61 and 1347.62, sold east of the Rocky Mountains.
1347.64 Sales for export.

AUTHORITY: §§ 1347.51 to 1347.64, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681.

§ 1347.51 *Maximum prices for paperboard.* The sale of any paperboard shipped from, within or into the area east of the Rocky Mountains shall be subject to Revised Price Schedule No. 32.

[Above sentence amended by Am. 12, effective 3-30-44]

Regardless of the terms of any contract of sale or purchase, or other commitment, in the area east of the Rocky Mountains:

(a) No producer and no agent or representative of a producer, shall sell, offer to sell, deliver, or transfer any grade of paperboard at prices higher than the appropriate maximum prices established by §§ 1347.61, 1347.62 and 1347.63. Transfers of paperboard by an integrated or combined operator to a converting plant owned, controlled or operated by such operator shall be made at prices not in excess of the maximum prices established herein.

(b) No person shall buy, offer to buy, or accept delivery of any grade of paperboard from a producer, or agent or representative of a producer at prices higher than the appropriate maximum prices established by §§ 1347.61, 1347.62, and 1347.63.

(c) No person shall agree, offer, solicit, or attempt to do any of the foregoing.

[§ 1347.51 amended by Am. 7, 8 F.R. 14811, effective 11-4-43]

§ 1347.52 *Less than maximum prices.* Lower prices than those set forth in Appendices A, B, and C (§§ 1347.61, 1347.62, and 1347.63) may, however, be charged, demanded, paid, or offered.

§ 1347.53 *Evasion.* The price limitations set forth in Revised Price Schedule No. 32 shall not be evaded by direct or indirect methods in connection with a purchase, sale, delivery, or transfer of paperboard, alone or in conjunction with any other material or by way of any commission, service, transportation or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

[NOTE: Revised Supplementary Order No. 34 (8 F.R. 12404) permits, under certain conditions, the addition of special packing expenses maximum prices on sales to procurement agencies of the United States.]

§ 1347.53a *Prohibited practices.* (a) No person who sells paperboard for which maximum prices are established by this regulation shall require any purchaser of such paperboard to sell or deliver wastepaper to him or to any other person or to cause or induce any person to sell or deliver wastepaper to him or to any other person.

(b) No person who purchases paperboard for which maximum prices are established by this regulation shall sell or deliver wastepaper or cause or induce any person to sell or deliver wastepaper to any person who sells paperboard for which maximum prices are established by this regulation, unless

(1) The wastepaper was accumulated upon such purchaser's own premises from the conversion by him of new paper board into any converted product, or

(2) The purchaser engaged in the practice prior to October 1, 1941 of buying wastepaper and selling it to his paperboard supplier.

[§ 1347.53a added by Am. 9, 8 F.R. 17415, effective 1-3-44]

§ 1347.54 *Records and reports.* (a) Every person making purchases or sales aggregating ten tons or more of any or all grades of paperboard in any one month shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, accurate records of each purchase or sale of paperboard made during such month and each month thereafter, showing the date thereof, the name and address of the purchaser or seller, the prices paid or received, and the quantity and grade or grades so purchased or sold.

(b) Such persons shall submit such reports to the Office of Price Administration and shall keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(c) Every producer selling paperboard for which maximum prices are established by this price schedule shall preserve for examination by the Office of Price Administration for so long as the Price Control Act of 1942 shall remain in effect all his existing records relating to the prices which he charged for such paperboard and specialty paperboard as he sold or contracted to be sold at a definite price during the period of October 1, 1940 to October 15, 1941, inclusive.

[§ 1347.54 as amended by Am. 5, 8 F.R. 5838, effective 5-10-43]

§ 1347.55 *Application to import transactions.* This regulation applies to transactions in commodities to be imported into the United States.

[§ 1347.55 added by Supplementary Order 78, 8 F.R. 14811, effective 11-4-43. Former § 1347.55 revoked by Am. 5, 8 F.R. 5838, effective 5-10-43]

§ 1347.56 [Revoked]

[§ 1347.56 revoked by Supplementary Order 2, 7 F.R. 2000, effective 3-13-42]

§ 1347.57 *Enforcement.* (a) Persons violating any provision of this Revised Price Schedule No. 32 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Revised Price Schedule No. 32 or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

[§ 1347.57 as amended by Supplementary Order 3, 7 F.R. 2132, effective 3-18-42]

[NOTE: Supplementary Order No. 7 (7 F.R. 5176) provides that war procurement agencies and governments whose defense is vital to the defense of the United States shall be relieved of liability, civil or criminal, imposed by price regulations issued by the Office of Price Administration.]

§ 1347.57a *Licensing.* The provisions of Licensing Order No. 1,[1] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[§ 1347.57a added by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43]

§ 1347.58 *Petitions for amendment and applications for adjustment.* (a) Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1[2] issued by the Office of Price Administration.

(b) Under the following conditions a producer of any of the commodities covered by this Revised Price Schedule No. 32 may apply for adjustment of his maximum prices where the War Production Board certifies by letter to the Office of Price Administration that the commodity involved is necessary, in the quantity actually to be supplied by the applicant, to meet a military or essential civilian need. The amount of adjustment which may be granted will be determined by the Office of Price Administration and will in no case exceed an amount deemed reasonably necessary to insure the applicant's production of the commodity in question, in the light of the applicant's costs of production and his overall financial condition.

(1) *Form of application for adjustment.* Applications for adjustment shall be filed in accordance with subpart B of Revised Procedural Regulation No. 1, with the Office of Price Administration, Code 695, Washington, D. C. In addition the applicant shall set forth the following data:

(i) Statement of the applicant's maximum price, the section of Revised Price Schedule No. 32 under which such price is determined, and the proposed adjusted maximum price.

(ii) Statement as to the length of time the applicant has been producing the commodity, and the actual production in tons per month for the last six months, preceding the date of filing of the application.

[1] 8 F.R. 13240.
[2] 7 F.R. 8961; 8 F.R. 3313, 3583, 6173, 11806.

(iii) Where the applicant has been producing the commodity, a record of the applicant's actual costs involved in the manufacture and sale of the commodity is to be given in full detail on Form 695:105 in accordance with the instructions on that form. These costs are to be given for the total production during each of the last two quarterly accounting periods, by which is meant the average actual costs for all the tons of the commodity produced during each period. Costs on only one of several runs during each period will not be sufficient for this purpose.

If the applicant has not been producing the commodity during the preceding six months, an estimate of costs for the month following the date of the application is to be given on forms to be supplied by the Office of Price Administration.

A sample of the commodity (size 8½" x 11") is to be filed with these forms, which may be obtained from the Office of Price Administration—Code 695—Washington, D. C.

(iv) Statement of the seller's over-all financial condition, including the information required by OPA Form A (Annual Financial Report) for the fiscal year next preceding the filing of the application, and the information required by OPA Form B (Interim Financial Report) for each quarterly period subsequent to the period covered by the A report: *Provided*, That for cause shown this latter requirement may be waived in whole or in part at the discretion of the Administrator.

(v) A complete statement of the reasons why the applicant believes that he will be unable to maintain his production of the commodity at his established maximum price.

[§ 1347.58 as amended by Am. 8, 8 F.R. 15607, effective 11-20-43]

[NOTE: Procedural Regulation No. 6 (7 F.R. 5067, 5665) provides for the filing of applications for adjustment of maximum prices for commodities or services under Government contracts or subcontracts. Revised Supplementary Order No. 9 (8 F.R. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, with the exception of those which expressly prohibit such applications, and certain specific regulations listed in Revised Supplementary Order No. 9.]

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

§ 1347.58a *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery.

[§ 1347.58a added by Am. 3, 8 F.R. 3524, effective 3-19-43]

§ 1347.59 *Definitions.* When used in Revised Price Schedule No. 32, or any modifications or exceptions thereto, the term:

(a) "Base price" means the going market price quoted for any grade and type of paperboard specifically listed in Appendices A, B, and C (§§ 1347.61, 1347.62, and 1347.63) of Revised Price Schedule No. 32;

(b) "East of the Rocky Mountains" includes all of the area of the continental United States except the states of California, Oregon, Washington, Idaho, Utah, Nevada, New Mexico, Arizona, Wyoming, and Montana.

[Paragraph (b) as amended by Am. 7, 8 F.R. 14811, effective 11-4-43]

(d) "Gage list" means those lists set forth in United States Department of Commerce Simplified Practice Recommendation R44-36 entitled "Box Board Thicknesses";

(e) "Item" means paperboard of one size, of the same grade, color, type, weight, caliper, and finish which the purchaser is willing to have delivered at one time;

(f) "Paperboard" means all kinds, grades, types, calipers, colors, and patterns of paperboard, and is further defined as follows:

(1) All grades of paperboard covered by Appendix A:

(i) Shall have weight, thickness and density specifications prescribed in Boxboard Thicknesses (R-44-36), U. S. Department of Commerce Simplified Practice Recommendations.

(ii) Which are full bending boards shall sustain a 180° fold when properly scored and folded across the grain, with no break in the outer surface fibres, except that semi-bending boards are those which sustain a 90° fold under the same conditions.

(iii) Which are vat lined boards shall have a liner of uniform formation and of sufficient thickness to prevent any show-through of the filler.

(iv) Shall have a moisture content not exceeding 8½% of invoiced weight.

(v) Which are vat lined boards shall be made on a cylinder paper machine or a multiple head box Fourdrinier machine with the lined side of different compositions than the balance of the sheet.

(2) "Plain chip" is a paperboard which is composed of mixed papers and is characterized by a gray to a natural brown color.

(3) "News vat lined chip" is a vat lined paperboard which has one side lined with 100% printed news wastepaper, with the remainder of the sheet composed of mixed papers; the lined side of a characteristic gray color, is cleaner than plain chip.

(4) "Filled news" is a vat lined paperboard which has both sides lined with 100% printed news wastepaper with the remainder of the sheet composed of mixed papers; and has both liners, of a characteristic gray color, which are cleaner than plain chip.

(5) "Solid news" is a paperboard which is a homogeneous grade composed of a minimum of 70% printed news wastepaper and has a characteristic clean gray color.

(6) "White vat lined chip" is a vat lined paperboard which has a white or natural cream colored top liner and has the balance of the sheet composed of mixed papers.

(7) "Mounting board" is a paperboard which is a quality of chipboard or newsboard with resistance to warping, and is a very closely formed smooth sheet with a uniform moisture content.

(8) "Chip tube and can stock" is a paperboard which is composed of mixed papers; is hard, uniform, and level in caliper across the sheet, and is of a quality that permits forming it into a spirally or convolutely wound cylinder of the desired diameter without checking, in excess of the amount of checking, generally acceptable to the purchaser during the year 1941.

(9) "Single manila lined chip" is a vat lined paperboard which is of full-bending quality on the top liner side. It has a uniform cream colored top liner with a surface suitable for printing in colors, and has the balance of the sheet composed of mixed papers.

(10) "Single jute lined chip" is a vat lined paperboard which is of full-bending quality on the top liner side. It has a uniform brown colored top liner with a smooth surface suitable for printing in colors, and has the balance of the sheet composed of mixed papers. This grade may not be sold in roll form, unless for use in other than the manufacture of corrugated and solid fibre shipping containers.

(11) "Mist gray lined chip" is a vat lined paperboard which is of full-bending quality on the top liner side. It has a top liner containing a uniform dispersal of black fibres to give the board a misty appearance, with a surface suitable for printing in colors, and has the balance of the sheet composed of mixed papers.

(12) "Bleached manila lined chip" is a vat lined paperboard which is of full-bending quality on the top liner side. It has a white top liner, with a surface suitable for printing in colors, and has the balance of the sheet composed of mixed papers.

(13) "Semi-bending and creasing chip" is a paperboard which is of semi-bending quality on one side. It is composed of mixed papers, and is characterized by a gray to a natural brown color.

(14) "Full-bending chip" is a paperboard which is of full-bending quality on one side. It is composed of mixed papers and is characterized by a gray to a natural brown color.

(15) "#1 single white patent coated news" is a vat lined paperboard of full-bending quality on the top liner side. It has a white top liner, with an extra smooth surface adapted for high grade color printing. It has a top liner composed of 85% or more chemical fibre either in virgin pulp form or in wastepapers directly substituting therefore, with the balance of the sheet homogeneous in character and composed of a minimum of 60% printed news wastepaper.

(16) "#1 double white patent coated news" is a vat lined paperboard which is of full-bending quality on both the top and bottom liner sides. It has white top and bottom liners with extra smooth surfaces adapted for high grade color printing. It has a top and a bottom liner composed of 85% or more chemical fibre either in virgin pulp form or in wastepapers directly substituting therefore, with the balance of the sheet homogeneous in character and composed of a minimum of 60% printed news wastepaper.

(17) All grades of paperboard covered by Appendix B:

(i) Which are of full-bending quality shall sustain a 180° fold across the grain when properly scored and folded as an integral part of corrugated sheets, or solid fibre sheets not exceeding .100 points in thickness.

(ii) Which are vat lined boards shall be made on a cylinder machine, with the top liner of uniform formation and of sufficient thickness to prevent any show-through of the filler.

(18) "Fourdrinier Kraft" is a grade of paperboard of full-bending quality, manufactured on a Fourdrinier machine from a furnish of at least 70% virgin Kraft wood pulp or virgin Kraft wood pulp screenings.

(19) "Cylinder Kraft" is a vat lined board of full-bending quality, manufactured from a furnish of at least 70% virgin Kraft wood pulp or virgin Kraft wood pulp screenings.

(20) "Jute liner" is a vat lined board of full-bending quality manufactured on a cylinder machine with the top liner of Kraft pulp or Kraft wastepapers and with the total furnish containing more than 30% wastepaper.

(21) "Strawboard corrugating material" is a grade of paperboard manufactured on a cylinder or Fourdrinier machine from a furnish of at least 60% straw pulp.

(22) "Chestnut corrugating material" is a grade of paperboard manufactured on a cylinder or Fourdrinier machine from a furnish of at least 70% Chestnut Pulp.

(23) "Bogus corrugating material" is a grade of paperboard manufactured on a cylinder or Fourdrinier machine from a furnish containing more than 30% wastepaper or ground wood pulp.

(24) "Canadian sulphite and ground wood corrugating material" is a grade of paperboard manufactured in the Dominion of Canada or Newfoundland on a cylinder Fourdrinier machine from a furnish of sulphite and ground wood.

(25) "Chip" is a non-bending grade of paperboard manufactured on a cylinder or Fourdrinier machine from a furnish of mixed papers.

[Paragraph (f) amended by Am. 1, 7 F.R. 2740, effective 4-9-42; Am. 2, 7 F.R. 3182, effective 5-11-42; and Am. 7, 8 F.R. 14811, effective 11-4-43]

(g) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing;

(h) "Producer" means any person who manufactures from any raw material paperboard for any use whatever, and includes the agents and representatives of such person;

[Paragraphs (g) and (h) as amended by Am. 1, 7 F.R. 2740, effective 4-9-42]

(i) "Total transportation cost involved" includes all actual costs involved in transporting and delivering paperboard to the purchaser's plant actually using the paperboard, whether paid by purchaser, by seller, or prorated between purchaser and seller;

(k) "Ton" means a net ton of 2,000 pounds.

(l) "Test" means minimum average Mullen or Cady test, and is to be determined as follows:

(1) Each roll is to be considered individually in determining whether the Mullen or Cady test of the paperboard is as specified. The tests shall be made according to TAPPI method T-403-m-36, in so far as apparatus and calibration are concerned.

(2) At least one sample is to be taken from each roll, and cut to size 12" x 12", for testing purposes. This sample shall be obtained from the outer laps of the roll immediately upon being rewound and tested within 15 minutes on a Mullen or Cady tester located in the same machine room, or in another room of the same conditions of temperature and relative humidity. The moisture content of the board when tested shall be within 6% to 8½%.

(3) In applying Mullen or Cady test, the plate above diaphragm must be firmly clamped down on board to prevent its slipping. At least two tests shall be made from each side of the sample and the tester shall be turned at a constant and uniform speed of about 2 revolutions per second. The average test of the sample is determined by securing a simple arithmetic average of these tests. This average test is to be used in determining the proper classification for pricing purposes.

§ 1347.60 *Effective date of Revised Price Schedule No. 32.* This Revised Price Schedule (§§ 1347.51 to 1347.62, inclusive) shall become effective on October 1, 1941. [Originally issued September 30, 1941]

[Effective dates of amendments are shown in notes following the parts affected]

§ 1347.61 *Appendix A: Maximum prices for paperboard used in the manufacture of folding paper cartons, set-up boxes, or for any other purpose, sold east of the Rocky Mountains.* (a) Nonbending boards, mounting-boards, and chip tube and can stock. (No. 1 Gage List—Regs. 50's to 90's incl. See paragraph (d) for other thicknesses.[1])

	Maximum price per item[1]		
	1 to 9 tons	Over 9 less 10 tons	10 tons or over
Plain chip	$48.00	$50.50	$46.00
News vat lined chip	48.00	50.50	46.00
Filled news	50.00	50.50	48.00
Solid news	55.00	57.50	53.00
White vat lined chip	61.00	62.50	60.00
Mounting board	48.00	50.50	46.00
Chip tube and can stock[2]	51.00	53.50	49.00

[1] See paragraph (e) for exceptions to quantity differentials.

[2] Except No. 8 Gage List.

If the producer had observed the practice of charging an additional differential for quantities of less than 1 ton during the base period of October 1, 1940 to October 15, 1941 such additional differential may now be charged.

[Paragraph (a) as amended by Am. 7, 8 F.R. 14811, effective 11-4-43; Am. 10, 9 F.R. 678, effective 1-14-44; and Am. 11, 9 F.R. 1571, effective 2-8-44]

(b) *Folding boards.* (No. 2 gage list—Reg. 50's to 90's incl. See paragraph (d) for other thicknesses):

	Maximum price per item[1]		
	1 to 9 tons	Over 9 less 10 tons	10 tons or over
Single manila lined chip	$65.00	$62.50	$60.00
Single jute lined chip	65.00	62.50	60.00
Mist gray lined chip	65.00	62.50	60.00
Bleached manila lined chip	67.50	65.00	62.50
Semi-bending and creasing chip	55.00	52.50	50.00
Full-bending chip	57.50	55.00	52.50

[1] See paragraph (e) for exceptions to quantity differentials.

If the producer had observed the practice of charging an additional differential for quantities of less than 1 ton during the base period of October 1, 1940 to October 15, 1941 such additional differential may now be charged.

[Paragraph (b) amended by Am. 7, 8 F.R. 14811, effective 11-4-43; and Am. 11, 9 F.R. 1571, effective 2-8-44]

(c) *White patent coated news.* (No. 8 and No. 7 gage lists):

	Maximum price per item[1]		
	1 to 9 tons	Over 9 less 10 tons	10 tons or over
Gage List No. 6			
#1 Single white 0.020 and heavier	$80.00	$77.50	$75.00
#1 Single white 0.018	82.50	80.00	77.50
#1 Single white 0.016	85.00	82.50	80.00
#1 Single white 0.015	87.50	85.00	82.50
#1 Single white 0.014	90.00	87.50	85.00

#1 Double white 0.016	112.50	110.00	107.50
#1 Double white 0.015	115.00	112.50	110.00
#1 Double white 0.014	117.50	115.00	112.50

[1] See paragraph (e) for exceptions to quantity differentials.

If the producer had observed the practice of charging an additional differential for quantities of less than 1 ton during the base period of October 1, 1940 to October 15, 1941, such additional differential may now be charged.

[Paragraph (c) as amended by Am. 7, 8 F.R. 14811, effective 11-4-43]

(d) *Additional differentials.* (1) Applying to paragraphs (a) or (b) only:

	Per ton[2]
Regular 35's to 39's	+$5.00
Regular 40's to 49's	+2.50
Regular 91's to 100's	+2.50
Regular 101's to 120's	+5.00
Skim news back	+1.50

(2) Applying to White Patent Coated News, Single Manila Lined Chip, or Bleached Manila Lined Chip only:

	Per ton[2]
Manila back non-bender	+$10.00
Manila back bender	+15.00

(3) Applying to paragraphs (a), (b), or (c):

	Per ton[2]
Silicating (per side)	+$2.50
Pasting 15's and lighter	+7.50
Pasting 14's to ¼" thick	+12.50
Gloss ink	+2.50

(e) *Exception to quantity differentials.* When a single purchaser places an order, for delivery at one time, for paperboard of one grade, color, type, weight, caliper and finish, and where the sizes ordered are combined to fill the trim of the seller's papermaking machine and can be made simultaneously without a change in the slitter or chopper knives as the paperboard leaves the machine, then the combined weight of such sizes shall be considered as the quantity of an item for the application of quantity differentials. A combination of sizes which when combined are within 3% of the full trim of the papermaking machine shall be considered an acceptable trim of such machine when applying this exception to quantity differentials.

(1) The quantity differentials established in Appendix A are designed to compensate, in whole or in part, for the extra costs involved in handling and manufacturing small orders of paperboard. These quantity differentials apply on the quantity ordered for delivery at one time (see definition of item, and exception to quantity differentials.) While this regulation does not require any manufacturer to sell any person any specific quantity of paperboard, it is considered an indirect violation of this regulation for the manufacturer to demand (directly, or by threat of refusal to supply) that the customer place several orders of small quantities, rather than to accept one or more orders of larger quantities, solely for the purpose of receiving the additional income from these quantity differentials—that is, six 2 ton orders, or four 3 ton orders, rather than one 12 ton order as the customer desires to place.

(f) *Trimming.* For trimming sheets, to secure clean edges and/or more accurate measurements, add $1.00 per ton for each side trimmed. (This charge does not apply when merely cutting two or more sheets from one larger sheet.)

[Paragraphs (e) and (f) as amended by Am. 7, 8 F.R. 14811, effective 11-4-43]

(g) *Special size, special white, special color, special sizing, special test, or other special characteristics or requirements.* The prices and differentials set forth in paragraphs (a), (b), (c) and (d) of this section cover the types of paperboard described therein, or slight variations from these specified qualities. For special sizes, special whites, special colors, special sizing, special test, or other special characteristics or requirements, involving a difference in cost, the maximum price shall be determined by adding to, or subtracting from, the maximum price, as established by paragraphs (a), (b), (c) and (d) of this section for the particular type of paperboard involved, a differential therefor as follows:

(1) For items sold or contracted to be sold at a definite price by the producer during the period of October 1, 1940 to October 15, 1941, inclusive, the differential shall be the differential applied during such period to the base price of such paperboard of comparable quantity, for the special sizes, special whites, special colors, special sizing, special test, or other special characteristics or requirements, if not otherwise specifically provided for in this section.

(2) For items not sold or contracted to be sold at a definite price by the producer during such period, the differential shall be the list price for such differential therefore effective during such period. If no list price for such differential was in effect during such period, an application for approval of a differential shall be made to the Price Administrator, Washington, D. C. When submitting such differential to the Price Administrator for approval the application made by the producer or by an officer or partner of the producer, shall contain complete price and cost data in the manner and form required by the Price Administrator on one or more comparable items described in this section and sold or contracted to be sold at a definite price by the producer during such period: *Provided, however,* That orders may be accepted and manufactured, and invoices issued, at a differential subject to approval, disapproval or adjustment by letter. A notation to this effect must be made on all quotations, orders and invoices of the particular quality involved until the differential is approved or adjusted. The application must be mailed to the Office of Price Administration, Code 695, Washington, D. C., within 10 days after the item has been produced, on forms which may be secured from the Office of Price Administration, Code 695, Washington, D. C., Information must be included as to the name and address of the customer and the price agreed upon for the new grade or quality.

The differentials established by a producer under the provisions of this paragraph shall apply only to that producer and may not be used by any other producer without the specific authorization of the Price Administrator.

[Paragraph (g) added by Am. 2, 7 F.R. 3182, effective 5-11-42; amended by Am. 7, 8 F.R. 14811, effective 11-4-43]

(h) *Delivered prices.* All of the above maximum prices are for the respective grades or tonnages delivered to the purchaser's plant actually using the paperboard.

The maximum prices set forth in this Appendix shall include all transportation costs involved, except as provided in paragraph (i) below, regardless of whether such transportation costs are paid by the seller, by the purchaser, or prorated between purchaser and seller. Billing may be f. o. b. point of shipment with freight allowed.

(i) *Added freight adjustments for long hauls.* If, in the shipment of any paperboard, the total transportation cost involved exceeds $6.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $6.00 and the total transportation cost involved per ton.

[NOTE: Supplementary Order No. 31 (7 F.R. 9894; 8 F.R. 1312, 3702) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

§ 1347.62 *Appendix B: Maximum prices for paperboard used in the manufacture of fibre boxes (corrugated or solid fibre), sheets (corrugated or solid fibre), single faced rolls, or for any other purposes, sold east of the Rocky Mountains*[1]—(a) *Liners—0.016.*

	Price per M square feet
0.016—42 lb. Fourdrinier Kraft—100 lb. Test	$1.32
0.016—47 lb. Fourdrinier Kraft—105 lb. Test	1.48
0.016—50 lb. Fourdrinier Kraft—110 lb. Test	1.58
0.016—52 lb. Fourdrinier Kraft—110 lb. Test	1.64
0.016—52–58 lb. Cylinder Kraft—100 lb. Test	1.82
0.016—56 lb. Fourdrinier Kraft—115 lb. Test	1.90

[1] A plus sign before a figure establishes it as the maximum amount that may be added to the base price in the sale or purchase of the kind and grade of paperboard in whose column the figure appears. Smaller amounts may be added. A minus sign before a figure establishes it as the minimum amount that must be subtracted from the base price in the sale or purchase of the kind and grade of paperboard in whose column the figure appears. Larger amounts may be subtracted.

[1] Where paperboard of any type covered by this Appendix is imported from a foreign country by a purchaser, and duty must be paid on such import, such purchaser may pay this duty although this payment results in a total cost to such purchaser for paperboard which exceeds the maximum prices established in this Appendix. The total amount paid by the purchaser for such imported paperboard shall in no event exceed the prices established in this Appendix plus the actual amount of the import duty paid, and such import duty must be shown as a separate item in the records required to be kept in accordance with § 1347.54 hereof.

[Paragraph (e) amended by Am. 7, 8 F.R. 14811, effective 11–4–43; and Am. 11, 9 F.R. 1571, effective 2–8–44]

(f) *Natural colors.* All Kraft, Jute, and Chip prices are based on standard grades in their respective natural colors.

(g) *Special size, special white, special color, special sizing, special test, or other special characteristics or requirements.* The prices and differentials set forth in paragraphs (a), (b), (c), (d) and (e) of this section cover the types of paperboard described therein, or slight variations from these specified qualities. For special sizes, special whites, special colors, special sizing, special test, or other special characteristics or requirements, involving a difference in cost, the maximum price shall be determined by adding to, or subtracting from, the maximum price, as established by paragraphs (a), (b), (c), (d) and (e) of this section for the particular type of paperboard involved, a differential therefore as follows:

(1) For items sold or contracted to be sold at a definite price by the producer during the period of October 1, 1940 to October 15, 1941, inclusive, the differential shall be the differential applied during such period to the base price of such paperboard of comparable quantity, for the special sizes, special whites, special colors, special sizing, special test, or other special characteristics or requirements, if not otherwise specifically provided for in this section.

(2) For items not sold or contracted to be sold at a definite price by the producer during such period, the differential shall be the list price for such differential therefore effective during such period. If no list price for such differential was in effect during such period, an application for approval of a differential shall be made to the Price Administrator, Washington, D. C. When submitting such differential to the Price Administrator for approval, the application made by the producer or by an officer or partner of the producer, shall contain complete price and cost data in the manner and form required by the Price Administrator on one or more comparable items described in this section and sold or contracted to be sold at a definite price by the producer during such period: *Provided, however,* That orders may be accepted and manufactured, and invoices issued, at a differential subject to approval, disapproval, or adjustment by letter. A notation to this effect must be made on all quotations, orders and invoices of the particular quality involved until the differential is approved or adjusted. The application must be mailed to the Office of Price Administration, Code 695, Washington, D. C., within 10 days after the item has been produced, on forms which may be secured from the Office of Price Administration, Code 695, Washington, D. C. Information must be included as to the name and address of the customer, and the price agreed upon for the new grades or quality.

The differentials established by a producer under the provisions of this paragraph shall apply only to that producer and may not be used by any other producer without the specific authorization of the Price Administrator.

[Paragraph (g) added by Am. 2, 7 F.R. 3182, effective 5–11–42; amended by Am. 7, 8 F.R. 14811, effective 11–4–43]

(h) *Delivered prices.* All of the above maximum prices are for the respective grades or tonnages delivered to the purchaser's plant actually using the paperboard.

The maximum prices set forth in this Appendix shall include all transportation costs involved except as provided in paragraph (i) below, regardless of whether such transportation costs are paid by the seller, by the purchaser, or prorated between purchaser and seller. Billing may be f. o. b. point of shipment with freight allowed.

(i) *Added freight adjustments for long hauls.* (1) If the total transportation cost involved for the type of transportation used in the shipment of Fourdrinier Kraft liners, Cylinder Kraft liners, and Kraft corrugating material, provided such liner or corrugating material is made in the United States from at least 70% virgin Kraft coniferous wood pulp, exceeds $10.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $10.00 and the total transportation cost involved per ton.

(2) If the total transportation cost involved for the type of transportation used in the shipment of corrugating material or liners listed in this appendix imported from Canada or Newfoundland exceeds $12.00 per ton, the maximum prices set forth in this appendix may be increased by a sum per ton not in excess of the difference between $12.00 and the total transportation cost involved per ton.

(3) If the total transportation cost involved for the type of transportation used in the shipment of all other types of paperboard listed in this Appendix, except those provided for in subparagraphs (1) and (2) hereof, exceeds $6.00 per ton, the maximum prices set forth in this Appendix may be increased by a sum per ton not in excess of the difference between $6.00 and the total transportation cost involved per ton. Total transportation cost as used in this subparagraph (3) means transportation cost involved in shipment within the United States.

[Subparagraph (2) and (3) amended by Am. 12, effective 3–30–44]

(j) A maximum variation of 5% is allowed in the specified basis weights of Fourdrinier Kraft Linerboards specifically listed in this section.

[Paragraph (j) added by Am. 6, 8 F.R. 11291, effective 8–18–43]

(k) Where the maximum price of paperboard is on a per M square foot basis, the square footage to be invoiced is to be determined by one of the following procedures:

NOTE: Paperboard on which the maximum price, as covered by this Appendix, is on a per M. square foot basis may not be invoiced at a price per ton.

(1) The paperboard in each roll is measured mechanically as it is wound to secure the lineal footage in such roll. This figure multiplied by the width of the roll (in decimals of a foot-to-two-places, e. g. 50 inch width equals 4.17 foot) results in the square footage to be invoiced.

(2) A sample is taken from each roll and cut accurately to size 12" x 12" square (1 square foot). The accurate weight of this sample (secured by weighing on a balance scale) multiplied by 1,000 results in the weight per thousand square feet for that roll. The simple arithmetic average of these weights, from the samples of the rolls in the shipment, divided into the total weight of the shipment results in the square footage to be invoiced. Each truckload or carload of paperboard is to be considered individually as a shipment when determining the square footage to be invoiced.

[Paragraph (k) added by Am. 7, 8 F.R. 14811, effective 11–4–43]

§ 1347.63 *Appendix C: Maximum prices for paperboard and specialty paperboard not covered by §§ 1347.61 and 1347.62, sold east of the Rocky Mountains, shall apply to the following:*

(a) *Classifications:*

(1) Tag stocks and file folder stocks.

(2) Press board, imitation press board and paperboards used in the manufacture of electrical equipment.

(3) Bogus bristols and mill blanks.

(4) Fibreboard used in the manufacture of footwear, and leatherboard for any purpose.

(5) Container boards used for foods and purposes other than foods, limited to:

(i) Milk bottle stock.
(ii) Milk bottle cap stock.
(iii) Liquid tight can stock.
(iv) Solid bleached boards.
(v) Bleached lined solid manila board.
(vi) Double bleached lined solid manila board.
(vii) Solid manila board.
(viii) Solid wood pulp boards.

(6) Paperboard for egg fillers, egg flats and molded pulp packing material for eggs.

(7) Binders board.

(8) Clay coated folding boxboard and clay coated cardboard.

(9) Screening board.

(10) Miscellaneous specialty paperboards not covered elsewhere in this agreement.

(b) *Maximum prices for paperboard and specialty paperboard listed in paragraph (a) above.* (1) For paperboard and specialty paperboard sold or contracted to be sold at a definite price by the producer during the period of October 1, 1940, to October 15, 1941, inclusive, the maximum price shall be the highest price per ton or per thousand square feet charged by the producer for items of the same or comparable quantity during such period, subject to the following qualifications:

(i) If the price was on an f. o. b. mill basis, such price shall be the maximum price;

(ii) If the price was on a delivered basis, or f. o. b. the mill with full freight allowed, such price shall be the maximum price to the same or similarly located purchaser: *Provided, however,* That if the price was on a delivered basis by zones, the highest price in each zone shall be the maximum price for such zone, and the producer shall continue to make sales of such item or items on whichever basis he employed during such period;

(iii) If the price was on a basis of partial freight allowance to the purchaser, the highest price charged on such basis by the producer during such period shall be the maximum price to the same or similarly located purchaser, provided the producer continues to make partial freight allowances in the same amounts and upon the same basis employed during such period.

An additional charge for packaging or packing such items may be made providing such charge does not exceed the highest charge added during such period to items of the same or comparable quantity.

(2) For paperboard or specialty paperboard not sold during such period, the maximum price shall be the highest list price therefor effective during such period. If no such list price was in effect during such period, an application for approval of the proposed price shall be made to the Price Administrator. When submitting a proposed maximum price to the Price Administrator for approval, an affidavit made by the producer or by an officer or partner of the producer, shall be submitted, containing complete price and cost data in the manner and form requested by the Price Administrator on one or more comparable items sold or contracted to be sold at a definite price by the producer during such period, establishing that such proposed maximum price is consistent with the general price level of the producer during such period.

However, orders may be accepted and manufactured, and invoices issued, at the proposed maximum price subject to approval, disapproval, or adjustment by letter. A notation to this effect must be made on all quotations, orders and invoices of the particular quality involved until the proposed maximum price is approved or adjusted. The application must be mailed to the Office of Price Administration, Code 695, Washington, D. C., within 10 days after the item has been produced, on forms which may be secured from the Office of Price Administration, Code 695, Washington, D. C. Information must be included as to the name and address of the customer, and the price agreed upon for the new grades or quality. The maximum price established by a producer under the provisions of this paragraph shall apply only to that producer and may not be used by any other producer without the specific authorization of the Price Administrator.

[Above paragraph added by Am. 12, effective 3–30–44]

[§ 1347.63 added and former § 1347.63 redesignated as § 1347.64 by Am. 2, 7 F.R. 3182, effective 5–11–42]

§ 1347.64 *Sales for export.* The maximum price at which a producer may sell or deliver paperboard for export shall be determined in accordance with the provisions of the Maximum Export Price Regulation[7] issued by the Office of Price Administration on April 25, 1942.

[§ 1347.64 (formerly § 1347.63) added by Am. 1, 7 F.R. 2740, effective 4–9–42; amended by Am. 2, 7 F.R., 3182, effective 5–11–42]

[NOTE: Supplementary Order No. 42 (8 F.R. 4966) provides that no price regulation of the OPA shall apply to sales or deliveries of any commodity or service made to Government agencies pursuant to secret contracts or subcontracts.]

NOTE: All reporting and record keeping requirements of this price schedule have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 24th day of March 1944.

PART 1305—ADMINISTRATION

[Supp. Order 80]

DISTILLED SPIRITS, ETC.

Distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials, and fermented malt beverages sold by persons whose maximum prices are established by National, Regional, or District Restaurant Maximum Price Regulations, or by Maximum Price Regulations 193, 288 and 373, or by Revised Maximum Price Regulation 183, or by the General Maximum Price Regulation, or by Revised Supplementary Regulation 14.

A statement of the reasons for this supplementary order is issued simultaneously herewith and filed with the Division of the Federal Register.*

For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, the following Supplementary Order is issued:

§ 1305.112 *Maximum prices for distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials and fermented malt beverages sold by persons whose maximum prices are established by National, Regional, or District Restaurant Maximum Price Regulations of the Office of Price Administration, or by persons whose maximum prices are established by Maximum Price Regulation 193, or by Maximum Price Regulation 288, or by Maximum Price Regulation 373, or by Revised Maximum Price Regulation 183, or by the General Maximum Price Regulation, or by Revised Supplementary Regulation 14.* (a) If you sell or offer for sale distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials, or fermented malt beverages and if your maximum prices for such sales are established by National, Regional, or District Restaurant Maximum Price Regulations, or by Maximum Price Regulation 193, or by Maximum Price Regulation 288, or by Maximum Price Regulation 373, or by Revised Maximum Price Regulation 183, or by the General Maximum Price Regulation, or by Revised Supplementary Regulation 14; your maximum price for such sales of distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials, or fermented malt beverages, shall not exceed the appropriate maximum price set forth below.

(1) The maximum price which you may charge for a straight or mixed drink containing distilled spirits of 80 proof or more shall be your ceiling price for such drink, established in accordance with the applicable regulation plus the amount set forth in the following table:

	Cents
Drinks containing not less than ⅓ ounce and not more than 1 ounce of such distilled spirits	2
Drinks containing more than 1 ounce but less than 1¾ ounces of such distilled spirits	3
Drinks containing 1¾ ounces or more of such distilled spirits	4

(2) The maximum price which you may charge for a straight or mixed drink containing 1 ounce or more of distilled spirits of less than 80 proof and not within the provisions of paragraph (1) above shall be your ceiling price for such drink established in accordance with the applicable regulation plus 2 cents.

(3) The maximum price which you may charge for drinks of 2½ ounces or more of still wines containing more than 14% but not over 21% of alcohol shall be your ceiling price therefor established in accordance with the applicable regulation plus 1 cent.

The maximum price which you may charge for drinks of 3 ounces or more of champagne, sparkling wine, carbonated wines or wine based cordials shall be your ceiling price therefor established in accordance with the applicable regulation plus 3 cents.

(b) *Relation to other maximum price regulations and orders.* With the exception of the flat pricing beer and food orders issued by the Regional and District Officers under General Order 50 or the Regional or District Restaurant Freeze Regulations, this supplementary order shall supersede, in the matters to which it pertains, any provision in National, Regional, or District Restaurant Maximum Price Regulations, and shall, with respect to the increase in Federal excise taxes provided for in the "Revenue Act of 1943" effective April 1, 1944, supersede provisions of Maximum Price Regulation 193, or Maximum Price Regulation 288, or Maximum Price Regulation 373, or Revised Maximum Price Regulation 183, or the General Maximum Price Regulation, or Supplementary Regulation 14, otherwise applicable, including those provisions requiring a separate statement of increased taxes added to maximum prices. The provisions of this supplementary order do not supersede or affect pricing provisions of Maximum Price Regulation 259 applicable to sales of packaged fermented malt beverages.

(c) Except for the specified permitted increases expressly provided for in this supplementary order no person, whose maximum price for distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials, and fermented malt beverages are established by Restaurant Maximum Price Regulations, or Maximum Price Regulation 193, or Maximum Price Regulation 288, or Maximum Price Regulation 373, or Revised Maximum Price Regulation 183, or the General Maximum Price Regulation, or Supplementary Regulation 14, may increase their ceiling prices because of new or increased excise tax provided in the "Revenue Act of 1943."

(d) *Definitions.* The terms used in this supplementary order shall be defined in the same manner as in the applicable maximum price regulations which it supersedes.

This supplementary order shall become effective April 1, 1944.

PART 1316—COTTON TEXTILES

[RPS 35,[1] Amdt. 19]

CARDED GREY AND COLORED-YARN COTTON GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Revised Price Schedule No. 35 (Carded Grey and Colored-Yarn Cotton Goods) is amended in the following respects:

1. Table IV of § 1316.61 (b) (4) is amended to read as follows:

TABLE IV.—DENIMS[2] (PRICES ARE FOR ALL SHADES AND COLORS)

Spot cotton price—Cents per pound, 20.37

Type of cloth and yards per pound or ounces per yard:	*Cents per yard*
Denims:	
Mill finish:	
3.50 yards	14.50
3.00 yards	16.25
2.60 yards	18.25
2.45 yards	19.00
2.40 yards	19.00
2.30 yards	20.00
2.20 yards	20.50
8 oz. (2.00)	22.50
9 oz. (1.78)	25.00
10 oz. (1.60)	27.75
Sanforized:	
3.15 yards	17.00
3.00 yards	17.00
2.70 yards	19.00
2.45 yards	21.00
2.20 yards	22.00
8 oz. (2.00)	23.50
9 oz. (1.78)	25.75
10 oz. (1.60)	28.75
11 oz. (1.45)	31.75

[2] The maximum prices listed above are for all patterns made entirely or in part with white filling yarn. Premiums over the above maximum prices may be charged as follows (cents per yard):

For solid color and for all stripes and patterns made with 100 percent-colored filling yarn	½
For herringbone weave	½
For denim meeting Navy specifications and sold for military use	½

The maximum prices set forth herein are for denims of 28 to 30 inches, inclusive, in width. The maximum price for a denim of any other width shall be that price which stands in the same relation to the applicable price set forth herein (i. e., for the same cloth of 28 to 30 inch width) as does its width to 29 inches.

The weights listed herein are "card" weights. The prices listed herein apply to denim not lighter than the actual weights which the individual seller has customarily delivered against contracts calling for the "card" weights. Denim of a weight other than that which a seller has customarily delivered against a contract calling for "card" weight shall be priced in inverse proportion to the yardage per pound of the nearest weight of denim customarily delivered.

For seconds and short lengths of denim, the maximum prices listed in this table must be discounted as follows: Seconds, ½ cent; short lengths, 25 to 40 yards, inclusive, ¾ cent; 20 to 24.99 yards, 1 cent; 2 to 9.99 yards, 15 percent.

The maximum prices set forth herein shall be discounted (1) where payment is made within 10 days of delivery, by 3 percent; and (2) where payment is made within the next 60 days, by 2 percent and by interest at 6 percent per annum for such portion of the 60-day period as the buyer at his option or pursuant to agreement with the seller, anticipates by earlier payment.

PART 1305—ADMINISTRATION

[Supp. Order 80]

DISTILLED SPIRITS, ETC.

Distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials, and fermented malt beverages sold by persons whose maximum prices are established by National, Regional, or District Restaurant Maximum Price Regulations, or by Maximum Price Regulations 193, 288 and 373, or by Revised Maximum Price Regulation 183, or by the General Maximum Price Regulation, or by Revised Supplementary Regulation 14.

A statement of the reasons for this supplementary order is issued simultaneously herewith and filed with the Division of the Federal Register.*

For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders 9250 and 9328, the following Supplementary Order is issued:

§ 1305.112 *Maximum prices for distilled spirits, still wines, sparkling wines, carbonated wines, liqueurs and cordials and fermented malt beverages sold by persons whose maximum prices are established by National, Regional, or District Restaurant Maximum Price Regulations of the Office of Price Administration, or by persons whose maximum prices are established by Maximum Price Regulation 193, or by Maximum Price Regulation 288, or by Maximum Price Regulation 373, or by Revised Maximum Price Regulation 183, or by the General Maximum Price Regulation, or by Revised Supplementary Regulation 14.* (a) *Definitions.* For the purpose of this regulation:

(1) "Distilled spirits" means ethyl alcohol, hydrated oxide of ethyl, spirits of wine, whiskey, brandy, rum, gin, and all dilutions and mixtures thereof, for non-industrial use.

(2) "Still wines" means wines containing not more than 14% of alcohol by volume, and includes vermouth, sherry, port, Madeira, Marsala, Tokay, Angelica, Muscatel, Sauterne, Burgundy, Claret, Chianti, Rhine wine, Moselle, Hock, Sauterne, Riesling, Barbera, Zinfandel, Cabernet, Sylvaner, Pinot, Chablis, Champagne, Catawba, Delaware, Iona, Isabella, Concord, Virginia Dare, Muscadine, Scuppernong, Elderberry, Blackberry, Port Wine

2. Table V of § 1316.61 (b) (4) is amended to read as follows:

TABLE V—CHAMBRAYS AND COVERTS

[1] The maximum prices set forth herein are for fabrics 36 or more inches in width. The maximum price for a fabric of any lesser width shall be that price which stands in the same relation to the applicable price set forth herein (i. e., for the same cloth of 36-inch width) as does its width to 36 inches.

Maximum prices for cloths of weight other than those listed herein (for the same type of cloth) shall be determined in inverse proportion to the respective number of yards per pound from the maximum price for the cloth of that type and of the nearest weight.

[2] The maximum prices set forth herein shall be discounted (1) where payment is made within 10 days of delivery, by 2 percent; and (2) where payment is made within the next 60 days, by 2 percent and by interest at 6 percent per annum for such portion of the 60-day period as the buyer, at his option or pursuant to agreement with the seller, anticipates by earlier payment.

[3] Maximum prices for seconds and short lengths of shirting chambrays and shirting coverts shall be the above prices, discounted as follows:

	(Cents per yard)
Seconds	¼
Short lengths:	
20 to 40 yards, inclusive	¼
10 to 19.99 yards, inclusive	1
1 to 9.99 yards, inclusive	1½

[4] Maximum prices for seconds and short lengths of pants coverts shall be the above prices, discounted as follows:

	(Cents per yard)
Seconds	1
Short lengths:	
20 to 40 yards, inclusive	1
10 to 19.99 yards, inclusive	2½
1 to 9.99 yards, inclusive	3½

This amendment shall become effective March 23, 1944.

PART 1418—TERRITORIES AND POSSESSIONS

[MPR 373,[1] Amdt. 45]

MEAT AND DAIRY PRODUCTS IN THE TERRITORY OF HAWAII

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.[*]

Maximum Price Regulation 373 is amended in the following respects:

1. The headnote to section 19 is amended to read as follows:

SEC. 19. *Maximum slaughterers' and wholesalers' prices for mainland meat products and certain mainland dairy products, and maximum prices for island meats, hogs, rabbits, poultry and eggs sold by slaughterers, wholesalers and producers.*

2. Section 19 (a) is amended to read as follows:

(a) *To what commodities and transactions this section applies.* (1) Maximum prices for sales by slaughterers and wholesalers of meats, poultry and certain dairy products imported from the mainland are covered in paragraphs (h), (i), (j) and (k). A wholesaler for the purposes of these paragraphs is any person who customarily distributes the mainland commodities covered by this section for resale by retail outlets, or to commercial, industrial, institutional users, or to the Armed Forces of the United States.

(2) Maximum prices for sales of island produced meats, hogs, rabbits, poultry and eggs by slaughterers, wholesalers, and producers are covered in paragraphs (l) and (m). The terms "slaughterer" and "wholesaler", as used in these paragraphs, are defined therein.

3. Section 19 (b) is amended to read as follows:

(b) *Permitted practices.* (1) Where a wholesaler purchases from a mainland seller a variety of wholesale cuts of a particular carcass which are billed at one price, the wholesaler may sell the various wholesale cuts at the current market price provided that the total margin of profit received from the sale of all such wholesale cuts does not exceed the appropriate margin specified in Table A.

4. Section 19 (c) is amended to read as follows:

(c) *Sales invoices.* Every person making a sale of any commodity subject to this section shall furnish the buyer at the time of the delivery of the commodity with a written invoice or sales memorandum setting forth the date of sale, the name and address of the buyer and seller, the quantity and description of the commodity sold (including kind, grade, brand, container size, sex, weight, weight classes, etc., whichever is applicable,) and the price therefor, (including all allowances and payments for all services rendered or to be rendered in connection with the sale.) On the sale of live animals and carcasses listed in paragraphs (l) and (m) wherein the price varies with the weight, the weight of each individual carcass or animal shall be shown.

5. Section 19 (d) is amended to read as follows:

(d) *Records and reports.* Every person making a sale or purchase of any commodity subject to this section shall keep and make available for examination by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remain in effect, all sales invoices and sales memoranda required in paragraph (c) above.

In addition, all wholesalers are required to keep and make available:

(1) All records and data reflecting the charges incurred by the wholesaler in arriving at the selling price.

(2) The wholesaler's error account provided for in paragraph (h) (2).

6. Section 19 (f) is amended to read as follows:

(f) *Delivery charges.* No charges for delivery may be added to the ceiling prices established by this section unless authorized by order of the Office of Price Administration, Honolulu, T. H., upon the written application of the seller.

7. The first paragraph of section 19 (j) is amended to read as follows:

(j) *Calculation of the base price.* Except in the case of purchases from the Federal Surplus Commodities Corporation, the base price shall be an amount not in excess of the items described in subparagraphs (1) through (8) below. If any of the items has already been absorbed by the seller, it may not again be added. In the case of purchases from the Federal Surplus Commodities Corporation, the base price shall be the net price paid plus an amount equal to cartage charges computed at a rate not in excess of twelve cents per hundred pounds net weight.

8. Section 19 (j) (1) is amended to read as follows:

(1) An amount equal to the price which the wholesaler paid the mainland seller for the commodity prepared for shipment. If the wholesaler must process or prepare the commodity for shipment at his own expense subsequent to purchase from the mainland seller, then the charges actually paid by the wholesaler for processing or preparing the commodity for shipment may be added to the price paid the mainland seller.

9. In section 19 (j) under the heading "Refrigerated", a new item is added to read as follows:

	Per 100 lbs. net weight
Refrigerated:	
Turkeys, dressed	$4.25

10. The headnote to section 19 (l), and sections 19 (l) (1) and (2) are amended to read as follows:

(l) *Maximum prices for sales by slaughterers of island produced meats, and for sales by any person of live island hogs*—(1) *Explanation.* (i) For the purposes of this paragraph, a slaughterer is anyone who kills the live animal, and, after dressing it, sells and distributes the carcass or wholesale cuts to wholesalers, retailers or to commercial, industrial, or institutional users, or to the Armed Forces of the United States.

(ii) The cuts or cutting methods referred to in this section are defined in paragraph (n) below.

(2) *Custom slaughtering.* The maximum remuneration which a slaughterer may receive for killing and dressing any animal except hogs is the retention of the hide, offal, and other by-products. The maximum remuneration which a slaughterer may receive for killing any hog is the retention of the offal plus a fee for slaughtering of one cent per pound live weight.

12. Section 19 (l) (6) (i) is amended to read as follows:

(i) "Lamb" means the whole or any portion of the carcass of the young animal of the Genus Ovis, approximately a year old or less, as ascertained by the objective tests commonly recognized in the meat packing industry and specifical-

(8) *Hogs.* Table F below fixes ceiling prices for live hogs, including live pigs, sold or delivered by any person. It does not apply to sales or deliveries to bona fide hog raisers of live hogs for breeding purposes and of live hogs weighing 175 pounds or less for feeding for more than one month. The Office of Price Administration may establish ceiling prices in excess of those set forth in Table F below for sales of live hogs weighing more than 175 pounds for feeding for more than one month upon written application by the seller to the Office of Price Administration, Iolani Palace, Honolulu, T. H. No payments, commissions or allowances for any service, including feeding, transportation or shrinkage should be made by the buyer of live hogs to the seller unless the total sales price, including such payment, commission, or allowances, is equal to or less than the maximum price. No extra charges may be made for delivery or other services.

PART 1426—WOOD PRESERVATION AND PRIMARY FOREST PRODUCTS

[2d Rev. MPR 216,[1] Amdt. 3]

EASTERN PRIMARY FOREST PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Second Revised Maximum Price Regulation 216 is amended in the following respects:

1. Section 1 (a) is amended to read as follows:

SECTION 1. *Sales of Eastern primary forest products at higher than maximum prices prohibited.* (a) On and after September 27, 1943, regardless of any contract or other obligation except as provided in paragraph (c) of this section, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any Eastern primary forest products covered by this regulation at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices, may, of course, be charged and paid.

(c) In any case where maximum price having once been established in this regulation is reduced by subsequent amendment, sellers who have entered into firm contracts on the basis of the earlier ceilings may apply for special permission to complete shipment under such firm contracts without regard to the new ceiling, under the following rules and conditions:

(1) The permission, if granted, will allow completion of the contract within 60 days from the effective date of the action setting up the new ceilings.

(2) The existence of a "firm contract" must be shown by the seller's submitting a copy of formal contract or copies of written order and acceptance covering specific items, quantities, and prices.

(3) The application must show that the items covered by the contract were actually being produced and had not been shipped on the effective date of the amendment which changes the maximum price.

(4) The seller must state in his application—and the permission, if granted, will be so limited—that all prices shown in the contract will be adhered to, even though the maximum price on some items included therein may have been increased by the amendment.

(5) Applications must be sent to the Lumber Branch, Office of Price Administration, at Washington, D. C. The Lumber Branch may grant or deny such applications by letter or telegram.

Note that the seller must apply for the special permission covered in this paragraph, and he may not go ahead on the basis of the contract prices unless and until he has received the authorization to do so.

This amendment shall become effective March 31, 1944.

Appendix A—Maximum prices.

SECTION 1. *Prohibitions.* (a) On and after March 25, 1944, in the continental limits of the United States, regardless of any contract, agreement, lease or other obligation, no person shall buy and no person shall sell, deliver or transfer pulpwood cut from the stump in the States of Maine, Vermont, New Hampshire, New York and that portion of Connecticut and Massachusetts west of the Connecticut River; and no person shall purchase pulpwood cut from the stump within the continental limits of the United States for consumption in the aforesaid states, at prices in excess of the maximum prices set forth in Appendix A hereof; and no person shall agree, offer, solicit, or attempt to do any of the foregoing.

(b) *Prohibited practices.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price.

SEC. 2. *Less than maximum prices.* Lower prices than those set forth in Appendix A of this regulation may be charged, demanded, paid or offered.

SEC. 3. *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery.

SEC. 4. *Evasion.* The price limitations set forth in this Revised Maximum Price Regulation No. 361 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to pulpwood cut in the States of Maine, Vermont, New Hampshire, New York and that portion of Connecticut and Massachusetts west of the Connecticut River, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, discount premium or other privilege, or by tying agreement or other understanding, or otherwise.

SEC. 5. *Records and reports.* (a) Every person making a purchase or sale of pulpwood, for which a maximum price is established by this regulation, shall make and shall preserve, for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, shall be in effect, the same records of such purchases and sales as such person customarily made prior to the effective date of this regulation.

(b) Every person required to keep records by paragraph (a) of this section shall submit such reports as the Office of Price Administration, with the approval of the Bureau of the Budget, may from time to time require.

SEC. 6. *Enforcement.* (a) Persons violating any provision of this Revised Maximum Price Regulation No. 361 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) *Licensing.* The provisions of Licensing Order No. 1,[2] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 7. *Petitions for amendment.* (a) Persons seeking any amendment of this Revised Maximum Price Regulation No. 361 may file petitions for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[3] issued by the Office of Price Administration.

SEC. 8. *Definitions.* (a) When used in this Revised Maximum Price Regulation No. 361 the term:

(1) "Person" includes an individual, corporation, partnership, association, or

13. The text of section 19 (l) (8), and Tables F, G, and H thereunder are amended to read as follows:

(8) *Hogs.* Table F below fixes ceiling prices for live hogs, including live pigs, sold or delivered by any person. It does not apply to sales or deliveries to bona fide hog raisers of live hogs for breeding purposes and of live hogs weighing 175 pounds or less for feeding for more than one month. The Office of Price Administration may establish ceiling prices in excess of those set forth in Table F below for sales of live hogs weighing more than 175 pounds for feeding for more than one month upon written application by the seller to the Office of Price Administration, Iolani Palace, Honolulu, T. H. No payments, commissions or allowances for any service, including feeding, transportation or shrinkage should be made by the buyer of live hogs to the seller unless the total sales price, including such payment, commission, or allowances, is equal to or less than the maximum price. No extra charges may be made for delivery or other services.

PART 1426—WOOD PRESERVATION AND PRIMARY FOREST PRODUCTS

[2d Rev. MPR 216,[1] Amdt. 3]

EASTERN PRIMARY FOREST PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Second Revised Maximum Price Regulation 216 is amended in the following respects:

1. Section 1 (a) is amended to read as follows:

any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of the foregoing;

(2) "Pulpwood producer" or "seller" includes any person who sells pulpwood;

(3) "Consumer" includes any person who purchases pulpwood for its own consumption;

(4) "Pulpwood" means any species of wood exclusive of mill waste or mill by-products sold for manufacture into woodpulp;

(5) "Spruce and fir wood" includes black spruce (Picea mariana), white spruce (Picea glauca), red spruce (Picea rubra), and balsam fir (Abies balsamea);

(6) "Hemlock wood" includes Tsuga canadensis, and Tamarack (Larix laricina);

(7) "Northern hardwoods" includes beech (Fagus grandifolia), paper birch (Betula papyrifera), yellow birch (Betula lutea), gray birch (Betula populifolia), sugar maple (Acer saccharum), red maple (Acer rubrum), and all other Northern deciduous species except those referred to in subparagraph (9) below;

(8) "Pine" includes any species of the genus Pinus;

(9) "Poplar wood" includes basswood (Tilia americana), butternut (Juglans cinerea), cucumber (Magnolia acuminata), yellow poplar (Liriodendron tulipifera) and any species of the genus Populus, sometimes referred to as the "soft-hardwood group";

(10) "Peeled pulpwood" includes any pulpwood which has been sap peeled or barked prior to its delivery to a consumer;

(11) "Rossed pulpwood" includes hand shaved pulpwood and any pulpwood from which the bark has been removed by any mechanical rosser, prior to its delivery to a consumer;

(12) "Rough pulpwood" means pulpwood from which the bark has not been removed;

(13) "Cord of pulpwood" means an amount of pulpwood (whether peeled, rossed, or rough) which, when properly prepared and stacked, contains 128 cubic feet, or, when pulpwood is sold in the form of logs, means 128 cubic feet at a ratio in proportion to the log scale used.

(14) "Dealer" means any person who sells to consumers at least 1,000 cords of pulpwood during the period from April 13, 1944, to April 30, 1945, and thereafter during the period from May 1 of any year to April 30 of the following year. Notwithstanding the foregoing, sections 8 (a) (14) and 9 (f) of Maximum Price Regulation No. 361 shall remain in effect through April 12, 1944.

(15) "Roadside" is any road that is maintained and kept open for traffic twelve months of the year;

(16) "Lake or stream" has reference to wood which has been properly landed and boomed in the lake or on the bank of or in the stream by which it is to be carried to the consumer;

(17) "Sale" or "sold" includes sales and deliveries, and sales and contracts to sell pulpwood.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price control Act of 1942, as amended, shall apply to other terms used herein.

(2) When pulpwood is rossed as defined in section 8 (a) (11) of this regulation, a sum not in excess of $1.00 per cord may be added to the appropriate maximum peeled wood price set forth in paragraph (a) (1) above.

(3) The maximum price for pulpwood sold at points other than those listed aboveshall be arrived at by deducting from the appropriate maximum price established above an amount equal to the actual cost incurred in transporting the wood to and loading the wood at the point of shipment described above actually used, or, in the case of wood trucked to the mill, the actual costs of such trucking.

(b) (1) The appropriate maximum prices set forth in paragraph (a) (1) above shall in no event be increased by more than $1.00 per cord when it is necessary to secure the wood in question and this is the least expensive means of securing such wood. Amounts in excess of the appropriate maximum prices can be paid only to a producer and only if the buyer makes a statement to the Paper and Paper Products Branch, Office of Price Administration, Washington, D. C., either prior to or subsequent to such payment. Such statement shall set forth fully the reasons why the excess payment is necessary, and shall explain the excess payment in itemized form, with a justification for the payment of each item.

(2) The Office of Price Administration may at any time suspend or withdraw from any buyer or buyers the privilege of paying the excess amount provided for by this paragraph (b) over the appropriate maximum prices.

(c) The prices established herein are for wood of top quality prepared to conform with the consumer's specifications. All trade practices and customs with respect to allowance for defective wood of any kind must be observed.

(d) *Mixed shipments.* If a shipment contains a mixture of species, except a mixture of spruce and fir, the maximum price per cord shall be ascertained by determining the number of cords of each species in the shipment and then applying the maximum price for each species.

(e) When one consumer sells pulpwood to another, the maximum price shall not exceed the actual cost which the wood stands the seller, plus such actual costs of moving the wood to the buyer as the seller incurs.

(f) *Dealers allowance.* (1) In the event that a person qualifies as a dealer as defined in section 8 (a) (14) of this regulation, a consumer or consumers may pay such dealer, in addition to the producer's maximum price hereinbefore provided, a sum not in excess of $1.00 per cord on each cord of pulpwood received. Any one consumer who is asked to pay a commission on less than 1,000 cords sold by a dealer may rely in making such payments on letters from other consumers to the dealer indicating that, at the time the commission is paid, the dealer has met the requirements of this paragraph.

(2) The maximum prices established in paragraph (a) of Appendix A, can in no case be augmented by more than one dealer's allowance for each cord. In no event shall a person receive a dealer's allowance on the cut of another person pursuant to any contract, agreement or understanding of any sort whatsoever between the two, whereby each is to sell, and charge an allowance on the wood cut by the other. In addition to the price paid by the consumer a dealer may receive a dealer's allowance only from a consumer and only if the dealer fulfills all of the following requirements with respect to the transactions:

(i) Keep copies of all contracts in which a dealer's allowance is charged.

(ii) The sale is made by the dealer to the consumer.

(iii) The dealer guarantees the merchantable quality of the pulpwood.

(iv) The dealer's allowance in such transaction is shown as a separate item on the invoice. This invoice must contain a statement that the charges are not in excess of those established in this Revised Maximum Price Regulation No. 361.

(v) The dealer's allowances is not split or divided with any other person.

(vi) All pertinent provisions in this Revised Maximum Price Regulation No. 361 are strictly complied with.

This Revised Maximum Price Regulation No. 361 shall become effective March 25, 1944.

NOTE: The reporting provisions of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 25th day of March 1944.

PART 1429—POULTRY AND EGGS

[RMPR 269,[1] Amdt. 27]

POULTRY

A statement of the considerations involved in this issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 269 is amended in the following respects:

1. Section 1429.19 (h) (1) (i) (c) is amended to read as follows:

(c) For a period of 30 days from March 26, 1944, the maximum base price for kosher-killed poultry items sold in the "New York metropolitan area"[2] shall be the maximum base price, as established by the other applicable provisions of this regulation, plus 1 cent per pound.

2. Section 1429.21 (a) (1) (i) (*a*) is added to read as follows:

(*a*) For a period of 30 days from March 26, 1944, any person who transports live poultry for a distance of 5 or more miles, to, and for ultimate consumption in, the "New York metropolitan area" may sell or deliver such live poultry items to any "wholesaler", individual retail store, or any ultimate consumer, including commercial, institutional or governmental users, located in the "New York metropolitan area" at the maximum base price established for such place in § 1429.19 (h) (1) Table A of this regulation plus, in lieu of the permitted increases provided by paragraph (a) (1) (i) of this section, the following permitted increases in cents per pound:

Shortest distance in road miles or railroad miles from place where transport of live poultry begins to place where such transport ends:	*Maximum permitted increase in cents per pound*
Less than 5 miles	No increase
5 to 25 miles	1 cent
25 to 50 miles	1¾ cents
50 to 100 miles	2 cents
100 to 150 miles	2¼ cents
150 to 200 miles	2½ cents
200 to 250 miles	2¾ cents
250 or more miles	3 cents

3. The text of Item (1a) under the column entitled "Base price to which increase is added" of Table B in § 1429.21 (a) (2) (i) is amended to read as follows:

TABLE B—MAXIMUM PERMITTED INCREASES FOR SALES OF POULTRY ITEMS

• • • •	Base price to which increase is added • • •
• • • • •	• • •
(1a) • • • •	Maximum base price at seller's shipping point, plus permitted increase established for actual distance live poultry was transported to seller's place of business, in a sum not to exceed 2¢ per lb., or, if the live poultry was transported into the N. Y. metropolitan area,[1] in a sum not to exceed 3¢ per lb. for a period of 30 days from March 26, 1944.

[1] "New York metropolitan area" means the city of New York, New York, and the counties of Nassau, Suffolk and Westchester in the State of New York and the counties of Essex, Hudson, and Union in the State of New Jersey.

This amendment shall become effective March 25, 1944.

PART 1312—LUMBER AND LUMBER PRODUCTS

[MPR 348,[1] Amdt. 41]

LOGS AND BOLTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 348 is amended in the following respects:

1. Article II, Table of Appendices, "Part II—Special Items" is amended so that the item covering Appendix K reads as follows:

	Appendix
Insulation and felt bolts or cordwood (including pulpwood not covered by a specific pulpwood regulation)	K

2. Table 4 is added to Appendix K, as follows:

TABLE 4

Area. The entire State of New Jersey.

Species. Pine and hardwood cordwood or pulpwood suitable for the manufacture of insulation and felt products or wood pulp.

Scaling rules. The basis for measurement shall be the standard cord of 128 cubic feet.

Grading rules. Wood shall be cut into lengths specified by the buyer. The mini-

mum acceptable diameter shall be 2", measured inside the bark. Large pieces shall be split to specifications of the buyers. Wood must be sound and be fresh cut from live timber. The wood must be clean-trimmed, free of branches, forks and doty material.

Maximum price. $10.00 per cord of 128 cubic feet f. o. b. rail cars at rail siding. For units of other sizes see conversion table at beginning of Appendix E.

(a) The maximum price for truck delivered wood shall be the highest price each buying plant contracted for during March 1943. Any company not having a specific contract price during that month shall apply to the Lumber Branch, Office of Price Administration, Washington 25, D. C., for the establishment of a truck-delivered price. The Lumber Branch may establish such a price by letter or telegram. All buying plants which purchase truck-delivered wood must file with the Lumber Branch a statement as to its truck-delivered price permitted under this provision within 15 days of the effective date of this amendment.

(b) If delivery of wood is taken at any place other than f. o. b. cars or at the mill, the buyer must deduct from the ceiling price either:

(i) the cost per cord of bringing the wood to a rail siding and loading on cars if delivery to mill is by rail car; or

(ii) the cost per cord of bringing the wood to the mill if delivery to mill is by truck.

2. Appendix J. Table 1, is revised so that the maximum prices read as follows:

MAXIMUM PRICES

[Per unit of 147 cubic feet]

	Peeled	Unpeeled
Poplar (Aspen, Popple)	$12.50	$10.25
Basswood	12.50	10.25

Paragraphs (1) through (6) remain as previously stated.

4. The paragraph immediately below the title of "Maximum Prices" in Appendix D, Table 1 is amended by the insertion of the following sentence before the last sentence of the paragraph.

In the event that the delivery of logs necessitates truck hauls in excess of 25 miles, the buyer and seller may join in submitting an application to the local District Office of the Office of Price Administration requesting permission to pay for the extra truck haul. These District Offices are as follows: For the upper Peninsula of Michigan, Iron Mountain, Michigan; for Wisconsin, Green Bay, Wisconsin. In no event will the trucking addition approved exceed 10 cents per thousand feet log scale for each load mile that logs are hauled in excess of the original 25 miles.

5. In Appendix N, Hickory Special Logs, Table 1, the grading rules are amended to read as follows:

Grading rules (logs or bolts). "Face defects" are knots, catfaces, scabs, and ingrown bark.

"End defects" are bird pecks, holes from any cause, windshake, brashy or light weight, decay or sap stain.

1. *Extra quality.* Must have a ring of white wood measuring not less than 3⅛" in from bark. All logs or bolts 8" and up in diameter must have all clear faces and clear ends.

2. *No. 1 quality.* All logs and bolts 6" and up in diameter must have at least 3 clear faces and must have clear ends.

3. *No. 2 quality.* All logs and bolts 6" and up in diameter must have at least 2 clear faces; end defects are permitted. If the defects reduce the footage cut from the log more than 25 percent, the log will be classed as a cull.

4. *Timber-run quality.* A combination of extra quality, No. 1 and No. 2 logs or bolts containing not over 20 percent No. 3.

6. Appendix C. Table 5, is amended in the following respect: The price addition for dense shortleaf pine in Price Table No. 2 under the heading "Maximum Prices" is changed to read "For dense shortleaf, 12" and up, add $2.00."

7. Appendix B. Table 1, the grade specification for ship timber and bending oak logs is changed to read—"minimum diameter—16 inches" instead of minimum diameter 20 inches. The price table on White Oak ship timber logs is amended by the addition of the following column of prices for ship timber logs 16"–19" in diameter:

Length (feet)	*Diameters 16"–19"*
18	$37.00
20	39.00
22	42.00
24	46.00
26	51.00
28	56.00
30	61.00
32	66.00
34	71.00
36	76.00
38	81.00
40	86.00
42	91.00
44	96.00
46	101.00

The price table on Chestnut Oak ship timber logs is amended by the addition of the following column of prices for ship timber logs 16"–19" in diameter.

Length (feet)	*Diameters 16"–19"*
18	$32.00
20	34.00
22	36.00
24	41.00
26	46.00
28	51.00

8. The maximum price in Zone 1, Appendix G, Table 4 is amended to include the clause "the above price can be increased $3.00 per cord of 128 cubic feet for peeled willow wood."

9. In Appendix D, Table 1, the price table for 8' tie cuts in Upper Michigan and the State of Wisconsin excluding 9 counties is amended by transferring white birch from column 4 and including that species in column 2.

This amendment shall become effective April 1, 1944.

PART 1335—CHEMICALS

[RPS 81,[1] Amdt. 5]

ACETIC ACID

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1335.210 (a) (1) is amended by changing the price "$7.18" therein to "$7.95" and adding a sentence to read as follows:

Persons producing acetic acid from fermentation ethyl alcohol in California may adjust the prices charged on deliveries of such acetic acid made since December 10, 1943, to a price not in excess of $7.95 per hundred pounds, f. o. b. works, if the buyer agrees to such adjustment.

This amendment shall become effective April 1, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[RMPR 150,[2] Amdt. 4]

FINISHED RICE AND RICE MILLING BY-PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 150 is amended in the following respects:

1. Section 2 is amended to read as follows:

SEC. 2. *Applicability.* (a) Except as provided in paragraph (b), this regulation shall apply to all sales, whether for immediate or future delivery, of domestic and imported finished rice within the 48 states and the District of Columbia of the United States.

(b) This regulation shall have no application to sales of domestic or imported wild rice or sweet rice.

2. Section 5 (a) (2) is amended to read as follows:

(2) "Primary distributor" means a person who receives delivery of finished rice of classes I to X and grading No. 4 or better at a warehouse in carload quantities, unloads the same into said warehouse and sells the same in quantities of 20,000 pounds or less from such point to wholesalers or for delivery to distributing warehouses of retailers: *Provided,* That a miller may be a primary distributor of rice only if he unloads such rice at a warehouse located outside any city and the recognized switching limits thereof at which such miller owns or operates a rice mill therein. A distributing warehouse of a retailer is a warehouse used primarily for the storage of supplies for delivery to his retail stores.

*Copies may be obtained from the Office of Price Administration.

[2] 8 F.R. 4788, 10750, 12873, 14076, 15322.

3. Section 5 (c) (4) is amended to read as follows:

(4) "Retailer" means a person who buys rice milling by-products and resells the same to a feeder.

4. Section 6 (a) (6) (ii) is amended to read as follows:

(ii) The foregoing maximum prices for the sale or delivery of brown rice of a type specified in subparagraph (1) above may be increased for the sale or delivery thereof in containers furnished by the seller at the rate per 100 pounds as set forth in the following table:

Size of containers	Cartons or cellophane bags	Kraft bags or other containers
Up to and including 1 pound	$2.15	$1.55
From 1 pound up to and including 2 pounds	2.00	1.55

Where such containers are furnished by the buyer, the seller shall determine his maximum price by subtracting from the above differential the cost of the containers furnished by the buyer.

5. Section 6 (a) (6) (iii) is amended to read as follows:

(iii) The foregoing maximum prices for the sale or delivery of brown rice of a type specified in subparagraph (1) above may be increased for the sale or delivery thereof for packing and resale by the buyer in containers of 2 pounds or less at the rate of $0.65 per 100 pounds: *Provided,* That within 10 days of each such sale the seller delivers to the nearest district or state office of the Office of Price Administration a copy of the invoice of the sale showing the quantity sold, the price paid and the name and address of the buyer and seller together with a verified certificate signed by the buyer and stating that he will use the rice in question for packing and resale in containers of 2 pounds or less.

6. Section 8 is amended to read as follows:

SEC. 8. *Maximum price for the sale or delivery of rice milling by-products.* (a) The maximum price for the sale or delivery by a processor of rice hulls, rice bran or rice polishings, sacked, shall be as follows:

(1) For sales other than to a feeder in quantities of 20,000 pounds or less:

(i) $10.00 per ton for rice hulls plus transportation charges actually incurred by the seller to the buyer's receiving point.

(ii) $30.00 per ton for rice bran plus transportation charges actually incurred by the seller to the buyer's receiving point.

(iii) $38.00 per ton for rice polishings plus transportation charges actually incurred by the seller to the buyer's receiving point.

(2) For sales to a feeder in quantities of 20,000 pounds or less, the maximum prices set forth in subparagraph (1) above may be increased at the rate of $2.00 per ton.

(b) The maximum price of an importer shall be the maximum price of a processor, f. o. b. a mill, as if located at the port of entry, plus transportation charges from the port of entry to the buyer's receiving point.

(c) The maximum price for the sale or delivery of rice milling by-products, sacked, by a jobber shall be his cost (not exceeding the maximum price) thereon to him of the processor or importer from whom the rice milling by-products in question were purchased, plus transportation charges actually incurred by the jobber, and plus

(1) $1.00 per ton for sales in quantities of 20,000 pounds or less; or

(2) 50 cents per ton for all other sales.

(d) The maximum price for the sale or delivery of rice hulls, sacked, by a wholesaler shall be $2.00 per ton (maximum markup) over his cost (not exceeding the maximum price) thereon to him of the processor, importer or jobber, as the case may be, from whom the rice hulls in question were purchased plus transportation charges actually incurred by the wholesaler.

(e) The maximum price for the sale or delivery of rice bran or rice polishings, sacked by a wholesaler shall be $2.50 per ton (maximum markup) over his cost (not exceeding the maximum price) thereon to him of the processor or jobber, as the case may be, from whom the rice bran or rice polishings in question were purchased plus transportation charges actually incurred by the wholesaler.

(f) The maximum price for the sale or delivery of rice hulls, sacked, by a retailer shall be $3.00 per ton (maximum markup) over his cost (not exceeding the maximum price) thereon to him of the processor, importer, jobber or wholesaler, as the case may be, from whom the rice hulls in question were purchased plus transportation charges actually incurred by the retailer.

(g) The maximum price for the sale or delivery of rice bran or rice polishings, sacked, by a retailer shall be $4.00 per ton (maximum markup) over his cost (not exceeding the maximum price) thereon to him of the processor, importer, jobber or wholesaler, as the case may be, from whom the rice bran or rice polishings in question were purchased plus transportation charges actually incurred by the retailer.

(h) When a given lot of rice milling by-products is sold by more than one member of the same class, as set forth above, the maximum aggregate markup of all such sellers in the same class shall not exceed the maximum markup of a single handler in such class.

(i) The maximum prices for the sale or delivery of rice hulls, rice bran and rice polishings, unsacked, or in buyer's sacks, shall be the maximum prices hereinbefore in this section set forth less the customary differential applying to sales unsacked or in buyer's sacks in relation to sales sacked by a like class of seller during March 1942.

8. Section 13 is added to read as follows:

SEC. 13. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to give the authorization. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

This amendment shall become effective April 1, 1944.

(2) Producers are prohibited from receiving and purchasers from paying bonuses whether or not such bonuses result in prices higher than those listed in subparagraph (1) immediately above.

(3) The grades set out in this paragraph (a) shall be determined in accordance with all the criteria, except the density criterion, set forth in the U. S. Standards for Maple Syrup for Reprocessing, issued by the United States Department of Agriculture.

(4) The above prices are the maximum prices irrespective of the terms of payment. However, discounts and allowances may always be given when they result in less than the maximum prices.

(b) *Producers' and packers' maximum prices for packaged maple syrup.* (1) The producers' and packers' maximum prices f. o. b. loading point for packaged maple syrup shall be as follows:

TABLE B—PRODUCERS' AND PACKERS' MAXIMUM PRICES FOR PACKAGED MAPLE SYRUP

(2) The grades set forth in Table B shall be determined in accordance with all the criteria set forth in the U. S. Standards for Table Maple Syrup, issued by the United States Department of Agriculture.

(3) The prices set forth in Table B include the cost of the container, and shall apply to maple syrup in all types of containers irrespective of their shape or composition. The prices are cash prices for the quantities and class of purchaser set forth. Packers may charge an additional 1% on those sales where credit for ten days or longer is extended.

(4) Producers and packers of maple syrup packed in fancy containers may elect to use either the prices stipulated in Table B for such size or the price established by such producer or packer under § 1499.2 (a) of the General Maximum Price Regulation.

(c) *Packers' maximum prices for maple syrup sold in bulk.* (1) The packer's maximum prices, f. o. b. plant, for the following grades of maple syrup sold in bulk shall be as follows:

TABLE C—PACKERS' MAXIMUM PRICES FOR MAPLE SYRUP SOLD IN BULK

Grades	Maximum price per pound	
	Filtered	Unfiltered
Fancy AA	$0.235	$0.225
A	.225	.215
B	.215	.205
C	.205	.195

(2) The grades set forth in Table C shall be determined in accordance with all the criteria set forth in the U. S. Standards for Maple Syrup for Reprocessing, issued by the United States Department of Agriculture.

(d) *Producers' and packers' maximum prices for "flavoring maple syrup."* (1) The producer's or packer's maximum prices, f. o. b. packing plant for each item, that is, for each type and container size, of "flavoring maple syrup" for each class of purchaser shall be his "base price" plus 66 cents per gallon.

(i) The "base price" shall be calculated by dividing the total dollars charged each class of purchaser for such item during the period comprising the months of April, May and June, 1941, hereinafter called the "base period," by the number of such items sold such class of purchasers during the "base period."

Example. X packer seeks the maximum price of a five gallon tin of type Q "flavoring" maple syrup. In determining his "base price," he ascertains that he sold during the "base period" a total of 1,000 5-gallon tins for which he received $5,000. The maximum price would be computed as follows:

$5,000 ÷ 1,000 5-gallon tins	$5.00—base price
5 gal. × $0.66	3.30
	8.30

Producers or packers seeking to price "flavoring" maple syrup which is to be sold without the container or on a returnable container basis, shall use the same method provided for in subparagraph (1) immediately above, except that their "base price" shall be computed by using only sales that were made on a returnable container basis during the "base period."

(e) *Delivered prices.* The delivered price for any commodity subject to the provisions of this regulation shall in no case exceed the established maximum f. o. b. price plus the actual transportation charges incurred from the seller's shipping point to the place of destination which charges, in no event, shall exceed the cost of transporting an equal quantity of maple syrup from the same shipping point directly to the purchaser's customary receiving point, computed at the lowest available transportation rate for the customary mode of transportation employed.

(f) *Maximum prices for "maple syrup" items on which no price has been established.* (1) The maximum price for any item of maple syrup for which a maximum price is not established by this Revised Maximum Price Regulation No. 312, shall be determined after specific authorization from the Office of Price Administration, Washington, D. C., on application setting forth (i) a description of the grade of syrup and size of the container of the item upon which a price is sought; and (ii) the factory door cost of such item. The "factory door cost" shall include all direct and indirect costs and expenses chargeable to the production of the item, but shall not include costs and expenses chargeable to the administration, selling, advertising or transportation; and (iii) the factory door costs and maximum selling prices of the applicant's three most comparable items together with their description.

(2) Until the Office of Price Administration shall fix a price for such item of "maple syrup", applicant may deliver the item but he may not receive payment for it.

(g) *Imports.* (1) The appropriate maximum prices for maple syrup established by this regulation shall likewise apply to all maple syrup imported into the United States, the importer being considered the producer or packer as the case may be. Such prices shall apply f. o. b. point of entry and shall include duty.

SEC. 3. *Maximum prices for maple sugar*—(a) *Maximum prices for block sugar.* (1) The following are maximum prices f. o. b. seller's shipping point, for block sugar. These prices include the cost of the container, and are prices before discounts. Each seller shall reduce these prices to reflect his own established trade allowance and discounts, including but not limited to the discount for prompt payment. The term "quantity of sale" as used in the following table means the total quantity of maple sugar to be delivered as a result of a single contract.

Type	Quantity of sale	Prices per pound
Fancy block sugar	2,000 lbs. or less	$0.36
Fancy block sugar	Over 2,000 lbs. but less than 40,000 lbs.	.35
Fancy block sugar	40,000 lbs. or over but less than 250,000 lbs.	.34
Fancy block sugar	250,000 lbs. and over	.33
Blended block sugar	2,000 lbs. or less	.34
Blended block sugar	Over 2,000 lbs. but less than 40,000 lbs.	.33
Blended block sugar	40,000 lbs. or over but less than 250,000 lbs.	.32
Blended block sugar	250,000 lbs. and over	.31

(2) The maximum prices for block sugar which is imported into the United States shall apply f. o. b., port of entry, and shall include duty.

(b) *Maximum prices for Canadian bag sugar.* (1) The maximum price for Canadian bag sugar, f. o. b. port of entry, duty included, shall be $0.27 per pound.

(c) *Delivery prices.* (1) The prices for block sugar and Canadian bag sugar delivered to buyer shall in no case exceed the established maximum f. o. b. prices, plus the actual transportation charges incurred from the seller's f. o. b. shipping point to the place of destination, which charges, in no event, shall exceed the cost of transporting an equal quantity of the same commodity from the same shipping point directly to the purchaser's customary receiving point, computed at the lowest available transportation rate for the customary mode of transportation employed.

SEC. 4. *Compliance with this regulation*—(a) *No selling or buying above maximum prices.* Regardless of any contract, agreement or other obligation,

(1) No person shall sell or deliver any commodities at prices higher than the maximum prices set forth for such commodities in this regulation; and

(2) No person shall buy or receive any commodities in the course of trade or business at prices higher than the maximum prices set forth for such commodities in this regulation.

However, lower prices than the maximum prices may be charged or paid.

(b) *Evasion.* Price limitations set forth in this regulation shall not be evaded whether by direct or indirect methods in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to the commodities whose prices are herein regulated alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or other trade understanding, or otherwise.

(c) *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(d) *Licensing.* The provisions of Licensing Order No. 1[1] licensing all persons except growers, who make sales under price control, are applicable to sellers subject to this regulation. A seller's license may be suspended for violations of a license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 5. *Exempt sales.* (a) The provisions of this regulation shall not be applicable to sales of maple syrup at wholesale and retail except when such sales are made by producers and packers. Sales of maple syrup by wholesalers shall be subject to the applicable provisions of Maximum Price Regulation 421 and sales by retailers shall be subject to the applicable provisions of Maximum Price Regulation 422 and 423.

(b) All sales of pure maple sugar other than "Block Sugar" and "Canadian Bag Sugar" are exempt from price control.

SEC. 6. *Notification of new maximum price.* With the first delivery of an item to a particular wholesaler or retailer after the effective date of this regulation or an amendment to it, in any case where the seller's new maximum price is different from the maximum price he previously had for the same item, he shall:

(a) Supply such wholesaler or retailer purchasing from him a written notice as follows:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

Our OPA ceiling price for (describe items included in sale) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under Maximum Price Regulation Nos. 421, 422 or 423 you must refigure your ceiling price for this item on your first delivery of it to you containing this notification after (insert effective date of this regulation or amendment). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 421, 422, or 423, whichever is applicable to you.

For a period of sixty days after determining the new maximum price for the item, and with the first shipment after the sixty day period to each person who has not made a purchase within that time, each seller shall include in each case, carton, or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on, the invoice covering the shipment, instead of providing it with the goods.

SEC. 7. *Records and reports.* (a) Every producer and packer who makes sales of maple syrup or maple sugar after the effective date of this regulation shall make and preserve for examination by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, all records of the same kind as he has customarily kept, relating to the prices which he charged for any of such items sold after the effective date of this regulation.

(b) Every person making sales of maple syrup pursuant to this regulation shall submit such reports to the Office of Price Administration, and such other records as the Office of Price Administration may from time to time require, subject to approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(c) Every producer or packer who sells an item of "flavoring maple syrup" shall within ten days after calculating his maximum price for each such item submit to the Office of Price Administration, Washington, D. C., a statement showing his "base prices" and his maximum prices as computed under section 2, paragraph (d) and shall include in such statement, the figures which were the basis of the required computations.

SEC. 8. *Export sales.* The maximum prices at which a person may export maple syrup or maple sugar shall be determined in accordance with the Second Revised Maximum Export Price Regulation, as amended, issued by the Office of Price Administration.

SEC. 9. *Applicability of the General Maximum Price Regulation.* (a) The provisions of this Revised Maximum Price Regulation No. 312 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries of maple syrup and maple sugar for which maximum prices are or may be established by this regulation except where otherwise provided in this regulation.

(b) The following sections of the applicable regulation or order shall apply to sales covered by this Revised Maximum Price Regulation 312.

(1) Section 1499.14 of the GMPR *Sales slips and receipts.*

[1] 8 F.R. 12940.

(2) Section 4.4 of Rev. SR No. 1 and § 1499.46 (b) (118) of Rev. SR No. 11. *Developmental contracts.*

(3) Supplementary Order No. 42 *Secret contracts.*

(4) Section 4.3 (f) of Rev. SR No. 1 *Emergency purchases.*

(5) Supplementary Order No. 27 *Sales by certain stores operated or regulated by the War Department or the Department of the Navy.*

SEC. 10. *Transfers of business or stock in trade.* If the business, assets or stock in trade of any seller are sold or otherwise transferred on or after the effective date of this regulation and the transferee carries on the business, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no transfer had taken place, and his obligation to keep records sufficient to verify those prices shall be the same. The transferor shall either preserve and make available, or turn over to the transferee, all records of transactions prior to the transfer, which are necessary to enable the transferee to comply with the record provisions contained in this regulation.

SEC. 11. *General amendments.* Any person seeking a general modification of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1[2] and amendments, issued by the Office of Price Administration.

SEC. 12. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery. No person may deliver or agree to deliver at a price to be adjusted upward after delivery except upon authorization of the Office of Price Administration. Such authorization may be given when a request for a change in the applicable maximum price is pending, if the authorization is deemed necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration having authority to act upon the pending request for a change in price or to whom authority to grant such authorization has been delegated. The authorization will be by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 13. *Taxes.* Any tax upon or incident to, the sale or delivery of maple syrup imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price for such commodity and in preparing the records of such seller with respect thereto:

(a) *As to a tax in effect prior to the effective date of this regulation.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price prior to the effective date for such item the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such a case shall include such amount in determining the maximum price under this regulation.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased and in such case the seller shall not include such amount in determining the maximum price under this regulation.

(b) *As to a tax or increase in a tax which becomes effective after the effective date of this regulation.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

SEC. 14. *Definitions.* (a) When used in this Revised Maximum Price Regulation No. 312, the terms:

(1) "Person" includes an individual, corporation, partnership, association, or other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions or any agency of any of the foregoing.

(2) "Manufacturer" means a person who is a producer or packer or both a producer and packer.

(3) "Producer" means a person who obtains maple sap by tapping maple trees and manufactures the sap into maple syrup by evaporation or other means.

(4) "Packer" means a person who purchases or receives maple syrup and manufactures it by packaging it into containers or processes it further and manufactures it as maple syrup, or manufactures it into another commodity such as maple sugar, or maple candy, or manufactures it by blending it with, or adding it to another commodity. A packer may also engage in reselling to others, or in buying from others maple syrup in bulk with or without further processing it. The term "packer" includes persons who are acting in the capacity of selling agents for producers, or buying agents for packers regardless of whether their selling or buying compensation results from a commission, or buying at a discount below the packer's price. The term "packer" also includes non-profit cooperative associations who manufacture and process maple syrup as above described regardless of whether in their purchases of the maple syrup they take title to the maple syrup.

(5) "Wholesaler" means a person engaged in the distributing business who buys maple syrup and resells it to any person other than a domestic consumer. The term includes chain store warehouses but does not include producers and packers even though part of their sales are at wholesale.

(6) "Retailer" means a person who buys maple syrup and resells it to a domestic consumer. The term does not include producers, packers, or chain store warehouses.

(7) "Domestic consumer" means a person who receives maple syrup and either uses it for personal use or makes a gift of it to another. The term does not include any person engaged in the business of selling maple syrup or maple syrup products either separately or in conjunction with or as an ingredient of another product.

(8) "Maple syrup" means syrup made by the evaporation of pure maple sap or from a solution of maple concrete (maple sugar). It contains not more than 35% of water, and weighs not less than 11 pounds to the gallon (231 cubic inches.) However, solely for the purposes of this regulation, the term "maple syrup" shall include maple sap of a density of 33°, 34°, and 35° Baumé for which prices are provided in Table A.

(9) "Flavoring maple syrup" means maple syrup which is extremely dark in color, sold only for flavoring or blending purposes and is too strong in taste to be suitable for table use.

(10) "Maple sugar" means the solid or pulverized maple product made by evaporating maple syrup.

(11) "Block sugar" is maple sugar which is sold in 10-pound blocks or larger, is commonly used in the confectionery, blended syrup, and tobacco industries, and is commonly referred to in the trade as "block sugar."

(12) "Fancy block sugar" is block sugar which is wholly or substantially made from Grade "Fancy" syrup and which contains no syrup which is less than Grade "A".

(13) "Blended block sugar" is block sugar other than "Fancy block sugar."

(14) "Canadian bag sugar" is maple sugar produced in Canada in pieces of irregular shape and size and packed loose in bags, boxes or barrels.

(15) "Loading point" means the central collection point (including but not limited to railroad stations, warehouses, storehouses and creameries) in the producing area to which maple syrup is picked up by the buyer or at which point the syrup is loaded for shipment to the buyer.

(16) "In bulk" means (i) where the purchaser furnishes the drum or other container in which the maple syrup is received; or (ii) where the seller furnishes the drum or container but the sale is made on a returnable basis; and (iii) where such container has a capacity of more than five gallons.

SEC. 15. *Geographical applicability.* The provisions of this regulation shall be applicable to the 48 states of the United States and the District of Columbia.

Effective date. This regulation shall become effective April 1, 1944.

NOTE: All reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of March 1944.

PART 1377—WOODEN CONTAINERS

[MPR 424,[1] Amdt. 2]

TIGHT COOPERAGE STOCK AND SAWED TIGHT COOPERAGE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Maximum Price Regulation 424 is amended in the following respects:

1. In section 3 the portion of the second paragraph under paragraph (b) following the phrase "and headings covered by this regulation" is deleted.

2. In section 6, paragraph (a) (2) is amended to read as follows:

(2) Cooperage producers located in states other than those included in the stock-producing areas (Table 1, Appendix A) shall use the maximum prices of staves and headings in the upper area for the purpose of computing cooperage prices under paragraph (a) (1) of this section.

3. Section 14 is amended to read as follows:

SEC. 14. *Licenses.* The provisions of Licensing Order No. 1,[2] licensing all persons who make sales under price control are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more maximum price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

4. Sections 15, 16, 17 and 18, respectively, are redesignated, sections 16, 17, 18 and 19, respectively, and a new section 15 is added to read as follows:

SEC. 15. *Registration.* Persons desiring to sell as dealers, merchants or warehousemen, any of the products covered by this regulation must register with the Lumber Branch, Office of Price Administration, Washington, D. C. within 15 days after becoming subject to the regulation. The registration shall be accomplished by filing with the Office of Price Administration a statement of the applicant's qualifications. Every person owning, operating or maintaining more than one place of business shall file a separate registration statement for each place of business. In case a new, additional or different place of business is later established or acquired by a dealer, warehouseman or merchant, such dealer, warehouseman or merchant shall, within 15 days after establishing or acquiring it, file a registration statement with respect to such new, additional or different place of business.

The Office of Price Administration will issue to each dealer, warehouseman or merchant registering in accordance with this section a registration certificate which shall be posted at all times in a conspicuous place in the registrant's place of business.

Persons who have previously filed their qualifications and received specific approval under the original section 14 of the regulation are not required to register under this section.

5. In the newly designated section 18, Table II, the prices in the columns headed "26" through "30" are amended as follows:

	Southern producing area	Upper producing area
Wide Sap #1	$49.50	$54.50
Red Oak #1	49.50	54.50
Chestnut Oak #1	49.50	54.50
Gum and Gum Mixed #1	49.50	54.50

6. In the newly designated section 18, Table IV, the prices in the columns headed "16" to "19" are amended as follows:

	Southern producing area	Upper producing area
Wide Sap #1	$0.27	$0.31
Red Oak #1	.27	.31
Chestnut Oak #1	.27	.31
Gum and Gum Mixed #1	.27	.31

This amendment shall become effective April 1, 1944.

PART 1377—WOODEN CONTAINERS

[MPR 524]

USED TIGHT COOPERAGE

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328. A statement of the considerations involved in the issuance of this regulation, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

§ 1377.306 *Maximum prices for used tight cooperage.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, Maximum Price Regulation No. 524 (Used Tight Cooperage), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1377.306 issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

SEC. 4. *Additions for delivery.* To the maximum prices, f. o. b. conveyance, the actual charges paid or incurred by the seller in making delivery may be added. However, if delivery is by truck owned or controlled by the seller the addition may not exceed 80 percent of the common carrier truck charge for a similar delivery.

SEC. 5. *Definitions*—(a) *Dumper or emptier.* One who purchases commodities in barrels and empties the contents.

(b) *Peddler.* One who obtains used barrels from emptiers for the purpose of resale without storing, selecting or reconditioning them.

(c) *Reconditioned barrel*—(1) *Regular run.* A used barrel with all sound staves, heads and hoops which has been steamed and/or washed clean inside, washed outside, flagged, if necessary, recoopered to liquid tightness; except, at the buyer's option, one sound fitting head may be furnished loose and the hoops not driven to a final tightness, provided the barrel has been completely recoopered and tested.

(2) *Whiskey barrel.* A used whiskey barrel with all sound staves, heads and hoops which has been flagged, if necessary, and recoopered to liquid tightness; except, at the buyer's option, one sound, fitting head may be furnished loose and the hoops not driven to a final tightness, provided the barrel has been completely recoopered and tested.

(i) *Char on.* A reconditioned whiskey barrel from which the char has not been removed.

(ii) *Scraped.* A reconditioned whiskey barrel from which practically all the inside char has been removed by lathing, scraping, sanding or some comparable method.

(d) *Rebuilt whiskey barrel.* A barrel that has been completely rebuilt partially or wholly from used barrel staves, heads and hoops.

(e) *Sound barrel.* An unreconditioned barrel, complete with all hoops, no broken, cracked or defective staves, and two heads (one of which may be dropped) without breaks, cracks or other defects. Warpage in heads which will fit the croze and minor defects in staves or heads which will take up in hoop driving do not constitute unsoundness.

(f) *Selected barrel.* A sound barrel, partially or wholly unreconditioned, which has been selected for uniformity or comparability of size and type.

(g) *Cull barrel.* An unsound, defective barrel.

(h) *Distillery run barrels.* Used whiskey barrels which have not been reconditioned but any quantity of which contains at least 50 percent sound barrels.

(i) *As they run barrels.* Used regular run barrels which have not been reconditioned or selected in any way.

(j) *Regular run tight barrels.* All used tight barrels except those which have been used for whiskey or other commodities requiring a similar high quality barrel.

SEC. 6. *What the invoice must contain.* All invoices must contain a sufficiently complete description of the items sold to show whether or not the price is proper. They must also show the name and address of the seller, the name and address of the purchaser, the origin and destination of the shipment, the quantity and price and any items, including delivery charges, affecting the price.

SEC. 7. *Prohibited practices.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings, and the like.

ARTICLE III—MISCELLANEOUS

SEC. 8. *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

SEC. 9. *Applications for adjustment and petitions for amendment*—(a) *Government contracts.* See Procedural Regulation No. 6[1] for adjustments on certain government contracts and sub-contracts.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[2] issued by the Office of Price Administration.

SEC. 10. *Records.* Any person making sales covered by this regulation which amount to $10.00 or more in any one month must keep records which will show a complete description of the containers sold, the quantity, price, date of sale and the name and address of the buyer. Buyers must keep similar records including the name and address of the seller. These records must be kept for two years for inspection by the Office of Price Administration.

SEC. 11. *Licenses.* The provisions of Licensing Order No. 1,[3] licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation. A seller's license may be suspended for violations of the license or of one or more maximum price regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

SEC. 12. *Enforcement.* Persons violating any provisions of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Emergency Price Control Act of 1942, as amended.

SEC. 13. *Relation to other regulations*—(a) *General Maximum Price Regulation.*[4] Any sale or delivery covered by this Maximum Price Regulation 524 is not subject to the General Maximum Price Regulation.

(b) *Second Revised Maximum Export Price Regulation.*[5] The maximum prices for export sales of used tight cooperage are governed by the Second Revised Maximum Export Price Regulation.

The effective date of this regulation shall be April 1, 1944.

NOTE: All reporting and record keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 27th day of March 1944.

CHESTER BOWLES,
Administrator.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Rev. RO 11,[1] Amdt. 1]

FUEL OIL

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Revised Ration Order 11 is amended in the following respects:

1. Section 1394.5001 (a) (22) (iv) is amended to read as follows:

(iv) The first person to have possession within the limitation area is not the primary supplier if the person from whom he purchased the fuel oil maintains within the limitation area a regular place of business at which the order was placed. Instead, the person from whom the purchase is made is a primary supplier and the place of business at which the order for the fuel oil was placed is the primary supplier establishment.

2. Section 1394.5001 (a) (29) is amended by adding after the period at the end of the subparagraph the parenthetical sentence, "(Section 1394.5735 explains the application of the term transfer where fuel oil is delivered for another person's account.)"

3. Section 1394.5603 (a) (8) is added as follows:

(8) The fuel oil is used for compoundings or laboratory research, experimental or refining purposes by a primary supplier who is engaged in the business of transferring fuel oil.

4. Section 1394.5652 (a) is amended by adding after the period at the end of the paragraph the parenthetical sentence, "(Section 1394.5735 explains to whom evidences must be surrendered (or a primary supplier registration number furnished) when fuel oil is delivered to a person for another person's account.)"

5. Section 1394.5652 (c) is added as follows:

(c) A primary supplier engaged in the business of transferring fuel oil may without obtaining a ration for the purpose acquire fuel oil for his own use for compoundings, experimentation, laboratory research and refining.

6. Section 1394.5660 is amended to read as follows:

§ 1394.5660 *Transfers by consumers to dealers or primary suppliers.* (a) A consumer may transfer fuel oil to a dealer or primary supplier. If the dealer or primary supplier to whom such a transfer is made is a depositor, he must, at the time of the transfer, issue his ration check for the amount of the fuel oil transferred, drawn to the Office of Price Administration and deliver it to the consumer. If the dealer or primary supplier is not a depositor, he must, at the time of the transfer, deliver to the consumer an exchange certificate equal in gallonage value to the amount of the fuel oil transferred. Before delivering the check or exchange certificate to the consumer, the dealer or primary supplier must endorse upon the back of it his name, the name and address of the consumer and the words, "Not transferable." No consumer may accept a ration check or an exchange certificate of a gallonage value in excess of the amount of the fuel oil transferred by him.

(b) A consumer to whom a ration check or an exchange certificate has been delivered in accordance with paragraph (a) must surrender the check or exchange certificate to his Board. No such ration check or exchange certificate may be used or accepted by any person for a transfer of fuel oil. If the consumer's ration has not expired under § 1394.5501 or § 1394.5502, the Board will issue him a Class 3 coupon sheet containing coupons of a gallonage value equal to the amount of the check or exchange certificate surrendered, or if the consumer is a depositor, a fuel oil deposit certificate for the amount of the check or exchange certificate surrendered.

7. Section 1394.5668 is added as follows:

§ 1394.5668 *Adjustments by non-banking dealers and primary suppliers with consumers.* (a) A dealer or primary supplier who is not a depositor and who is required to make an adjustment between the amount of evidences received from a consumer and the amount of fuel oil transferred to the consumer in exchange for such evidences must deliver to the consumer an exchange certificate equal in gallonage value to the amount of the adjustment. Before delivering the exchange certificate to the consumer, the dealer or primary supplier must endorse upon the back of it his name, the name and address of the consumer and the words "Not transferable".

(b) A consumer to whom an exchange certificate has been delivered in accordance with paragraph (a) must surrender it to his Board. No such exchange certificate may be used or accepted by any person for a transfer of fuel oil. If the consumer's ration has not expired under § 1394 5501 or § 1394.5502, the Board will issue him a Class 3 coupon sheet containing coupons of a gallonage value equal to the amount of the exchange certificate surrendered, or if the consumer is a depositor, a fuel oil deposit certificate for the amount of the exchange certificate surrendered.

8. Section 1394.5686 (b) is amended to read as follows:

(b) To a person from whom he has received evidences to make any necessary adjustment between the amount of evidences received and the amount of fuel oil transferred to such person in exchange for such evidences. However, no ration check may be drawn to a consumer who is not a depositor for the purpose of making an adjustment. (Section 1394.5690 explains how adjustments may be made with consumers who are not depositors.)

*Copies may be obtained from the Office of Price Administration.
[1] 9 F.R. 2357.

9. Section 1394.5690 is added as follows:

§ 1394.5690 *Adjustments by depositors with consumers.* (a) A depositor who is required to make an adjustment between the amount of evidences received from a consumer who is not a depositor and the amount of fuel oil transferred to the consumer in exchange for such evidences must issue his ration check for the amount of the adjustment, drawn to the Office of Price Administration and deliver it to the consumer. Before delivering the check to the consumer, the person issuing it must endorse upon the back the name and address of the consumer and the words, "Not transferable". The consumer must surrender the check to his Board. No such ration check may be used or accepted by any person for a transfer of fuel oil. If the consumer's ration has not expired under § 1394.5501 or § 1394.5502, the Board will issue him a Class 3 coupon sheet containing coupons of a gallonage value equal to the amount of the check.

10. Section 1394.5701 (a) is amended to read as follows:

(a) *Primary suppliers.* A primary supplier shall apply for registration on Form OPA R–1116 (Revised), in duplicate, to any Board within the limitation area within five (5) days after becoming a primary supplier. If an establishment is already included in an earlier primary supplier registration under Ration Order No. 11 or Revised Ration Order 11, application for registration for such establishment need not be made.

(1) The applicant shall furnish together with such other information as may be required by the form:

(i) His name, firm name, and business address.

(ii) The total fuel oil storage capacity (as defined in § 1394.5703) and the total inventory of fuel oil on hand (as defined in § 1394.5702) as of the time he became a primary supplier. (This subdivision (ii) shall not apply to stationary storage facilities maintained without the limitation area.)

(iii) The location of, and the storage capacity and inventory on hand at, each establishment included in the proposed registration; or, if he does not maintain stationary storage facilities within the limitation area, the number of mobile and portable units operated by him within the area and included in the registration, and the capacity and vehicle license number of each of such mobile delivery units. If more than one establishment or mobile unit is included in the registration, the applicant shall attach a schedule or schedules to Form OPA R–1116 (Revised), supplying the information required with respect to each such establishment or mobile unit.

(iv) A statement as to the facts which constitute him a primary supplier under the definition of "primary supplier" in § 1394.5001 (a) (22).

(v) If he applies for registration after the time fixed by paragraph (a), a signed statement, in duplicate, setting forth his reasons for not applying within the time fixed for the application.

(2) A primary supplier shall include in one application for his primary supplier registration all the establishments or mobile facilities at or from which he conducts operations constituting him a primary supplier and all stationary storage facilities in which he commingles fuel oil with that of other primary suppliers irrespective of the ownership of such facilities. However, facilities in which a primary supplier commingles fuel oil pursuant to Directive No. 59 of the Petroleum Administration for War shall be included in his application only if operations constituting him a primary supplier are conducted at or from such facilities. If he has other establishments within the limitation area, he may include some or all of them in his application if he chooses to do so.

(i) He shall apply for registration as a dealer as to each establishment at which he engages in the business of transferring fuel oil and which he does not choose to include in his primary supplier registration.

(ii) Where the operations of a primary supplier are divided by him among two or more accounting and financial districts, he may make a separate application for any district if he has at least one establishment in such district at or from which primary supplier operations are conducted.

(iii) A person may include in his application the fuel oil storage facilities of any person who receives fuel oil on consignment from him, title to the fuel oil remaining in the consignor until the time of transfer by the consignee. If such facilities are included in the application, the consignee shall for all purposes of this order be deemed to be an agent of the primary supplier with respect to such fuel oil. If the consignee's facilities are not included in the application, the consignee shall apply for registration with respect to such facilities, and notwithstanding the retention of title by the consignor to the fuel oil consigned, the consignee shall, if he is a dealer, surrender coupons or other evidences upon the transfer of such fuel oil to him and include the fuel oil in his inventory.

(iv) An establishment without the limitation area and an establishment within the limitation area must not be included in the same application for registration.

(3) Registration certificates shall be issued in accordance with § 1394.5704.

11. Section 1394.5704 is amended to read as follows:

§ 1394.5704 *Issuance of registration certificates*—(a) *How applications are granted.* Upon determining that all information required by OPA Form R–1116 (Revised) has been properly entered on the form, the Board shall, in the case of application for registration as a dealer, grant the application by authorized signature and return the original to the registrant. In the case of application for registration as a primary supplier, the Board shall note upon the application a temporary primary supplier registration number and furnish that number to the applicant. The original and duplicate of the application will be mailed promptly by the Board to the Control and Audit Section, Fuel Oil Rationing Branch, Washington Office. If the registrant qualifies as a primary supplier, the Washington Office will assign a permanent registration number to the application and return the original application to the egistrant.

(b) *Late dealer registration.* Whenever a person applies for registration as a dealer after the time fixed therefor by § 1394.5701, the Board shall, after the granting of the application, notify the District Office.

(c) *Registration certificate to be exhibited.* The original of the application for registration, bearing the registration number assigned by the Control and Audit Section in the case of a primary supplier or the authorized signature of the Board in the case of a dealer, shall be retained as a certificate of registration at the business address stated on the application. The certificate shall be presented at any time when requested by a Board or by an authorized representative of the Office of Price Administration.

(d) *Saving clause; late registrations.* Neither the granting of an application for a dealer registration by a Board nor the assignment of a primary supplier registration number (temporary or permanent) shall operate as a waiver of any violation of this Order by the applicant.

12. Section 1394.5707 (a) is amended by adding after the period at the end of the paragraph the parenthetical sentence, "(Section 1394.5735 explains to whom evidences must be surrendered (or a primary supplier registration number furnished) when fuel oil is delivered to a person for another person's account.)"

13. Section 1394.5707 (a) (1) is deleted.

14. Section 1394.5707 (b) is added as follows:

(b) *Transfers to primary suppliers from without the limitation area or from other primary suppliers within the area*—(1) *Transfers from without the area.* No exchange of coupons or other evidences shall accompany a transfer of fuel oil directly from without the limitation area to a primary supplier within the limitation area.

(2) *Transfers within the area between primary suppliers.* Beginning April 1, 1944, a primary supplier may transfer fuel oil within the limitation area to another primary supplier who may accept such a transfer, only if the transferor and the transferee each furnishes to the other at the time or in advance of the transfer his permanent registration number assigned by the Washington Office, or if that number has not been received, the temporary registration number assigned by the Board. No coupons or other evidences shall accompany such a transfer.

15. Section 1394.5709 (a) is amended by adding after the period at the end of the paragraph the parenthetical sentence, "(Section 1394.5735 explains to whom evidences must be surrendered (or a primary supplier registration number furnished) when fuel oil is delivered to a person for another person's account.)"

16. Section 1394.5723 (a) is amended by deleting the sentence, "No dealer or primary supplier shall knowingly accept, for exchange certificates delivered to the Board, another exchange certificate of a gallonage value in excess of the amount of fuel oil transferred for the coupons or other evidences for which such exchange certificates were issued."; and by adding after the period at the end of the paragraph the sentence, "No exchange certificate endorsed to a consumer may be used or accepted by any person for a transfer of fuel oil."

17. Section 1394.5725 (a) is amended by adding the word "(Revised)" after the phrase "OPA Form R–1119."

18. Section 1394.5726 (b) is amended by adding the word "(Revised)" after the phrase "OPA Form R–1119."

19. Section 1394.5731 (a) is amended to read as follows:

(a) On or before the 25th day of each month, commencing on the 25th day of April, 1944, every primary supplier shall forward to the Control and Audit Section, Fuel Oil Rationing Branch, Office of Price Administration, Washington (25), D. C., a report on OPA Form R–1119 (Revised), giving the information required by the form. The report shall cover the preceding month and shall be prepared in accordance with the instructions, OPA Form R–1119B. Each report must be accompanied by a certified ration check (or if the primary supplier is not a ration banking depositor, an exchange certificate) for the amount required by the form and the instructions. No ration check (or exchange certificate) submitted to accompany a report on OPA Form R–1119 (Revised) shall include any evidence surrendered to the primary supplier for transfers of fuel oil made by him after the close of the month for which the report is made.

20. Section 1394.5731 (d) is deleted.

21. Section 1394.5732 (a) is amended by inserting after the first sentence in the paragraph the following two sentences, "If the fuel oil is delivered to a person for another person's account, the person making the delivery (other than as a carrier) need furnish the invoice, delivery ticket or other customary document of transfer only to the person for whose account the delivery is made. That invoice, delivery ticket or other customary document of transfer shall also state the name and address of the person to whom the fuel oil is delivered. The person for whose account the delivery is made must furnish an invoice, delivery ticket or other customary document of transfer to the person to whom the fuel oil is delivered.

22. Section 1394.5732 (b) is amended by inserting after the period at the end of the paragraph the following two sentences, "This paragraph applies only to the dealer or primary supplier to whom the ration evidence must be surrendered. Section 1394.5735 explains to whom evidences must be surrendered when fuel oil is delivered to a person for another person's account."

23. Section 1394.5735 is added to read as follows:

§ 1394.5735 *Surrender of ration evidence or furnishing primary supplier registration number when delivery is made for another person's account*—(a) *General rule.* Where a person (in this section called the "seller") causes fuel oil to be delivered for his account to a second person (called the "buyer") by a third person (called the "deliverer"), the following is the rule for the surrender of evidences or the furnishing of a primary supplier registration number: The seller must surrender ration evidence (or furnish a primary supplier registration number) to the deliverer, and the buyer must surrender ration evidence (or furnish a primary supplier registration number) to the seller, unless such surrender of evidence is not required by any provision of this order. No ration evidence shall be surrendered (and no primary supplier registration number need be furnished) by the buyer to the deliverer.

Examples. Note: Unless otherwise noted, the buyer, seller, and deliverer are within the limitation area.

1. A, a dealer or consumer, orders fuel oil from B, a dealer, who causes C, a primary supplier, to deliver the fuel oil to A for B's account. A must surrender ration evidence to B for the transfer from B to A. B must surrender evidence to C for the transfer from C to B. No evidence may be surrendered for the transfer from C to A. C will include in his primary supplier report a transfer to B.

2. A, a dealer or consumer, orders fuel oil from B, a primary supplier. B causes C, a primary supplier, to deliver fuel oil to A for B's account. A must surrender evidence to B for the transfer from B to A. B and C must each furnish to the other his primary supplier registration number for the transfer from C to B. No evidence may be surrendered for the transfer from C to A. B will report a transfer to A and an acquisition from a primary supplier. C will include in his primary supplier report a transfer to a primary supplier.

3. A, a dealer or consumer, orders fuel oil from B, a primary supplier. B causes C, a refiner located without the limitation area, to deliver the fuel oil to A for B's account. A must surrender evidence to B for the transfer from B to A. No evidence may be surrendered for the transfer from C to A or for the transfer from C to B. Surrender of ration evidence for the transfer from C to B is not otherwise required by this order or by this § 1394.5735. B will include in his primary supplier report the transfer to A and an acquisition from without the limitation area.

4. A, a consumer located without the limitation area, orders fuel oil from B, a primary supplier. B causes C, a primary supplier, to deliver the fuel oil to A for B's account. A must surrender evidence to B for the transfer from B to A. B and C will each furnish the other his primary supplier registration number for the transfer from C to B. No evidence may be surrendered for the transfer from C to A. B will include in his primary supplier report the transfer to A and an acquisition from a primary supplier. C will include in his primary supplier report a transfer to a primary supplier.

(b) *Exception where seller is without the area.* However, if the seller is without the limitation area, the buyer must surrender ration evidence (or furnish a primary supplier registration number) to the deliverer (unless that surrender of evidence is not required by any provision of this order).

No ration evidence may be surrendered (and no primary supplier registration number need be furnished) by the buyer to the seller or by the seller to the deliverer but the deliverer may designate the seller as his agent to obtain the ration evidence (or primary supplier registration number) from the buyer. If so designated, the seller must surrender the ration evidence collected to the deliverer, and if it is a ration check, he must endorse it before the surrender. No such evidence may be used by the seller to acquire fuel oil.

Example. 1. A, a dealer or consumer located within the limitation area, orders fuel oil from B, a refiner located without the limitation area. B causes C, a primary supplier located within the limitation area, to transfer the fuel oil to A for B's account. C must obtain evidence from A for the transfer from C to A. C may designate B his agent to collect the evidence from A. No evidence may be surrendered for the transfer from B to A or for the transfer from C to B. C will include in his primary supplier report the transfer to A.

2. A, a consumer located without the limitation area, orders fuel oil from B, a supplier located without the limitation area. B causes C, a dealer within the limitation area, to deliver the fuel oil to A for B's account. C must obtain evidence from A for the transfer from C to A. C may designate B his agent to collect the evidence from A. No evidence may be surrendered for the transfer from B to A or for the transfer from C to B.

This amendment shall become effective on April 1, 1944.

NOTE: All reporting and record keeping requirements of this revised ration order have been approved by the Bureau of the Budget in accordance with the provisions of the Federal Reports Act of 1942.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[S. O. 189]

PART 97—ROUTING OF TRAFFIC

EMBARGO OF ROUTES AND TRANSIT ARRANGEMENTS ON GRAIN AND RELATED ARTICLES

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 23rd day of March, A. D. 1944.

Upon recommendation of the ODT-ICC Grain and Grain Products Transportation Conservation Committee, and it appearing that the practice of transporting carloads of grain, grain products, grain by-products, soybeans, seeds, feed, or related commodities under the transit arrangements as described in the tariffs specified in Appendix A, attached hereto and made a part hereof,[1] is causing unnecessary haulage of cars and consequent delay of equipment due to back-hauls and out-of-line hauls, thereby impeding the use of grain cars and decreasing the available supply of grain cars for shippers; in the opinion of the Commission an emergency exists requiring immediate action to prevent shortage of equipment and congestion of traffic; it is ordered, that:

§ 97.12 *Embargo of routes and transit arrangements on grain and related articles.* (a) No common carrier by railroad named in Appendix A, attached hereto and made a part hereof,[1] subject to the Interstate Commerce Act, shall accept for transportation, transport, or move, carload shipments of grain, grain products, grain by-products, soybeans, seeds, feed, or related commodities (collectively designated grain in Appendix A) as described in tariffs and over routes specified in Appendix A until further order of the Commission, but not for a longer period than the present war and six (6) months thereafter.

(b) *Application.* This order will apply to grain, grain products, grain by-products, soybeans, seeds, feed, or related commodities (collectively designated grain in Appendix A) covered by the tariff items specified in Appendix A, on hand at transit points on the effective date of this order, or carloads of these commodities arriving at the transit point after the effective date of this order, and on carloads of these commodities shipped from point of origin on and after the effective date of this order.

(c) *Notice of embargo.* Each railroad, or its agent, 30 days before the effective date of this order, shall publish, file, and post a supplement to each of its tariffs affected hereby announcing the embargo of routes and transit arrangements herein provided. (40 Stat. 101, secs. 402, 418, 41 Stat. 476, 485, secs. 4, 10, 54 Stat. 901, 912; 49 U. S. C. 1 (10)–(17), 15 (4))

It is further ordered, That this order shall become effective at 12:01 a. m., May 1, 1944; that a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

Chapter II—Office of Defense Transportation

[G. O. ODT 3, Rev., Amdt. 8]

PART 501—CONSERVATION OF MOTOR EQUIPMENT

COMMON CARRIERS OF PROPERTY

Pursuant to Executive Orders 8989, as amended, and 9156, § 501.9, General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 947, 2793), is hereby amended to read as follows:

§ 501.9 *Submission of plans for joint action.* (a) Any two or more common carriers, in order to accomplish any of the purposes of this order, may formulate and submit to the Office of Defense Transportation for consideration, a plan or plans for joint action between such carriers, or between such carriers and common carriers of property by rail or other facilities, designed to accomplish such purposes by one or more of the methods described below:

(1) Alternate, stagger, or coordinate, schedules between two or more points;

(2) Suspend service in respect of shipments in less-than-truckload lots between two or more points;

(3) Reciprocally exchange shipments of property between two or more points;

(4) Pool traffic, revenues, or both, between two or more points;

(5) Jointly load for transportation or operate a motor truck or trucks between two or more points;

(6) Divert traffic, operate joint terminals or joint pick-up or delivery vehicles;

(7) Establish arrangements with other carriers for the interchange of equipment;

(8) Appoint one of their own number or any other carrier to act as its or their individual, common or joint agent, to concentrate, receive, load, forward, unload, distribute, and deliver property; receive, account for, and distribute gross or net revenues therefrom, or otherwise handle or conduct the carrier's business as common carriers of property upon just and reasonable terms and conditions.

Provided, That General Order ODT 3, Revised, as amended, shall not be construed to authorize any common carrier or carriers to utilize any of the methods described above unless directed so to do by the Office of Defense Transportation or unless pursuant to a contract, agreement or combination approved by the Interstate Commerce Commission or other authorized regulatory body.

(b) Whenever two or more common carriers are directed in writing so to do by the Director, Division of Motor Transport, Office of Defense Transportation, such carriers shall consult, or cause their representatives to consult, for the purpose of formulating a plan or plans for joint action designed to accomplish any of the purposes of this order by one or more of the methods described in paragraph (a) of this § 501.9; and, when so directed, those carriers, within such time as may be fixed by that Director, shall submit to the Office of Defense Transportation any plan for joint action so formulated, or a statement setting forth the reasons why no plan for joint action has been formulated and submitted by them.

(c) Each plan for joint action submitted in accordance with the provisions of this § 501.9 shall be in writing, signed by each participant, and should state: (1) the full legal name, address and operating authority, if any, of each participant; (2) the territory or routes involved; (3) the specific method or methods of joint action to be used; (4) the practical application of these methods to the particular operations of the participants; (5) an estimate and explanation of the conservation to be accomplished; (6) the effect, if any, of the proposed joint action on the maintenance of adequate transportation service; and (7) the name and address of a person to whom communications in respect of the plan may be sent.

(d) The provisions of any order of the Office of Defense Transportation, heretofore issued and in effect or hereafter issued, directing the effectuation of a plan for joint action submitted pursuant to this § 501.9, shall be binding upon any successor in interest to any carrier named in the order. Upon a transfer of any operation involved in any such order, the successor in interest and the other carriers named in the order forthwith shall notify, in writing, the Office of Defense Transportation of the transfer and, unless and until otherwise ordered, the successor in interest shall perform the functions of its predecessor in accordance with the provisions of the order.

This Amendment 8 to General Order ODT 3, Revised, shall become effective on March 27, 1944.

Upon consideration of the application for an order amending Supplementary Order ODT 3, Revised-67 (8 F.R. 13527), filed with the Office of Defense Transportation by Wilson Storage and Transfer Co., and Harry E. Reynolds and Norman Nold, co-partners, doing business as Tri-State Transportation Co., all of Sioux Falls, South Dakota, and good cause appearing therefor, *It is hereby ordered*, That Supplementary Order ODT 3, Revised-67 be, and it is hereby, amended by striking from Appendix 1[1] thereto the following:

11. *Leasing of operating authority.* It is contemplated that Wilson will lease to the Tri-State the inter- and intra-state rights detailed in section 7. The Tri-State will abandon the operations outlined, and since Wilson holds duplicate authority, no lease by Wilson from the Tri-State.

and substituting the following:

11. *No leasing of operating authority contemplated by this agreement.*

This amendment shall become effective on March 25, 1944.

Issued at Washington, D. C., this 25th day of March 1944.

by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or schedules, or supplements to filed tariffs or schedules, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or schedules, or supplements, to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the apropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to "Supplementary Order ODT 6A–16" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective March 31, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 27th day of March 1944.

[Max. Import Price Reg., Order 11]

EXCEPTION RELATING TO SALES OF IMPORTED INDUSTRIAL MATERIALS PRICED PRIOR TO ISSUANCE OF AMENDMENT NO. 2[1]

An opinion accompanying this Order No. 11 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in that opinion and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders No. 9250 and 9328, *It is hereby ordered*, That:

(a) Notwithstanding the provisions of the Maximum Import Price Regulation, any importer, or intermediate distributor, who has applied for or has obtained an

approved maximum selling price for imported industrial materials from the Export-Import Price Branch, Office of Price Administration, Washington, D. C., prior to March 2, 1944, under paragraph (c) of section 3 or paragraph (c) of section 4 of the Maximum Import Price Regulation, may sell or deliver such materials at the approved price within 60 days after March 2, 1944.

(b) Notwithstanding the provisions of the Maximum Import Price Regulation, any importer who has properly established a maximum selling price for imported industrial materials under paragraph (a) of section 3 by calculating his permitted total landed costs on the basis of a first purchase of such materials after August 20, 1943, may sell or deliver such materials at that maximum price within 60 days after March 2, 1944.

(c) This Order No. 11 shall become effective March 25, 1944.

UPHOLSTERED FURNITURE

AUTHORIZATION OF MAXIMUM PRICES

Amendment No. 1 to Order No. 1298 under § 1499.159b of Maximum Price Regulation No. 188, Manufacturers' maximum prices for specified building materials and consumers' goods other than apparel.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, Order No. 1298 under § 1499.159b of Maximum Price Regulation No. 188 is amended in the following respect:

1. Paragraph (d) of Order No. 1298 is amended to read as follows:

(d) *Adjustment charge provided by Order No. 1052 may not be used by manufacturers in computing maximum price of new or changed articles under this order.* In computing the maximum price of a new or changed article under this order, manufacturers who are permitted to add an adjustment charge under Order No. 1052 must nevertheless use the maximum price of the old or comparable article without the adjustment charge. After the maximum price of the article being priced has been properly computed under this order (using the existing maximum prices of the old or comparable article without adjustment charge) the five percent adjustment charge provided by Order No. 1052 may be added by manufacturers of those articles which are covered by that order. No adjustment charge may be added to the maximum prices of those types of upholstered furniture excluded from the coverage of Order No. 1052.

This Amendment No. 1 to Order No. 1298 shall become effective on the 27th day of March 1944.

Issued this 25th day of March 1944.

BAIA MOTION PICTURE ENGINEERING CO.

APPROVAL OF MAXIMUM PRICES

Order No. 1408 under § 1499.158 of Maximum Price Regulation No. 188, Manufacturers' maximum prices for specified building materials and consumers' goods other than apparel. Approval of maximum prices for sales of film splicers manufactured by Baia Motion Picture Engineering Company.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Orders No. 9250 and 9328, and in accordance with § 1499.158 of Maximum Price Regulation No. 188, *It is ordered:*

(a) Baia Motion Picture Engineering Company, 166 Victor Ave., Highland Park 3, Michigan, may sell to consumers and deliver the film splicer of its manufacture at a maximum price of $10.95 per unit. This maximum price shall be subject to a discount of 40% for sales to dealers, and 50–10–10–5% for sales to distributors. Maximum prices for sales to consumers shall include delivery. In all other cases maximum prices shall be f. o. b. factory.

(b) Any person, other than the Baia Motion Picture Engineering Company, may sell to dealers and deliver the film splicer manufactured by Baia Motion Picture Engineering Company at a price no higher than $10.95 per unit, less 40% discount, f. o. b. factory.

(c) Any person may sell to consumers and deliver the film splicer manufactured by the Baia Motion Picture Engineering Company at a delivered price no higher than $10.95 per unit.

(d) At the time of or prior to the first invoice to each purchaser for resale, the seller shall notify the purchaser of the maximum prices and the conditions set by this Order No. 1408 for resale by the purchaser. This notice may be given in any convenient form.

(e) This Order No. 1408 may be revoked or amended by the Price Administrator at any time.

This Order No. 1408 shall become effective on the 27th day of March 1944.

Issued this 25th day of March 1944.

SELLERS OF PLUMBING MATERIALS AND SERVICES

ADJUSTMENT OF MAXIMUM PRICES

Order No. 3 under Maximum Price Regulation 251. Construction and maintenance services and sales of building and industrial equipment and materials on an installed or erected basis.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register and pursuant to § 1397.68 (b) of Maximum Price Regulation No. 251, *It is hereby ordered:*

(a) Any seller making sales of plumbing materials on an installed or erected basis or supplying plumbing services, for commercial construction, which are subject to Maximum Price Regulation No. 251, may increase his maximum prices under the regulation for such sales and services by an amount not in excess of the difference between his labor cost computed on the basis of the hourly rates in effect on July 1, 1942, and labor costs computed on the basis of the hourly rates of $1.15 established for plumbing labor by the National War Labor Board in WLB Case No. 7–3709, when the following conditions have been met:

(1) The sale is for commercial plumbing sales or services within the St. Louis, Missouri, area;

(2) The seller employs members of the International Hod Carriers, Building and Common Laborers Union of America, Locals 42 or 110; and

(3) The seller actually pays the hourly rates specified above.

(b) Any person determining maximum prices subject to this order shall submit such reports as the Office of Price Administration from time to time may require.

(c) This Order No. 3 may be revoked or amended at any time.

(d) This Order No. 3 shall become effective March 28, 1944.

[Region II Order G-18 Under 18 (c)]

SOLID FUELS IN LACKAWANNA AND LUZERNE COUNTIES, PA.

Order No. G–18 under § 1499.18 (c) of the General Maximum Price Regulation. Pennsylvania anthracite hauled by contract carriers for coal producers in Lackawanna and Luzerne Counties, Commonwealth of Pennsylvania.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation, *It is ordered:*

(a) On and after March 20, 1944, the maximum prices for contract carriers, hauling Pennsylvania anthracite in Lackawanna and Luzerne Counties in the Commonwealth of Pennsylvania for anthracite producers in those Counties, may be increased by an amount not exceeding 25¢ per net ton over their established maximum prices.

(b) The adjusted maximum prices are subject to carriers' customary allowances, discounts and other price differentials, and the carriers making deliveries hereunder shall not change those allowances, discounts and other price differentials unless said change results in a lower price.

(c) This order may be revoked or amended by the Regional Administrator or the Price Administrator through the issuance at any time hereafter of any order, price regulation, or amendment, or supplement thereto.

[Region II Order G-32 Under RMPR 122]

SOLID FUELS IN UNION AND SOMERSET COUNTIES, N. J.

Order No. G–32 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Pennsylvania anthracite delivered by dealers in designated portions of Union County and Somerset County, State of New Jersey, Coal Area VI.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does—(1) Dealers' maximum prices; area covered.* If you are a dealer in "Pennsylvania anthracite", this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay, for certain sizes and quantities of "Pennsylvania anthracite" (hereinafter called simply "anthracite") delivered to or at any point in State of New Jersey, Coal Area VI. That area comprises all of Union County except the City of Summit, the Borough of New Providence, and the Townships of Hillside, New Providence, Springfield, and Union. It also includes the Boroughs of North Plainfield and Watchung in Somerset County.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges, and required discounts, from which you shall determine the maximum prices for designated sizes and quantities of anthracite delivered within Coal Area VI are set forth in Schedule I hereafter.

(3) *To what sales this order applies.* If you are a dealer in anthracite you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area VI, whether or not you are located in Coal Area VI.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell or, in the course of trade or business, buy anthracite of the sizes and in the quantities set forth in the schedules herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by

(i) Changing the discounts authorized herein, or

(ii) Charging for any service which is not expressly requested by the buyer, or

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum prices as follows:

(1) Refer to Schedule I which contains a separate table of prices for sales on a "direct-delivery" basis, "yard sales", and "sales of bagged coal". You will find Schedule I in paragraph (d).

(2) Take the dollars-and-cents figure set forth in the applicable table of the schedule, for the sizes and quantity you are selling.

(3) Deduct from that figure the amount of the discount which you are required to give, as specified therein. Where a discount is required, you must state it separately on your invoice.

(4) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure obtained as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in the schedules.

(d) *Schedule I:* Schedule I establishes specific maximum prices for certain sizes of anthracite in certain specific quantities, delivered to or at any point within Coal Area VI. There is a separate table of prices for "direct-delivery" sales, "yard sales", and "sales of bagged coal".

(1) *Sales on a "direct-delivery" basis.*

For sales of anthracite of the sizes and in the quantities specified

Size	Per net ton	Per ½ ton	Per ¼ ton	Per 100 lbs. for less than ¼ ton
Broken, egg, stove, nut	$14.25	$7.65	$3.95	$0.85
Pea	12.70	6.85	3.55	.75
Buckwheat	10.40	5.70	2.95	----------
Rice	9.50	5.25	2.75	----------
Barley	8.50	4.75	2.60	----------
Screenings	8.00	----------	----------	----------

Required discounts. You shall deduct from the prices set forth in table (1) of this schedule, on sales and deliveries of all sizes except screenings, in quantities

of one ton or more, a discount of 50¢ per net ton where payment is made within ten days after delivery. Nothing herein requires you to sell on other than a cash basis, and you are not required to give the discount for sales and deliveries in quantities under one ton.

Maximum authorized service charges per net ton

Special service rendered at the request of the purchaser: "Carry" or "wheel" (except for sales amounting to less than one ton)	50¢
Carrying upstairs or downstairs for each full flight above or below the ground floor (except for sales amounting to less than one ton). This charge shall be in addition to any charge for "carry" or "wheel"	50¢

No such service charges may be imposed for sales and deliveries in quantities under one ton.

(2) *"Yard sales".*

For sales of anthracite of the sizes and in the quantities specified

Size	Per net ton, for sales of ½ or more	Per 100 lbs. for sales of 100 lbs. or more, but less than ½ ton
Broken, egg, stove, nut	$12.75	$0.75
Pea	11.20	.65
Buckwheat	8.20	
Rice	8.00	
Barley	7.00	
Screenings	4.00	

(3) *"Sales of bagged coal" (maximum price per bag).*

Maximum prices per 50 pound paper bag

Size	Delivered at dealer's yard	Delivered to retail stores	Sales to ultimate consumer in lots of ½ ton or more	Sales to ultimate consumer in quantities under ½ ton
Nut	$0.37	$0.42	$0.42	$0.47
Pea	.32	.37	.37	.42

Maximum prices per 85 pound paper bag

Size	Delivered at dealer's yard	Delivered to retail stores	Sales to ultimate consumer
Nut	$0.19	$0.21	$0.25

Maximum prices per 12 pound paper bag

Size	Delivered at dealer's yard	Delivered to retail stores	Sales to ultimate consumer
Nut	$0.095	$0.105	$0.125

(e) *Commingling.* If you sell one size of anthracite, commingled with another size of anthracite, your maximum price for the combination shall be the maximum prices established in this order for the smallest of the sizes so commingled, whether the sale be a "direct-delivery" sale, "yard sale," or "sale of bagged coal," except in the following situation. Where a purchaser requests that two or more sizes of anthracite be commingled in one delivery, then, and in that event, if those sizes are separately weighed at the point of loading, or when bagged, the dealer may commingle those sizes in the truck or other vehicle, or in the bags, in which the delivery is made. The price for anthracite so commingled shall be calculated on the basis of the applicable per net ton price or, in the case of bagged coal, on the basis of the applicable bagged price, for each size in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size in the combination.

(f) *Ex parte 148; freight rate increase.* Since the ex parte 148 freight rate increase has been rescinded by the Interstate Commerce Commission, dealers' freight rates are the same as those of December 1941. Therefore, you may not increase any Schedule price on account of freight rates.

(g) *Addition of increase in suppliers' maximum prices prohibited.* You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your supplier's maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(h) *Taxes.* If you are a dealer subject to this order, you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal tax upon the transportation of property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or an amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, or to the State of New Jersey or any political subdivision thereof, you need not state this tax separately.

(i) *Adjustable pricing.* You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the anthracite has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(j) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed with the Regional Administrator and acted upon by him.

(k) *Right of amendment or revocation.* The Regional Administrator or the Price Administrator may amend, revoke or rescind this order, or any provision thereof, at any time.

(l) *Applicability of other regulations.* If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides, in brief, that a license is required of all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. If your license is suspended, you may not sell any such commodity during the period of suspension.

(m) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also state separately each service rendered and the charge made for it.

(n) *Posting of maximum prices; sales slips and receipts.* (1) If you are a dealer subject to this order, you shall post all your maximum prices (as set forth in the applicable schedule or schedules of this order) in your place of business in a manner plainly visible to and understandable by the purchasing public.

(2) If you are a dealer subject to this order, you shall, except for a sale of less than one-half ton, give each purchaser a sales slip or receipt showing your name and address, the kind, size, and quantity of the anthracite sold to him, the date of the sale or delivery and the price charged, separately stating the amount, if any, of the required discounts which must be deducted from, and the authorized service charges and the taxes, which may be added to the specific maximum prices prescribed herein.

In the case of all other sales, you shall give each purchaser a sales slip or receipt containing the information described in the foregoing paragraph, if requested by such purchaser or if, during December 1941, you customarily gave purchasers such sales slips or receipts.

(o) *Enforcement.* (1) Persons violating any provision of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violation of this order are urged to communicate with the Newark District Office of the Office of Price Administration, or with the Price Panel of the appropriate War Price and Rationing Board.

(p) *Definitions and explanations.* When used in this Order No. G–32, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer, and deliver, and contracts and offers to do any of the foregoing. The terms "sale", "selling", "sold", "seller", "buy", "purchase", and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling anthracite of the sizes set forth in the schedule herein, and does not include a producer or distributor making sales at or from a mine, a preparation plant operated as an adjunct of any mine, or a briquette plant.

(4) "Pennsylvania anthracite" means all coal produced in the Lehigh, Schuylkill and Wyoming regions in the State of Pennsylvania.

(5) The sizes of "Pennsylvania anthracite" described as broken, egg, stove, nut, pea, buckwheat, rice, barley and screenings shall refer to the same sizes of the same fuel as were sold and delivered in the State of New Jersey, Coal Area VI with such designation during December 1941.

(6) "Direct-delivery", except with respect to sales in 100 lb. lots, means delivery to the buyer's bin or storage space by dumping or chuting directly from the seller's truck or vehicle, or, where such delivery to the buyer's bin or storage space is physically impossible, by discharging at the point nearest and most accessible to the buyer's bin or storage space and at which the coal can be discharged directly from the seller's truck. "Direct delivery" in 100 lb. lots shall mean depositing in buyer's bin or other storage space designated by buyer.

(7) "Carry" and "wheel" refer to the movement of coal to buyer's bin or storage space in baskets or other containers, or by wheelbarrow or barrel, from seller's truck or vehicle, or from the point nearest and most accessible to the buyer's bin or storage space at which the coal is discharged from the seller's truck in the course of "direct delivery".

(8) "Yard sales" means sales accompanied by physical transfer to the buyer's truck or vehicle at the yard, dock, barge, car, or at a place of business of the seller other than at seller's truck or vehicle.

(9) "Delivered at dealer's yard" as applied to "sales of bagged coal", means physical transfer at the dealer's yard to the purchaser's truck or other vehicle.

(10) "Delivered to retail stores" as applied to "sales of bagged coal", means deposit in that part of the store designated by the purchaser.

(11) "Sales to ultimate consumer" as applied to "sales of bagged coal", means sales by dealers, other than sales at a dealer's yard, whether or not delivered to the consumer's premises.

(12) Except as otherwise provided herein, or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to terms used herein.

(r) *Effect of order on Revised Maximum Price Regulation No. 122.* This order shall supersede Revised Maximum Price Regulation No. 122, except as to any sales or deliveries of solid fuels not specifically subject to this order.

NOTE: The record-keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Effective date. This order shall become effective March 20, 1944.

SOLID FUELS IN NEW YORK REGION

Amendment No. 1 to Order No. G–34 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Permitted increases in maximum prices for Pennsylvania anthracite sold subject to area dollars-and-cents orders, based on higher mine costs for specified anthracite.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, Order No. G–34 is amended in the following respect:

1. Paragraph (d) is amended by adding the following orders to the list of orders there enumerated:

Order No. G–32 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122.

Order No. G–35 under § 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122.

This Amendment No. 1 to Order No. G–34 shall become effective March 20, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Issued this 20th day of March 1944.

DANIEL P. WOOLLEY,
Regional Administrator.

[Region II Order G–35 Under RMPR 122]

SOLID FUELS IN LACKAWANNA AND LUZERNE COUNTIES, PA.

Order No. G–35 under § 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Pennsylvania anthracite delivered by dealers in Lackawanna and Luzerne Counties, Commonwealth of Pennsylvania, Coal Area VII.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, *It is hereby ordered:*

(a) On and after March 20, 1944, dealers' maximum prices for delivered sales at retail, in Lackawanna and Luzerne Counties in the Commonwealth of Pennsylvania, of the following sizes of Pennsylvania anthracite, in the quantities specified, shall be the applicable adjusted maximum prices set forth in the following schedules:

1. *For delivered sales in Lackawanna County (by dealers).*

Size:	Maximum price per net ton
Broken, egg, stove, nut	$9.25
Pea	7.70
Buckwheat	6.05
Rice	5.10
Barley	4.10

2. *For delivered sales in Luzerne County (by dealers).*

Size:	Maximum price per net ton
Broken, egg, stove, nut	$9.00
Pea	7.45
Buckwheat	5.80
Rice	4.85
Barley	3.85

(b) The foregoing prices are subject to dealer's customary allowances, discounts, differentials, and authorized service charges. Dealers making sales hereunder shall not change those allowances, discounts, differentials, or service charges unless such change results in prices lower than the prices permitted by this order (after applying the customary allowances, discounts, differentials, or service charges).

(c) Dealers subject to this order shall give each purchaser a sales slip, receipt, or invoice showing his name and address, the size, and quantity of fuel sold to him, the date of the sale and delivery and the price charged, separately stating the amount, if any, of required allowances and discounts which must be deducted from, and the authorized charges which may be added to, the specific maximum prices prescribed herein.

(d) *Records.* If you are a dealer subject to this order, you shall preserve, keep, and make available for examination by the Office of Price Administration, a record of every sale of anthracite hereunder, showing the date, the name and address of the buyer, if known, the per net ton price charged, and the size of anthracite sold. The record shall state separately each service rendered and the charge made for it.

(e) *Definitions.* When used in this Order No. G–35 the term:

(1) "Delivered sales at retail" means sales to consumers accompanied by the customary method of delivery to consumer's premises, whether to his bin or storage space, or to the point nearest and most accessible to his bin or storage space and at which the fuel can be discharged directly from seller's truck.

(2) The sizes of Pennsylvania anthracite described as broken, egg, stove, nut,

pea, buckwheat, rice and barley shall refer to the same sizes of the same fuel as were sold and delivered in Lackawanna and Luzerne Counties with such designation during December, 1941.

(3) Unless the context otherwise requires, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to all other terms used herein.

(f) To the extent that they are not inconsistent with the terms of this order, the provisions of Revised Maximum Price Regulation No. 122 remain applicable to all sales made hereunder.

NOTE: The record-keeping and reporting requirements of this Order No. G–35 have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–35 shall become effective March 20, 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

Issued this 20th day of March 1944.

FLUID MILK IN CANTON, ILL.

Order No. G–31 under Maximum Price Regulation No. 329. Purchases of milk from producers for resale as fluid milk. Producers' milk prices in Canton, Illinois.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration under § 1351.408 (b) of Maximum Price Regulation No. 329, it is ordered:

(a) *Maximum producer prices.* The maximum prices which distributors may pay to producers for milk sold for human consumption in fluid form shall be $2.90 for 4% milk, plus not more than 5¢ for each 1/10 of a pound of butterfat in excess of 4% and minus not less than 5¢ for 1/10 of a pound of butterfat below 4%.

(b) *Applicability of producer prices.* Maximum prices established by paragraph (a) of this order shall apply to all purchases of milk from producers for resale for human consumption in fluid form by distributors whose bottling plants are located within the corporate limits of the City of Canton, Illinois, or who sell within that city 50% or more of the milk sold by them. Maximum prices provided in paragraph (a) of this order shall apply only to purchases from producers from whom distributors covered by this order purchased fluid milk during the period from August 1, 1943, to January 31, 1944 and is not applicable to purchasers from produeers who did not in that period sell to distributors covered by this order.

(c) *Definitions.* Unless the context otherwise requires the definitions set forth in § 1351.404 of Maximum Price Regulation No. 329, and section 304 of the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

(d) *Relation of this order to Office of Price Administration regulations.* No purchaser shall pay a larger proportion of transportation costs incurred in the delivery or supply of milk than he paid on deliveries during January, 1943. Except as modified by this order, the provisions of the Maximum Price Regulation No. 329 shall remain in full force and effect and shall not be evaded by any change in business or trade practices in effect during that month.

(e) *Revocability.* This order may be revoked, amended or corrected at any time.

This order has been approved by the Regional Director of the War Food Administration.

This order shall become effective March 22, 1944.

FLUID MILK IN HOUSTON, MINN.

Order No. G–32 under § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation; under Maximum Price Regulation No. 280, Maximum prices for specific food products; and under Maximum Price Regulation No. 329, Purchases of milk from producers for resale as fluid milk. Adjustment of fluid milk prices for Houston, Minnesota.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation, by § 1351.807 (a) of Maximum Price Regulation No. 280, and § 1351.408 (b) of Maximum Price Regulation No. 329, it is ordered:

(a) *Maximum producer prices.* The maximum price which distributors may pay to producers for milk sold for human consumption in fluid form shall be $3.15 per cwt. for 4% milk, plus not more than 5¢ for each 1/10 of a pound of butterfat in excess of 4%, and minus not less than 5¢ for each 1/10 of a pound of butterfat below 4%.

(b) *Applicability of producer prices.* Paragraph (a) of this order shall apply to all purchases of fluid milk from producers for resale for human consumption by distributors whose bottling plants are located within Houston, Minnesota, or who sell within that city 50% or more of the milk sold by them. Prices provided in paragraph (a) of this order shall apply only to purchases from producers from whom distributors covered by this order purchased fluid milk during the period from August 1, 1943, to January 31, 1944. The order is not applicable to purchases from producers who did not during that period sell to distributors covered by this order.

(c) *Maximum distributor prices for sales to civilian purchasers.* The maximum price for the sale and delivery of fluid milk at wholesale and retail in

Houston, Minnesota, shall be the maximum price determined under the General Maximum Price Regulation, or the following prices, whichever shall be higher:

	Wholesale	Retail
Standard butterfat content fluid milk:		
Gallon, in bulk	$0.37	$0.45
Gallon	.37	.45
Quart	.10	.12
Pint	.05½	.06¼
Half pint	.03	.06

Where the maximum price set forth is expressed in terms of ½¢, the price charged for a single unit at retail may be increased to the next even cent. An opportunity must, however, be given to each buyer to purchase two units for which the maximum price will be twice the single unit price. All sales at wholesale and home delivery sales at retail shall be considered multiple unit sales unless separate collections are made for single units when delivered.

(d) *Maximum distributor prices for sales to the Army and Navy.* The maximum prices for the sale and delivery of fluid milk to the Army and Navy shall be the price at wholesale computed under paragraph (c) of this order for the particular size and type of container, plus whichever of the following provisions is the higher:

1. One-half cent per quart or a proportionate amount for a part of a quart.

2. The actual transportation costs from the seller's plant to the point of delivery at the lowest common carrier rate.

(e) *Applicability of distributor prices.* For the purpose of paragraph (c) of this order, sales and deliveries within the Houston, Minnesota, area shall mean:

1. All sales made within the city limits of Houston, Minnesota, and all sales at or from an establishment located in Houston, Minnesota;

2. All sales of fluid milk by any seller at retail at or from an establishment obtaining the major portion of its supply of milk from a seller at wholesale located within Houston, Minnesota.

(f) *Definitions.* (1) Standard butterfat content milk shall mean cows' milk having a butterfat content of not less than 3.2% or the legal minimum established by statute or municipal ordinance, distributed and sold for consumption in fluid form as whole milk.

(2) Sales at wholesale shall include all sales to retail stores, restaurants, prisons, schools, hospitals, and other institutions.

(3) Army or Navy means the War Department or the Department of the Navy of the United States, including such Departments' sales stores, commissaries, ships' stores, officers' messes, and stores operated as Army canteens or post exchanges.

(g) *Relation to Office of Price Administration regulations.* Except as otherwise herein provided, the provisions of the General Maximum Price Regulation, Maximum Price Regulation No. 280, and Maximum Price Regulation No. 329 shall remain in full force and effect and shall not be evaded by any change in the customary delivery, business or trade practices in effect during the base periods established by those regulations.

(h) *Revocability.* This order may be revoked, amended or corrected at any time.

This order shall be effective March 4, 1944.

[Region I Order G-64 Under RMPR 122]

SOLID FUELS IN NEW BEDFORD, MASS., AREA

Order No. G-64 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Specified solid fuels; New Bedford, Massachusetts, area.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122 and the Emergency Price Control Act of 1942, as amended, it is hereby ordered:

(a) *Maximum prices established by this order.* The maximum prices established by §§ 1340.252, 1340.254, 1340.256, 1340.257 and 1340.265 of Revised Maximum Price Regulation No. 122 for sales of specified kinds of solid fuels in the New Bedford, Massachusetts, Area by dealers, and for specified services rendered by dealers in connection with the sale or handling of said specified solid fuels, are hereby modified, so that the maximum prices therefore shall be the prices hereinafter set forth.

Maximum Prices are established for (1) sales of various quantities of the specified solid fuels to various classes of purchasers under various conditions of delivery; and (2) charges which may be made, in addition to such maximum prices for the specified solid fuels, for specified services.

The geographical applicability of this Order G-64 is explained in paragraph (f) and the terms used herein are defined in paragraph (d).

Except as otherwise specifically provided herein, the provisions of Revised Maximum Price Regulation No. 122 apply to all transactions which are the subject of this Order G-64. Specifically, but without limiting the generality of the foregoing, the prohibitions contained in § 1340.252 apply except to the extent that this Order G-64 provides uniform allowances, discounts, price differentials, service charges, and so forth. Nothing contained in this order shall be so construed as to permit non-compliance with any statutes of the Commonwealth of Massachusetts, or any rules or regulations promulgated under any such statutes, concerning sales of deliveries of solid fuels.

(b) *Maximum prices for Pennsylvania anthracite, coke and ambricoal—(1) Price Schedule I: Sales on a delivered basis.* (a) Price Schedule I sets forth maximum prices for sales of Pennsylvania anthracite, coke and ambricoal on a "direct delivery" basis to consumers at any point in the New Bedford, Massachusetts, Area.

Kind and size	Per net ton	½ ton	¼ ton	100 lbs.
Pennsylvania anthracite:				
Broken, egg, and chestnut	$16.25	$8.55	$4.55	$0.95
Stove	16.50	8.65	4.65	.95
Pea	14.20	7.50	4.05	.85
Buckwheat	13.05	6.95	3.75	.80
Rice	11.95	6.40	3.50	.75

Straight run of mine	7.57
Nut and slack	7.36
Slack	7.25
Lump, egg and stove	8.25
Nut	7.45
Pea	7.31

(2) *Price Schedule V: Sales on a delivered basis.* (a) Price Schedule V sets forth maximum prices for sales of bituminous coal on a "direct delivery" basis to consumers at any point in the New Bedford, Massachusetts, Area.

Kind of coal	Prices per net ton: Class I	Class II	Class III
Domestic run of mine	$11.50	$10.27	$8.55
Straight run of mine	10.60	9.37	8.22
Nut and slack	9.95	8.68	8.13
Slack	9.60	8.75	8.00
Lump, egg and stove	13.20	11.97	----------
Nut	11.50	10.31	----------
Pea	11.40	10.18	----------
Blacksmith	11.70	10.49	----------

(b) *Classes of purchasers.* Quantities refer to the consumer's annual purchasers in net tons. A consumer's annual purchases determine his classification whether or not he purchases all of his requirements from a single dealer.

Class I—300 tons or less.
Class II—More than 300 tons, but not over 1,000 tons.
Class III—More than 1,000 tons.

If the purchaser's proper classification cannot be determined at the time of delivery (as for example, in the case of a purchaser who converts from oil to coal), an estimate shall be made of his probable consumption, he shall be tentatively classified upon the basis of that estimate, and the dealer or dealers supplying him shall make an appropriate refund and may require that the purchaser agree to pay an appropriate additional amount if, when his actual classification has been determined, it appears that he was entitled to a lower price or could properly have been charged a higher one.

(c) *Maximum authorized service charges.* (i) If the buyer requests such service of him, the dealer may make the following charges for services rendered by the dealer:

Service	Amount per net ton
For any carry or wheel from a "direct delivery" point, exclusive of charges for carries up or down flights of stairs	$0.50
For any carry up or down flights of stairs, per flight	.25
For trimming in bin	.50
For trimming on ground storage facilities	.45

(ii) If coal is delivered to and stored in the purchaser's ground storage facilities and the purchaser then requests the dealer to move the coal to another location (for example, to a bin from which current firings are made), the dealer may charge $2.50 per hour for the use of a Ford conveyor, and $2.50 per hour for a truck and driver.

(3) *Terms of sale; bituminous coal.* Terms of sale for bituminous coal may be net cash, but no additional charge shall be made for the extension of credit terms of net 30 days or net 10 days E.O.M.

(4) *Dust treatment.* No extra charge may be made for bituminous coal which has been subjected to a chemical, oil or waxing process for allaying dust except that ten cents (10¢) per ton may be added to the otherwise applicable maximum price in the following cases:

(1) When the coal has been so treated at the mine and the producer or distributor makes an extra charge for such treatment pursuant to § 1240.210 (a) (10) of Maximum Price Regulation No. 120.

(2) When the coal has been so treated by a dealer subject to this order; but no dealer shall require a purchaser to buy coal which has been so treated by the dealer. The additional charge for such treatment shall be shown separately on the invoice or similar document which is furnished by the dealer to the purchaser.

(d) *Definitions.* When used in this Order G–64, the term:

(1) "New Bedford, Massachusetts, Area" shall include the following cities and towns in the Commonwealth of Massachusetts: Acushnet, Dartmouth, Fairhaven, New Bedford and Rochester.

(2) "Specified solid fuels" shall include Pennsylvania anthracite, coke, ambricoal, and those kinds of bituminous coal for which specific prices are established by this order and which are hereinafter defined.

(3) "Pennsylvania anthracite" means coal produced in the Lehigh, Schuylkill and Wyoming regions in the Commonwealth of Pennsylvania.

(4) "Jeddo Highland" means that Pennsylvania anthracite which is prepared at Jeddo #7 breaker and Highland #5 breaker of the Jeddo Highland Coal Company, Jeddo, Pennsylvania, and marketed by said company under the trade names "Jeddo Coal", "Highland Coal", or "Hazle Brook Coal".

(5) "Franklin" means that Pennsylvania anthracite which is prepared at the Williamstown breaker of the Franklin-Lykens Coal Company, Ashland, Pennsylvania, and marketed under the trade name "The Only Genuine Franklin Coal of Lykens Valley".

(6) "Salem Hill" means that Pennsylvania anthracite which is produced by Haddock Mining Company at the Salem Hill Colliery, Schuylkill County, near Pottsville, Pennsylvania, and which meets the quality and preparation standards established by Order No. 2 under Maximum Price Regulation No. 112.

(7) "Silver Brook" means that Pennsylvania anthracite which is prepared by Haddock Mining Company, Wilkes-Barre, Pennsylvania, at its Beaver Meadow Breaker from coal produced at the Deringer Colliery and the Tomhicken Colliery and marketed under the trade name "Silver Brook Coal", and which meets the quality and preparation standards established by Order No. 3 under Maximum Price Regulation No. 112.

(8) "Legitts Creek" and "Black Stork" both mean that Pennsylvania anthracite which is produced and prepared by Penn Anthracite Collieries Company, Scranton, Pennsylvania, and which meets the quality and preparation standards established by Revised Order No. 5 under Maximum Price Regulation No. 112. That coal is also sometimes sold by said company under the trade names "Mt. Pleasant" and "Von Storch", but when sold by a dealer in Region I it shall not be identified by any names other than "Legitts Creek" or "Black Stork".

(9) "Raven Run" means that Pennsylvania anthracite which is produced by Hazle Brook Coal Company, Jeddo, Pennsylvania, from its Continental Mines and the property of Raven Run Coal Company, an affiliate Company, prepared at its Midvalley breaker and sold under that trade name, and which meets the quality and preparation standards established by Order No. 8 under Maximum Price Regulation No. 112.

(10) "East Bear Ridge" means that Pennsylvania anthracite which is produced and prepared by East Bear Ridge Colliery Company and which meets the quality and preparation standards established by Order No. 11 under Maximum Price Regulation No. 112.

(11) "Broken", "egg", "stove", "chestnut" and "pea" sizes of Pennsylvania anthracite refer to the legal standard sizes for anthracite offered for sale in the Commonwealth of Massachusetts, effective December 1, 1941, as established by the Director of Standards of the Division of Standards of the Department of Labor and Industries of the Commonwealth of Massachusetts pursuant to General Laws (Ter. Ed.) Chapter 94, section 239A (Chapter 382, Acts of 1926). "Buckwheat", "rice" and "barley" sizes of Pennsylvania anthracite refer to the sizes of such coal prepared at the mine in accordance with standard sizing specifications adopted by the Anthracite Emergency Committee, effective December 15, 1941.

(12) "Coke" shall include only coke produced by the following producers:

Providence Gas Company, Providence, Rhode Island.
New England Coke Co., or its affiliated producing company, at the plant located in Everett, Massachusetts.

All other coke shall be priced under the appropriate provisions of Revised Maximum Price Regulation No. 122.

(13) "Ambricoal" means anthracite briquettes manufactured by American Briquet Company at its plant at Lykens, Pennsylvania, and marketed under that trade name.

(14) "Bituminous Coal Division" means the Bituminous Coal Division of the United States Department of the Interior as it existed under the Bituminous Coal Act of 1937, as amended, and all references to terms defined by the Bituminous Coal Division are to the definitions thereof which were in effect (or established) as of midnight August 23, 1943. All references to Producing Districts are to the geographical coal producing districts as defined in the Bituminous Coal Act of 1937, as amended, a they were in effect (or established) as of midnight August 23, 1943.

(15) *Definitions of and specifications for bituminous coals.* The bituminous coals which are listed in subparagraphs (1) and (2) of paragraph (c) of this order shall conform to the following specifications:

(a) "Domestic run of mine": bituminous coal which was defined by the Bituminous Coal Division as "domestic, dealer, modified or screened run of mine" or a mixture of two or more bituminous coals of different size groups which mixture is equivalent as to coarseness.

(b) "Straight run of mine": bituminous coal which was defined by the Bituminous Coal Division as "straight run of mine," or a mixture of two or more bituminous coals of different size groups which mixture is equivalent as to coarseness.

(c) "Nut and slack": bituminous coal screenings which, at the mine, have passed through a screen with openings larger than three-quarters (¾) of an inch but smaller than one and one-half (1½) inches.

(d) "Slack": bituminous coal screenings which, at the mine, have passed through a screen with openings of three-quarters (¾) of an inch or smaller.

(e) "Nut": bituminous coal, double screened at the mines, with a top size larger than three-quarters (¾) of an inch but not exceeding one and one-quarter (1¼) inches, and a bottom size smaller than one and one-quarter (1¼) inches, from the low volatile section of Producing District 7.

(f) "Pea": bituminous coal, double screened at the mines, with a top size not exceeding three-quarters (¾) of an inch and a bottom size smaller than three-quarters (¾) of an inch, from the low volatile section of Producing District 7.

(g) "Lump, egg and stove": bituminous coal, single screened or double screened at the mines, with a bottom size larger than one and one-quarter (1¼) inches, from the low volatile section of Producing District 7.

(h) "Blacksmith": low volatile, low sulphur bituminous coal which is suitable for use in forge work.

(16) "Dealer" means any person selling solid fuel except producers or distributors making sales at or from a mine, a preparation plant operated as an adjunct of any mine, a coke oven, or a briquette plant.

(17) "Direct delivery" means dumping or chuting the fuel from the seller's truck or wagon directly into the buyer's bin or storage space; but, if that is physically impossible, the term means discharging the fuel directly from the seller's truck at the point where this can be done which is nearest and most accessible to the buyer's bin or storage space.

(18) "Carry" and "wheel" refer to the movement of fuel to buyer's bin or storage space by wheelbarrow, barrel, bag, sack or otherwise from the dealer's truck or wagon, or from the point of discharge therefrom, to buyer's bin or storage space.

(19) "Yard sales" shall mean deliveries made by the dealer in his customary manner at his yard.

(20) Except as otherwise specifically provided, and unless the context otherwise requires, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122 shall apply to the terms used herein.

(e) *Transportation tax.* Any dealer subject to this order may collect, in addition to the specified maximum prices established herein, provided he states it separately, the amount of the transportation tax imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by him, or an amount equal to the amount of such tax paid by any of his prior suppliers and separately stated and collected from the dealer by his supplier: *Provided, however*, That no part of that tax may be collected in addition to the maximum price on sales of lesser quantities than one-quarter ton: *And provided, further*, That the dealer need not state separately from his selling price the amount of said tax on a sale to the United States or any agency thereof, any state government or any political subdivision thereof.

(f) *Geographical applicability.* The maximum prices established by this order for "yard sales" and sales f. o. b. transportation facilities shall apply to all such sales of the specified solid fuels at a yard or dock located in the area covered by this order, regardless of the ultimate destination of the fuel. The maximum prices established by this order for sales

on a delivered basis shall apply to all such sales of the specified solid fuels to purchasers who receive delivery of the fuel within the area covered by this order, regardless of whether the dealer is located within said area.

(g) *Lower prices permitted.* Lower prices than those set forth herein may be charged, paid or offered.

(h) *Posting of maximum prices; sales slips and receipts.* (1) Every dealer subject to this order shall post all of the maximum prices established hereby which apply to the types of sales made by him in his place of business in a manner plainly visible to and understandable by the purchasing public, and shall keep a copy of this order available for examination by any person during ordinary business hours. In the case of a dealer who sells directly to consumers from a truck or wagon, the posting shall be done on the truck or wagon. All postings shall include the relevant terms of sale. The prices established hereby need not be reported under § 1340.262 (c) of Revised Maximum Price Regulation No. 122.

(2) Every dealer selling solid fuel for sales of which a maximum price is set by this order shall give to each purchaser an invoice or similar document showing (a) the date of the sale or delivery, the name and address of the dealer and of the buyer, the kind, size and quantity of the solid fuel sold, and the price charged; and (b) separately stating any special services rendered and other charges made and the amount charged therefor. This paragraph shall not apply to sales of quantities of less than one-quarter ton unless the dealer customarily gave such a statement on such sales.

(3) In the case of all other sales, every dealer who during December, 1941, customarily gave buyers sales slips or receipts shall continue to do so. If a buyer requests of a seller a receipt showing the name and address of the dealer, the kind, size and quantity of the solid fuel sold to him or the price charged, the dealer shall comply with the buyer's request as made by him.

(i) *Records.* Every person making a sale of solid fuel for which a maximum price is set by this order shall keep a record thereof, showing the date, the name and address of the buyer (if known), the per net ton price charged and the solid fuel sold. The solid fuel shall be identified in the manner in which it is described in this order. The record shall also separately state each service rendered and the charge made for it.

(j) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed in the Boston Regional Office of the Office of Price Administration. No appeal from a denial in whole or in part of such petition by the Regional Administrator may be made to the Price Administrator.

(k) This order may be revoked, amended or corrected at any time.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G-64 shall become effective March 28, 1944.

BANANAS IN TRENTON, N. J., DISTRICT

Order No. G-1 under Maximum Price Regulation No. 285, as amended. Imported fresh bananas, sales except at retail. Adjustment of maximum prices of wholesalers in the Trenton District of the Office of Price Administration of fresh bananas imported from Costa Rica, Panama, Guatemala and Honduras.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the District Director of the Trenton District Office, Region II, of the Office of Price Administration, by § 1351.1254a of Maximum Price Regulation No. 285, as amended, and by order of delegation under Maximum Price Regulation No. 285, as amended, issued by the Regional Administrator of Region II of the Office of Price Administration on January 14, 1944, *It is hereby ordered:*

(a) Any wholesaler whose place of business is located within the counties of Hunterdon, Mercer, Middlesex, Monmouth, Ocean, Somerset and Warren, in the State of New Jersey, who purchases on the stem fresh bananas imported from Costa Rica, Panama, Guatemala and Honduras, and whose customary receiving point therefor is either the City of Philadelphia, Pennsylvania, or the City of New York, New York, necessitating hauling of such bananas from such receiving point to his place of business or ripening facilities, at his expense, may increase his maximum price otherwise determined under § 1351.1253 of Maximum Price Regulation No. 285, as amended, for resale of such bananas so purchased in the following manner:

(1) If the wholesaler's largest single purchase of such bananas on the stem during the week preceding the Monday on which he determines his maximum price was made at the Auction Market in Philadelphia, Pennsylvania, was received by him in that city, and was hauled at his expense from such receiving point to his place of business or his ripening facilities, he shall add to his maximum price for such bananas otherwise determined under § 1351.1253 of Maximum Price Regulation No. 285, as amended, the sum of $.25 per cwt.;

(2) If the wholesaler's largest single purchase of such bananas on the stem during the week preceding the Monday on which he determines his maximum price was made at the Auction Market in New York, New York, was received by him in that city, and was hauled at his expense from such receiving point to his place of business or his ripening facilities, he shall add to his maximum price for such bananas otherwise determined under § 1351.1253 of Maximum Price Regulation No. 285, as amended, the sum of $.18 per cwt.;

(3) If the wholesaler's largest single purchase of such bananas on the stem during the week preceding the Monday on which he determines his maximum price was made from any seller other than an auction market received by him in Philadelphia, Pennsylvania, and was hauled at his expense from such receiving point to his place of business or his ripening facilities, he shall add to his maximum price for such bananas under § 1351.1253 of Maximum Price Regulation No. 285, as amended the sum of $.32 per cwt.;

(4) If the wholesaler's largest single purchase of such bananas on the stem during the week preceding the Monday on which he determines his maximum price was made from any seller other than an auction market received by him in New York, New York, and was hauled at his expense from such receiving point to his place of business or his ripening facilities, he shall add to his maximum price for such bananas under § 1351.1253 of Maximum Price Regulation No. 285, as amended the sum of $.23 per cwt.

(b) Wherever a term used in Maximum Price Regulation No. 285, as amended, is used in this order, it shall have the same meaning ascribed to it in Maximum Price Regulation No. 285, as amended.

(c) This order may be revoked, amended or corrected at any time. This order shall become effective March 13, 1944.

[Region II Order G-19 Under MPR 165]

LAUNDRY MINIMUM BUNDLE SIZE IN NEW YORK REGION

Order No. G-19 under § 1499.114 (d) of Maximum Price Regulation No. 165 as amended, Services. Revocation of permissive laundry minimum bundle size increases.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the authority vested in the Regional Administrator of Region II under the Emergency Price Control Act and by § 1499.114 (d) of Maximum Price Regulation No. 165 as amended, services, *It is hereby ordered:*

(1) Every supplier of laundry services in Region II of the Office of Price Administration which supplies and prices any of its services upon the basis of a minimum bundle by weight or by number of pieces, and which offered or supplied the same or a similar service in March, 1942, must maintain the same minimum weight or minimum number of pieces for any such service as in March, 1942. No such supplier of services may hereafter change any of its minimum bundle sizes without specific authorization from the Office of Price Administration, regardless of the provisions of any order heretofore issued by this office or by any district office in this region.

(2) The provisions of paragraph (1) of this order shall not be applicable to any laundry service supplier which, prior to the effective date of this order, has changed any of its minimum bundle sizes as they existed in March, 1942, under the authority and according to the provisions of any order heretofore issued by this office or by any district office in this region.

(3) The provisions of paragraph (1) of this order shall not be applicable to any laundry service supplier whose establishment or place of business is located in the city of Philadelphia, and which desires to adopt the minimum size bundles permitted by our Order No. G-17 under § 1499.114 (d) of Maximum Price Regulation No. 165 as amended—Services.

(4) To the extent that the provisions of this order are inconsistent with or contradictory to the provisions of any order, general or individual, previously issued by this office or by any district office in this region, such orders are, to such extent only, revoked.

(5) This order may be revoked or amended by the Regional Administrator or Price Administrator through the issuance at any time hereafter of any order or regulation, or amendment or supplement thereto.

STANDARD POWER AND LIGHT CORPORATION

MEMORANDUM OPINION AND ORDER GRANTING APPLICATION FOR EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission held in its office in the City of Philadelphia, Pa. on the 23d day of March 1944.

Integration of holding company system. Extension of time pursuant to section 11 (c) of the act.

Application of a registered holding company filed pursuant to section 11 (c) of the act for an extension of time of an additional period of six months from December 19, 1943, within which to comply with the Commission's liquidation order of June 19, 1942 issued pursuant to section 11 (b) (2) granted, the Commission finding that present conditions have not materially changed from those existing on June 19, 1943, the time the Commission granted applicant's first application for an extension of time and that applicant has been unable in the exercise of due diligence to comply with the order and that the extension is necessary and appropriate in the public interest and for the protection of investors.

Standard Power and Light Corporation (Standard Power), a registered holding company, has filed an application with the Commission, pursuant to section 11 (c) [1] of the Public Utility Holding Company Act of 1935 requesting an extension of time of six months from December 19, 1943, within which to comply with the provisions of an order [2] issued by the Commission on June 19, 1942. Said order was entered pursuant to section 11 (b) (2) of the act and directed Standard Power, within one year of the date of said order, to liquidate and terminate its existence, and to proceed with due diligence to file a plan for its prompt liquidation and the termination of its existence.

After appropriate notice a public hearing was held and the Commission, having considered the record, now makes its findings and opinion.

Previously, on May 22, 1943, Standard Power not having complied with our liquidating order, filed an application requesting an extension of time of one year within which to comply with said order. Standard Power in its first application assigned two primary reasons for non-compliance with our order of June 19, 1942. The first was the undetermined liability on its 6% Gold Debentures, due February 1, 1957, in the aggregate principal amount of $14,997,700 which were assumed by Standard Gas and Electric Company in 1930.[3] The sec-

[1] Section 11 (c) of the act provides as follows:

Any order under subsection (b) shall be complied with within one year from the date of such order; but the Commission shall, upon a showing (made before or after the entry of such order) that the applicant has been or will be unable in the exercise of due diligence to comply with such order within such time, extend such time for an additional period not exceeding one year if it finds such extension necessary or appropriate in the public interest or for the protection of investors or consumers.

[2] *Standard Power and Light Corporation,* Holding Company Act Release No. 3607 (1942) — SEC —.

[3] On March 24, 1943, Standard Gas and Electric Company filed a plan for its recapitalization (File No. 54-72) pursuant to section 11 (e) of said act with this Commission and proceedings with respect thereto are still pending. Said plan provides that one-half of the aggregate principal amount of all notes and debentures of Standard Gas and Electric Company, including the debentures of Standard Power assumed by Standard Gas and Electric Company, will be paid in cash and that the remainder of such principal amount will be discharged by the delivery to the holders of said notes and debentures of shares of common stock of The California Oregon

ond was the pendency of the litigation instituted against it and others in December 1941, by Daniel O. Hastings, as Special Trustee of Standard Gas and Electric Company, in the Court of Chancery of the State of Delaware for New Castle County. In this litigation, the plaintiff seeks judgment decreeing that the defendants illegally received and dealt with property of Standard Gas and Electric Company, which property is held in trust for the last mentioned company and for the plaintiff, as Special Trustee, and plaintiff also demands an accounting and other equitable relief. On June 19, 1942,[1] after hearing, we granted Standard Power's application but only to the extent that it would be allowed a period of six months from June 19, 1943, within which to comply with our order of June 19, 1942.

The reasons assigned for an extension in the present application are the same as those assigned in the previous application for an extension of time. The record indicates that conditions have not materially changed since the hearing upon Standard Power's first application.

We therefore find that the applicant has been unable in the exercise of due diligence to comply with our order of June 19, 1942, within the additional period of six months' time granted applicant by our order of June 19, 1943, and that it is now necessary and appropriate in the public interest and for the protection of investors and consumers to grant applicant a further extension of time for a period of six months within which to comply with our order of June 19, 1942.

It is therefore ordered, That Standard Power and Light Corporation be and it is hereby granted an additional period of six months from December 19, 1943, within which to comply with our order of June 19, 1942.

By the Commission (Commissioners Healy, O'Brien, Pike, and McConnaughey), Chairman Purcell being absent and not participating.

CONSOLIDATED ELECTRIC AND GAS CO. AND ATHENS AND SAYRE GAS CO.

ORDER PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 24th day of March, A. D., 1944.

Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, and its subsidiary, Athens and Sayre Gas Company ("Athens"), having filed joint declarations pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 12 (b), 12 (c), 12 (d), and 12 (f) thereof and the rules promulgated thereunder, regarding (a) the proposed sale by Athens of all of its assets to H. Emerson Thomas and Mark Anton, or their nominee, for a basic consideration of $132,255 in cash and the assumption by the purchasers, or their nominee, of a certain promissory note in the principal amount of $68,000 of Athens held by The Gas Light Company of Waverly ("Waverly"), also a subsidiary of Consolidated, (b) the sale by Consolidated to the same individuals of a promissory note of Waverly in the principal amount of $8,000 and all the common stock of Waverly for a basic consideration of $30,000 in cash, (c) the donation by Consolidated to Athens of all debt securities of Athens owned by Consolidated, (d) the liquidation and dissolution of Athens, and (e) the application by Consolidated of the moneys to be received by it from the liquidation of Athens and from the sale by it of the securities of Waverly in the retirement of Consolidated's Collateral Trust Bonds, due August 1, 1957, and August 1, 1962, by the purchase of such bonds in the open market and the surrender of the bonds so purchased to the trustee under the indenture securing the same for cancellation.

A public hearing having been held upon said declarations, after appropriate notice, and the Commission having considered the record and having made and filed its findings herein;

It is hereby ordered, That said declarations be, and the same are hereby, permitted to become effective forthwith, subject to the terms and conditions set forth in Rule U-24, and, in respect of the proposed acquisition and retirement by Consolidated of its own bonds, subject to the following additional terms and conditions:

(1) That Consolidated shall not solicit or cause to be solicited from individual bondholders the sale of any bonds to Consolidated;

(2) That no purchases shall be made directly or indirectly from persons or corporations in any way associated or affiliated with Consolidated; and

(3) That Consolidated shall furnish to the Commission, promptly after the last day of each month, a schedule showing for each day covered by such report the number of bonds purchased, the prices at which purchased, and the name of the broker through whom purchased.

By the Commission.

UNITED GAS CORP., ET AL.

NOTICE OF FILING OF AMENDMENT TO JOINT DECLARATION IN CONSOLIDATED PROCEEDINGS AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 25th day of March, A. D. 1944.

In the matters of United Gas Corporation, United Gas Pipe Line Company, Houston Gulf Gas Company, File No. 70-314; Electric Bond and Share Company, File No. 70-315; and Electric Bond and Share Company, Electric Power & Light Corporation, United Gas Corporation, Houston Gas Securities Company, United Gas Pipe Line Company, Houston Gulf Gas Company, File No. 59-21;

Investigation of organization and financing of United Gas Corporation, Etc., File No. 4-33; United Gas Corporation, Electric Power & Light Corporation, Electric Bond and Share Company, File No. 54-91; and Electric Bond and Share Company, File No. 70-868.

The Commission having on March 6, 1944 issued its notice of filing and order for consolidation and hearing (Holding Company Act Release No. 4926) with respect to a plan filed pursuant to section 11 (e) by Electric Bond and Share Company ("Bond and Share"), a registered holding company, Electric Power & Light Corporation ("Electric"), a subsidiary of Bond and Share and likewise a registered holding company, and United Gas Corporation ("United"), a subsidiary of Electric, the stated purposes of which are to effectuate compliance with section 11 (b) (2) of the act through the conversion of United's present capital structure into a capital structure consisting only of par value common stock and mortgage debt; the simplification of the capital structure of United and the consequent simplification of the holding company system of Electric; the fair and equitable distribution of voting power among the security holders of United; and the compromise, settlement and discharge of the various claims, defenses and counter claims among Bond and Share, United, Electric and their respective security holders; and said notice and order having directed the consolidation, for purposes of consideration by the Commission, of the proceedings with respect to said plan with a previously consolidated proceeding involving, among other things, a joint declaration filed by United and certain of its subsidiary companies for approval of a series of transactions incident to the refinancing of United (File No. 70-314); and said plan being stated to be contingent upon the issuance and sale by United of $100,000,000 principal amount of First Mortgage and Collateral Trust Bonds pursuant to an anticipated amendment to its above-described previous filing designated File No. 70-314;

Notice is hereby given that the above-described amendment to the joint declaration designated File No. 70-314 has been filed pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder by United and its subsidiary, United Gas Pipe Line Company ("Pipe Line"). All interested persons are referred to said amendment which is on file in the office of this Commission for a statement of the transactions therein proposed which are summarized as follows:

(1) United proposes to issue and sell $100,000,000 principal amount of its First Mortgage and Collateral Trust Bonds, Series due 1961. The proceeds from the sale of the bonds, together with such treasury funds as may be necessary, will be applied as follows:

(a) To redeem 432,512 shares of $7 preferred stock of United held by the public at $110 per share plus the amount of dividend arrearages thereon (which as of April 1, 1944, will amount to $10.45⅝ per share),

(b) To purchase from Electric for $44,000,000 in cash, $44,000,000 stated value (440,000 shares) of $7 second preferred stock of United in connection with which purchase Electric will transfer to United the right of Electric to accumulated and unpaid dividends on such stock.

(c) To redeem $3,460,000 principal amount of publicly held 5% Collateral Trust Gold Bonds of Houston Gas Securities Company due March 1, 1952, assumed by United.

(2) Pipe Line proposes to issue and sell $23,000,000 principal amount of its First Mortgage Bonds 4% Series due 1961, all of which will be issued to United in exchange for a like principal amount of Pipe Line's 6% Debentures due March 1, 1952, now owned by United which debentures will be cancelled.

The $23,000,000 principal amount of Pipe Line Bonds will be pledged under United's mortgage together with the following securities of Pipe Line and other subsidiaries of United: 100,000 shares of the capital stock (100%) of Pipe Line; 50,000 shares of the capital stock (100%) of Union Producing Company, $40,000,000 principal amount of 6% Debentures due March 1, 1952, of United Producing Company, 5,000 shares of the capital stock (100%) of United Oil Pipe Line Company; and 53,094 shares of the capital stock (99.9%) of Compania Mexicana de Gas, S. A. The Amendment contemplates that the assets of Houston Gulf Gas Company, a subsidiary of Pipe Line, will be acquired by Pipe Line by merger, or by the liquidation or dissolution of Houston Gulf Gas Company.

The filing states that it is the belief of United that its proposed financing described above is exempt from the provisions of Rule U-50 by virtue of the fact that its original joint application in connection therewith was filed with the Commission prior to the effective date of such Rule. However, in the event that it should be determined by the Commission that such an exemption does not apply, United requests exemption from the competitive bidding requirements of Rule U-50 with respect to the issuance and sale of its bonds.

Hearings on the joint declaration described above and designated File No. 70-314 having been held at various dates and the record having been closed on September 21, 1943; and

United and Pipe Line having requested that the record in the said proceedings designated File No. 70-314 be reopened to consider the above-described amendment to said joint declaration; and

The Commission finding such request is reasonable and that the granting thereof will not be detrimental to the public interest or the interest of investors or consumers:

It is ordered, That the record in the proceedings designated File No. 70-314 be reopened for the purpose of considering the amendment hereinbefore described.

It is further ordered, That a hearing be held on the joint declaration as amended in connection with the hearing to be held on the section 11 (e) plan, with which by reason of previous orders of the Commission it is consolidated, which has been set for hearing on April 4, 1944, before William W. Swift or any other officer or officers of the Commission designated by it for that purpose. All persons desiring to be heard or otherwise wishing to participate in the proceedings shall notify the Commission in the manner provided by Rule XVII of the rules of practice of the Commission on or before April 1, 1944.

It is further ordered, That, without limiting the scope of the issues presented by said joint application as amended, particular attention will be directed at the hearings to the following matters and questions in addition to those stated in the notice and order of this Commission referred to above dated March 6, 1944:

(1) Whether the issuance and sale of bonds of United should be exempted from the competitive bidding requirements of Rule U-50.

(2) Whether the securities proposed to be issued by United and Pipe Line are securities of a type authorized to be issued under the provisions of section 7 (c) of the act.

(3) Whether the securities proposed to be issued by United and Pipe Line are reasonably adapted to their security structures and earning power and to the security structure of the other companies in the same holding company systems.

(4) Whether the proposed issuance and sale of securities by United and Pipe Line are necessary and appropriate to the economical and efficient operation of the business or businesses in which they are engaged or have an interest.

(5) Whether any of the terms and conditions of the securities proposed to be issued by United and Pipe Line are detrimental to the public interest or the interests of investors or consumers.

(6) Whether the proposed acquisition by United of the proposed bonds of Pipe Line is in conformity with the standards of section 10 of the act.

(7) Whether the fees and expenses proposed to be paid are for necessary services and are reasonable in amount.

(8) Whether the accounting entries in connection with the proposed transactions are in conformity with the standards of the act and the rules promulgated thereunder.

(9) Whether if the transactions proposed are authorized by the Commission it is appropriate in the public interest or in the interest of investors or consumers that any terms or conditions be imposed in connection with such authorization and if so what such terms and conditions should be.

By the Commission.

RELEASE OF JURISDICTION OVER, AND APPROVAL OF, WELFARE TRUST AGREEMENT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 23d day of March, 1944.

In the matter of Utilities Employees Securities Company, File No. 70-740; Stanley Clarke, trustee of Associated Gas and Electric Company, Denis J. Driscoll and Willard L. Thorp, trustees of Associated Gas and Electric Corporation, General Gas & Electric Corporation, Associated Utilities Corporation, File No. 70-741; New England Gas and Electric Association, File No. 70-743; Noel T. Dowling, James V. Gilloon, Jr., Joseph A. Shields, trustees under Pension Trust Agreement dated December 14, 1937, as amended, File No. 70-746.

The Commission having on August 12, 1943, approved a plan of liquidation, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, for Utilities Employees Securities Company (Uesco), a subsidiary of Associated Gas and Electric Company, Associated Gas and Electric Corporation, and Associated Utilities Corporation, registered holding companies, and having at the same time approved certain applications and permitted certain declarations to become effective; the Commission having reserved jurisdiction to approve or disapprove the terms of the Welfare Trust Agreement before the same shall become effective pursuant to the plan; and an amendment to the plan having been filed submitting said Welfare Trust Agreement entered into between and among

the various parties to the original plan of liquidations; such Welfare Trust Agreement providing, in summary that:

The purpose of the agreement is to define the rights, duties, liabilities, and accountability of the Welfare Trustee, the present trustee being Noel T. Dowling. Uesco is to transfer to the Welfare Trustee all of its remaining assets. Within a reasonable time, after the receipt of the Uesco assets, the Welfare Trustee is to establish a separate account for each distributee company entitled to distribution of Uesco welfare assets and allocate to the account of such company its aliquot portion of the assets. Each distributee company is to be entitled to receive from the Welfare Trustee its portion upon the establishment by such distributee company of employee pension, insurance, or welfare programs as specified in the original settlement agreement of June 4, 1943. The Welfare Trustee is not, however, required to deliver to the company its portion, unless he is satisfied that such company has duly complied with all the conditions to be performed by it. The Welfare Trust Agreement also contains provisions as to the termination of the rights of the Welfare Trustee, the administration of the fund, compensation to be permitted, and other matters originally set forth in the agreement of June 4, 1943, heretofore approved by the Commission.

Due notice having been given of the filing of such post-effective amendment by the Commission on February 10, 1944, and further notice having been given by the circularization of appropriate notice to the various distributee companies and the employees and representatives of employees thereof, and no objection having been received in regard to the terms and conditions of the Welfare Trust Agreement within the time specified in the said notice of the Commission of February 10, 1944; and

It appearing to the Commission that the terms and conditions of the Welfare Trust Agreement are appropriate to effectuate the plan of liquidation heretofore approved;

It is hereby ordered, That jurisdiction be, and hereby is, released over the terms and conditions of the Welfare Trust Agreement, and that said terms and conditions be and hereby are approved; subject, however, to the terms and conditions of Rule U-24 of the general rules and regulations promulgated pursuant to the Public Utility Holding Company Act and subject further to the following condition that, on or before February 1, 1945, and each year thereafter as long as the Welfare Trust Agreement shall be operative, the Welfare Trustee shall file with the Commission a report for the prior calendar year setting forth in appropriate detail the results of operations and the financial condition of the Welfare Trust, and that within sixty days of the termination of said Welfare Trust, the Welfare Trustee shall file with the Commission a notification of said termination, together with a final report covering the period from the beginning of the calendar year to the date of said termination.

By the Commission.

SELECTIVE SERVICE SYSTEM.

[Operations Order 26-A]

REGISTRANTS IN VIRGIN ISLANDS

ASSIGNMENT OF SERIAL AND ORDER NUMBERS

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, I hereby order:

The order of the Director, Operations Order No. 26, is hereby amended in the following particulars:

1. The initial paragraph and subparagraph (a) under numerical paragraph 3 are deleted and the following substituted therefor:

3. The local board shall assign serial numbers and order numbers to registrants for whom it receives or completes a Registration Card on or before March 31, 1944, in the following manner:

(a) After the local board has transcribed from the Registration Card Form 1-F to a white Registration Card (Form 1) all of the information needed to complete the white Registration Card (Form 1) as provided in § 618.11 of the Selective Service Regulations, it shall place all of such Registration Cards (Form 1) together. On April 1, 1944, the local board shall thoroughly shuffle or mix such Registration Cards (Form 1) so that the location of any card in the pile—and the number it later receives—will be purely a matter of chance.

2. Subparagraph (i) (1) under numerical paragraph 3 is deleted and the following substituted therefor:

(i) (1) When the local board has completed the actions provided for above, it shall on April 1, 1944, assign each registrant an order number by use of the National Master List—First Drawing, October 29-30, 1940 (Form 169). The greatest care must be used in the assignment of order numbers because the order numbers establish the order in which the registrants will be considered for selection for service. The registrant whose serial number appears at the top, or nearest the top of the National Master List shall get Order Number 1. The registrant whose serial number is next closest to the top of the National Master List shall get Order Number 2. The registrant whose serial number is third closest to the top of the list shall get Order Number 3, and so on until each registrant has an order number. Order numbers must be assigned in sequence; no order number shall be skipped. Serial numbers on the National Master List which are not held by any registrant of the particular local board are simply crossed off the National Master List and ignored. It is suggested that the local board shall as its first step in the assignment of order numbers mark the order numbers opposite the applicable serial numbers on the National Master List.

3. Numerical paragraph 4 and subparagraphs (a) and (b) thereunder are deleted and the following substituted therefor:

4. The local board shall assign serial numbers and order numbers to registrants for whom it receives or completes a Registration Card on and after April 1, 1944, in the following manner:

(a) After the local board has transcribed from the Registration Card (Form 1-F) to a white Registration Card (Form 1) all of the information needed to complete the white Registration Card (Form 1) as provided in § 618.11 of the Selective Service Regulations, it shall then place the smallest unassigned serial number upon such Registration Card (Form 1).

(b) The local board shall then find from the National Master List—First Drawing, October 29-30, 1940 (Form 169) what the registrant's order number would have been if his Registration Card (Form 1) had been completed prior to April 1, 1944. The local board shall then assign such registrant the order number which precedes the order number which would have been assigned to him had his Registration Card (Form 1) been completed prior to April 1, 1944, and shall add a letter to it. For example: If his order number would have been 84 had his card been completed prior to April 1, 1944, the local board will assign him Order No. 83-A."

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine

[B. E. P. Q. 534]

PART 301—DOMESTIC QUARANTINE NOTICES

MEXICAN FRUITFLY; STERILIZATION OF GRAPEFRUIT REQUIRED

Introductory note. Because of increasing numbers of infestations of Mexican fruitflies now occurring in the regulated area in the Rio Grande Valley it has become necessary to require the sterilization of grapefruit moved interstate from the Texas counties of Cameron, Hidalgo, and Willacy. The harvesting season for grapefruit in these counties was extended to the close of June 15 for this year under administrative instructions of the Bureau (Circular B. E. P. Q. 531 dated September 23, 1943).

§ 301.64-4b *Administrative instructions relative to the Mexican fruitfly quarantine.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by § 301.64-4(e) [Notice of Quarantine No. 64], it is hereby required that effective April 3, 1944, and continuing throughout the harvesting season to the close of June 15, 1944, all grapefruit, as a condition of certification for interstate movement from the Texas counties of Cameron, Hidalgo, and Willacy, shall be sterilized in accordance with the methods authorized in § 301.64-4a (Circular B. E. P. Q. 472), revised effective September 25, 1941.

(Sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 CFR 301.64-4; 7 U.S.C. 161)

Done at Washington, D. C., this 28th day of March 1944.

Effective April 3, 1944.

AVERY S. HOYT, *Acting Chief.*

Chapter VIII—War Food Administration (Sugar Regulations)

PART 802—SUGAR DETERMINATIONS

SUGARCANE FARMS IN HAWAII

Determination of (1) normal yield of commercially recoverable sugar per acre and (2) eligibility for payment with respect to abandonment and crop deficiency for sugarcane farms in Hawaii (revised).

Pursuant to the provisions of section 303 of the Sugar Act of 1937, as amended, and Executive Order No. 9322, issued March 26, 1943, as amended by Executive Order No. 9334, issued April 19, 1943, the following determination is hereby issued:

§ 802.35 *Normal yield of commercially recoverable sugar per acre and eligibility for payment with respect to abandonment and crop deficiency for sugarcane farms in the Territory of Hawaii*—(a) *Normal yield calculation.* The normal yield of commercially recoverable sugar per acre for any farm in Hawaii on which sugarcane was grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1939, 1940, and 1941 crop years, shall be the product of:

(1) The simple average, for such crop years, of the number of hundredweights of sugar, raw value, recovered per short ton of sugarcane processed for the extraction of sugar by the mill at which the sugarcane from the farm was ground, and

(2) The simple average, for such crop years, of the number of short tons of sugarcane per acre harvested on the farm for the extraction of sugar.

The normal yield of commercially recoverable sugar per acre for any farm on which sugarcane was not grown and marketed (or processed by the producer) for the extraction of sugar during all three of the 1939, 1940, and 1941 crop years, shall be the simple average of the normal yields, computed in accordance with the foregoing provisions of this paragraph,

for all farms within the same local producing area, as defined herein.

(b) *Eligibility for abandonment and deficiency payments.* Any farm located in a local producing area, as defined herein, in which actual yields of commercially recoverable sugar from the sugarcane for farms comprising 10 percent or more of the sugarcane acreage of all farms in such local producing area, were 80 percent or less of the normal yields therefor, as determined by the officer or acting officer in charge of the Honolulu office of the Agricultural Adjustment Agency, because of drought, flood, storm, freeze, disease or insects, shall be eligible for abandonment and deficiency payments.

A "local producing area" shall be all contiguous farms which are found by the officer or acting officer in charge of the Honolulu office of the Agricultural Adjustment Agency to be similar with respect to types of soil or with respect to topography: *Provided, however,* That farms separated from other farms by any natural barrier such as mountains or large areas of land shall not be included within the same local producing area.

This determination supersedes with respect to the 1943 and subsequent crops, the "Determination of (1) Normal Yield of Commercially Recoverable Sugar per Acre and (2) Eligibility for Payment with Respect to Abandonment and Crop Deficiency for Farms in the Territory of Hawaii, Pursuant to section 303 of the Sugar Act of 1937," issued June 17, 1938.

PART 802—SUGAR DETERMINATIONS

PRICES FOR 1943–1944 PUERTO RICAN SUGARCANE CROP

Determination of fair and reasonable prices for the 1943–1944 crop of Puerto Rican sugarcane.

Pursuant to the provisions of paragraph (d) of section 301 of the Sugar Act of 1937, as amended, and Executive Order 9322, issued March 26, 1943, as amended by Executive Order 9334, issued April 19, 1943, the following determination is hereby issued:

§ 802.42f *Fair and reasonable prices for the 1943–1944 crop of Puerto Rican sugarcane.* Processors who, as producers, apply for payment under the Sugar Act of 1937, as amended, shall be deemed to have complied with the provisions of section 301 (d) of said act, if the requirements specified below have been met:

(a) When payment for sugarcane delivered to a producer-processor is made by actual delivery of sugar to the producer (colono) on the basis of a stated percentage of 96° raw sugar recoverable from the producer's sugarcane, such percentage shall be not less than 63, in the case of sugarcane yielding less than 12 percent of sugar, or not less than 65, in the case of sugarcane yielding 12 percent or more of sugar, of the recoverable sugar (packed in the customary bags) determined in accordance with the formula given below, and such recoverable sugar shall be calculated fortnightly or monthly, as may be agreed upon between the producer and the producer-processor:

$$R = (S - 0.3B) F$$

where:
R = Recoverable sugar yield, 96° polarization.
S = Polarization of the crusher juice obtained from the sugarcane of each producer.
B = "Brix" of the crusher juice obtained from the sugarcane of each producer.
F = Factor obtained from the fraction whose numerator is the average yield of sugar 96° polarization obtained from the aggregate grinding during each fortnight or month in which the cane of the producer is ground, and whose denominator is the average polarization of the crusher juice minus three-tenths of the Brix of the crusher juice, both components of the denominator being obtained from the aggregate grinding during the fortnight or month in which the cane of the producer has been ground:

Provided, however, That in the event a mill has been using the formula set forth below to calculate the sugar recoverable from the cane ground during the 1943–1944 crop year, such formula may be used to determine the recoverable sugar from the 1943–1944 crop of sugarcane:

$$R = FS$$

where:
R = Recoverable sugar, 96° polarization.
S = Polarization of the crusher juice obtained from the sugarcane of each producer, during each fortnight or month.
F = Fraction whose numerator is the average yield of sugar of 96° polarization obtained from the aggregate grinding during each fortnight or month in which the cane of the producer (colono) has been ground, and whose denominator is the average polarization of the crusher juice obtained from the aggregate grinding during the fortnight or month in which the cane of the producer (colono) has been ground:

Provided, further, That when, through the delivery of unripe or burnt cane, or through any other cause, the recoverable sugar determined in accordance with the aforesaid provisions amounts to nine pounds or less per 100 pounds of cane, or when sugarcane is delivered of the Japanese, Uba, Coimbatore, or other varieties of the Saccharum Spontaneum or Saccharum Sinense type, the payment shall be on the basis of rates not less than those provided in the 1942–43 cane grinding agreement between the producer-processor and the producer.

(b) When payment for sugarcane delivered to a producer-processor is made by actual delivery of sugar to the producer on the basis of an amount of 96° raw sugar equal to a stated percentage of the weight of the sugarcane received from the producer (commonly referred to as the "flat rate" basis), the applicable percentage for the computation of the quantity of sugar deliverable to the producer shall be not less than the product of the average number of pounds of sugar, 96° basis, recovered per 100 pounds of sugarcane during the current crop, month, or week (as may be agreed upon) at the mill where the sugarcane was ground and .63, in the case of sugarcane yielding less than 12 percent of sugar, or .65, in the case of sugarcane yielding 12 percent or more of sugar. The figure for the average number of pounds of sugar, 96° basis, recovered per 100 pounds of sugarcane shall be rounded to the nearest one-tenth of a pound. The product of such figure and .63 or .65 whichever is applicable, shall be rounded to the nearest one-hundredth of 1 percent. If payment is to be determined from the sugar recovery for the entire crop, as aforesaid, provisional liquidation shall be made fortnightly or monthly on such bases as may be agreed upon between the producer (colono) and the producer-processor.

(c) When settlement is made in cash, the money value of the sugar which would otherwise be delivered to the producer, as in (a) or (b) above (whichever is applicable), shall be determined on the basis of the average duty paid price for 96° sugar for the fortnight or month (or such other period as may be agreed upon between the producer and the producer-processor) during which the sugarcane is delivered to the producer-processor, converted to the equivalent f. o. b. mill price by deducting selling and delivery expenses actually incurred by the producer-processor: *Provided, however,* That the producer-processor shall adjust (or agree to adjust) the f. o. b. mill price, determined in the aforesaid manner, to give recognition to any reimbursement of selling and delivery expense made to the producer-processor by any government agency: *And provided, further,* That the producer-processor shall submit in duplicate to the San Juan office of the Agricultural Adjustment Agency a statement verified by a certified public accountant of the actual deductions incurred in determining the f. o. b. mill price.

(d) When payment is made by delivery of sugar, as in paragraph (a) or (b) of this section, the producer-processor shall (1) store and insure (or agree to store and insure) all such sugar until the end of the calendar year free of charge to the grower (except that the grower shall bear a proportionate share of any charges arising out of the necessity of utilizing outside storage facilities) and (2) share (or agree to share) with the producer, on a pro rata basis, all ocean shipping facilities available to the producer-processor.

(e) In addition to the foregoing, the following requirements shall be met:

(1) The producer-processor shall pay to the grocer a molasses bonus per ton of cane received, such bonus per ton of sugarcane to be the equivalent of (a) one-half of the net proceeds per gallon of blackstrap molasses of the 1943–44 crop in excess of 4¢ per gallon multiplied by (b) the average production of blackstrap molasses per ton of sugarcane of the 1943–44 crop.

(2) When sugarcane is delivered to a producer-processor in the name of a person other than the producer thereof (commonly referred to as "purchasing agent"), the producer-processor shall make payment to the producer of such sugarcane in accordance with the provisions of this determination.

(3) The producer-processor shall not, through any subterfuge or device whatsoever, reduce the returns from the 1943–1944 crop to Puerto Rican sugarcane to the producer below those determined above.

(Sec. 301, 50 Stat. 910; 7 U.S.C. 1131; 8 F.R. 3807; 8 F.R. 5423)

Issued this 27th day of March 1944.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S–509]

NOWELL LUMBER COMPANY, INC.

Nowell Lumber Company, Inc., of Cleveland, Mississippi, is engaged in the operation of a wholesale and retail lumber and building supply business. From

January 1, 1943, to April 15, 1943, the corporation sold and delivered new metal plumbing equipment, consisting of more than 50% metal by weight, in violation of General Limitation Order L–79. From October 1, 1942, to June 1, 1943, the corporation participated in the construction of certain residences without obtaining authorization from the War Production Board, and sold and delivered material for construction of the residences. The cost of each job was in excess of $200, which was the maximum amount permitted for this type of construction, in the absence of War Production Board authorization. These acts constituted a violation of Conservation Order L–41. In May, 1943, the corporation accepted orders for, and delivered, two attic fans or blowers without preference ratings although preference ratings were required by General Limitation Order L–280. These acts constituted a violation of General Limitation Order L–280. In August, 1943, the corporation ordered two carloads of restricted lumber, and extended ratings of AA–4 in connection with its order. The corporation was not authorized to extend preference ratings to the purchase of this lumber, but nevertheless did so and received the lumber. These acts constituted violations of Priorities Regulations 1 and 3. The corporation failed to keep and preserve accurate and complete records of its transactions. This constituted a violation of Priorities Regulation No. 1.

The corporation, through its president and other officers, was familiar with the provisions of the orders and regulations of the War Production Board which governed the operations of the corporation, and its conduct constituted wilful violations of General Limitation Order L–79, Conservation Order L–41, and Priorities Regulations No. 1 and No. 3. As the result of these violations scarce materials have been diverted from the war effort to uses not authorized by the War Production Board and the war effort of the United States has been hampered and impeded. In view of the foregoing, it is hereby ordered, that:

§ 1010.509 *Suspension Order No. S–509.* (a) Deliveries of material to Nowell Lumber Company, Inc., its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating orders, preference rating certificates, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation shall be made to Nowell Lumber Company, Inc., its successors or assigns, of any material, the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) The provisions of this order shall not apply to deliveries to Nowell Lumber Company, Inc., of material ordered by, or required to fill any order of, the Army, Navy, or Maritime Commission.

(d) Nothing contained in this order shall be deemed to relieve Nowell Lumber Company, Inc., its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(e) This order shall take effect on March 27, 1944, and shall expire June 27, 1944.

Issued this 21st day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 1, Direction 34, as Amended Mar. 28, 1944]

CLASS A FACILITIES NOT RELATED TO CONSTRUCTION

The following direction is issued pursuant to CMP Regulation 1:

(a) This direction tells how you may apply for priorities assistance to buy a Class A facility from the manufacturer of the facility where an allotment of controlled material is needed and where you cannot apply for priorities assistance under CMP Regulation No. 6—"Construction and Facilities". This Direction also tells you how to get priorities assistance and an allotment in order to build a Class A facility or a Class B facility for yourself.

(b) The term "facility" means any machinery or equipment which is generally carried as a capital item. Your local WPB office will tell you whether the facility you wish to buy is a Class A product and you should check with it if you have any doubt as to whether you should follow this procedure.

(c) This direction does not deal with the case where a Class A facility is to b bought from a distributor, or as a minor capital addition under paragraph (b) (3) of CMP Regulation No. 5 (or under similar provisions of other regulations or orders), or where the facility is a Class B product, since the purchaser does not take any part in getting allotments of controlled materials in these cases.

(d) If you want to buy a Class A facility under this direction and an allotment of controlled materials is needed for its manufacture, you should file an application for priorities assistance with your local WPB office. In most cases the application should be made on Form WPB–541 (formerly PD–1A), but there are special forms for special products which your local WPB office will explain. Before filing your application you should have the manufacturer from whom you intend to buy the facility fill out and sign a Form CMP–4A application for an allotment of the controlled materials needed to make the facility. In preparing the form only items 3, 4, 5, 6 and 7 and section B need be filled in. This form, together with one copy, should be filed along with your application.

(e) If your application is approved, the War Production Board will assign a rating for the purchase of the facility and will make an allotment on CMPL–150 of the controlled materials needed to make the facility. You will use the rating in placing your order for the Class A facility and will make an allotment on CMPL–150A to the manufacturer of the facility. The manufacturer may use the allotment and preference rating assigned for the production of the facility to buy controlled materials, Class A products, Class B products and other products and material needed as production material to make the facility. The manufacturer may not use the allotment or rating for any other purpose. The manufacturer must accept and fill your order, or reject it, as required by paragraph (p) of CMP Regulation No. 1 relating to the protection of production schedules for Class A products. If the manufacturer is compelled to reject the order under paragraph (p), you may place your order with any manufacturer whom you may select, and if he is in a position to accept the order under paragraph (p) you may, without further action by the War Production Board, make the allotment to him.

(f) If you need an allotment of controlled materials for a Class A facility which you will make for yourself and which you cannot apply for under CMP Regulation No. 6, you may follow the procedure outlined in this Direction just as though you were going to buy the facility from a manufacturer. In such a case you may use the allotment and preference rating assigned for the production of the facility to buy controlled materials, Class A products, Class B products and other products and material needed as production material to make the facility. If you need an allotment of controlled materials for a Class B facility which you will make for yourself, but which you are not in the business of making, you may follow the procedure in this direction in the same way as described for a Class A product. If you make the Class B facility in the normal course of your business, you must get the material by use of a CMP–4B application which you ordinarily file.

Issued this 28th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 3286—MISCELLANEOUS MINERALS[1]

[Conservation Order M–239 as Amended Mar. 28, 1944]

TALC

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of talc for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3286.56[1] *Conservation Order M–239*—(a) *Definitions.* For the purposes of this order:

(1) "Talc" means naturally occurring magnesium silicate, both crude and beneficiated.

(2) "Steatite talc" means naturally occurring magnesium silicate both crude and beneficiated, suitable for use in the manufacture of electrical insulators and containing not to exceed one and one-half per cent (1½%) lime (CaO), not to exceed one and one-half per cent (1½%) ferric oxide (Fe_2O_3), and not to exceed four per cent (4%) alumina (Al_2O_3).

(3) "Producer" means a person who mines talc.

(4) "Processor" means a person who mills, treats, or classifies talc or otherwise prepares or beneficiates talc for use by consumers.

(5) "Supplier" means a person who imports talc into the United States or who offers talc for sale to consumers.

(6) "Consumer" means a person who uses talc by incorporating it physically in a product he manufactures or who consumes talc in any other commercial or laboratory process.

(7) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control of, or under common control with, or available for the use of such person.

(8) "Minimum practicable working inventory" means:

(i) In the case of steatite talc for use in products and processes on List A, a twelve months' supply; and for use in all other products and processes, a six months' supply.

(ii) In the case of talc other than steatite and other than that which is known to have been mined in the State of New York, a six months' supply, regardless of use; in the case of talc other than steatite which is known to have been mined in the State of New York, a two months' supply, regardless of use.

(iii) In the case of steatite talc to be held by dealers or distributors, a three months' supply, based upon average monthly sales during the first nine months of 1942.

(b) *Grinding of talc.* No processor shall grind steatite talc to a grain size so small that it is rendered unusable for steatite insulators, unless he has received a firm order for the amount of steatite talc so to be ground, specifying such small grain size, which is to be delivered within 30 days of the date of such grinding.

(c) *Restrictions on sales or deliveries of talc.* No person after April 29, 1943, shall sell or deliver (including a delivery under toll agreement) talc to any person if he knows or has reason to believe such material is to be received or used in violation of the terms of this order.

(d) *Limitations of inventories*—(1) *Accumulation.* No supplier, other than a producer or a processor, and no consumer, shall accumulate an inventory of talc in the form of raw materials, semi-processed materials, finished parts, or sub-assemblies in quantities in excess of a minimum practicable working inventory.

(2) *Further receipts.* No supplier, other than a producer or a processor, and no consumer, who has an inventory in excess of a minimum practicable working inventory, shall receive any additional talc until his inventory thereof has been reduced below a minimum practicable working inventory.

(3) *Exception.* The foregoing limitations on inventories shall not apply to any supplier (including a dealer or distributor) whose current rate of sale of talc does not exceed five (5) tons per month, or to any consumer whose current rate of consumption of talc does not exceed one (1) ton per month, or to any consumer who customarily purchases talc in carload quantities: *Provided, however,* No such supplier or consumer shall receive any additional talc at any time his inventory of talc in the form of raw material exceeds 60 tons.

(e) *Reports.* (1) Each processor shall file Form WPB–2705 (formerly PD–862) with the War Production Board in accordance with the instructions printed on such form.

(2) Each consumer, except a consumer whose current rate of consumption of talc does not exceed three tons per month, shall file Form WPB–2604 (formerly Form PD–863) with the War Production Board in accordance with the instructions printed on such form.

(3) Each supplier (other than a producer) who customarily stocks the talc which he offers for sale shall file Form WPB–2705 with the War Production Board in accordance with the instructions printed on such form.

(4) The reporting requirements of this order have received the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(f) *Miscellaneous provisions*—(1) *Appeal.* Appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(2) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time. All releases of steatite mines which have been granted under Order M–239 prior to April 29, 1943, are hereby revoked. All steatite mines which have been so released prior to April 29, 1943, are subject to all provisions of this order.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Miscellaneous Minerals Division, Washington 25, D. C.; Ref: M–239.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 28th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

LIST A

USES OF STEATITE TALC FOR INVENTORY PURPOSES

1. Steatite insulators for use in communications, radio, radar, and underwater sound instruments.

2. Spark plugs being produced or purchased under specific contract, subcontract, or purchase order for delivery to or for the account of the Army, the Navy, or the Coast Guard of the United States, the United States Maritime Commission, the War Shipping Administration, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, or any foreign government pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), or being produced in accordance with Limitation Order L–158.

3. Steatite porcelain products used for electrical and heat insulating purposes. This item shall not be deemed to include refractories.

4. Electric light bulbs.

5. Filtering of foods, flavoring extracts, and medicines.

6. Medicinal preparations and health supplies, not including talcum powder or cosmetic preparations

7. Educational, testing, experimentation, and research uses by scientific laboratories.

PART 3293—CHEMICALS

[Allocation Order M–340 as Amended Mar. 28, 1944]

MISCELLANEOUS CHEMICALS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of the chemicals subject to this order for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3293.491 *Allocation Order M–340*—(a) *Definitions.* (1) "Subject chemical" means any chemical listed in Appendix A, as therein defined.

(2) "Producer" means any person engaged in the production of any subject chemical and includes a person who imports any subject chemical or has it produced for him pursuant to toll agreement.

(3) "Distributor" means any person who buys any subject chemical for the purpose of resale without further processing and without changing the form thereof.

(4) "Supplier" means a producer or distributor.

(b) *Restrictions on deliveries.* (1) On and after the applicable effective date stated in Appendix A, no supplier shall deliver a subject chemical to any

[1] Formerly Part 3092, § 3092.1.

person except as specifically authorized or directed in writing by War Production Board. No person shall accept delivery of a subject chemical which he knows or has reason to believe is delivered in violation of this order.

(2) Authorization or directions as to deliveries to be made by suppliers in each calendar month will generally be issued by War Production Board prior to the beginning of such month, but may be issued at any time. They will normally be issued on Form WPB–2947 (formerly PD–602) which is to be filed by the supplier with War Production Board as explained in paragraph (g) below.

(3) If a supplier is authorized or directed by War Production Board to deliver a subject chemical to any specific customer or group of customers, but is unable to make the delivery either because of receipt of notice of cancellation or otherwise, the subject chemical shall revert to inventory, and shall not be delivered, or used, without further instructions.

(c) *Exceptions for small deliveries.* (1) Specific authorization in writing of War Production Board is not required for delivery by any supplier to any person in any calendar month of a subject chemical in a quantity not exceeding the quantity stated in Column 3 of Appendix B.

(2) The aggregate quantity of a subject chemical which any supplier may deliver in any calendar month pursuant to paragraph (c) (1), shall not exceed:

(i) The quantity which he has been specifically authorized, upon application pursuant to Appendix D, to deliver on small orders; or

(ii) If he is a distributor, the quantity which he acquired upon certification that it was required to fill small orders or the quantity which he acquired himself on such a small order, or

(iii) If he is a distributor who customarily delivers exclusively on small orders, any quantity.

(d) *Exceptions for deliveries for other reasons.* Specific authorization in writing of War Production Board is not required for delivery of a subject chemical by any supplier to any other person for a purpose stated in Column 4 of Appendix B.

(e) *Restrictions on use.* (1) On and after the applicable effective date stated in Appendix A, no supplier shall use a subject chemical except as specifically authorized or directed in writing by War Production Board.

(2) Each person who with an order for a subject chemical furnishes a certificate required by paragraph (f) shall use the subject chemical delivered on such order only as specified on such certificate except as otherwise specifically authorized or directed in writing by War Production Board.

(3) War Production Board may from time to time issue directions with respect to the use or uses which may or may not be made of a subject chemical to be delivered to, or then in inventory of the prospective user.

(f) *Supplier to obtain from customer a certificate of use.* No supplier shall in any calendar month (beginning in the case of each subject chemical with the calendar month in which the order becomes effective as to that chemical as stated in Appendix A) deliver to any person a greater quantity of such subject chemical than is stated in Column 3 of Appendix B, unless he shall have received from such person a certificate as to the use for which such person is ordering such subject chemical. Such certificate must be received by the supplier not later than the 15th day of the month preceding the month in which delivery is to be made. It need not be filed with War Production Board. A supplier must not deliver a subject chemical where he knows or has reason to believe the purchaser's certificate is false, but in the absence of such knowledge or reason to believe, he may rely on the certificate.

(g) *Applications by suppliers for leave to deliver or use.* (1) Each supplier requiring authorization to make delivery of, or to use, a subject chemical during any calendar month shall file application on or before the 20th day of the preceding month. The application should be made on Form WPB–2947 (formerly PD–602) in the manner set forth in the general instructions appearing on that form, subject to the special instructions contained in Appendix D. If there is an inconsistency between the general and special instructions, the special instructions must be followed.

(2) War Production Board may issue to any supplier other and further directions with respect to preparing and filing Form WPB–2947 (formerly PD–602).

(h) *Miscellaneous provisions.*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of War Production Board, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington 25, D. C. Ref: M–340.

Issued this 28th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX A

Chemicals subject to this order. (1) "Acetaldol" means the chemical known by that name and by the names aldol, beta hydroxy butyric aldehyde oxybutanol, 3-hydroxy butanal.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(2) "ST–115" means the preparation known by that trade name, as defined and specified in Appendix to Regulation No. 3 (1942 Revision) of the Bureau of Internal Revenue.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(3) "Dehydrol-O" means the chemical known by that trade name as defined and specified in Appendix to Regulation No. 3 (1942 Revision) of the Bureau of Internal Revenue.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(4) "G. C.–78" means the chemical known by that trade name.

Effective date—August 1, 1943. Comes in the following grades: no grades.

(5) "By-product—phosphoric acid" means phosphoric acid obtained as a by-product in the manufacture of methyl methacrylate.

Effective date—September 1, 1943. Comes in the following grades: no grades.

(6) "Oxidized petrolatum" means high paraffinic petrolatum oxidized and processed to contain aliphatic ketones, and which is suitable for use as a base in the manufacture of rust preventive compounds or corrosion inhibitors meeting specification Nos. AXS–673, 52–C–18 and AN–C–52, such as those petrolatums known by the trade marks Par-Al-Ketone, Alox 707, Alox 701 and Alox 600.

Effective date—October 9, 1943. Comes in the following grades: no grades.

(7) "Vinsol" resin and "Truline" binder means the resins known by those registered trade marks or any similar resin obtained from the oleo-resin of pine wood and having the following properties:

Maximum solubility in petroleum naphtha 20%; complete solubility in lower alcohols; toluene insoluble 10 to 30 per cent; methoxy content 4 to 6 per cent; acid number 90 to 110; softening point (ASTM ball and ring method) 103° to 118° Centigrade.

Effective date—October 9, 1943. Comes in the following grades: no grades.

(8) [Deleted Mar. 27, 1944]

(9) [Deleted Mar. 27, 1944]

(10) [Deleted Oct. 22, 1943.]

(11) "DDT" means the chemical 2, 2-bis (para chlorophenyl) 1, 1, 1-tri-chloroethane, and is also known by the trade name "Neocid".

Effective date—January 1, 1944. Comes in the following grades: no grades.

(12) "Enamel wire naphtha" (also known as E. W. naphtha) means a mixture of aromatic solvents derived from coke oven light oil, drip oil or coal tar, distilling between 150 and 290° C., with at least 15 per cent distilling above 200° C., and containing 20 to 60 per cent monomeric polymerizable constituents of the cumorone-indene type. The term does not include aromatic material for the production of E. W. naphtha, or for the production of cumorone-indene resin, or for the production of other chemicals or intermediates, or for use as solvents in the crude state.

Effective date—February 1, 1944. Comes in the following grades: no grades.

(13) "Methyl Bromide" means the chemical CH_3Br.

Effective date—March 1, 1944. Comes in the following grades: no grades.

(14) "Precipitated calcium carbonate" means ultra fine particle calcium carbonate such as the chemical known as Kalvan, Witcarb R and Multifex.

Effective date—April 1, 1944. Comes in the following grades: no grades.

APPENDIX C—CUSTOMER'S CERTIFICATE OF INTENDED USE

The undersigned purchaser hereby certifies to War Production Board and to his supplier, pursuant to Order No. M–340, that the _____ (specify subject chemical) ordered for delivery in _____, 194_: Month will be used by him for the manufacture or preparation of the following product(s), and that such product(s), on the basis of order(s) filed with the undersigned, will be put to the following end use(s):

	Quantity	Primary product	End use
(A)			
(B)			

_____
Name of purchaser

By _____
Date Duly authorized official Title

Instructions for customer's certificate. (1) The certificate shall be signed by an authorized official of the purchaser, either manually or as provided in Priorities Regulation No. 7.

(2) Where a purchaser wishes to receive more than the exempted quantity of each of two or more subject chemicals, a separate certificate shall be obtained as to each.

(3) The purchaser will specify under "Primary product", the exact product or products in the manufacture or preparation of which the subject chemical will be used or incorporated. A distributor ordering the subject chemical for resale as such will specify "resale" or, if ordering exclusively for resale on exempt small orders, will specify "small orders of _____ or less" (specify quantity stated in Column 3 of Appendix B). If purchase is for inventory state "inventory."

(4) Under "End use", purchaser will specify the ultimate or end use to which the primary product will be put. He will also indicate whether civilian, Lend-Lease, other export or military, and if the product is for uses falling in two or more such categories, the percentage falling in each. Also, he will give contract numbers in the case of military use or Lend-Lease, and in the case of export, export license numbers. A distributor ordering the subject chemical for resale as such will leave blank the "End Use" column.

APPENDIX D—SPECIAL INSTRUCTIONS FOR SUPPLIER'S FORM WPB–2947 (FORMERLY PD–602)

(1) *Obtaining forms.* Copies of Form WPB–2947 (formerly Form PD–602) may be obtained at local field offices of the War Production Board.

(2) *Number of copies.* Prepare an original and three copies. File original and two copies with War Production Board, Chemicals Division, Washington 25, D. C., Ref.: M–340, retaining the third copy for your files. The original filed with the War Production Board shall be manually signed by a duly authorized official.

(3) *Separate set for each chemical.* Where the supplier's application relates to deliveries of two or more subject chemicals, he will file a separate set of Form WPB–2947 (formerly Form PD–602) for each.

(4) *Information at top of form.* In the heading, under "Name of Material", specify the subject chemical to which the Form WPB–2947 (formerly Form PD–602) relates; under "Grade", specify grade stated in Appendix A, or if no grade specified, leave blank; under "WPB Order No.", specify "M–340"; indicate month and year during which deliveries covered by the application are to be made; under "Unit of Measure", specify unit of measure stated in Column 2 to Appendix B; under name of company, specify your name and the address of the plant or warehouse from which shipment will be made.

(5) *Listing of customers.* In Column 1 (except for small orders as explained in (7) below) list the name of each customer from whom an order for delivery of the subject chemical during the applicable month has been received. If it is necessary to use more than one sheet to list customers, number each sheet in order and show the grand total on last sheet which is the only one that need be certified.

(6) *Primary product and end use.* In Column 1–a (except for small orders as explained in (7) below) specify the product or products in the manufacture or preparation of which the subject chemical will be used by your customer, the end use to which such product or products will be put, and military or Lend-Lease contract numbers, and export license numbers, all as indicated by the certificate obtained under paragraph (f) of this order. The quantity of the subject chemical used in the manufacture or preparation of each primary product for each product use shall be shown separately. If the subject chemical ordered by a customer is for two or more uses, indicate each use separately and indicate the quantity of the subject chemical ordered for each use.

(7) *Small orders.* The supplier need not list the name of any customer to whom he is to deliver in the applicable month a quantity of the subject chemical not exceeding the maximum quantity (indicated in Column 3 of Appendix B) which he is permitted to deliver to any one person in any calendar month without specific authorization. Also, in the case of any such delivery, he need not show the name of the product or the end use. Instead, he must write in Column 1 "Total small order deliveries (estimated)" and in Column 4, must specify the total estimated quantity of the subject chemical to be delivered on such orders.

(8) *Use by producers.* A producer requiring permission to use a part or all of his own production of the subject chemical shall list his own name as customer in Column 1 on Form WPB–2947 (formerly Form PD–602) specifying quantity required and product manufactured. Written approval of War Production Board on such Form WPB–2947 (formerly Form PD–602) shall constitute authority to the producer to use the subject chemical in the quantity and for the purposes indicated in such approved form.

(9) *Table II.* Each producer will report production, deliveries and stocks as required by Table II, Columns 9 to 16, inclusive. Distributors will fill out only Columns 10, 12 and 13. Producers and distributors will show in Column 8 Grade, as stated in Appendix A, or if no Grade is there specified, will leave Column 8 blank.

Dealer's allowance. (1) In the event that a person qualifies as a dealer as defined above, a consumer or consumers may pay such dealer, in addition to the producer's maximum price hereinbefore provided, a sum not in excess of $1.00 per cord on each cord of cordwood received. Any one consumer who is asked to pay a commission on less than 1,000 cords sold by a dealer may rely, in making such payments, on letters from other consumers to the dealer indicating that, at the time the commission is paid, the dealer has met the requirements of this paragraph.

(2) The maximum prices established under Table 4 of Appendix J can in no case be augmented by more than one dealer's allowance for each cord. In no event shall a person receive a dealer's allowance on the cut of another person pursuant to any contract, agreement or understanding of any sort whatsoever between the two, whereby each is to sell, and charge an allowance on the wood cut by the other. In addition to the price paid by the consumer a dealer may receive a dealer's allowance only from a consumer and only if the dealer fulfills all of the following requirements with respect to the transactions:

(1) Keep copies of all contracts in which a dealer's allowance is charged.

(2) The sale is made by the dealer to the consumer.

(3) The dealer guarantees the merchantable quality of the cordwood.

(4) The dealer's allowance in such transaction is shown as a separate item on the invoice. This invoice must contain a statement that the charges are not in excess of those established in this Maximum Price Regulation No. 348.

(5) The dealer's allowance is not split or divided with any other person.

(6) All pertinent provisions in this Maximum Price Regulation No. 348 are strictly complied with.

This amendment shall become effective March 27, 1944.

PART 1347—PAPER, PAPER PRODUCTS, RAW MATERIALS FOR PAPER AND PAPER PRODUCTS, PRINTING AND PUBLISHING

[MPR 344,[1] Amdt. 2]

NEW COTTON, LINEN AND UNDERWEAR CUTTINGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 344 is amended in the following respects:

1. Section 1347.751 (b) is amended to read as follows:

(b) This regulation shall not apply to sales or deliveries of unsorted or mixed new cotton, linen or underwear cuttings, to a purchaser other than a consumer. In connection with every such sale, however, the purchaser must warrant in writing to the seller that he will not use the material as a consumer thereof; these warranties must be kept in the seller's records in the manner provided in § 1347.757 of this regulation. Where unsorted or mixed new cotton, linen or underwear cuttings are sold to a consumer, the maximum price shall not exceed the lowest maximum price prescribed by this regulation for any grade contained in the assortment. No new cotton, linen or underwear cuttings which conform with the specifications of any grade listed in Appendix A shall be considered to be unsorted, or mixed.

2. Section 1347.763 (2) is amended to read as follows:

(2) "New cotton, linen and underwear cuttings" include all kinds and grades of new cotton, linen and underwear cuttings, and new linen thread waste, regardless of the use for which they are sold, excepting, however, pound goods and similar materials when sold for reuse as new textiles, and excepting also cotton hooked rug materials sorted in accordance with the provisions of Maximum Price Regulation No. 504[2] for which maximum prices are established by that regulation.

3. The text of Appendix A, paragraph (a) preceding subparagraph (1) is amended to read as follows:

(a) The respective maximum prices set forth below are established for the listed grades of new cotton, linen, and underwear cuttings. These maximum prices are per pound, delivered to buyer's usual receiving point; in the case of sales for the account of the Lend-Lease Administration, delivery shall be to the point specified by the Lend-Lease Administration. In the case of sales to persons other than consumers, these maximum prices are per pound, delivered to the buyer's plant or to the consumer's mill. All grades as defined herein must be clean, dry, and free of rubber, leather, slasher, wool, silk and rayon rags, wood, paper, muse, pasted stock, paint, acetate, grease, oil, paraffine, latex, or other waterproofed materials and other foreign materials, unless otherwise specified. Tare weight in excess of 3% must be deducted from the weight of the bale in computing the maximum price for the bale.

4. Appendix A (a) (6), (7), (13), (27), (29), and (37) are amended and subparagraphs (92) to (98) inclusive are added as follows:

Grades	Maximum delivered prices in cents per pound
(6) No. 2 White Shirt Cuttings, white shirt cuttings which may include starched or loaded materials, colored threads, stringy or soiled materials and must be free of lawns, shrunk materials or wiggin	5.75
(7) No. 2 White Headings, the same material as No. 1 White Headings but may include starched or loaded materials, colored threads, stringy or soiled materials and must be free of lawns, shrunk materials or wiggin	5.75

5. Appendix A (c) is amended to read as follows:

(c) *Special packing, packaging or services.* There may not be added to any maximum price established herein any additional amount or differential for any special packing, packaging or services. Revised Supplementary Order No. 34, Packing Expenses on Sales to Procurement Agencies shall not apply to this Maximum Price Regulation No. 344.

6. Appendix A (d) (1) (ii), (iv), and (vi) are amended to read as follows:

(ii) The broker must have taken title to the material and have sold it and passed the title thereto to the consumer. The materials must have been commercially sorted and baled by a person other than the broker. Where the material has been sorted and baled both by the broker and another person, the broker may charge an allowance only with respect to the tonnage of cuttings sorted and baled by such other person.

* * * * * * *

(iv) The broker's allowance must be shown as a separate item in the billing or invoice. The billing or invoice shall contain a statement that the material was re-sorted and repacked after leaving the factory and that the material was not packed by the broker.

* * * * * * *

(vi) Brokerage may not be accepted or paid on new cotton, linen or underwear cuttings which are delivered to the consumer without sorting or repacking, in the original factory or government packing, regardless of how many persons are involved in the transaction.

This amendment shall become effective April 3, 1944.

PART 1349—ELECTRICAL GENERATION, TRANSMISSION, CONVERSION AND DISTRIBUTION APPARATUS

[RPS 82,[1] Amdt. 8]

WIRE, CABLE AND CABLE ACCESSORIES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Price Schedule 82 is amended in the following respects:

1. Section 1349.17, Appendix A, is amended by adding a new paragraph (d) to read as follows:

(d) *Maximum prices of armored cable.* The maximum prices for the sale by the manufacturer of armored cable, also known as BX cable and described in subparagraph (15) of § 1349.12, shall be the prices set forth in the following schedule. These prices shall be subject to the same discounts (including the standard 5% cash discount) and other conditions of sale which were in effect on October 15, 1941. The zones set forth in the Schedule are the standard geographic shipping zones uniformly recognized in the industry.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 364,[1] Amdt. 13]

CANADIAN LAKE FROZEN FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 364 is amended in the following respects:

1. Section 3 (e) is amended by inserting before the last sentence the following sentence:

For Canadian lake fish covered in Schedules Nos. 70–77, inclusive, there may be added the actual transportation cost (excluding local trucking, hauling and handling charges) from the point of shipment in Canada to the destination point in the United States but in no event more than the carload rail rate for frozen fish from the City of Winnipeg in the Province of Manitoba, Canada, to the destination point in the United States.

2. In section 12 after the definition of "Cellophane wrapped" the following two definitions are inserted:

"Center cut" or "Cut—center" means a cross section cut (not a head cut or tail cut) from the middle portion of and not exceeding ⅓ the length of the dressed fish.

"Chunk" or "Cut" means a cross section cut from the dressed fish not exceeding in thickness ⅓ the length thereof.

3. In section 12 the definition of "Dressed" is amended to read as follows:

"Dressed" means fish from which the head and viscera have been removed or any portion of such fish not otherwise designated.

4. In section 12 after the definition of "Gutted" the following definition is inserted:

"Head cut" or "Cut-head" means a cross section cut from the head end of the dressed fish.

5. In section 12 the definition of "Steak" is amended to read as follows:

"Steak" or "Slice" means a cross section not exceeding in thickness its largest diameter or 4 inches whichever is smaller cut from the dressed fish after the tail, fins and collar bone (nape bone) have been removed.

6. In section 12 after the definition of "steak" the following definition is inserted:

"Tail cut" or "Cut-tail" means a cross section cut from the tail end of the dressed fish.

7. In the table of base prices in section 14, Schedules Nos. 70–77 inclusive, are added to read as follows:

Schedule No.	Name	Item No.	Style of dressing	Size	Price per pound January through December
70	Whitefish—Canadian (Coregonus clupeiformis)[2 7 8]	1	Round or gutted	Under 4#	$0.15

		3	Fillets	All sizes	.23
77	Yellow Perch—Canadian (Perca) (flavescens).[2 7 8]	1	Round	All sizes	.09½

8. Footnote 6 is added to the table of prices in section 14 to read as follows:

[6] These prices apply to this species caught or landed in Canada except that they do not apply to fish caught in Lake Superior, Lake Huron, Lake Ontario or Lake Erie.

9. Footnote 7 is added to the table of prices in section 14 to read as follows:

[7] To these prices may be added duty. Any person who processes this species may add to his selling price an amount which will recover the full amount of duty which he paid for the particular lot of fish involved in the processing.

10. Footnote 8 is added to the table of prices in section 14 to read as follows:

[8] All fish of this species frozen before April 3, 1944 may be sold at the maximum prices fixed by the General Maximum Price Regulation until April 18, 1944.

This amendment shall become effective April 3, 1944.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 418,[1] Amdt. 28]

CANADIAN LAKE FRESH FISH AND SEAFOOD

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 418 is amended in the following respects:

1. Section 7 (a) preceding the example is amended to read as follows:

(a) *When a wholesaler may add his transportation cost to the listed prices.* Any wholesaler in the United States buying fresh fish or seafood from another wholesaler in the United States may add to the price fixed in section 20 for such fish or seafood his actual transportation cost (excluding local trucking, hauling and handling charges) from the seller's shipping point to such wholesaler's receiving point, but only when he records the transportation cost in an invoice to the customer purchasing the fish or seafood. A purchasing wholesaler or subsequent wholesalers of that fish or seafood may pass on such transportation cost as part of the maximum selling price, but only if they in turn record it on an invoice to their customers. In no case may the added transportation cost exceed the common carrier rate from the shipping point to the wholesaler's receiving point. Where a wholesaler has a branch warehouse located at a remote point from his principal place of business as well as at a remote point from the nearest domestic port producing the greatest volume of a particular species and such wholesaler ships fresh fish or seafood of such species from his principal place of business to the branch warehouse, such branch warehouse may for the purpose of transportation allowance be considered a wholesaler who purchases fish and seafood from another wholesaler.

2. Section 7 (b), (c) and (d) are inserted preceding the example to read as follows:

(b) *Service and delivery sales.* When a service and delivery wholesaler delivers by means other than a common carrier to an individual retail store or purveyor of meals located at a distance of more than 25 air miles from the point of shipment, he may add to his maximum price the appropriate charge listed below.

Distance:	*Allowance in cents per pound*
26 to 75 miles	½
76 to 150 miles	¾
151 to 250 miles	1
Over 250 miles	1¼

(c) *Transportation allowance for imported fish.* Any importer or agent of a foreign consignor of fresh fish or seafood may add as a transportation allowance to the appropriate table price the lowest amount determined on the following three bases:

(1) The actual cost of transportation (exclusive of local trucking hauling and handling charges) from the seller's shipping point to the importer's receiving point;

(2) The actual cost of transportation (exclusive of local trucking, hauling and handling charges) to the importer's receiving point from the point at which the fresh fish or seafood entered the United States or the carload rail rate for fresh fish or seafood from the point in the United States nearest the foreign shipper's shipping point whichever is designated by the seller.

(3) The actual cost of transportation (exclusive of local trucking, hauling and handling charges) to the importer's receiving point from the nearest domestic port where the greatest volume of that species is landed.

In determining the transportation allowance common carrier rates shall be used, and the importer may add the allowance only when he records it on an invoice to the customer purchasing the fish or seafood designating which of the three bases he is using. A purchasing wholesaler or subsequent wholesalers of that fish or seafood may pass on such transportation allowance, but only if they in turn record it in an invoice to their customers. This paragraph (c) does not apply to Canadian lake fish listed in Schedules 51–60.

(d) *Canadian lake fish.* Any importer or agent of a foreign consignor of fish covered in Schedules 51–60 inclusive may add the actual transportation cost (excluding local trucking, hauling and handling charges) from the point of shipment to the receiving point in the United States, but in no event more than carload rail rate from the City of Winnipeg in the Province of Manitoba, Canada, to such receiving point. He may add such transportation cost only if he records it on an invoice to the customer purchasing the fish or seafood. A purchasing wholesaler or subsequent wholesalers of such fish or seafood may pass on such transportation cost, but only if they in turn record it in an invoice to their customers.

3. The designation of section 7 (b) following the example is changed to read 7 (e).

4. Section 8 is amended to read as follows:

SEC. 8. *Imported fresh fish and seafood.* (a) The maximum prices at which a wholesaler, including any agent of a foreign shipper, may sell any fresh fish and seafood listed in the regulation shall be the prices listed in Table B, C, D, or E, depending on the type of sale involved, plus the container prices provided in section 19 when containers are used, plus transportation as provided in section 7. The provisions of this paragraph are modified in the case of Canadian lake fish by the footnotes 32 and 33 applicable to Schedules 51–60.

Name	Item No.	Style of dressing	Size	Price per pound (Jan. through Dec.)
1. Whitefish—Canadian (Coregonus clupeiformis).	1	Round or gutted	Under 4 pounds	$0.16

5. Section 11 (b) is deleted.

6. In section 18 after the definition of "Cellophane wrapped" the following definition is inserted:

"Center cut" or "Cut—center" means a cross section cut (not a head cut or tail cut) from the middle portion of and not exceeding ⅓ the length of the dressed fish.

7. In section 18 the definition of "Dressed" is amended to read as follows:

"Dressed" means fish from which the head and viscera have been removed or any portion of such fish not otherwise designated.

8. In section 18 after the definition of "Gutted" the following definition is inserted:

"Head cut" or "Cut—head" means a cross section cut from the head end of the dressed fish.

9. In section 18 after the definition of "Seine caught" the following definition is inserted:

"Steak" or "Slice" means a cross section cut from the dressed fish after the tail, fins and collar bone (nape bone) have been removed which does not exceed in thickness its largest diameter or 4 inches, whichever is smaller.

10. In section 18 after the definition of "Steak" the following definition is inserted:

"Tail cut" or "Cut—tail" means a cross section cut from the tail end of the dressed fish.

11. In section 20, Table B is amended by deleting Schedule No. 58 and amending Schedules Nos. 51 to 57 inclusive and Schedules Nos. 59 and 60 to read as follows:

PART 1416—COAL TAR

[RMPR 192,[1] Amdt. 1]

IMPORTED TAR ACIDS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 192 is amended in the following respects:

1. The following new definitions are added at the end of section 9 (a):

"Crude acids" mean crude or distilled crude coal tar acids imported from the United Kingdom and which cannot be used by an industrial consumer without further processing.

"Redistilled acids" mean coal tar acids processed by a domestic distiller from imported crude acids and which may be utilized by an industrial consumer.

"Distiller" means a person who purchases crude acids from the Defense Supplies Corporation, redistills same, and sells the resulting redistilled acids to industrial consumers.

2. Appendix C is added as follows:

APPENDIX C—MAXIMUM PRICES FOR CRUDE AND REDISTILLED ACIDS

(a) *Sales by Defense Supplies Corporation to a distiller.* Maximum prices for sales by Defense Supplies Corporation of crude acids shall be the sum of the items listed below, ex dock, port of entry:

(1) Net amount paid for crude acids naked, ex works, not to be computed at a price in excess of the maximum price applicable to such payment under Statutory Rules and Orders 1942 No. 2509 (Coal Tar Products Prices Order of the British Minister of Fuel and Power).

(2) War risk insurance at rates no greater than whichever of the following rates is applicable:

(i) If purchased by Defense Supplies Corporation, c. i. f. a port in the continental United States, the actual sums incurred for such insurance by the supplier.

(ii) If the risks are borne by Defense Supplies Corporation, rates no higher than those established by the War Shipping Administration.

(3) The following items of cost insofar as actually incurred by Defense Supplies Corporation prior to sale by that corporation, in no case in excess of a reasonable amount:

(i) Commission, not in excess of 5 per cent of the item set forth in paragraph (a) (1) of this Appendix C, paid to exporters or brokers in the United Kingdom, to the extent that such commission does not inure directly or indirectly to the benefit of Defense Supplies Corporation;

(ii) Filling charges in United Kingdom;

(iii) Transportation charges in United Kingdom, including all cartage, loading, and insurance charges incurred in connection with such transportation:

(iv) U. S. consular fees;

(v) Containers;

(vi) Ocean freight;

(vii) Marine insurance;

(viii) Entry charges;

(ix) Leakage loss actually borne by Defense Supplies Corporation, to be computed percentagewise upon the basis of the cost to Defense Supplies Corporation, ex dock, United States port of entry; of the particular shipment with respect to which such loss is claimed;

(x) Demurrage on pier;

(xi) Transportation charges in the United States, including all cartage and insurance charges incurred in connection with such transportation;

(xii) Storage charges, including warehouse insurance.

(4) A mark-up not to exceed $.01 per U. S. gallon.

(b) *Sales of redistilled acids.* The maximum price f. o. b. distiller's plant for sales of redistilled acids shall be the sum of items (1), (2) and (3) below divided by the number of gallons (or other unit of measure) of redistilled acids derived from the particular lot of crude acids involved.

(1) Net cost of the particular lot of crude acids from which the redistilled acids priced hereunder are derived. Said cost shall be the sum of:

(i) Total amount paid to Defense Supplies Corporation for the particular lot of crude acids, not to exceed the product of the per gallon price established under paragraph (a) of this Appendix C and the quantity redistilled;

(ii) Transportation charges in the United States from dock or storage point to distiller's plant, including all cartage and insurance charges in connection therewith, actually paid by the distiller;

(iii) Actual storage charges paid by distiller.

(2) Processing charges (not including the extraordinary processing charges referred to in paragraph (c) of this appendix) which under recognized accounting methods may be allocated to the particular lot of crude acids redistilled.

(i) Direct costs:

(*a*) Labor.

(*b*) Steam.

(*c*) Water.

(*d*) Electricity.

(*e*) Miscellaneous.

(ii) Indirect costs:

(*a*) Depreciation.

(*b*) Insurance—property.

(*c*) Taxes—real estate and personal property.

(*d*) Maintenance.

(*e*) General plant operating expenses.

(3) Administrative and selling expenses and profit (equal to 15 percent of dollar volume of sales) calculated by dividing the sum of items (b) (1) and (b) (2) above by 85 and multiplying the quotient by 100.

(c) *Special sales of redistilled acids.* In the event a distiller subjects a portion of the redistilled acids derived from a particular lot of crude acids to further processing, in accordance with War Production Board directives, he may apply to the Chemicals and Drugs Branch, Office of Price Administration, Washington, D. C., for the establishment of a maximum price for the acids so produced. After receipt of said application and satisfactory proof of the additional production costs involved, the Administrator will issue an order establishing maximum prices for such sales.

(d) *Invoice requirement.* Prior to receipt of payment on each sale of redistilled acid subject to the maximum prices established by this Appendix C, the distiller shall furnish to the buyer and to the Chemicals and Drugs Branch, Office of Price Administration, Washington, D. C., an invoice (or a copy thereof) showing the cost of the crude acids, the aggregate processing charges and the maximum price.

The maximum price specified in said invoice shall be subject to review and adjustment by the Administrator in accordance with the requirements of this Appendix C, and in the event any adjustment is made therein, the distiller shall make refund to the buyer accordingly. The Administrator will notify the seller within 20 days of the receipt of the invoice if any adjustment is contemplated. Otherwise, the maximum price reported shall stand approved.

This invoice requirement does not apply to sales or deliveries of acids the maximum price for which is established by order under paragraph (c) of this appendix.

This amendment shall become effective April 3, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1420—BREWERY, DISTILLERY, AND WINERY PRODUCTS

[MPR 289, as Amended,[1] Amdt. 4]

DOMESTIC MALT BEVERAGES

A statement of the considerations involved in the issuance of this amendment has been filed simultaneously herewith and has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 289, as amended, is amended in the following respects:

1. Section 1420.55 (b) is amended by adding at the end thereof a phrase to read as follows: "except in accordance with paragraph (d) of this section."

2. Section 1420.55 (d) is amended to read as follows:

(d) As to the total specific increase in Federal excise tax on domestic malt beverages of $2.00 per barrel ($1.00 increase effective November 1, 1942, and $1.00 increase effective April 1, 1944), the method by which such tax increase may be added to the seller's maximum price is provided in § 1420.66. A seller at retail of domestic malt beverages "to be sold on draught" may add the tax increase to his maximum price in accordance with the method provided in § 1420.66 (b) (2).

3. Section 1420.63 is amended to read as follows:

§ 1420.63 *Notification of adjustment by manufacturers and wholesalers*—(a) *Where the manufacturer established maximum prices based on his highest price during October 1 to 15, 1941, plus material cost increase of 50 cents per barrel and excise tax increase of $1.00 per barrel.* Each brewer who adjusts his maximum price in accordance with § 1420.66 (c) (1) shall furnish to each wholesaler and retailer to whom he sells and each wholesaler shall furnish to each retailer to whom he sells, before or at the time of his first delivery to such purchaser at the adjusted price, a written statement as follows:

The Office of Price Administration has authorized us to establish a new maximum price on domestic malt beverages to include the additional excise tax on such beverages provided by the Revenue Act of 1944, effective April 1, 1944. Our former maximum price was based on the highest price charged each wholesaler or purchaser during the period October 1 to 15, 1941, inclusive, plus an increase for material cost advances of 50 cents per barrel and for a previous excise tax increase of $1.00 per barrel.

Your new OPA ceiling price for each size of the domestic malt beverages listed below is either the highest price charged by you to each class of purchasers during the period October 1 to 15, 1941, inclusive, plus the permitted increase in Table 1 or your highest March 1942 price as determined under the provisions of the General Maximum Price Regulation plus the permitted increase in Table 2.

The Office of Price Administration requires that you keep this notice for examination.

(Table 1 and Table 2 should be quoted in full or the appropriate figures from both tables pertaining to the particular transaction must be made a part of this written statement.)

(b) *Where the manufacturer established maximum prices based on his highest price in March 1942 plus excise tax increase of $1.00 per barrel only.* Each brewer who adjusts his maximum price in accordance with § 1420.66 (c) (2) shall furnish to each wholesaler and retailer to whom he sells and each wholesaler shall furnish to each retailer to whom he sells, before or at the time of his first delivery to such purchaser at the adjusted price, a written statement as follows:

The Office of Price Administration has authorized us to establish a new maximum price on domestic malt beverages to include the additional excise tax on such beverages provided by the Revenue Act of 1944, effective April 1, 1944. Our former maximum price was based on the highest price charged each wholesaler or purchaser during March 1942 plus $1.00 per barrel for a previous excise tax increase.

Your new OPA ceiling price for each size of the domestic malt beverages listed below is either the highest price charged by you to each class of purchasers during the period October 1 to 15, 1941, inclusive, plus the permitted increase in Table 1, or your highest March 1942 price as determined under the provisions of the General Maximum Price Regulation plus the permitted increase in Table 2.

The Office of Price Administration requires that you keep this notice for examination.

(Table 1 and Table 2 should be quoted in full or the appropriate figures from both tables pertaining to the particular transaction must be made a part of this written statement.)

c. *Tables:*

TABLE 1

NOTE: You may add the permitted increases shown in this table to your October 1 to 15, 1941, selling prices. Do not add these amounts to your March 1942 ceiling prices.

	8 oz. bottles	Case of 48 bottles	19 cents	½ cent.
	7 oz. bottles	Case of 48 bottles	17 cents	¾ cent.

All permitted increases resulting in a fractional cent shall be raised to the next higher cent if the fraction is ½ cent or more; but if the fraction is less than ½ cent the retailer may not add it to his price.

(d) On any written notification required under this section the seller is directed to list only those portions of tables 1 and 2 which apply to the size and brands handled by him.

(e) No further notice to any particular buyer shall be required after the first notification to such buyer as to the seller's adjusted maximum price computed under § 1420.66 hereof unless such maximum price is further adjusted in accordance with the provisions under § 1420.55 for any new state tax imposed after the effective date of this regulation.

4. Section 1420.66 (b) (2) is amended to read as follows:

(2) The maximum prices which a retailer may charge for any domestic malt beverage "to be sold on draught" in a container holding 8 ounces or more shall be the maximum price established by such retailer under the pricing provisions of the General Maximum Price Regulation plus one cent. With respect to sales in a container holding less than 8 ounces, no increase may be made under § 1420.55 or under this section in the retailer's maximum price established by him under the General Maximum Price Regulation.

5. Section 1420.66 (c) is amended to read as follows:

*Copies may be obtained from the Office of Price Administration.

PART 1442—CORDAGE

[MPR 340,[1] Amdt. 2]

JUTE AND ISTLE YARN, ROVE AND ROPE

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 340 is amended in the following respects:

1. Section 2 (a) is amended to read as follows:

(a) *What products are covered by this regulation*—(1) *No. I jute yarn or rove sold for manufacture into rope or into jute centers for wire rope.* "No. I jute yarn or rove" means yarn or rove which is to be used in the manufacture of rope or jute centers for wire rope and which is spun from a raw jute fiber mix having a weighted average cost per pound (without regard to in-freight, cost of oils or emulsions, or loss of weight in processing) of not less than $.1065. This cost shall be determined by the use of Defense Supplies Corporation's raw jute fiber prices in effect at the time of the manufacture of the yarn or rove.

(2) *No. II jute and istle yarn or rove sold for manufacture into rope.* "No. II jute and istle yarn or rove" means yarn or rove which is to be used in the manufacture of rope and which is spun from a raw fiber mix composed of jute or istle or any combination of jute and istle fiber. If the mix contains jute, the raw jute fiber used shall have a weighted average cost per pound (without regard to in-freight, cost of oils or emulsions, or loss of weight in processing) of not less than $.0935. This cost shall be determined by the use of Defense Supplies Corporation's raw jute fiber prices in effect at the time of the manufacture of the yarn or rove.

(3) *Other yarn and rove.* All other yarn and rove spun entirely from jute fiber, including yarn and rove sold for further processing into twine but not including yarn and rove sold for use as twine.

(4) *No. I jute rope.* "No. I jute rope" means rope manufactured from No. I jute yarn or rove, as defined in paragraph (a) (1), above.

(5) *No. II jute and istle rope.* "No. II jute and istle rope" means rope manufactured from No. II jute and istle yarn or rove, as defined in paragraph (a) (2), above.

(6) *No. I jute centers for wire rope.* "No. I jute centers for wire rope" means wire rope centers manufactured from No. I jute yarn or rove, as defined in paragraph (a) (1), above.

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 2994, 4347.

2. Section 2 (b) (1) is amended to read as follows:

(1) *Yarn and rove.* This regulation covers all sales of the yarn and rove described in section 2 (a).

3. Section 2 (b) (3) is added to read as follows:

(3) *No. I jute centers for wire rope.* This regulation covers all sales of No. I jute centers for wire rope.

4. Section 3 is amended to read as follows:

SEC. 3. *Maximum prices for jute and istle yarn and rove and No. I jute centers for wire rope.* (a) The maximum prices for jute and istle yarn and rove sold for manufacture into rope or into No. I jute centers for wire rope are enumerated in Appendix B to this regulation.

(b) The maximum prices for jute fuse yarn are enumerated in Appendix C to this regulation.

(c) The maximum prices for the other jute yarn and rove described in section 2 (a) (3) are enumerated in Appendix D to this regulation.

(d) The maximum prices for No. I jute centers for wire rope are enumerated in Appendix E to this regulation.

5. Section 4 (e) is added to read as follows:

(e) *Premium for cut-lengths.* A premium of 1¢ per pound may be added to the prices established by paragraphs (a) and (b) of this section for sales and deliveries of rope in cut-lengths of less than 540 feet.

6. Section 4 (f) is added to read as follows:

(f) *Shipments of less than 100 pounds.* In the case of a sale of rope for shipment in a quantity of less than 100 pounds, the maximum prices established in paragraphs (a) and (b) of this section shall apply f. o. b. the seller's shipping point rather than delivered to buyer's destination.

7. Section 14 is added to read as follows:

SEC. 14. *Invoices.* Every seller shall, with respect to every delivery of a commodity for which a maximum price is established by this regulation, deliver to the purchaser an invoice or other document showing, in addition to the information required by any other provision of this regulation, (a) the name and address of the seller and the purchaser, (b) the quantity, selling price and an identification of each different item delivered, including, in the case of yarn or rove covered by Appendix D, a description of any special processes for which price differentials are provided by paragraph (b) of the Appendix.

8. Appendix B is added to read as follows:

APPENDIX B—MAXIMUM PRICES FOR JUTE AND ISTLE YARN AND ROVE SOLD FOR MANUFACTURE INTO ROPE OR INTO NO. I JUTE CENTERS FOR WIRE ROPE

(a) *No. I Jute yarn and rove.* The maximum prices for No. I jute yarn and rove, as defined in section 2 (a) (1), are:

PRICES PER POUND, F. O. B. SPINNER'S MILL, NET CASH 30 DAYS

Size	*Cents*
4 pounds per spyndle	34¾
5 pounds per spyndle	31⅛
6 pounds per spyndle	29
7 pounds per spyndle	27½
8 pounds per spyndle	24¾
9 pounds per spyndle	23¾
10 pounds per spyndle	22
11 pounds per spyndle	21½
12 pounds per spyndle	19¾
13 pounds per spyndle	19½
14 to 16 pounds per spyndle	19
17 to 19 pounds per spyndle	18¾
20 to 49 pounds per spyndle	18½
50 to 99 pounds per spyndle	17½
100 pounds per spyndle or heavier	17¼

"Pounds per spyndle" means the weight, in pounds, of 14,400 yards of single yarn or rove.

The maximum price for a fractional size falling between two of the sizes listed above shall be the maximum price for the nearest size listed. Where the fractional size is midway between the two nearest sizes, the maximum price shall be that for the finer size.

(b) *No. II yarn or rove.* The maximum prices for No. II jute and istle yarn or rove, as defined in section 2 (a) (2), are the prices enumerated in paragraph (a) of this Appendix B for No. I jute yarn and rove less 1¼ cents per pound.

(c) *Put-ups.* The maximum prices established by paragraphs (a) and (b) of this Appendix B are for gross shipping weight, if the yarn or rove is put up on paper tubes, and are for gross shipping weight minus the weight of the tubes if put up on permanent tubes. A reasonable charge may be made by the seller for permanent tubes furnished by him, provided that he agrees to refund the amount charged upon return of the tubes in usable condition. Such charge for permanent tubes shall be separately stated on the invoice or other document delivered to the purchaser.

(d) *Sales on a delivered basis.* A delivered price in excess of the applicable maximum price f. o. b. spinner's mill may be charged, consisting of such maximum price plus the actual amount paid to the carrier, if delivery is made by common carrier, or, if delivery is made by a vehicle owned or controlled by the seller, an amount not to exceed the lowest available commercial carrier rate for the identical shipment. Such delivery charge shall be separately stated on the invoice or other document delivered to the purchaser.

9. Appendix C is added to read as follows:

APPENDIX C—MAXIMUM PRICES FOR JUTE FUSE YARN

(a) The maximum prices for jute fuse yarn are:

PRICES PER POUND, F. O. B. SPINNER'S MILL, NET CASH 30 DAYS

Size	*Cents*
8 pounds per spyndle	26½
9 pounds per spyndle	25½
10 pounds per spyndle	23¾
11 pounds per spyndle	23¼
12 pounds per spyndle	21½
13 pounds per spyndle	21¼
14 pounds per spyndle	20¾
15 pounds per spyndle	20¾
16 pounds per spyndle	20¾
17 pounds per spyndle	20½
18 pounds per spyndle	20½

"Pounds per spyndle" means the weight, in pounds, of 14,400 yards of single yarn or rove.

The maximum price for any size of jute fuse yarn for which a price is not specifically listed above shall be the maximum price for the nearest size listed. Where the unlisted size is midway between the two nearest sizes, the maximum price shall be that for the finer size.

(b) *Put-ups.* The maximum prices established by paragraph (a) of this Appendix C are for gross shipping weight, if the yarn is put up on paper tubes, and are for gross shipping weight minus the weight of the tubes, if put up on permanent tubes. A reasonable charge may be made by the seller for permanent tubes furnished by him, provided that he agrees to refund the amount charged upon return of the tubes in usable condition. Such charge for permanent tubes shall be separately stated on the invoice or other document delivered to the purchaser.

(c) *Sales on a delivered basis.* A delivered price in excess of the applicable maximum price f. o. b. spinner's mill may be charged, consisting of such maximum price plus the actual amount paid to the carrier, if delivery is made by common carrier, or, if delivery is made by a vehicle owned or controlled by the seller, an amount not to exceed the lowest available commercial carrier rate for the identical shipment. Such delivery charge shall be separately stated on the invoice or other document delivered to the purchaser.

10. Appendix D is added to read as follows:

APPENDIX D—MAXIMUM PRICES FOR OTHER JUTE YARN AND ROVE

(a) The maximum prices for the jute yarn and rove described in section 2 (a) (3), except jute fuse yarns, are:

PRICES PER POUND, NET CASH 30 DAYS

Size	*Cents*
4 pounds per spyndle	35⅛
5 pounds per spyndle	32
6 pounds per spyndle	29½
7 pounds per spyndle	28
8 pounds per spyndle	25¼
9 pounds per spyndle	24¼
10 pounds per spyndle	22½
11 pounds per spyndle	22
12 pounds per spyndle	20¼
13 pounds per spyndle	20
14 to 16 pounds per spyndle	19½
17 to 19 pounds per spyndle	19¼
20 to 49 pounds per spyndle	19
50 to 99 pounds per spyndle	18
100 pounds per spyndle and heavier	17¾

"Pounds per spyndle" means the weight, in pounds, of 14,400 yards of single yarn or rove.

The maximum price for a fractional size falling between two of the sizes listed above shall be the maximum price for the nearest size listed. Where the fractional size is midway between the two nearest sizes, the maximum price shall be that for the finer size.

The above maximum prices are for gross shipping weight, if the yarn or rove is put up on paper tubes, and are for gross shipping weight minus the weight of the tubes, if put up on permanent tubes. A reasonable charge may be made by the seller for permanent tubes furnished by him, provided that he agrees to refund the amount charged upon return of the tubes in usable condition. Such charge for permanent tubes shall be separately stated on the invoice or other document delivered to the purchaser.

The above maximum prices are f. o. b. spinner's mill, freight paid to any point in the states of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Kentucky, Ohio, Indiana, Michigan and Illinois or to St. Louis, Missouri. On shipments to other points, an allowance against the actual freight up to but not including 75¢ per 100 pounds of gross shipping weight shall be made by the seller and shall be separately shown on the invoice or other document delivered to the purchaser.

(b) *Differentials for plying, special put-ups and treating.* The following differentials per pound for plying, special put-ups and treating are applicable to the base prices enumerated in paragraph (a) of this Appendix D.

(1) *Plied yarn or rove.*

(i) 6 pound up to but not including 10 pound, 3¢ additional.

(ii) 10 pound up to but not including 20 pound, 2¢ additional.

(iii) 20 pound up to but not including 50 pound, 1½¢ additional.

(iv) 50 pound and heavier, 1¢ additional.

(2) *Yarn or rove with special put-ups.*

(i) Yarn or rove wound on tubes smaller than 6" x 6" but not smaller than 6" x 4", 1¢ additional.

(ii) Yarn or rove wound two or more ends, without plying, ½¢ additional.

(iii) 12 pound or heavier yarn or rove wound on cops, 2¢ additional.

(3) *Treated yarn or rove.*

(i) Softener stains in dark jute, 1¢ additional.

(ii) Softener stains in light jute (such as yellow, light red and light blue), 2¢ additional.

(iii) Treatment of single yarn or rove heavier than 20 pound and all plied yarn or rove with asphalt compound or heavy pitch, not less than 30% added to the weight of the spun yarn or rove, 1¢ less.

(iv) Treatment with asphalt containing copper napthenate (at least 0.6%, by weight, metallic copper in treated product):

Not less than 30% asphalt added to weight of spun yarn or rove, Base price.

Less than 30% asphalt added to weight of spun yarn or rove, 1½¢ additional.

(v) Cutching, 3¢ additional.

(vi) Cutching and tanning, 6¢ additional.

(vii) Fireproofing, 5¢ additional.

(viii) Any standard treatment not otherwise provided for above:

Single yarn or rove heavier than 20 pound and all plied yarn or rove, less than 30% treatment added to the weight of the spun yarn or rove, ½¢ additional.

Single yarn or rove 20 pounds or finer, 2¢ additional.

(4) *Other special processes.* The maximum price for yarn or rove on which a special process or special processes other than those provided for in subparagraphs (1), (2) or (3) of this paragraph (b) have been performed shall be a price in line with the prices established by this Appendix D, which shall be determined by the Office of Price Administration, Washington, D. C., upon request by the seller.

11. Appendix E is added to read as follows:

APPENDIX E—MAXIMUM PRICES FOR NO. I JUTE CENTERS FOR WIRE ROPE

(a) The maximum prices for No. I jute centers for wire rope, as defined in section 2 (a) (6), are:

ALUMINUM COLLAPSIBLE TUBES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Supplementary Regulation No. 14 is amended in the following respect:

1. A new section 5.6 is added to read as follows:

SEC. 5.6 *Aluminum collapsible tubes*—(a) *Maximum prices.* The maximum price at which any person may sell or deliver any aluminum collapsible tube shall be a price approved by the Office of Price Administration. Every such price shall be reported to the Office of Price Administration, Washington, D. C., within fifteen days after the first sale or delivery of the commodity which is made on or after April 3, 1944.

Under the provisions of this section a seller may report for approval a price for a single item or a price schedule applicable to all or a part of all sales contemplated.

Pending action by the Office of Price Administration on prices submitted for approval under this section, any seller may sell or deliver and any person may buy, offer to buy or receive from such seller any aluminum collapsible tube at the price submitted for approval. If, however, the price submitted is disapproved the selling price shall be revised downward to the maximum price which shall be approved and any payment made in excess of the price so approved may be required to be refunded to the buyer within fifteen days after the date of the order establishing such revised price: *Provided*, That the price submitted by the seller for approval shall be deemed to be approved unless the Office of Price Administration specifically disapproves such price and establishes an approved price within fifteen days from the date on which the price submitted is received by the Office of Price Administration, or if further information is requested from the seller within such fifteen-day period, then within fifteen days from the date on which all such information is received by the Office of Price Administration. A price once approved shall thereafter be subject to adjustment (not to apply retroactively) by order issued by the Administrator.

This amendment shall become effective April 3, 1944.

NOTE: All record-keeping and reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

PART 10—STEAM ROADS: UNIFORM SYSTEM OF ACCOUNTS

WAIVER OF INVENTORY OF MATERIALS AND SUPPLIES REQUIREMENT

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 17th day of March, A. D. 1944.

The matter of waiving the provisions of Note B to account 716, "Material and supplies," in the "Uniform System of Accounts for Steam Railroads, Issue of 1943," relating to the taking of inventories of material and supplies during each calendar year, being under consideration,

And it appearing that due to an acute shortage of experienced personnel necessary for the taking of inventories of materials and supplies, requests have been received to omit such inventories for the year 1944:

It is ordered, That the requirements of Note B to account 716, "Material and supplies," relating to inventory of materials and supplies be, and they are, hereby waived for the year 1944.

By the Commission, Division 1.

PART 95—CAR SERVICE

COMPUTATION OF DEMURRAGE TIME

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 27th day of March, A. D. 1944.

Upon further consideration of Service Order No. 188 (9 F.R. 3098) of March 18, 1944, and good cause appearing therefor:

It is ordered, That:

Service Order No. 188 (9 F.R. 3098) of March 18, 1944, be, and it is hereby, amended by adding the following note below paragraph (a) (2) in § 95.334:

NOTE: After a refrigerator car is loaded and released for movement by the tender of shipping instructions to said carrier's agent, if the car is not actually placed for unloading for any reason within forty-eight (48) hours after such car is released for movement, but is held by the carrier short of place of delivery for unloading, such car will be considered as constructively placed at the expiration of the said forty-eight (48) hours and demurrage time shall be computed from the expiration of the said forty-eight (48) hours until said car is unloaded and released. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That this order shall become effective at 7:00 a. m., March 28, 1944, and that a copy of this order and direction shall be served upon the California State Railroad Commission and upon the State Belt Railroad of California; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

DORA AND MIMI GAERTNER

In re: Interest in real property, property insurance policies, and bank accounts owned by Dora Gaertner and Mimi Gaertner.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Dora Gaertner and Mimi Gaertner is Hanover, Germany, and that they are residents of Germany and nationals of a designated enemy country (Germany);

2. That Dora Gaertner and Mimi Gaertner are the owners of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. The undivided sixteen fifty-sixths (16/56s) interest in and to that certain real property situated in City of St. Louis, State of Missouri, particularly described in Exhibit A attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

b. All right, title, interest and claim of Dora Gaertner and Mimi Gaertner in and to the insurance policies particularly described in Exhibit B attached hereto and by reference made a part hereof, insuring the premises described in subparagraph 3-a hereof, and

c. Those certain bank accounts with the Lindell Trust Company, Grand and St. Louis Avenues, St. Louis, Missouri, which are due and owing to, and held for and in the names of, Mrs. Dora Gaertner, Hanover, Germany, and Mrs. Mimi Gaertner, Hanover, Germany, and any and all security rights in and to any and all collateral for all or part of such accounts, and the right to enforce and collect the same.

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

And determining that the property described in subparagraphs 3-b and 3-c hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3-a hereof) belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3-b and 3-c hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 26, 1944.

Preis Stelzenbach in and to fire and all hazard insurance policy No. 165438 in the amount of $11,000, issued by the Hartford Fire Insurance Company, Hartford, Connecticut, and expiring, June 1, 1944; workmen's compensation policy in the amount of $1,000, issued by the Fidelity and Casualty Company, New York, and expiring January 29, 1944; and plate glass insurance policy No. 426445, issued by the Travelers Indemnity Insurance Company, Hartford, Connecticut, and expiring October 7, 1944, all insuring the improvements to the premises described in subparagraph 3-a hereof,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that the property described in subparagraph 3-b hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3-a hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3-a hereof, subject to recorded liens, encumbrances, and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraph 3-b hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 26, 1944.

are registered in the names of the above-named registered owners acting for and on behalf of nationals of a designated enemy country (Germany) and are therefore property of nationals of a designated enemy country (Germany) and represent interests in said business enterprise which is a national of a designated enemy country (Germany);

and determining that to the extent that any or all of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of a designated enemy country (Germany) or a person within such country and that the national interest of the United States requires that such persons be treated as nationals of such designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest, hereby vests in the Alien Property Custodian five shares of common capital stock of Schering Corporation, hereinbefore more fully described, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a spe-

cial account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive order.

OFFICE OF DEFENSE TRANSPORTATION.

[Special Order ODT MF–1]

COMMON CARRIERS

SUBSTITUTED AND COORDINATED SERVICE IN MINNESOTA

Pursuant to the act of May 31, 1941, as amended by the Second War Powers Act, 1942, Executive Orders 8989, as amended, and 9156, and War Production Board Directive 21; and in order to secure maximum use of existing transportation facilities; to conserve and providently utilize vital equipment, material, and supplies; to prevent possible traffic congestion, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war; and being satisfied that the fulfillment of requirements for the defense of the United States will result in shortage of transportation materials and facilities for defense and for private account, *It is hereby ordered*, That:

1. The Rock Island Motor Transit Company, a corporation, hereinafter called "motor carrier", in the operation of motor vehicles and equipment in interstate commerce between Minneapolis and St. Paul, Minnesota, and points and places within ten miles thereof, on the one hand, and the Minnesota-Iowa State line, on the other hand, over the highways and routes set forth in Appendix 1 hereto, shall accept and transport in intrastate commerce between the points and places in the State of Minnesota specified in Appendix 2 hereto, all less-than-carload shipments of freight tendered to it by Joseph B. Fleming and Aaron Colnon, Trustees of the Estate of The Chicago, Rock Island and Pacific Railway Company, hereinafter called "rail carrier", for transportation in substituted and coordinated service between such points and places, subject to the following provisions of this order.

2. The motor carrier shall not accept or transport any shipment or shipments tendered to it by the rail carrier in accordance with this order, the transportation of which would require the motor carrier to use a greater number of motor vehicles, or to traverse a greater number of miles, than the motor carrier is normally using or traversing between the points and places specified in Appendix 2 hereto on the effective date of this order.

3. Shipments transported by the motor carrier in accordance with this order shall be transported pursuant to the lawfully applicable rates, charges, rules, and regulations of the rail carrier.

4. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to such regulatory body for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

5. Except as may be otherwise provided by agreement between the motor carrier and the rail carrier or prescribed by any regulatory body having jurisdiction thereof, the division between the carriers of revenues derived from transportation of shipments pursuant to this order shall be as determined by the Office of Defense Transportation upon appropriate application.

6. All records of the motor carrier pertaining to transportation performed pursuant to this order shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

7. Communications concerning this order should refer to "Special Order ODT MF–1" and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective April 3, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

(Second War Powers Act, 56 Stat. 176, 50 U.S.C. secs. 631 through 645a; E.O. 8989, 6 F.R. 6725 and 8 F.R. 14183; E.O. 9156, 7 F.R. 3349; War Production Board Directive 21, 8 F.R. 5834)

Issued at Washington, D. C., this 28th day of March 1944.

[Supp. Order ODT 3, Rev. 201]

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN POINTS IN MISSOURI

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended, (7 F.R. 5445, 6689, 7694; 8 F.R. 4660, 14582; 9 F.R. 947, 2793) a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hefeto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or interastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective April 1, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 28th day of March 1944.

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective April 1, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 28th day of March 1944.

[Region VI Order G-7 Under SR 15 and MPR 329, Amdt. 1]

FLUID MILK IN KEARNEY, NEBR.

Amendment No. 1 to Order No. G-7 under § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation and under § 1351.408 (a) of Maximum Price Regulation No. 329. Purchases from producers for resale as fluid milk. Adjustment of fluid milk prices for Kearney, Nebraska.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.75 (a) (9) of Supplementary Regulation No. 15 to the General Maximum Price Regulation and § 1351.408 (b) of Maximum Price Regulation No. 329, *It is ordered,* That paragraph (d) of Order No. G-7 under § 1499.75 (a) (9) of Supplementary Regulation No. 329—Purchases of Milk from Producers for Resale of Fluid Milk, be amended to read as follows:

(d) Except as otherwise herein provided, the provisions of the General Maximum Price Regulation and of Maximum Price Regulation 329 shall remain in full force and effect except as modified in the order, and shall not be evaded by any change in the business or trade practices in effect during the base periods established by those regulations. No seller shall require any purchaser, and no purchaser shall be permitted, to pay a larger proportion of transportation costs incurred in the delivery or supply of milk than the seller required purchasers of the same class to pay during January 1943 on deliveries or supplies of milk governed by this order.

This amendement No. 1 to Order No. G-7 shall become effective March 14, 1944 and may be revoked or further amended by the Office of Price Administration at any time.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681)

Issued this 11th day of March 1944.

[Boise Order G-1 Under MPR 376 and Delegation Order 10, Amdt. 2]

CERTAIN FRESH FRUITS AND VEGETABLES IN BOISE, IDAHO, DISTRICT

Order No. G-1 under section 4 (c) of Maximum Price Regulation No. 376 and Region VII Delegation Order No. 10, Amendment No. 2. Adjustment of maximum prices for "certain fresh fruits and vegetables, when sold otherwise than at retail" in the Boise, Idaho, district.

Pursuant to the Emergency Price Control Act of 1942, as amended and section 4 (c) of Maximum Price Regulation 376, and to the authority delegated to the District Director of the Boise, Idaho District Office by Region VII Delegation Order No. 10 and for the reasons set forth in an opinion issued simultaneously herewith, *It is hereby ordered,* That the above described order be amended in the following respects:

1. Section (a), "Commodities covered", is amended by deleting the following named and numbered commodities:

(2) Snap beans.
(3) Carrots.
(4) Cabbage.
(5) Green peas.
(6) Lettuce.
(7) Spinach.

and by adding as item (2), "sweet potatoes".

2. For the purpose of this order all sellers selling "sweet potatoes" to other than consumers, shall be considered "primary distributors" and shall compute their maximum prices of "sweet potatoes" by multiplying their "base price" by 1.25.

3. Section (p), "Maximum prices at country shipping point in Boise, Idaho District" is hereby revoked.

Right to revoke, modify or amend. This order may be revoked, modified or amended by the Price Administrator, Regional Administrator or District Director at any time.

Effective date. This amendment shall become effective at 12:01 a. m. on the 18th day of March 1944.

(Pub. Laws 421 and 729, 77th Congress; E.O. 9250, 7 F.R. 7871 and E.O. 9328, 8 F.R. 4681)

DOCUMENTATION OF VESSELS COVERED BY PREFERRED MORTGAGE

RENEWAL OF LICENSE, ETC.

Notice is given that on March 21, 1944, the United States Maritime Commission adopted the following resolution construing section O (a) of the Ship Mortgage Act, 1920 (U.S.C. Title 46, 961; 41 Stat. 1004):

BE IT RESOLVED, That the United States Maritime Commission construes section O (a) of the Ship Mortgage Act, 1920, which is contained in section 30 of the Merchant Marine Act, 1920, as not applying to a case in which a vessel owner merely renews the license or changes the document incident to change of trade where the ownership and home port remain the same, or changes to a permanent document on arrival of the vessel at her home port under temporary document.

By order of the United States Maritime Commission.

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine

[B. E. P. Q.–Q. 48]

PART 301—DOMESTIC QUARANTINE NOTICES

JAPANESE BEETLE QUARANTINE

Introductory note: This revision of the quarantine and regulations permits more flexibility in the handling of seasonal and local problems through the issuance of administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine as provided in paragraph (b) of § 301.48–4.

The only additions to the regulated area are the Maryland election districts of North Branch (No. 16) in Allegany County and Hancock (No. 5) in Washington County and the cities of Princeton and Williamstown, W. Va. The heavily infested area remains the same as heretofore except for the inclusion of the township of West Leesport, Berks County, Pa.

This revision supersedes the quarantine issued effective February 12, 1941, the regulations of March 24, 1942, as amended effective January 14, 1943, and circulars B.E.P.Q. 527 effective April 26, 1943, and B.E.P.Q. 394, revised effective July 20, 1942.

Determination of the Secretary of Agriculture. The Secretary of Agriculture, having determined that it was necessary to quarantine the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia, and the District of Columbia, to prevent the spread of the Japanese beetle (Popillia japonica Newm.), a dangerous insect not theretofore widely prevalent or distributed within and throughout the United States, and having given the public hearing required by law, promulgated the thirteenth revision of Notice of Quarantine, § 301.48, Part 301, Chapter III, Title 7, Code of Federal Regulations, and rules and regulations supplemental thereto, governing the movement of (1) fruits and vegetables; (2) nursery, ornamental, and greenhouse stock, and other plants; and (3) sand, soil, earth, peat, compost, and manure, from any of the above-named States or the District of Columbia, into or through any other State or Territory or District of the United States, §§ 301.48–1 to 301.48–14, inclusive, Part 301, Chapter III, Title 7, Code of Federal Regulations [B. E. P. Q.–Q. 48, effective March 24, 1942, as amended effective January 14, 1943].

The Secretary has determined that it is necessary to revise the aforesaid quar-

SUBPART—JAPANESE BEETLE

§ 301.48 *Notice of quarantine.* Under the authority conferred by section 8 of the Plant Quarantine Act of August 20, 1912, as amended (7 U.S.C. 161), the Secretary of Agriculture quarantines the States of Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia, and the District of Columbia, to prevent the spread of the Japanese beetle. Hereafter (1) earth, soil, compost, and decomposed manure; (2) forest, field, nursery, or greenhouse-grown woody or herbaceous plants or parts thereof for planting purposes; (3) cut flowers; and (4) fresh fruits and vegetables, shall not be shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved from any of said quarantined States or District into or through any other State or Territory of the United States in manner or method or under conditions other than those prescribed in the rules and regulations hereinafter made and amendments thereto: *Provided,* That the restrictions of this quarantine and of the rules and regulations supplemental thereto may be limited to the areas in a quarantined State now, or which may hereafter be, designated by the Secretary of Agriculture as regulated areas, when, in the judgment of the Secretary of Agriculture, the enforcement of the aforesaid rules and regulations as to such regulated areas shall be adequate to prevent the spread of the Japanese beetle: *Provided further,* That such limitation shall be conditioned upon the said State providing for the control of the intrastate movement of the restricted articles and such other control measures with respect to such regulated areas as, in the judgment of the Secretary of Agriculture, shall be deemed adequate to prevent the spread of the Japanese beetle therefrom to other parts of the State: *And provided further,* That whenever in any year the Chief of the Bureau of Entomology and Plant Quarantine shall find that facts exist as to pest risk involved in the movement of one or more of the articles to which the regulations supplemental hereto apply, making it safe to modify, by making less stringent, the restrictions contained in any such regulations, he shall set forth and publish such finding in administrative instructions specifying the manner in which the applicable regulation should be made less stringent, whereupon such modification shall become effective, for such period and for such regulated area or portion thereof or for such article or articles as shall be specified in said administrative instructions, and every reasonable effort shall be made to give publicity to such administrative instructions throughout the affected areas.

RULES AND REGULATIONS

Meaning of Terms

§ 301.48–1 *Definitions.* For the purpose of these regulations the following words, names, and terms shall be construed, respectively, to mean:

(a) *Japanese beetle.* The insect known as the Japanese beetle (Popillia japonica Newm.), in any stage of development.

(b) *Infestation.* This term refers to the presence of the Japanese beetle.

(c) *Regulated area.* Any area in a quarantined State or District which is now, or which may hereafter be, designated as such by the Secretary of Agriculture in accordance with the provisos of § 301.48 as revised.

(d) *Heavily infested area.* That portion of the regulated areas usually heavily and continuously populated with Japanese beetles, and in which dense flights of the adult may occur.

(e) *Noninfested premises, establishments, or areas.* That portion of the regulated areas in which no infestation exists, or in the vicinity of which no infestation is known to exist under such conditions as to expose it to infestation by natural spread of beetles, as determined by an inspector.

(f) *Nursery stock.* Forest, field, nursery, or greenhouse-grown woody or herbaceous plants or parts thereof for planting purposes.

(g) *Soil-free, free from soil.* Devoid of soil in quantities sufficient to harbor immature stages of the Japanese beetle.

(h) *Inspector.* An inspector of the United States Department of Agriculture.

(i) *Interstate movement.* Shipped, offered for shipment to a common carrier, received for transportation or transported by a common carrier, or carried, transported, moved, or allowed to be moved, directly or indirectly, from a regulated area in one State or District of the United States to a nonregulated area or a protected area in any other State or Territory.

(j) *Certificate.* A valid form evidencing compliance with the requirements of these regulations.

(k) *Limited permit.* A valid form authorizing the interstate movement of restricted articles to a restricted destination for limited handling, utilization, or for processing.

Areas Under Regulation

§ 301.48–2 *Regulated areas.* In accordance with the provisos to § 301.48, the Secretary of Agriculture designates as regulated areas the following States, District, counties, townships, cities, towns, boroughs, and districts, or parts thereof, as described:

Articles Restricted

§ 301.48–4 *Restricted articles.* — (a) *Movement from all regulated areas.* Unless exempted by administrative instructions and except as hereinafter provided, the interstate movement of the following articles from regulated areas to points outside thereof is restricted:

(1) Earth, soil, compost, and decomposed manure of any kind moved independent of or in connection with nursery stock or any other articles or things, except that gravel, sand, greensand marl, and clay originating from pits, mines, or deposits, and that compost, humus, and decomposed manure when dehydrated, ground, pulverized, or compressed, are exempt from the restrictions of this quarantine.

(2) Nursery stock.

(b) *Movement from heavily infested areas.* Unless exempted by administrative instructions the interstate movement, either on direct billing, diversion, or reconsignment, from the heavily infested areas to points outside the regulated areas, of the products named in subparagraphs (1) and (2) of this paragraph, is restricted each summer during the period of heavy flight of the beetle, the dates of the beginning and cessation of which shall be based on seasonal observation of emergence and disappearance of the adult beetles and shall be as designated in administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine: *Provided,* That identical restrictions shall also apply to the interstate movement of the products from the heavily infested areas to such isolated, lightly infested, regulated areas as may be designated from year to year in administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine when it has been determined by him that such areas should be so protected.

(1) Unprocessed, fresh, cut flowers when moved in bulk direct from the field or greenhouse where grown, or from a distributor.

(2) Fresh fruits and vegetables of all kinds when shipped by refrigerator car or motortruck only.

Conditions of Interstate Movement

§ 301.48–5 *Conditions governing interstate movement of restricted articles.* (a) *Certification.* Except as provided herein, or in subsequent administrative instructions, articles designated in § 301.48–4 shall not be moved interstate from the respective areas as specified therein (paragraphs (a) and (b)) to points outside the regulated areas, unless a certificate or permit shall have been issued therefor in compliance with these regulations.

(b) *Safeguards against reinfestation.* Subsequent to certification, as provided in the foregoing paragraph, the restricted articles must be loaded, handled, and shipped under such protection and safeguards against reinfestation as are required by the inspector.

(c) *Marking.* Every container of articles, the interstate movement of which is restricted as provided in § 301.48–4, shall be plainly marked with the name and address of the consignor and the name and address of the consignee, when offered for shipment, and shall have securely attached to the outside thereof a valid certificate or permit issued in compliance with these regulations: *Provided,* That (1) in the case of lot freight shipments other than by road vehicle, a certificate attached to one of the containers and another certificate attached to the waybill will be sufficient, and carlot freight or express shipments, either in containers or in bulk, require a certificate attached to the waybill and shall also have attached to the outside of the car a placard showing the number of the certificate accompanying the waybill; (2) in the case of shipment by road vehicle, the certificate shall accompany the shipment and shall be surrendered to the consignee upon delivery of the shipment.

(d) *Articles originating outside the regulated area.* No certificates are required for the interstate movement of restricted articles originating outside the regulated areas and moving through or reshipped from a regulated area, when the point of origin is clearly indicated, when the identity has been maintained, and when the articles are safeguarded against infestation while in the regulated areas.

Conditions of Certification

§ 301.48–6 *Conditions governing the issuance of certificates and permits.* — (a) *Certification of earth, soil, compost, and decomposed manure.* Certificates may be issued for the interstate movement of these products under any one of the following conditions:

(1) When they have originated on noninfested premises, establishments, or areas. (See § 301.48–1 *Definitions.*)

(2) When the soil has been removed, under the observation of the inspector, from a depth of more than 12 inches below the surface of the ground.

(3) When the soil, compost, or decomposed manure has been fumigated, sterilized, or treated under the observation of an inspector by methods authorized in administrative instructions of the Chief of the Bureau of Entomology and Plant Quarantine; or when, in the judgment of the inspector, they have been handled or processed in a manner to free them from infestation.

(b) *Certification of nursery stock.* Certificates may be issued for the interstate movement of nursery stock under any one of the following conditions:

(1) When the soil about the roots of the plants has been treated, sterilized, or fumigated under the observation of an inspector and in accordance with methods authorized in administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine.

(2) When the plants have been made soil-free.

(3) When the nursery stock originated on noninfested premises, establishments, or areas. (See § 301.48–1 *Definitions.*)

(4) When the nursery stock has been produced under protected conditions in greenhouses, potting beds, heeling-in areas, hotbeds, coldframes, and similar plots, in the infested area, in which the ventilators, doors, and all other openings have been kept screened to the inspector's satisfaction during such periods as he may designate:

Provided, That in order to maintain an infestation-free status under paragraph (b) (3) and (4) of this section, the operator of the establishment must restrict all receipts of nursery stock and other restricted articles from points within the regulated areas to articles certified or certifiable without further treatment. The operator must report to the inspector the source of all nursery stock and other regulated articles received on such premises and must maintain a record, accessible to the inspector, of all shipments made to points outside the regulated areas. Premises will lose their infestation-free status if there are received thereon quarantined articles from the regulated area which are not certified or certifiable without further treatment. Infestation-free establishments, together with their environs, will be inspected during the active adult season and their status determined on the basis of such inspections.

(c) *Certification of cut flowers.* Certificates may be issued for the interstate movement of restricted cut flowers from the heavily infested area to points outside the regulated areas, under any one of the following conditions:

(1) When, in the judgment of the inspector, they have not been exposed to adult beetle infestation.

(2) When they have been examined by an inspector and found to be free of infestation.

(3) When they have been fumigated under the observation of an inspector by method authorized in administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine.

(d) *Certification of fruits and vegetables.* Certificates may be issued for the interstate movement by refrigerator car or motortruck of fresh fruits and vegetables originating or loaded in or reshipped from the heavily infested area interstate to points outside the regulated areas under any one of the following conditions.

(1) When, in the judgment of the inspector, they have not been exposed to adult beetle infestation.

(2) When they have been examined by an inspector and found to be free of infestation.

(3) When they have been harvested, handled, graded, or processed in a manner, in the judgment of the inspector, to free them from infestation.

(4) When they have been fumigated under the observation of an inspector by method authorized in administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine:

Provided, That, under the first three of these conditions, the refrigerator cars or motortrucks used for transporting such fruits and vegetables shall be thoroughly swept, cleaned, or fumigated prior to loading; and shall in all cases while in the heavily infested area, be screened, covered, sealed, or otherwise protected in manner or method to safeguard the articles from infestation, as may be required by the inspector.

(e) *Limited permits.* Limited permits may be issued for the interstate movement of noncertified restricted articles to specified destinations for processing or other handling. Persons shipping, transporting, or receiving such articles may be required to enter into written agreements to maintain such sanitation safeguards against the establishment and spread of infestation and to comply with such conditions as to the maintenance of identity, handling, or subsequent movement of restricted products and to the cleaning of cars, trucks, and other vehicles used in the transportation of such articles as may be required by the inspector.

Procedure for Applicants

§ 301.48–7 *Assembly of restricted articles for inspection.* Persons intending to move interstate any of the articles restricted by these regulations shall make application for inspection as far in advance as possible, and will be required to prepare, handle, and safeguard such materials from infestation, and to assemble them at such points as the inspector shall designate, placing them so that inspection may be readily made. All costs including storage, transportation, and labor incident to inspection, other than the services of the inspector, shall be paid by the shipper.

Certificates and Permits May Be Canceled

§ 301.48–8 *Cancelation of certificates or permits.* Certificates or permits issued under these regulations may be withdrawn or canceled by the inspector and further certification refused whenever the further use of such certificates or permits might result in the dissemination of infestation.

Cleaning of Vehicles

§ 301.48–9 *Cleaning of trucks, wagons, cars, boats, and other vehicles and containers.* When in the judgment of the inspector a hazard of spread of infestation is presented, thorough cleaning of trucks, wagons, cars, boats, and other vehicles and containers may be required before movement interstate to points outside of the regulated areas.

Inspection of Shipments En Route

§ 301.48–10 *Inspection in transit.* Any car, vehicle, basket, box, or container moved interstate or offered to a common carrier for shipment interstate, which contains or which the inspector has probable cause to believe contains either infestations, infested articles, or articles the movement of which is restricted by these regulations, shall be subject to inspection by an inspector at any time or place, and when actually found to involve danger of dissemination of Japanese beetle to uninfested localities, measures to eliminate infestation may be required as a condition of further transportation or delivery.

Articles for Experimental and Scientific Purposes

§ 301.48–11 *Shipments for experimental and scientific purposes.* Articles subject to restriction in these regulations may be moved interstate for experimental or scientific purposes, on such conditions and under such safeguards as may be prescribed by the Chief of the Bureau of Entomology and Plant Quarantine. The containers of articles so moved shall bear, securely attached to the outside thereof, an identifying tag from the Bureau of Entomology and Plant Quarantine.

Secretary of Agriculture.

APPENDIX

PENALTIES

The Plant Quarantine Act of August 20, 1912, as amended (7 U.S.C. 161), provides that no person shall ship or offer for shipment to any common carrier, nor shall any common carrier receive for transportation or transport, nor shall any person carry or transport from any quarantined State or Territory or District of the United States, or from any quarantined portion thereof, into or through any other State or Territory or District, any class of nursery stock or any other class of plants, fruits, vegetables, roots, bulbs, seeds * * * or any other article * * * specified in the notice of quarantine * * * in manner or method or under conditions other than those prescribed by the Secretary of Agriculture. It also provides that any person who shall violate any of the provisions of this act, or who shall forge, counterfeit, alter, deface, or destroy any certificate provided for in this act or in the regulations of the Secretary of Agriculture shall be deemed guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine not exceeding $500, or by imprisonment not exceeding 1 year, or both such fine and imprisonment, in the discretion of the court.

STATE AND FEDERAL INSPECTION

Certain of the quarantined States have promulgated or are about to promulgate quarantine regulations restricting intrastate movement supplemental to the Federal quarantine. These State regulations are enforced in cooperation with the Federal authorities. PART 301—DOMESTIC QUARANTINE NOTICES

JAPANESE BEETLE QUARANTINE; EXEMPTED ARTICLES

§ 301.48d *Administrative instructions; articles exempt from certification.* Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by the third proviso of § 301.48, Chapter III, Title 7, Code of Federal Regulations (Notice of Quarantine No. 48), the following articles, the interstate movement of which is not considered to constitute a risk of Japanese beetle dissemination, are exempted from the restrictions of the regulations of this quarantine, effective March 30, 1944.

Nursery stock. Under this classification, the following articles are exempted:

True bulbs, corms, and tubers, when dormant, except for storage growth, and when free from soil.
Single dahlia tubers or small dahlia root-divisions when free from stems, cavities, and soil. (Dahlia tubers, other than single tubers or small root-divisions meeting these conditions, require certification.)
Orchid plants when growing exclusively in Camunda fiber.
Trailing arbutus, or Mayflower (Epigaea repens), when free from soil.
Moss and clubmoss, ground-pine or running-pine, when free from soil.
Soil-free aquatic plants.
Soil-free sweetpotato draws.
Soil-free plant cuttings without roots.
Soil-free rooted cuttings, which, at the time of shipment, have not developed a root system sufficient to conceal larvae of the Japanese beetle.

Cut flowers. Under this classification, cut orchids are exempted.

Chapter XI—War Food Administration (Distribution Orders)

[FDO 53, Amdt. 3]

PART 1460—FATS AND OILS

RESTRICTIONS ON USE AND DISTRIBUTION OF ANIMAL OIL, NEAT'S-FOOT OIL AND RED OIL

Food Distribution Order 53, as amended (9 F.R. 938), § 1460.15, is amended as follows:

1. By deleting the word and figures "March 31, 1944" in paragraph (d) thereof and inserting in lieu thereof the word and figures "June 30, 1944".

2. By adding immediately after the end of paragraph (r) thereof the following:

(s) *Temporary suspension of (b) and (c) with respect to distilled red oil and neat's-foot oil which has been pressed.* The restrictions and provisions of (b) and (c) hereof, shall not apply to the delivery, acceptance of delivery, use, processing, or blending of distilled red oil or neat's-foot oil which has been pressed, by any person, when such delivery, acceptance of delivery, use, processing, or blending occurs during the period beginning on April 1, 1944, and ending on June 30, 1944.

(t) *Inventory limitations with respect to neat's-foot oil which has been pressed.* No person, other than a producer or distributor, shall, after April 1, 1944, accept delivery of any neat's-foot oil which has been pressed which will cause his inventory of neat's-foot oil which has been pressed to exceed a quantity equal to 5000 pounds, or the aggregate amount of neat's-foot oil which had been pressed and which was used, processed, or blended, by him during any two consecutive calendar months in the period beginning on July 1, 1943, and ending on December 31, 1943, whichever is greater. In computing the aggregate amount of neat's-foot oil which had been pressed which was used, processed, or blended by any person in any two consecutive calendar months in the period beginning on July 1, 1943, and ending on December 31, 1943, the same oil shall not be counted more than once.

(u) *Distilled red oil set aside.* On May 1, 1944, and June 1, 1944, every producer shall set aside and hold for delivery pursuant to specific authorizations by the Director a quantity of distilled red oil equal to one-third of the total amount of distilled red oil produced by him in the preceding calendar month. Any distilled red oil required to be set aside hereunder and the delivery of which is not specifically authorized by the Director prior to the first day of the succeeding calendar month, shall be released from the restrictions of this paragraph on the first day of such succeeding calendar month.

(v) *Orders for distilled red oil which is not to be used for the production of liquid, industrial laundry, or household laundry soap given preference.* (1) Every person, except a distributor, who desires to obtain distilled red oil from a producer or distributor in April, May, or June 1944, for any purpose other than the production of liquid, industrial laundry, or household laundry soap, shall, prior to the delivery of the distilled red oil to him, deliver to such producer or distributor a written order for such distilled red oil, which has attached thereto, or included therein, a certificate properly filled out and signed by him, in the following form:

The undersigned hereby certifies to the War Food Administration and to _____
(supplier)
that this certificate constitutes a part of an order by him to said supplier for _____ pounds of distilled red oil to be delivered on or about _____, and that none
(date)
of the distilled red oil which may be received by the undersigned pursuant to such order will be used by him in the production of liquid, industrial laundry, or household laundry soap.

_____
(Purchaser)

By _____
(Authorized official)

_____
Date

No person who receives distilled red oil as the result of such a certified order shall use any of the distilled red oil so received in the production of liquid, industrial laundry, or household laundry soap.

(2) No producer or distributor shall deliver distilled red oil to any person, other than a distributor, in any calendar month in the period beginning on April 1, 1944, and ending on June 30, 1944, except pursuant to a specific authorization by the Director or an order certified in accordance with the provisions of (v) (1) hereof, unless and until he has delivered, offered to deliver, or made provision to deliver all distilled red oil which is ordered from him by means of orders, certified in accordance with the provisions of (v) (1) hereof, which are received by him at any time before the sixteenth day of such calendar month, and if subject to (u) hereof, has set aside the amount of distilled red oil required thereunder.

This amendment shall become effective on April 1, 1944, at 12:01 a. m., e. w. t. However, with respect to violations of said Food Distribution Order 53, as amended, or rights accrued, or liabilities incurred thereunder, prior to said date, said Food Distribution Order 53, as amended, shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter I—Aid of Civil Authorities and Public Relations

PART 11—ASSISTANCE TO RELATIVES AND OTHERS IN CONNECTION WITH DECEASED PERSONNEL

EFFECTS OF DECEASED PERSONNEL

Paragraph (d) of § 11.4a (8 F.R. 11466), pertaining to effects of deceased personnel, is amended as follows:

§ 11.4a *Disposition of effects of deceased personnel.* * * *

(d) (1) The personal effects will be securely packed in a suitable container, with the original list of effects inclosed, and shipped to the Effects Quartermaster, Army Effects Bureau, Kansas City Quartermaster Depot, Kansas City, Mo.

(2) Where, however, death occurs outside the limits of the States of the United States and the District of Columbia and the summary court determines that the person or persons legally entitled under Article of War 112 to receive the effects are resident within the country in which death occurred, in territories or possessions of the United States, or in neutral or allied countries, and if in the light of circumstances the summary court considers it more practicable to transmit the effects to such person or persons directly rather than through the Effects Quartermaster, Army Effects Bureau, Kansas City Quartermaster Depot, Kansas City, Mo., the court will transmit the effects at Government expense to such person or persons in accordance with the provisions of Article of War 112. If any monies remain after action prescribed in paragraph (b) of this section is taken by the court, such monies will not be converted as stated in paragraph (c), but will be transmitted with the other effects to the person or persons entitled thereto. In cases in which such person or persons are resident in an allied or neutral country and direct transmission of effects is not practicable, he or they may be requested to designate, by written notice in triplicate to the summary court, a consular representative at or near the place where the officer exercising the authority of a summary court is stationed, as his or their agent for acceptance of the effects of the deceased person; but if the person or persons so entitled to the effects fail or refuse upon request to designate a consular representative as agent for acceptance of the effects, the summary court will dispose of the effects in accordance with the procedure otherwise provided in this section. The original and one copy of all papers, including the summary court's final report, list of the effects actually shipped, receipt of the person or persons receiving the effects, and the authority of the consular representative to act as agent if required, will be mailed to the Effects Quartermaster, Army Effects Bureau, Kansas City Quartermaster Depot, Kansas City, Mo.

Chapter VI—Organized Reserves

PART 64—ENLISTED RESERVE CORPS

CURRENT PROCEDURES GOVERNING ENLISTMENTS, ETC.

The following current procedures govern the enlistment in, transfer to, call to active duty from, and discharge from the Enlisted Reserve Corps:

1. *Enlistments in Enlisted Reserve Corps.* *a.* All enlistments in the Enlisted Reserve Corps will be in the seventh grade only. All men enlisted in the Enlisted Reserve Corps must be qualified for general military service.

(1) *Enlisted Reserve Corps, unassigned.* Any man who has attained his seventeenth birthday but has not attained his eighteenth birthday may be enlisted in the Enlisted Reserve Corps, unassigned, provided consent of his parents or guardian is obtained. Included in this category are successful applicants in the Army-Navy College Qualifying Tests.

(2) *Air Corps Enlisted Reserve (ACER).* Any man who has attained his seventeenth birthday but has not attained his eighteenth birthday may be enlisted in the Air Corps Enlisted Reserve, provided he has previously qualified for aviation cadet training under current standards and provided the consent of his parents or guardian is obtained:

b. Commissioned officers of the Medical Administrative Corps, Army of the United States, or the Officers' Reserve Corps, who are on an inactive status for the purpose of pursuing training in medicine, dentistry, veterinary medicine, or in preparation therefor at their own expense, may resign their commissions and enlist in the Enlisted Reserve Corps, unassigned, within 15 days after resignation under the authority contained in current War Department instructions.

2. *Transfers to enlisted reserve components.* No enlisted person will be released from active service and transferred to the Enlisted Reserve Corps unassigned, or to the Air Corps Enlisted Reserve without authority of the War Department, except as follows:

a. Voluntary induction and transfer to the Air Corps Enlisted Reserve of instructors and mechanics employed by civilian contract flying schools under contract with the War Department to train aviation cadets is authorized.

b. United States citizens of Japanese ancestry who are inducted in the Army under normal induction procedures will be transferred to the Enlisted Reserve Corps, unassigned, to await call to active duty.

c. Women at the time of enlistment in the Women's Army Corps may be transferred to the Enlisted Reserve Corps, unassigned, to await call to active duty.

d. Enlisted men, except former members of the National Guard, over 38 years of age serving overseas and having applied for release under the provisions of current War Department instructions, and whose applications have not been processed may be released and transferred to the Enlisted Reserve Corps, unassigned, or the Air Corps Enlisted Reserve, whichever is appropriate, upon return to the continental limits of the United States.

3. *Call to active duty.* *a.* Men enlisted under the authority contained in paragraph 1*a* (1) and (2) will not be ordered to active duty until they have attained their eighteenth birthday but in every instance will be ordered to active duty within 6 months after attaining such age: *Provided,* That—

(1) Students in colleges and secondary schools may, upon their own application, be deferred from call to active duty to complete the semester, quarter, or trimester in which they reach their respective eighteenth birthdays: *Provided, further,* That no such student will be deferred more than 6 months after reaching his eighteenth birthday.

(2) Students in the Army Specialized Training Reserve Program will not be called to active duty until the end of the term in which they reach their respective eighteenth birthdays.

b. United States citizens of Japanese ancestry who have been inducted and transferred to the Enlisted Reserve Corps, unassigned, will be called to active duty for training in groups as determined by the needs of the service.

c. Enlisted personnel transferred to the Enlisted Reserve Corps, unassigned or to the Air Corps Enlisted Reserve to accept employment in essential industry, including agriculture or other essential civilian employment, may be recalled to active duty—

(1) At the expiration of the deferment period.

(2) Upon failure to remain employed in essential industry.

(3) Upon recommendation of the State Director of Selective Service or the employer concerned, with the approval of the War Department.

d. Members of the Air Corps Enlisted Reserve placed in such category by reason of their employment in key position, civilian flying training schools under contract with the War Training Service (CPT), Civil Aeronautics Administration, civilian flying trainng schools under contract with the War Department to train aviation cadets, when released from such employment by reason of personnel reduction or for other causes be-

yond control of the individual, will be given an opportunity to express a preference for either call to active duty for service in an enlisted status with the Army Air Forces, or for discharge from the Air Corps Enlisted Reserve. If, however, the release of such Reservists is not occasioned by causes beyond their control, they will be called to active duty in enlisted status for service with the Army Air Forces. Air Corps Enlisted Reservists employed by the Air Transport Command, or by civilian airlines under contract with the Government, will be called to active duty at the request of the Commanding General, Army Air Forces, upon notification by the employer of the individuals concerned of their separation from such employment, or sooner if the military situation requires.

e. Preprofessional students (premedical, predental, and preveterinary) who are members of the Enlisted Reserve Corps, unassigned, and who have upon their own application continued on an inactive status to complete preprofessional work at their own expense under the authority contained in current War Department instructions, will be called to active duty upon completion of minimum requirements for admission to schools of medicine, dentistry, or veterinary medicine, or upon the initiation of ASTP preprofessional training at the institutions which they are attending.

f. Members of the Enlisted Reserve Corps, unassigned, referred to in paragraph 1*b*, who are at the time of their resignation attending an approved school of medicine, dentistry, or veterinary medicine, will be called to active duty immediately upon enlistment. Those who have completed the minimum requirements for admission to the appropriate school of medicine, dentistry, or veterinary medicine, and where the interval between the date of enlistment (or date of this circular, in the case of those now enlisted) and the entering date of the class for which accepted is 8 weeks or less, will be called to active duty at such time as will enable them to arrive at the respective institution by which accepted not later than 5 days prior to the entering date of the class for which accepted. Those who have completed such minimum requirements, and where the interval between the date of enlistment (or date of this circular, in the case of those now enlisted) and the entering date of class for which accepted is more than 8 weeks, will be called to active duty immediately upon enlistment, or as soon as practicable after date of this circular, in the case of those now enlisted.

g. Voluntary requests for call to active duty:

(1) Members of the Enlisted Reserve Corps, unassigned, may be called to active duty upon submission in writing of their formal request to the commanding general of the service command of residence.

(2) Members of the Air Corps Enlisted Reserve may be called to active duty upon their own request subject to the approval of the Commanding General, Army Air Forces.

h. Members of the Signal Corps Enlisted Reserve assigned to the Electronics Training Group, Office of the Chief Signal Officer, will be called to active duty at such time as they have completed the prescribed course of training at the institutions where they are receiving training. Students who fail to maintain satisfactory scholastic averages will be discharged from the Signal Corps Enlisted Reserve.

i. Women enlisted in the Women's Army Corps and transferred to the Enlisted Reserve Corps, unassigned, will be called to active duty consistent with the time specified on their orders and the needs of the service. This period will not exceed 30 days, except that in individual cases under exceptional circumstances when the commanding general of the service command of residence may grant a reasonable extension.

4. *Discharges.* *a.* Members of Enlisted Reserve Corps components may be discharged:

(1) By order of the President or the Secretary of War.

(2) Members of the Air Corps Enlisted Reserve may be discharged for reasons not included in (3) below by direction of the commanding general of a service command upon the recommendation of the Commanding General, Army Air Forces.

(3) By direction of the commanding general of a service command, or such officers who may be designated by him for that purpose:

(*a*) On account of physical disability. See paragraph (a) (2) (i) of § 64.13.

(*b*) Upon acceptance of a commission in the Armed Forces.

(*c*) Upon conviction and sentence by a civil court for the commission of a crime or crimes as enumerated in Army Regulations.

(*d*) Because of inaptness or failure to possess the required degree of adaptability for military service, or because of evidence of habits or traits of character which render retention in the service undesirable.

b. Members of National Guard units. Upon being relieved from active duty in the military service of the United States all individuals who were members of the National Guard of the United States ordered into the active military service will revert to their National Guard status.

5. In instances where this Circular 117 is in conflict with Army Regulations No. 150–5 and Part 64 of this chapter, the provisions of this circular will govern. All instructions on the Enlisted Reserve Corps issued previous to this circular and in conflict with same are rescinded.

Chapter I—Federal Trade Commission

[Docket No. 5121]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

ROCKWELL WOOLEN CO.

§ 3.66 (a 7) *Misbranding or mislabeling—Composition—Wool Products Labeling Act:* § 3.71 (c) *Neglecting, unfairly or deceptively, to make material disclosure—Composition—Wool Products Labeling Act.* In connection with the introduction or manufacture for introduction into commerce, or the sale, transportation or distribution in commerce, misbranding yarns or other "wool products" as defined in and subject to the Wool Products Labeling Act of 1939, which contain, purport to contain or in any way are represented as containing "wool", "reprocessed wool", or "reused wool", as defined in said act, by failing securely to affix to or place on such products a stamp, tag, label or other means of identification showing in a clear and conspicuous manner, (a) the percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five percentum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five percentum or more, and (5) the aggregate of all other fibers; (b) the maximum percentage of the total weight of such wool product of any non-fibrous loading, filling, or adulterating matter; (c) the name of the manufacturer of such wool product; or the manufacturer's registered identification number and the name of a seller of such wool product; or the name of one or more persons introducing such wool product into commerce, or engaged in the sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939; prohibited; subject to the proviso, however, that the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of said Wool Products Labeling Act of 1939; and to the further proviso that nothing contained in the order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b; 54 Stat. 1128; 15 U.S.C., sec. 68) [Cease and desist order, Rockwell Woolen Company, Docket 5121, March 20, 1944]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 20th day of March A. D. 1944.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that it waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act and the provisions of the Wool Products Labeling Act of 1939;

It is ordered, That respondent, Rockwell Woolen Company, a corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction or manufacture for introduction into commerce, or the sale, transportation or distribution in commerce as "commerce" is defined in the aforesaid acts, do forthwith cease and desist from misbranding yarns or other "wool products" as such products are defined in and subject to the Wool Products Labeling Act of 1939, which contain, purport to contain or in any way are represented as containing "wool," "reprocessed wool," or "reused wool," as those terms are defined in said act by failing securely to affix to or place on such products a stamp, tag, label or other means of identification showing in a clear and conspicuous manner:

(a) The percentage of the total fiber weight of such wool product, exclusive of ornamentation not exceeding five percentum of said total fiber weight, of (1) wool, (2) reprocessed wool, (3) reused wool, (4) each fiber other than wool where said percentage by weight of such fiber is five percentum or more, and (5) the aggregate of all other fibers.

(b) The maximum percentage of the total weight of such wool product of any non-fibrous loading, filling, or adulterating matter.

(c) The name of the manufacturer of such wool product; or the manufacturer's registered identification number and the name of a seller of such wool product; or the name of one or more persons introducing such wool product into commerce, or engaged in the sale, transportation, or distribution thereof in commerce, as "commerce" is defined in the Federal Trade Commission Act and the Wool Products Labeling Act of 1939.

Provided, That the foregoing provisions concerning misbranding shall not be construed to prohibit acts permitted by paragraphs (a) and (b) of section 3 of the Wool Products Labeling Act of 1939; *And provided, further*, That nothing contained in this order shall be construed as limiting any applicable provisions of said act or the rules and regulations promulgated thereunder.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 240—GENERAL RULES AND REGULATIONS, SECURITIES EXCHANGE ACT OF 1934

AVAILABILITY TO PUBLIC OF CERTAIN INFORMATION

Amendment to rule governing documents filed by issuers and others under sections 12 and 13, and repeal of rule relating to publication of information filed under section 16.

The Securities and Exchange Commission, deeming it necessary for the exercise of the functions vested in it and necessary and appropriate in the public interest and for the protection of investors so to do, pursuant to the authority conferred upon it by the Securities Exchange Act of 1934, particularly sections 16 (a), 23 (a) and 24 (b) thereof, hereby (1) repeals § 240.24b–4 (Rule X-24b–4) and (2) amends paragraph (a) of § 240.24b–3 (Rule X-24b–3) to read as follows:

§ 240.24b–3 *Documents filed by issuers and others under sections 12, 13, and 16.* (a) Except as otherwise provided in this section, each exchange shall keep available to the public, under reasonable regulations as to the manner of inspection, during reasonable office hours, all information regarding a security registered on such exchange which is filed with it pursuant to sections 12, 13, or 16, or any rules or regulations thereunder. This requirement shall not apply to any information to the disclosure of which objection has been filed pursuant to § 240.24b–2, which objection shall not have been overruled by the Commission pursuant to section 24 (b). The making of such information available pursuant to this section shall not be deemed a representation by any exchange as to the accuracy, completeness, or genuineness thereof.

Effective March 28, 1944.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter B—Estate and Gift Taxes

[T.D. 5351]

PART 81—REGULATIONS RELATING TO ESTATE TAX

MISCELLANEOUS AMENDMENTS

In order to conform Regulations 105 [Part 81, Title 26, Code of Federal Regulations, Cum. Supp.] to sections 501, 505 and 511 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 81.10 the following:

SEC. 501. VALUATION OF UNLISTED STOCK AND SECURITIES FOR ESTATE TAX PURPOSES. (Revenue Act of 1943, Title V, enacted February 25, 1944.)

Section 811 (relating to gross estate) is amended (a) by striking out "(k)" at the beginning of subsection (k) and inserting in lieu thereof "(l)", and (b) by inserting after subsection (j) the following:

(k) *Valuation of unlisted stock and securities.* In the case of stock and securities of a corporation the value of which by reason of their not being listed on an exchange and by reason of the absence of sales thereof, cannot be determined with reference to bid and asked prices or with reference to sales prices, the value thereof shall be determined taking into consideration, in addition to all other factors, the value of stock or securities of corporations engaged in the same or a similar line of business which are listed on an exchange.

PAR. 2. Section 81.10 (c) is amended by inserting immediately after the first sentence of the sixth paragraph thereof the following sentences:

Among such other relevant factors to be considered are the values of securities of corporations engaged in the same or a similar line of business which are listed on an exchange. However, the weight to be accorded such comparisons or any other evidentiary factors considered in the determination of a value depends upon the facts of each case.

PAR. 3. There is inserted immediately after section 10 of the Current Tax Payment Act of 1943, which was inserted by Treasury Decision 5283, approved July 12, 1943, and preceding section 302 (f) of the Revenue Act of 1926 (as originally enacted), as set forth preceding § 81.24, the following:

SEC. 505. EXTENSION OF TIME IN CONNECTION WITH RELEASE OF POWERS OF APPOINTMENT. (Revenue Act of 1943, Title V, enacted February 25, 1944.)

Section 403 (d) (3) of the Revenue Act of 1942 is amended by striking out "March 1, 1944" wherever it appears and inserting in lieu thereof "January 1, 1945" • • •

PAR. 4. Section 81.24 (b), added by Treasury Decision 5239, approved March 10, 1943, and as amended by Treasury Decision 5283, is further amended as follows:

(A) By striking out "February 29, 1944" wherever it appears and by inserting in lieu thereof "December 31, 1944".

(B) By striking from the first sentence of paragraph (3) "(as amended by section 10 of the Current Tax Payment Act of 1943)" and by inserting in lieu thereof "(as amended by section 505 of the Revenue Act of 1943)".

(C) By striking out "March 1, 1944" wherever it appears and by inserting in lieu thereof "January 1, 1945".

PAR. 5. There is inserted immediately after section 401 of the Revenue Act of 1942, which was inserted by Treasury Decision 5239, and preceding § 81.44, the following:

SEC. 511. DEDUCTION FOR DISCLAIMED LEGACIES PASSING TO CHARITIES. (Revenue Act of 1943, Title V, enacted February 25, 1944.)

(a) *Deduction in case of citizens and residents.* The first sentence of section 812 (d) (relating to the deduction for charitable, etc., bequests) is amended by inserting after "if the disclaimer is made prior to the date prescribed for the filing of the estate tax return" the following: "or, in the case of a decedent dying on or before October 21, 1942, if the disclaimer is made prior to September 1, 1944".

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-506, Stay of Execution]

SINGER STEEL COMPANY

Albert Singer, doing business as Singer Steel Company of Cleveland, Ohio, has appealed to the Chief Compliance Commissioner from the provisions of Suspension Order S-506 and has represented that its business would be irreparably impaired by the suspension order, and that a stay of the suspension order would permit it to complete necessary deliveries to manufacturers of essential materials. In order to prevent interference with essential deliveries and pending determination of the appeal, the Chief Compliance Commissioner has directed that Suspension Order S-506 be stayed. *It is hereby ordered*, That:

The provisions of § 1010.506 *Suspension Order S-506* are hereby stayed.

Issued this 28th day of March 1944.

PART 3087—ELECTRONIC EQUIPMENT

[General Limitation Order L-183-a, Interpretation 1]

RELATION OF THE PRECEDENCE LIST TO SCHEDULING

The following interpretation is issued with respect to General Limitation Order L-183-a:

This is an official interpretation of § 3087.2, *General Limitation Order L-183-a*. It is issued to answer two questions which have frequently arisen with respect to this order, but it does not represent any change in the scope and operation of the order. It simply clarifies the meaning and intent of this order

and its relation to General Scheduling Order M–293

(1) Some persons have asked whether electronic components, such as resistors and capacitors, are subject to the order when they are purchased for use in such things as fire control devices, battle-announce systems and airframes which are assigned relative urgencies by the Precedence List. The answer is "yes"—Limitation Order L–183–a is intended to apply and does apply to the scheduling of these components when Precedence List designations are extended to them.

(2) Questions have often been asked as to the relation of Limitation Order L–183–a to General Scheduling Order M–293. Shipping schedules for products listed under Order M–293, when frozen by the War Production Board under Order M–293, are subject to change only in the manner provided in Order M–293, and Priorities Regulation 18. This means that preference ratings, reratings and Precedence List designations received during the frozen schedule period cannot change the frozen schedule. Such ratings, reratings and Precedence List designations may, however, serve as a guide and justification for the issuance of a schedule change by the industry division of the War Production Board responsible for that schedule. Once a shipping schedule is frozen under Order M–293, therefore, there is nothing in Order L–183–a which can change that schedule. The insurance of the flexibility necessary to fulfill changing strategic needs lies in the authority of the industry division to "unfreeze" or issue changes in such a frozen schedule on the basis of Precedence List urgencies or other considerations.

The relative urgencies established by the Precedence List as indicated by Precedence List designations still remain the basic guide, however, for the initial scheduling of electronic equipment and components. Order M–293 in no sense relieves manufacturers of complying with the provisions of Order L–183–a prior to the time a schedule has actually become frozen under Order M–293. Only after a schedule has been frozen under Order M–293 does Order L–183–a become inoperative, and then only as to the frozen schedule. In preparing a product schedule for filing under Order M–293 a manufacturer should arrange the sequence of shipments on that schedule according to the Precedence List in the manner prescribed by Order L–183–a, to whatever extent Precedence List information is available. In doing so, however, he must not disturb the sequence of any shipping dates already frozen in his schedule under Order M–293

The impression has appeared from time to time that a rated order for electronic equipment or components which does not bear a Precedence List designation may be rejected. That is incorrect—the absence of a Precedence List designation does not provide a reason for rejecting a rated order. Another erroneous impression which should be corrected is that all orders without Precedence List designations are inferior to orders with equal preference ratings and Precedence List designations. An AA–1 order without Precedence List designation is not inferior to an AA–1 order with Precedence List designation. The position of an order without Precedence must never be displaced by an order with Precedence simply because the latter bears Precedence. The positions of orders with and orders without Precedence List designation, where they bear the same preference rating, are established in relation to each other according to the dates they were received, as provided in Priorities Regulation No. 1 (especially § 944.7).

Scheduling according to the Precedence List sequence takes place only among those orders which bear Precedence List designations and the same preference rating. For example, orders rated AAA and carrying Precedence may be scheduled in relation to each other according to Precedence, and orders rated AA–1 carrying Precedence may be scheduled in relation to each other according to Precedence. It is clear, therefore, that Precedence never results in lower rated orders being scheduled ahead of higher rated orders.

(3) Priorities Regulation 1 now provides in part (§ 944.2 (a)) that: "A person must not accept a rated order for delivery on a date which would interfere with delivery on equal or higher rated orders which he has already accepted * * *". In applying that rule to purchase orders with Precedence List designations, the Precedence List designations must be considered as well as the ratings. For example, a purchase order rated AA–1 with a Precedence of A–10 calling for delivery in May may be accepted even though it will interfere with May deliveries on previous AA–1 purchase orders with lower Precedences (e. g., A–20, B–5, C–10, etc.). It must not be accepted, however, if May delivery cannot be made without interference with AAA orders or AA–1 orders with Precedence of A–10 or higher (e. g., A–1, A–2, etc.). Furthermore, it must not be accepted if May delivery cannot be made without interference with May deliveries on previous AAA orders or AA–1 orders which have no Precedence List designation.

PART 3291—CONSUMERS DURABLE GOODS

[General Limitation Order L–227–b as Amended Mar. 29, 1944]

WOOD CASED AND OTHER NON-MECHANICAL PENCILS AND PEN HOLDERS

§ 3291.212 *General Limitation Order L–227–b*—(a) *Definitions.* For the purposes of this order:

(1) "Restricted pencil" means any wood cased pencil or other writing instrument containing a nonmovable core of lead or other marking material encased in a sheath of wood, paper, or other material which sheath has a thickness greater than .010 of an inch.

(2) "Pen holder" means an instrument designed to hold a pen nib in position for writing, except fountain pens as defined in Order L–227.

(3) "Manufacturer" means any person who manufactures or assembles restricted pencils or pen holders.

(b) *Specifications for restricted pencils and pen holders.* No manufacturer shall use in the manufacture of restricted pencils or pen holders any:

(1) Copper or copper base alloy;

(2) Crude, reclaimed or synthetic rubber except as permitted in Rubber Order R–1, as amended, or any relief granted pursuant to an appeal taken in accordance with the provisions of such order.

(c) *Limitation on production of restricted pencils and pen holders.* (1) From July 1, 1943, through September 30, 1943, no manufacturer shall produce more than:

(i) 22% of the number of restricted pencils produced by him during 1941;

(ii) 31¼% of the number of pen holders produced by him during 1941.

(2) During the calendar quarter beginning October 1, 1943, and during each calendar quarter after that, no manufacturer shall produce more than:

(i) 20¼% of the number of restricted pencils produced by him during 1941;

(ii) 24% of the number of pen holders produced by him during 1941.

(d) *Reports.* Every manufacturer producing any restricted pencils and pen holders shall file with the War Production Board, Washington 25, D. C., Ref: L–227–b, Form WPB–1600 (formerly PD–655) on or before the 15th days of October, January, April and July, executed in accordance with the instructions for filing that Form.

(e) *Avoidance of excessive inventories.* No manufacturer shall accumulate for use in the manufacture of restricted pencils and pen holders, inventories of raw materials, semi-processed materials, or finished parts in quantities greater than the minimum amount necessary to maintain production at the rates permitted by this order.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Appeals.* Any appeal from the provisions of this order should be filed on Form WPB–1477 (formerly PD–500).

(h) *Applicability of other orders and regulations.* This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of restricted pencils and pen holders to a greater extent than does this order, the other order shall govern unless it states otherwise.

(i) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref: L–227–b.

Issued this 29th day of March 1944.

PART 1388—DEFENSE-RENTAL AREAS

[Rent Reg. for Hotels and Rooming Houses,[1] Amdt. 17]

ADJUSTMENTS AND OTHER DETERMINATIONS

The first unnumbered paragraph of section 5 of the Rent Regulation for

[1] 9 F.R. 2165, 2290.

Hotels and Rooming Houses is amended to read as follows:

SEC. 5. *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required.

Except in cases under paragraphs (a) (7) and (c) (4) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on the maximum rent date: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on the maximum rent date the difference in the rental value of the accommodations by reason of such improvement or increase: *And provided, further,* That no adjustment shall be ordered because of a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, where it appears that the rent during the thirty-day period determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In cases involving construction, due consideration shall be given to general increases in costs of construction, if any, in the Defense-Rental Area since the maximum rent date.

In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on the maximum rent date.

This amendment shall become effective March 29, 1944.

PART 1388—DEFENSE-RENTAL AREAS

[Rent Reg. for Hotels and Rooming Houses, N. Y. C.,[1] Amdt. 7]

ADJUSTMENTS AND OTHER DETERMINATIONS

The first unnumbered paragraph in section 5 of the Rent Regulation for Hotels and Rooming Houses in the New York City Defense-Rental Area is amended to read as follows:

SEC. 5. *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required.

Except in cases under paragraphs (a) (7), (c) (4) and (c) (5) of this section, every adjustment of a maximum rent shall be on the basis of the rent which the Administrator finds was generally prevailing in the Defense-Rental Area for comparable housing accommodations on March 1, 1943: *Provided, however,* That no maximum rent shall be increased because of a major capital improvement or an increase in services, furniture, furnishings or equipment, by more than the amount which the Administrator finds would have been on March 1, 1943 the difference in the rental value of the accommodations by reason of such improvement or increase: *And provided, further,* That no adjustment shall be ordered because of a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, where it appears that the rent during the thirty-day period determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In cases involving construction, due consideration shall be given to general increases in costs of construction, if any, in the Defense-Rental Area since March 1, 1943.

In cases under paragraphs (a) (7) and (c) (4) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the Defense-Rental Area for comparable housing accommodations during the year ending on September 30, 1943.

In cases under paragraph (c) (5) of this section the adjustment shall be on the basis of the average rent during the period of occupancy of the lease or other rental agreement in effect on the date determining the maximum rent.

This amendment shall become effective March 29, 1944.

cause of such increased costs of construction, the maximum rent on and after the date of such approval shall be the rent so approved. The provisions of this paragraph (f) shall apply to the approval of rents for such housing accommodations by the United States or any agency thereof in connection with the grant of an application for priority rating filed on any of the application forms of the Office of Production Management or the War Production Board, including the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941. The provisions of this paragraph (f) shall not apply to housing accommodations resulting from the alteration or remodeling of an existing structure.

2. The first unnumbered paragraph of section 5 is amended to read as follows:

SEC. 5. *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required.

In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on the maximum rent date, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases, except those under paragraphs (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraph (c) (8) of this section due consideration shall be given to any increased occupancy of the accommodations since that date by subtenants or other persons occupying under a rental agreement with the tenant.

In cases involving construction, due consideration shall be given to general increases in costs of construction, if any, in the defense-rental area since the maximum rent date.

In cases under paragraphs (a) (7) and (c) (6) of this section the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the defense-rental area for comparable housing accommodations during the year ending on the maximum rent date.

3. Section 5 (a) (10) is added to read as follows:

(10) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations is established under section 4 (f), the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the first renting of such housing accommodations, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, giving due consideration to general increases in costs of construction, if any, in the defense-rental area since the maximum rent date.

This paragraph (a) (10) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

This amendment shall become effective March 29, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

PART 1388—DEFENSE RENTAL AREAS

[Rent Reg. for Housing, Miami,[1] Amdt. 3]

PRIORITY-CONSTRUCTED HOUSING, ETC.

Rent Regulation for Housing in the Miami Defense-Rental Area is amended in the following respects:

1. Section 4 (c) is amended to read as follows:

(c) *Priority-constructed housing.* For housing accommodations newly constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof prior to the first renting of such accommodations, the rent so approved, but in no event more than the rent on September 1, 1943, or, if the accommodations were not rented on that date, more than the first rent after that date: *Provided, however,* That if, prior to the first renting of the accommodations, the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent is approved by such agency on or after March 29, 1944, because of such increased costs of construction, the maximum rent on and after the date of such approval shall be the rent so approved. The provisions of this paragraph (c) shall apply to the approval of rents for such housing accommodations by the United States or any agency thereof in connection with the grant of an application for priority rating filed on any of the application forms of the Office of Production Management or the War Production Board, including the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941. The provisions of this paragraph (c) shall not apply to housing accommodations resulting from the alteration or remodeling of an existing structure.

2. The fifth unnumbered paragraph of section 5 is amended to read as follows:

In cases involving construction, due consideration shall be given to general increases in costs of construction, if any, in the Defense-Rental Area since September 1, 1943.

3. Section 5 (a) (9) is added to read as follows:

(9) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations is established under section 4 (c), the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the first renting of such housing accommodations, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on September 1, 1943, giving due consideration to general increases in costs of construction, if any, in the defense-rental area since September 1, 1943.

This paragraph (a) (9) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

This amendment shall become effective March 29, 1944.

[1] 8 F.R. 13914, 14814, 15586, 16219; 9 F.R. 2087.

1. Section 4 (f) is amended to read as follows:

(f) *Priority-constructed housing.* For housing accommodations newly constructed with priority rating from the United States or any agency thereof for which the rent has been heretofore or is hereafter approved by the United States or any agency thereof prior to the first renting of such accommodations, the rent so approved, but in no event more than the rent on March 1, 1943, or, if the accommodations were not rented on that date, more than the first rent after that date: *Provided, however,* That if, prior to the first renting of the accommodations the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent is approved by such agency on or after March 29, 1944, because of such increased costs of construction, the maximum rent on and after the date of such approval shall be the rent so approved. The provisions of this paragraph (f) shall apply to the approval of rents for such housing accommodations by the United States or any agency thereof in connection with the grant of an application for priority rating filed on any of the application forms of the Office of Production Management or the War Production Board, including the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941. The provisions of this paragraph (f) shall not apply to housing accommodations resulting from the alteration or remodeling of an existing structure.

2. The first unnumbered paragraph of section 5 is amended to read as follows:

SEC. 5. *Adjustments and other determinations.* In the circumstances enumerated in this section, the Administrator may issue an order changing the maximum rents otherwise allowable or the minimum services required. In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Administrator finds would have been on March 1, 1943, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (c) (6), and (c) (8) of this section, the adjustment shall be on the basis of the rent which the Administrator finds was generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1943.

In cases involving construction, due consideration shall be given to general increases in costs of construction, if any, in the defense-rental area since March 1, 1943.

In cases under paragraphs (a) (7) and (c) (6) of this section, the adjustment shall be on the basis of the rents which the Administrator finds were generally prevailing in the defense-rental area for comparable housing accommodations during the year ending on September 30, 1943.

In cases under paragraph (c) (8) of this section the adjustment shall be on the basis of the average rent during the period of occupancy of the lease or other rental agreement in effect on the date determining the maximum rent.

3. Section 5 (a) (10) is added to read as follows:

(10) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations is established under section 4 (f), the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the first renting of such housing accommodations, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the Defense-Rental Area for comparable accommodations on March 1, 1943, giving due consideration to general increases in costs of construction, if any, in the Defense-Rental Area since March 1, 1943.

This paragraph (a) (10) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

This amendment shall become effective March 29, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Section 1364.405 (d) is amended to read as follows:

(d) Upon the petition of any person or upon his own motion, the Administrator may, by order, authorize the sale or delivery to a War Procurement Agency, of any meat item subject to this revised regulation, where it is found: (1) that an inventory of meat items has been accumulated (showing each item and the total volume in pounds), which items were prepared pursuant to a contract, agreement or at the request of a War Procurement Agency on the basis of specifications issued by the Office of Price Administration or by a War Procurement Agency and adopted by the Office of Price Administration; (2) that by reason of a change in specifications or the provisions of this revised regulation, the sale or delivery of the accumulated inventory is prohibited; and (3) that a War Procurement Agency indicates in writing that it is essential for it to obtain such accumulated inventory (showing the items and total inventory in pounds required).

Upon proof of the foregoing, the Administrator shall authorize the applicant to sell or deliver such accumulated inventory or portion thereof, to the designated War Procurement Agency at a maximum price or prices in line with appropriate prices established for sales of beef and veal, and may require delivery within a time specified by the Administrator. Any person authorized to make sales or deliveries pursuant to this paragraph (d) shall submit a copy of the authorization issued hereunder with the invoice submitted for payment.

This amendment shall become effective March 28, 1944.

Maximum Price Regulation No. 364 is amended in the following respects:

1. The text of section 3 (f) is redesignated section 3 (f) (1), its headnote is changed to read *"Sales to government agencies"* and subparagraph (2) is added to read as follows:

(2) *Sales of dressed smelts (Columbia River Eulachon) (Thaleichthys pacificus or any Argentinidae species).* The maximum price for sales of dressed smelts (Columbia River Eulachon) (Thaleichthys pacificus or any Argentinidae species) to any government agency is 21½ cents per pound. This price is f. o. b. the shipping point for dressed smelts packed in a container of the customary size and kind meeting specifications of the buying government agency. No transportation, container or other charge may be added to this maximum price. This item may be sold only to government agencies.

2. Section 12 is amended by inserting after the definition of "Frozen fish" the following definition:

"Government agency" means the United States Government or any department, agency, commission, corporation or other such instrumentality of the United States Government.

3. In the table of base prices in section 14, the name of Schedule No. 60 is amended and reference to footnote 9 is added thereto to read as follows:

FINISHED RICE AND RICE MILLING BY-PRODUCTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 150 is amended in the following respects:

1. Section 1 is amended to read as follows:

SECTION 1. *Applicability.* (a) Except as provided in paragraph (b) of this section, this regulation shall apply to all sales of domestic and imported finished rice whether for immediate or future delivery within the 48 states and the District of Columbia of the United States.

(b) This regulation shall have no application to any finished rice purchased by the United States or any of its agencies under such circumstances of emergency as to make immediate delivery imperative and as to render it impossible to secure or unfair to require immediate delivery at the maximum price which would otherwise be applicable, if such purchases and deliveries are made pursuant to the provisions of section 4.3 (f) of Revised Supplementary Regulation No. 1 to the General Maximum Price Regulation.

2. Section 3 (b) (6) is hereby redesignated section 3 (b) (7) and a new section 3 (b) (6) is hereby added to read as follows:

(6) The practice known as "toll milling" or "custom milling", by which a producer, distributor (other than a processor) or other person arranges to have his rough rice processed by a mill and to pay a fee for the processing, shall be and it hereby is prohibited as a device used for the purpose of avoiding the provisions of this regulation, and is permitted only when the following provisions are complied with:

(i) The owner of the rough rice must retain title during the processing.

(ii) The owner of the rough rice must assume all risks of loss due to breakage or other damage during the processing, except for such loss as is occasioned by the misconduct or neglect of the processor for which the processor would be legally liable.

(iii) The owner shall not purchase the rough rice from the processor performing the toll milling service, nor shall he sell the processed product or by-products to the processor.

(iv) The processor shall not negotiate the purchase of the rough rice nor the sale of the processed rice for the owner, nor act as agent of the owner in any such transaction, nor receive any fee or commission in connection with the purchase or sale of the product.

(v) The processor shall return to the owner all of the identical processed rice and by-products yielded by the rough rice processed for the owner and shall not substitute other rice or by-products on a quantity equivalent or other basis.

This amendment shall become effective April 4, 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 275,[1] Amdt. 6]

EXTRACTED HONEY

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 275 is amended in the following respects:

1. Section 1351.1313 is amended to read as follows:

§ 1351.1313 *Records and reports.* Every person, covered by this regulation, who sells "packaged honey" at the prices determined pursuant to § 1351.1319 (c), shall preserve for examination by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, all of his existing records which were the basis for the computation required in order to determine prices under that section.

2. A new § 1351.1319 (e) is added to read as follows:

(e) *Filing of Forms 1-A, 1-B, and 1-C.* A seller shall not sell or deliver any item of "packaged honey" at prices determined pursuant to paragraph (c) of § 1351.1319 unless and until he has obtained from and filed with the Sugar Section, Food Price Division, Office of Price Administration, Washington, D. C., one copy of Forms Nos. 1-A, 1-B, and 1-C. These forms, when executed, shall be sent to the Office of Price Administration, Washington, D. C., and shall be deemed filed on the second day following the date on which they are mailed.

(1) If the Office of Price Administration finds that the prices reported in Forms Nos. 1-A, 1-B, and 1-C, are higher than those allowed by § 1351.1319 (c) or it finds that the forms have been improperly executed, or omit required information necessary to determine whether the prices reported therein are in excess of those allowed by § 1351.1319 (c), the Office of Price Administration may at any time by letter or telegram object to prices thus reported. A seller, after receiving such letter or telegram, shall not sell or deliver any item, the prices of which have been objected to, at prices higher than those set forth in § 1351.1319 (b) until he has resubmitted Forms Nos. 1-A, 1-B, and 1-C and received from the Office of Price Administration a letter notifying him that the prices thus resubmitted are correct.

3. Section 1351.1319 (f) is amended to read as follows:

(f) *Delivered prices.* The prices which a seller determines pursuant to § 1351.1319 (c) or § 1351.1319 (f) are all f. o. b. packing plant. Except as provided below, the delivered price to a purchaser shall not exceed the f. o. b. price to that purchaser plus actual freight charges incurred from the packing plant to that purchaser's receiving point.

(1) A seller who wishes to establish a uniform maximum delivered price for an item of packaged honey to a particular class of purchasers in a particular zone or area may do so by adding to his f. o. b. packing plant price to that class of purchasers his "weighted average transportation charges" from his packing plant to that class of purchasers' receiving points. For any zone or area this "weighted average transportation

charge" shall be figured by him as follows: he shall (i) determine the total estimated transportation charges which would have been incurred if the shipments of the item which he made during the one-year period immediately preceding the date of calculation, to the particular class of purchasers in that zone or area, had been at rates in effect on the date of calculation, and (ii) divide that figure by the total number of pounds or other units of the items included in those shipments. Where more than one means of transportation is used averages shall be taken separately for each.

(2) Any seller covered by this regulation who sells "packaged honey" directly to a retailer from a branch warehouse owned or controlled by the seller and located in a city other than that in which the seller's packing plant is located, may establish maximum delivered prices for such sales determined by adding together the following:

(i) His maximum price for sales of the item to wholesalers f. o. b. packing plant.

(ii) The freight, if any, incurred on the item from the packing plant to branch warehouse; or if he has more than one branch warehouse in a particular zone or area and wishes to sell the item at a uniform price within the zone or area within which the branch warehouses are located, the "weighted average transportation charges" from the packing plant to the warehouses within the particular zone or area. "Weighted average transportation charges" shall be figured in accordance with the method set forth in subparagraph (1) above.

(iii) The sum obtained by multiplying the markup figure appropriate to the particular sale which would have been applicable to him as a "wholesaler" operating under MPR 421 had he purchased the finished product and not bottled or packed it, by the total of (i) and (ii); plus such additional transportation charges which a wholesaler would be permitted to add by Maximum Price Regulation 421.

4. A new § 1351.1319 (i) is added to read as follows:

(i) *Notification of new maximum prices.* In any case where a seller's maximum price for an item of "packaged honey" is different from the price which he had for such item prior to April 4, 1944, he shall, with the first delivery of the item after April 3, 1944, supply each wholesaler and retailer who purchases from him with written notice as set forth below:

(Insert date)

NOTICE TO WHOLESALERS AND RETAILERS

The Office of Price Administration has authorized us to adjust our ceiling price for packaged honey. We are authorized to inform you that if you are a wholesaler or retailer pricing this item under the Office of Price Administration Maximum Price Regulations Nos. 421, 422, or 423, you must refigure your ceiling price for this item on the first delivery of it to you after April 3, 1944, from your customary type of supplier accompanied by this notification. You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 421, 422, or 423, whichever is applicable to you.

For a period of 60 days after determining the new maximum price for the item, and with the first shipment after the sixty-day period to each person who has not made a purchase within that time, each seller shall include in each case, carton, or other receptacle containing the item, the written notice set forth above, or securely attach it to the outside. However, for sales direct to any retailer, the seller may supply the notice by attaching it to, or stating it on, the invoice covering the shipment instead of providing it with the goods.

This amendment shall become effective April 4, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

CERTAIN ESSENTIAL OILS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 472 is amended in the following respects:

1. Section 1 (b) is added to read as follows:

(b) *Transactions excluded from this regulation.* This regulation does not apply to sales at retail, that is, sales to ultimate consumers other than industrial or commercial users.

2. Section 7 (b) is revoked and paragraph (c) of section 7 is redesignated "(b)."

3. Section 11 (a) (6) is amended to read as follows:

(6) "Dealer" means:

(i) In the case of natural oil of peppermint and natural oil of spearmint, a person who customarily is in the business of selling these essential oils, other than such oils distilled from plants grown by him or distilled by him from plants grown by others. As used here, the word "dealer" does not, however, include drug wholesalers.

(ii) In the case of U. S. P. redistilled oil of peppermint, a person other than a drug wholesaler who sells oil of peppermint U. S. P.

(iii) In the case of premium grades of U. S. P. redistilled oil of peppermint, a person other than a drug wholesaler who sells these premium grades.

4. Section 11 (a) (7) is added to read as follows:

(7) "Drug wholesaler" means a person who sells the essential oils covered by this regulation principally to retail druggists.

5. Section 11 (a) (8) is added to read as follows:

(8) "Premium grade of U. S. P. redistilled oil of peppermint" means a U. S. P. redistilled oil of peppermint which has been further treated by fractional distillation to yield a grade of oil which is deemed to have more desirable organoleptic properties than the usual grade of U. S. P. redistilled oil of peppermint and is produced by a person who produced such grade prior to July 1, 1943.

6. Appendix A is amended to read as follows:

APPENDIX A—MAXIMUM PRICES FOR NATURAL OILS OF PEPPERMINT AND SPEARMINT AND U. S. P. REDISTILLED OIL OF PEPPERMINT

(a) *Sales by producers.* The maximum prices for sales by producers of natural oils of peppermint and spearmint in any quantity and any container, f. o. b. producer's shipping point, shall be:

	Per pound
Natural oil of peppermint	$7.00
Natural oil of spearmint	3.50

A buyer purchasing the natural oils of peppermint or spearmint from a producer through a broker or other agent acting for him may, in addition to the above maximum prices, pay such broker or agent a buying commission no higher than the customary commission paid by such buyer during the calendar year of 1942. If the buyer paid no such commission during that period, then the commission shall be no higher than the customary commission paid by like buyers for like services on such a purchase during the calendar year 1942. But in no case shall the commission be more than 10 cents per pound.

(b) *Sales by dealers.* (1) The maximum prices for sales by dealers of the natural oils of peppermint and spearmint and U. S. P. redistilled oil of peppermint shall be:

---

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 17512; 9 F.R. 2021.

[2] 8 F.R. 13126.

Per pound, in drums of at least 400 lbs. capacity	
Natural oil of peppermint	$7.50
Natural oil of spearmint	4.00
U. S. P. redistilled oil of peppermint	8.05

Each dealer shall apply to the maximum prices for sales in drums for each essential oil listed above the same discounts, credit terms, dollar and cent packaging price differentials, practices relating to the payment of freight charges and other transportation costs and other practices which were in effect during the calendar year 1942 on sales by the dealer of the particular essential oil.

Where the dealer did not make sales in drums during the calendar year 1942, the dollar and cent packaging price differential per pound for any particular essential oil in any particular package in any quantity to any class of purchasers shall be determined as follows: From the maximum price per pound as determined under the General Maximum Price Regulation for that essential oil in that package in the same quantity and to the same class of purchasers, subtract the applicable one of the following prices per pound:

In the case of natural oil of spearmint	$3.50
In the case of natural oil of peppermint	5.50
In the case of U. S. P. redistilled oil of peppermint	5.75

(2) The maximum price for sales by a dealer of a premium grade of U. S. P. redistilled oil of peppermint in any quantity and any packaging shall be $8.05 per pound plus the dollar and cent differential per pound that the dealer had on July 1, 1943 between his maximum prices per pound in the same quantity and packaging to the same class of purchaser for that premium grade of U. S. P. redistilled oil of peppermint and for his lowest grade of U. S. P. redistilled oil of peppermint.

(3) Dealers in the natural oils of peppermint, spearmint and U. S. P. redistilled oil of peppermint may, at their option, establish as their maximum prices those prices therefor determined pursuant to the provisions of the General Maximum Price Regulation.

(c) *Sales by producer-dealers.* Where a person is a dealer and sells not only oils produced by others but also oils produced by himself, the maximum prices established in paragraph (a) above for producers shall apply to his sales of the natural oils of peppermint and spearmint that he produces himself. The maximum prices established in paragraph (b) above for dealers shall apply to his sales of the oils produced by others.

(d) *Sales by drug wholesalers.* The maximum prices for sales by a drug wholesaler of the natural oils of peppermint and spearmint and U. S. P. redistilled oil of peppermint shall be the maximum prices as determined under the General Maximum Price Regulation, except that in the case of the natural and U. S. P. redistilled oils of peppermint there may be added to the maximum price per pound determined under the General Maximum Price Regulation an amount not in excess of $1.60 per pound.

This amendment shall become effective April 4, 1944.

CORN STARCH AND DEXTRINE PRODUCTS IN BULK

A statement of the considerations involved in the issuance of this amendment has been issued and filed with the Division of the Federal Register.*

Section 6.41 (a) (2) is amended to read as follows:

(2) $0.62 per hundredweight in the case of any type or grade of corn starch or dextrine product in bulk with an average March 1942 moisture content between and including 11½ percent and 14 percent. In the case of any type or grade of corn starch or dextrine product in bulk which had a March 1942 average moisture content below 11½ percent or above 14 percent the maximum selling price for that product shall be computed by adjusting the figure $0.62 on the basis of dry starch of 11½ percent moisture content. In the case of products not wholly corn starch or dextrine the figure $0.62 shall be adjusted by multiplying it by the percentage (by weight) of the corn starch of dextrine contained therein, also on the basis of dry starch of 11½ percent moisture content.

This amendment shall become effective April 4, 1944.

[Public Land Order 213]

WYOMING

RESERVING ADDITIONAL PUBLIC LANDS IN CONNECTION WITH THE GREYS RIVER ELK WINTER PASTURE AND FEED GROUND

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Lincoln County, Wyoming, are hereby withdrawn from all forms of appropriation under the public-land laws, including the mining laws and the mineral-leasing laws, and reserved under the jurisdiction of the Department of the Interior for use by the Game and Fish Commission of the State of Wyoming in addition to the lands reserved by Public Land Order No. 155 of August 4, 1942, in connection with the Greys River Elk Winter Pasture and Feed Ground, under such conditions as may be prescribed by the Secretary of the Interior:

SIXTH PRINCIPAL MERIDIAN

T. 36 N., R. 119 W.
Sec. 2, lots 1, 2, 3, and 4, S½NE¼, and E½SE¼;
Sec. 3, lot 1;
Sec. 11, NE¼ and N½SE¼.
The areas described aggregate 647.31 acres.

The reservation made by this order supersedes, as to the above-described lands, the general withdrawal for classification and other purposes made by Executive Order No. 6910 of November 26, 1934, as amended.

MICHAEL W. STRAUS,
Acting Secretary of the Interior.

YAKIMA PROJECT, WASH.; ROZA DIVISION

ANNOUNCEMENT OF ANNUAL WATER RENTAL CHARGES [1]

MARCH 17, 1944.

1. Whereas, I have determined that it is factually impossible, in view of provision for construction of distribution works by the United States under the contract with the Roza Irrigation District dated December 13, 1935, to make water available for diversion by said District for irrigation use as contemplated in article 16 of the contract of July 8, 1921, as amended by the contract with the said District dated April 15, 1935; and

2. Whereas, it is factually impossible to promulgate during the year 1944, any of the public notices of construction charges contemplated in article 12 of said contract dated December 13, 1935, because construction work contemplated by said contract is not sufficiently advanced; therefore

3. Announcement is hereby made, pursuant to article 31 of the contract dated December 13, 1935, that water may be furnished, if and when available, during the irrigation season of 1944 (from April 1 to October 31, inclusive) for the irrigation of Roza Irrigation District lands, hereinafter described, upon a water rental basis, at rates and upon terms following:

(a) For privately owned lands under the Yakima Ridge Canal in the following sections:

Sections 1, 11, 12, 13, and 14, T. 12 N., R. 19 E., Willamette meridian;
Sections 16, 22, 23, 25, 26, and 36, T. 13 N., R. 19 E., Willamette meridian;
Sections 17, 20, 29, and 32, T. 14 N., R. 19 E., Willamette meridian;
Sections 1, 2, 3, 4, 5, 6, 9, 10, 11, 12, 13, 14, 15, 24, and 25, T. 11 N., R. 20 E., Willamette meridian;
Sections 4, 5, 6, 7, 8, 9, 17, 18, 28, 29, 30, 31, 32, 33, and 34, T. 12 N., R. 20 E., Willamette meridian;
Sections 30, 31, and 32, T. 13 N., R. 20 E., Willamette meridian;
Sections 1, 2, 3, and 4, T. 10 N., R. 21 E., Willamette meridian;
Sections 7, 17, 18, 19, 20, 21, 22, 25, 26, 27, 28, 29, 30, 32, 33, 34, 35, and 36, T. 11 N., R. 21 E., Willamette meridian;
Sections 1, 2, 3, 4, 5, 6, 11, and 12, T. 10 N., R. 22 E., Willamette meridian;
Sections 29, 30, 31, 32, 33, 34, 35, and 36, T. 11 N., R. 22 E., Willamette meridian;
Sections 5, 6, 7, 8, 17, 18, 19, and 20, T. 10 N., R. 23 E., Willamette meridian;
Section 31, T. 11 N., R. 23 E., Willamette meridian.

(b) A minimum charge of one dollar and eighty cents ($1.80) per irrigable acre for each irrigable acre of the legal subdivision for which such service is requested for two (2) acre-feet per acre per annum, and payable by the District to the United States in advance of delivery of water. Additional water will be furnished at the following rates payable by the District in advance:

	Per acre-foot
Third acre-foot per acre	$1.35
Fourth acre-foot per acre	1.80
Fifth acre-foot per acre	2.25

4. Water will be delivered and measured at the tap or weir nearest to the individual farms.

5. The District will request water delivery for, and certify to the United States as entitled to receive water, only such lands as are owned or are held under contract of purchase by persons duly qualified to receive water under the terms of said Reclamation Act of June 17, 1902 (32 Stat., 388), and acts of Congress supplementary thereto or amendatory thereof, and who have duly complied with the requirements of the contract of December 13, 1935, between the United States and the Roza Irrigation District, including:

(a) The execution and delivery of the recordable contract as provided for in article 28 of said contract.

(b) The execution and delivery of an application for water service, as provided for in article 28 of said contract; and

(c) The execution and delivery of a valid recordable contract, in the case of ownership of excess land, as provided for in article 29 of said contract.

6. Applications for water on the basis of this announcement will be received at the office of the Secretary of the Roza Irrigation District at Zillah, Washington, and payments will be made to that office.

(Departmental Order No. 1903 of November 17, 1943 (Vol. 8 F.R. 15872), issued under the Act of December 19, 1941, 55 Stat., 842)

OWYHEE IRRIGATION PROJECT, ORE.-IDAHO

PUBLIC NOTICE OF ANNUAL WATER RENTAL CHARGES [1]

MARCH 16, 1944.

1. Announcement is hereby made that water will be furnished during the irrigation season of 1944 (April to October, both inclusive) and thereafter until further notice, for the irrigation of project lands hereinafter described, upon a water rental basis at rates and upon terms following:

For lands in the Gem, Owyhee, Ontario-Nyssa, Advancement, Payette-Oregon Slope, Bench, Crystal, and Slide Irrigation Districts, the minimum rental charge for the irrigation season of 1944 and thereafter until further notice, for water delivered to or for the farms by Government forces, will be two dollars and forty cents ($2.40) per irrigable acre, payable by all landowners in advance of the delivery of any water, but not later than December 31st of each year, said payment to be made by each landowner for his total irrigable area. The said minimum charge of two dollars and forty cents ($2.40) per irrigable acre shall be payable whether water is used or not and will entitle the water user to three (3) acre-feet of water per irrigable acre for each irrigation season. Additional water will be furnished during each irrigation season at the rate of seventy-five cents ($0.75) per acre-foot, and shall be payable by each landowner to the district in which his land is situated on or before December 30th of each year. Charges for such excess water shall be payable by the districts to the United States on or before December 31st of each year: *Provided*, That, if the Gem and Ontario-Nyssa Irrigation Districts elect to continue operation of their pumping plants and old distribution systems at their own expense, the minimum charge for water delivered and measured, as provided in paragraph 4 hereof, to the Gem Irrigation District for the old land farms in that district and to the Ontario-Nyssa Irrigation District for the farms in that district, will be reduced to one dollar and twenty cents ($1.20) per irrigable acre, which reduced minimum charge will entitle the water user to three (3) acre-feet of water per irrigable acre and shall be payable in advance of the delivery of water but not later than December 31st of each year by each landowner for his total irrigable area, whether water is used or not. The charge for any water delivered under this proviso to such lands in the Gem and Ontario-Nyssa Irrigation Districts in excess of three (3) acre-feet per irrigable acre will be reduced to thirty-seven and one-half cents ($0.375) per acre-foot, which excess water charge shall be payable by the landowners to their districts on or before December 30th of each year and, in turn, by the districts to the United States on or before December 31st of each year, the measurement of water in each case to be made as provided in paragraph 4 hereof.

2. No distinction will be made between water pumped from the Snake River and water delivered from the Owyhee Reservoir.

3. Electric power used by the Government for pumping water delivered under this notice will be charged to the project as a whole and not to the particular districts for which water may be pumped.

4. Water will be delivered and measured by the Government forces at the nearest available measuring device to the individual farm, except that in the case of the Gem and Ontario-Nyssa Irrigation Districts, if these districts elect to continue operation of their pumping plants and old distribution systems at their own expense, the water delivered to or for the farms by the district forces will be measured by the Government at the pump outlets and at feeders from the Owyhee gravity canals and for the purpose of computing water rental charges under paragraph 1 hereof a reduction of fifteen per centum (15%) to cover losses in the

[1] Act of June 17, 1902, 32 Stat. 388, as amended and supplemented.

distribution system will be made on measurements of water at pump outlets and feeders for the old lands of the Gem District.

5. If the charges or any part thereof are unpaid on the date due there shall be added a penalty of one-half of one per centum of the amount unpaid, and there shall be added a like penalty of one-half of one per centum of the amount unpaid on the first day of each month thereafter so long as such default shall continue.

6. Individual landowners will make their application for water and the payments required by this public notice direct to their irrigation district office. Applications by the irrigation districts for water and payments by the districts to the United States on the basis of this public notice will be received at the office of the Assistant Regional Director, Bureau of Reclamation, Boise, Idaho.

[No. 40]

KLAMATH IRRIGATION PROJECT

PUBLIC NOTICE OF ANNUAL WATER CHARGES [1]

MARCH 23, 1944.

1. *Operation and maintenance charges.* The annual operation and maintenance charge for the irrigation season of 1944 against all lands of the Main division lying outside of the Klamath Irrigation District shall be a minimum charge of one dollar and eighty-eight cents ($1.88) per irrigable acre, whether water is used or not, which will entitle the water user to two and one-half (2½) acre-feet of water per irrigable acre. Additional water will be furnished at the rate of fifty cents ($0.50) per acre-foot.

2. The annual operation and maintenance charge for the irrigation season of 1944 against all lands under district or individual Warren Act contracts, shall be a minimum charge of ninety-four cents ($0.94) per irrigable acre, whether water is used or not. Pending the final adjustment of differences between certain Warren Act contractors and the Bureau arising out of charges for additional water, the charge of twenty-five cents ($0.25) per acre-foot for additional water, announced in prior notices, will not be made for this season.

3. *Water rental charges.* The annual water rental charge for the irrigation season of 1944 against all lands of the Tule Lake division lying outside of the Klamath Irrigation District and subject to Public Orders of January 22, 1927; March 30, 1928; February 6, 1929; September 10, 1930; October 16, 1931; and September 9, 1937; shall be a minimum charge of two dollars and twenty cents ($2.20) per irrigable acre, whether water is used or not, which will entitle the water users to two and one-half (2½) acre-feet of water per irrigable acre. Additional water will be furnished up to a limit of three and one-half (3½) acre-feet per irrigable acre at a rate of fifty cents ($0.50) per acre-foot and all further quantities for seventy-five cents ($0.75) per acre-foot.

4. For irrigation or waste water furnished Tule Lake leased lands the charge, unless otherwise specified in the leases, shall be seventy-five cents ($0.75) per acre-foot for the season of 1944.

5. For irrigation or waste water furnished private lands within the dry bed of or bordering Lower Klamath Lake, the charge shall be fifty cents ($0.50) per acre-foot for the season of 1944.

6. For water furnished lands not subject to the operation and maintenance or water rental charges named above the charges shall be eighty-five cents ($0.85) per acre-foot for the season of 1944.

7. *Time of payment.* For lands of the Tule Lake division under public notice or public order lying outside of the Klamath Irrigation District, the minimum charge of two dollars and twenty cents ($2.20) per irrigable acre stated above will be due and payable one-half before the delivery of water, if water is delivered before July 1, and one-half on or before July 1. If no water is delivered before July 1, then the entire charge shall become due and payable on that date. If the charge, or any part thereof, is unpaid on that date there will be added a penalty of one-half of one per centum (½%) and there will be added a like penalty of one-half of one per centum (½%) on the first day of each month thereafter so long as such default shall continue. Payment for water used in addition to the allowance under the minimum charge shall be made on or before December 1 of the season in which used, and if not paid on or before said due date, there will be added a penalty of one-half of one per centum (½%) and there will be added a like penalty of one-half of one per centum (½%) on the first day of each month thereafter so long as such default shall continue.

8. For all other lands referred to herein the minimum charges announced shall be due and payable before the delivery of water and in any event not later than May 1 of the current irrigation season. Payment for water used in addition to the allowance under the minimum charge shall be made on or before December 1 of the season in which used. On all payments not made on or before the due dates specified herein, there will be added a penalty of one-half of one percentum (½%) and there will be added a like penalty of one-half of one per centum (½%) on the first day of each month thereafter so long as such default shall continue.

9. Where water rental application is made for public land entered under the Reclamation Law after June 15 and where water rental application is made after August 1 for land in private ownership, no water rental charge shall be made for water delivered during the remainder of the irrigation season in which water rental application is made.

(Departmental Order No. 1903 of November 17, 1943 (Vol. 8 F.R. 15872), issued under the Act of December 19, 1941, 55 Stat. 842)

[Five-Acre Tract Classification 36]

NEW MEXICO

ORDER OPENING PUBLIC LAND

MARCH 22, 1944.

On October 22, 1943, the following-described public land in the Santa Fe, New Mexico, land district, was classified and opened by the Secretary of the Interior under the Five-Acre Tract Act of June 1, 1938 (52 Stat. 609; 43 U.S.C. 682a), for leasing as home and business sites.

NEW MEXICO No. 3

NEW MEXICO PRINCIPAL MERIDIAN

T. 1 N., R. 12 W., sec. 19, that part of the NE¼ lying north of U. S. Highway No. 60 94.12 acres.

This land is located adjacent to the present site of Pie Town, Catron County. It lies one mile west of the Cibola National Forest, about 25 miles east of Quemada, and about 60 miles west of Magdalena. U. S. Highway No. 60 passes the land along the south side.

The land described above will be leased under the act as home and/or business sites, only in tracts as shown upon the plat of subdivision of the NE¼ of the section, accepted February 7, 1944, which was prepared to provide a basis for definition of tracts and as an aid for leasing purposes under the classification. This plat will be on file in the Santa Fe district land office. Shown thereon are 42 tracts, with designations, the areas of the tracts ranging from 0.96 to 2.49 acres. Eight applications for tracts in the area have been received. These must be amended to describe tracts in accordance with the plat.

Based on the above-mentioned classification, the tracts not covered by applications are subject to application under the act of June 1, 1938, supra, by any qualified persons, in accordance with the regulations issued pursuant to the act, which are contained in Circular No. 1470 as amended.

Tracts Nos. 12, 23, and 24 will be leased only to the community, upon proper application. They will not be leased for individual use. No structures shall be erected or maintained upon these tracts without the approval of this office.

Leases will provide for ingress and egress. No buildings or signs shall be erected on the right-of-way for any constructed road or on areas described in leases for ingress and egress.

Lessees will be required to construct substantial improvements having a value of not less than $500. Leases will be for a period of 5 years, at an annual rental

of $3.00 per acre for home sites, payable in advance yearly. The rental for business sites will be in accordance with a schedule of graduated charges based on gross income.

The Register of the district land office will make appropriate notations upon the records of his office and acknowledge receipt hereof.

Supp. III, sec. 35), provides that the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of that act, for the manufacture and supply of dimension granite, including monumental stone, building stone, paving blocks, curbing, riprap, and rubble, but not crushed stone is as follows:

(1) In Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut and New York: 57.5 cents per hour or $23 per week, based on a 40-hour week, arrived at either on a time or piece-work basis;

(2) In Pennsylvania, Maryland, Wisconsin, Minnesota, South Dakota and all other States not included in paragraph (1) above or paragraph (3) below: 42.5 cents per hour or $17 per week based on a 40-hour week arrived at either on a time or piece-work basis;

(3) In North Carolina, Virginia, South Carolina, Georgia, Florida, Alabama, Tennessee, Kentucky, Mississippi, Louisiana, Arkansas and Texas: 32.5 cents per hour or $13 per week based on a 40-hour week arrived at either on a time or piece-work basis; and

Whereas the minimum wage required to be paid by employers engaged in the dimension granite industry subject to the provisions of the Fair Labor Standards Act of 1938 is not less than 40 cents an hour pursuant to the wage order for the stone, clay, glass, and allied industries, issued by the Administrator of the Wage and Hour Division and effective December 27, 1943; and

Whereas it appears that substantially all employees subject to the dimension

DETERMINATION OF PREVAILING MINIMUM WAGE IN DIMENSION GRANITE INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the prevailing minimum wage determination for the Dimension Granite Industry issued by the Secretary of Labor on December 22, 1937, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C. (1) In Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut and New York: 57.5 cents per hour or $23 per week, based on a 40-hour week, arrived at either on a time or piece-work basis;

(2) In Pennsylvania, Maryland, Wisconsin, Minnesota, South Dakota and all other States not included in paragraph (1) above or paragraph (3) below: 42.5 cents per hour or $17 per week based on a 40-hour week arrived at either on a time or piece-work basis;

(3) In North Carolina, Virginia, South Carolina, Georgia, Florida, Alabama, Tennessee, Kentucky, Mississippi, Louisiana, Arkansas and Texas: 32.5 cents per hour or $13 per week based on a 40-hour week arrived at either on a time or piece-work basis; and

Whereas the minimum wage required to be paid by employers engaged in the dimension granite industry subject to the provisions of the Fair Labor Standards Act of 1938 is not less than 40 cents an hour pursuant to the wage order for the stone, clay, glass, and allied industries, issued by the Administrator of the Wage and Hour Division and effective December 27, 1943; and

Whereas it appears that substantially all employees subject to the dimension granite industry wage determination of the Secretary are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that, consequently, the aforementioned wage order of the Administrator has had the effect of establishing not less than 40 cents per hour as a prevailing minimum wage for persons employed in the dimension granite industry; and

Whereas, it appears advisable to amend the wage determination for the dimension granite industry by providing that the prevailing minimum wage for persons employed therein, in those States, subject to a wage determination of less than 40 cents, shall be not less than 40 cents an hour.

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before April 30, 1944, why the Secretary of Labor should not amend the wage determination for the dimension granite industry pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act so that the prevailing minimum wage in the industry, arrived at upon a time or piece-work basis, in the following States presently subject to a minimum wage below 40 cents an hour or $16.00 per week of forty hours, will be raised to 40 cents an hour or $16.00 per week of forty hours: North Carolina, Virginia, South Carolina, Georgia, Florida, Alabama, Tennessee, Kentucky, Mississippi, Louisiana, Arkansas and Texas.

DETERMINATION OF PREVAILING MINIMUM WAGE IN FIREWORKS INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas the prevailing minimum wage determination for the fireworks industry issued by the Secretary of Labor on September 30, 1938, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C. Supp. III, sec. 35), provides that the minimum wages for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of the act are as follows:

(1) For the manufacture or supply of commercial fireworks, 31.25 cents an hour or $12.50 per week for a week of 40 hours, arrived at either upon a time or piece-work basis; and

(2) For the manufacture or supply of fusees, flares, and ship and railroad torpedoes, 37.5 cents an hour or $15.00 per week for a week of 40 hours, arrived at either upon a time or piece-work basis.

Whereas the minimum wage required to be paid by employers engaged in the fireworks industry subject to the provisions of the Fair Labor Standards Act of 1938 is not less than 40 cents an hour pursuant to the wage order for the chemical, petroleum and coal products, and allied manufacturing industries, issued by the Administrator of the Wage and Hour Division and effective February 7, 1944; and

Whereas it appears that substantially all employees subject to the fireworks industry wage determination of the Secretary are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that, consequently, the aforementioned wage order of the Administrator has had the effect of establishing not less than 40 cents per hour as a prevailing minimum wage for persons employed therein shall be not less than 40 cents an hour,

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before April 30, 1944, why the Secretary of Labor should not amend the wage determination for the fireworks industry pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act to provide that:

The prevailing minimum wage for all persons engaged in the performance of contracts with agencies of the United States, subject to the provisions of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Supp. III, sec. 35), for the manufacture or supply of the products of the fireworks industry will be 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis.

An original and four copies of all objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Wage and Hour and Public Contracts Divisions, Department of Labor, 165 West 46th Street, New York 19, New York, and should be filed with the Administrator not later than April 30, 1944.

DATED: March 15, 1944.

DETERMINATION OF PREVAILING MINIMUM WAGE IN DENTAL GOODS AND EQUIPMENT MANUFACTURING INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas the prevailing minimum wage determination for the dental goods and equipment manufacturing industry issued by the Secretary of Labor on September 8, 1941, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. Supp. III, sec. 35), provides that the minimum wages for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of the act, are as follows:

(1) For the manufacture or furnishing of any one or more of the hereinafter designated durable products of the Dental Goods and Equipment Manufacturing Industry, 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece-work basis: *Provided*, That apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship: *And provided further*, That learners may be employed at the rate of 35 cents an hour or $14.00 per week for 40 hours for a period of not to exceed sixty days, if the total number of employees so classified does not exceed 10 percent of the total number of employees in any one establishment in any given pay roll or workweek:

DURABLE GOODS

Hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use.
Dental chairs.
Dental cabinets.
Equipment units.
Dental sterilizers.
Dental gas apparatus.
Dental X-ray equipment.
Dental compressors, engines and lathes.
Dental lights.
Dental laboratory equipment, other than laboratory furniture.

(2) For the manufacture or furnishing of any one or more of the hereinafter designated consumable products of the Dental Goods and Equipment Manufacturing Industry, 35 cents an hour or $14.00 per week of 40 hours, arrived at either upon a time or piece-work basis;

CONSUMABLE GOODS

Dental gold.
Dental alloy for amalgams.
Dental cement and filling materials.
Teeth, porcelain and gold.
Orthodontic appliances.
Waxes, compounds and investments.
Rubber dental materials.
Denture materials other than rubber.
Burrs, drills, and similar tools for use with handpieces.
Abrasive points, wheels and disks; and

Whereas, the minimum wage required to be paid by the employers engaged in the dental goods and equipment manufacturing industry subject to the provisions of the Fair Labor Standards Act of 1938 is not less than 40 cents an hour pursuant to the following wage orders, which were effective on the dates indicated:

Chemical, petroleum, and coal products, and allied manufacturing industries—February 7, 1944.
Metal, plastics, machinery, instrument, and allied industries—September 13, 1943.
Rubber products manufacturing industry—July 28, 1941.
Stone, clay, glass, and allied industries—December 27, 1943; and

Whereas it appears that substantially all employees subject to the dental goods and equipment manufacturing industry wage determination of the Secretary are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that, consequently, the aforementioned wage orders of the Administrator have had the effect of establishing not less than 40 cents per hour as the prevailing minimum wage for persons employed in the consumable goods division of the dental goods and equipment manufacturing industry; and

Whereas, it appears advisable to amend the wage determination for the consumable goods division of the dental goods and equipment manufacturing industry by providing that the prevailing minimum wage for persons employed in the industry shall be not less than 40 cents per hour; and

Whereas, it appears advisable to amend the wage determination for the dental goods and equipment manufacturing industry by providing that learners may be employed in the industry at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938,

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before April 30, 1944, why the Secretary of Labor should not amend the wage determination for the dental goods and equipment manufacturing industry pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act as follows:

So that the prevailing minimum wage arrived at upon a time or piece-work basis for employees in the industry presently subject to a minimum wage below 40 cents an hour or $16.00 a week of forty hours will be raised to 40 cents an hour or $16.00 per week of forty hours; and

So that learners may be employed at subminimum rates in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act of 1938.

An original and four copies of all objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Wage and Hour and Public Contracts Divisions, Department of Labor, 165 West 46th Street, New York 19, New York, and should be filed with the Administrator not later than April 30, 1944.

DETERMINATION OF PREVAILING MINIMUM WAGE IN FERTILIZER INDUSTRY

NOTICE OF OPPORTUNITY TO SHOW CAUSE

Whereas, the prevailing minimum wage determination for the Fertilizer Industry issued by the Secretary of Labor on August 15, 1939, pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, 41 U.S.C. Supp. III, sec. 35), as amended March 20, 1940, provides that the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government subject to the provisions of that act, for the manufacture or supply of superphosphates and concentrated superphosphates; and for the manufacture or mixing of concentrated fertilizer from superphosphates, potash and ammoniates, is the amount indicated for each of the following groups of States:

For the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware (except Kent and Sussex Counties), Maryland (except the Eastern Shore consisting of Cecil, Kent, Queen Annes, Talbot, Caroline, Dorchester, Wicomico, Worcester, and Somerset Counties), West Virginia, Ohio, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, and the District of Columbia, 40 cents an hour or $16.00 per week of forty hours.

For the States of New Mexico, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, and Washington, 50 cents an hour, or $20.00 per week of forty hours.

For Kent and Sussex Counties of Delaware, the Eastern Shore of Maryland (including Cecil, Kent, Queen Annes, Talbot, Caroline, Dorchester, Wicomico, Worcester, and Somerset Counties), Virginia, Tennessee, Kentucky, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma, and Texas, 30 cents an hour, or $12.00 per week of forty hours.

Whereas the minimum wage required to be paid by the employers engaged in the fertilizer industry subject to the provisions of the Fair Labor Standards Act of 1938 is not less than 40 cents an hour pursuant to the wage order for the chemical, petroleum and coal products, and allied manufacturing industries, issued by the Administrator of the Wage and Hour Division and effective February 7, 1944; and

Whereas it appears that substantially all employees subject to the fertilizer industry wage determination of the Secretary are engaged in commerce or in the production of goods for commerce, as that term is defined in the Fair Labor Standards Act of 1938, and that, consequently, the aforementioned wage order of the Administrator has had the effect of establishing not less than 40 cents per hour as a prevailing minimum wage for persons employed in the fertilizer industry; and

Whereas it appears advisable to amend the wage determination for the fertilizer industry by providing that the prevailing minimum wage for persons employed in the industry in those States presently subject to a wage determination of less than 40 cents an hour shall be not less than 40 cents an hour,

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before April 30, 1944 why the Secretary of Labor should not amend the wage determination for the fertilizer industry pursuant to the provisions of section 1 (b) of the Walsh-Healey Public Contracts Act so that the prevailing minimum wage in the industry, arrived at upon a time or piece-work basis, in the following States presently subject to a minimum wage below 40 cents an hour or $16.00 per week, of forty hours, will be raised to 40 cents an hour or $16.00 per week of forty hours:

For Kent and Sussex Counties of Delaware, the Eastern Shore of Maryland (including Cecil, Kent, Queen Annes, Talbot, Caroline, Dorchester, Wicomico, Worcester, and Somerset Counties), Virginia, Tennessee, Kentucky, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma, and Texas.

It appearing, that ten (10) cars containing bituminous coal for the Snider Fuel Corporation, Charlestown, Massachusetts, on the Boston and Maine Railroad have been on hand for some time and that the delay in unloading said cars is impeding their use; in the opinion of the Commission an emergency exists requiring immediate action. *It is ordered*, That:

Coal at Charlestown, Massachusetts, for the Snider Fuel Corporation to be unloaded. The Boston and Maine Railroad, a common carrier by railroad subject to the Interstate Commerce Act, its agents or employees, shall unload forthwith ten (10) cars containing bituminous coal on hand on its railroad at Charlestown, Massachusetts, billed to the Snider Fuel Corporation. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That this order shall become effective immediately, and that a copy of this order and direction shall be served upon the Boston and Maine Railroad and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 3.

RUBBER HEELS AND SOLES

AUTHORIZATION OF MAXIMUM PRICES

Order No. 11 under Maximum Price Regulation No. 477. Sales of rubber heels and soles in the shoe factory and home replacement trades.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Orders Nos. 9250 and 9328, and section 15 of Maximum Price Regulation No. 477, *It is ordered:*

(a) This order is applicable only to sales in the home replacement trade of V-1, V-2, V-3, super grade, standard grade, and competitive grade rubber heels as defined in § 1315.1420 of Maximum Price Regulation 200; and HF-A, HF-B, and HF-C grade rubber heels as defined in section 18 of Maximum Price Regulation 477.

(b) All manufacturers and wholesalers may sell or deliver to wholesalers or retailers and wholesalers and retailers may buy or receive such rubber heels for sale in the home replacement trade at prices to be adjusted upward in accordance with action that may hereafter be taken by the Office of Price Administration changing the applicable maximum price for manufacturers' sales to wholesalers and retailers and wholesalers' sales to retailers of such heels in the home replacement trade.

(c) Unless and until the Office of Price Administration changes the maximum prices applicable to such rubber heels for sale in the home replacement trade, no manufacturer may receive, no wholesaler may pay or receive, and no retailer may pay or receive for such rubber heels sold in the Home Replacement Trade more than the maximum prices presently established under Maximum Price Regulation No. 477.

(d) This order shall be automatically revoked on the effective date of Amendment No. 4 to Maximum Price Regulation 477.

(e) This order may be revoked or amended by the Office of Price Administration at any time.

This order shall become effective April 3, 1944.

Issued this 28th day of March 1944.

[RO 17, Administrative Exception Order 22]

LITTLE FALLS FELT SHOE CO.

AUTHORIZATION OF RATION-FREE SALES

The above petitioner, Little Falls Felt Shoe Company, Little Falls, New York, is a duly registered manufacturing establishment. The petitioner has been engaged in the manufacture of men's Wanagans to be used for outdoor wear by teamsters, farmers and other workmen as protection against the cold in winter months. Except for a small leather tab at the vamp seam, the shoe is made entirely of felt and non-critical materials. The tab is made from scrap leather. However, since it is made of leather the shoe is rationed. The petitioner has discontinued the use of the leather tab in the manufacture of these Wanagans but it has on hand approximately 4,000 pairs having the leather tab on the vamp seam. Due to the fact that this shoe is a special type to be used only under certain climatic conditions, it will not sell for ration currency. Since this shoe is made of material other than leather or rubber except for the leather tab and because the petitioner will suffer a severe financial loss unless these shoes can be sold ration-free, the petitioner requests permission to transfer the above described shoes ration-free.

The relief requested in this case may be granted in this and all similar cases without defeating or impairing the effectiveness of the policy of Ration Order 17.

It is hereby ordered, That the Little Falls Felt Shoe Company, Little Falls, New York, is authorized to receive from the District Office serving the locality in which the petitioner is located the necessary number of non-rationed stickers needed to transfer ration-free the above described shoes. The petitioner is further authorized to attach a non-rationed sticker to one shoe of each pair of the Wanagans to be transferred ration-free. The petitioner then may transfer them ration-free. Any unused stickers shall be returned to the District Office within 30 days after they are received by the petitioner.

It is hereby further ordered, That any other persons similarly situated may be given the same relief on similar conditions upon application to and written authorization from the Director of the Miscellaneous Products Rationing Division, Office of Price Administration, Washington, D. C.

Issued and effective this 29th day of March 1944.

[MPR 188, Order 27]

EASTERN FOUNDRY CO.

AUTHORIZATION OF MAXIMUM PRICES

Order No. 27 under paragraph (a) (8) of Order No. A-2 under Maximum Price Regulation No. 188. Manufacturers maximum prices for specified building materials and consumers' goods other than apparel. Adjustment of maximum prices for sales of certain models of cast-iron coal-fired hot-water supply boilers manufactured by the Eastern Foundry Company.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Orders Nos. 9250 and 9328, and paragraph (a) (8) of Order No. A-2 issued under § 1499.159b of Maximum Price Regulation No. 188, *It is ordered:*

(a) This order permits the Eastern Foundry Company of Boyertown, Pennsylvania, and the jobbers, distributors and dealers and retailers of its cast-iron coal-fired hot-water supply boilers to add to their maximum net prices of certain designated cast-iron coal-fired hot-water supply boilers the amounts specified below.

(1) *Manufacturers' prices.* On and after March 30, 1944, the Eastern Foundry Company may increase its maximum net price for the following models of its cast-iron coal-fired hot-water supply boilers by the amounts indicated:

Model number:	*Amount of increase permitted*
47-D	$2.80
51-D	2.32
71-D	2.19
91-D	1.13
46-L	.49
61-L	1.27
85-D	2.04
102-D	2.22
119-D	1.27
160-D	3.80
250-D	3.53
265-D	1.58

(2) *Jobber's, distributor's, dealer's and retailer's prices.* All jobbers, distributors, dealers and retailers may adjust their maximum net prices for the cast-iron coal-fired hot-water supply boilers designated above by adding to their present maximum net prices established by the General Maximum Price Regulation the dollars-and-cents increase in cost resulting from the increase permitted the Eastern Foundary Company by this order.

(b) *Notification to all purchasers.* All persons selling cast-iron coal-fired hot-water supply boilers who adjust their maximum prices under the authority of this order shall send the following notice to every purchaser of such supply boilers at the time of billing:

Order No. 27 under paragraph (a) (8) of Order A-2 under Maximum Price Regulation No. 188 granted us an increase in the amounts set forth below to our maximum net price for the following specified models of cast-iron coal-fired hot-water supply boilers.

Model Number

(List model number included in Order No. 27)

Amount of Increase Permitted

(Insert correct amount of increase)

This notice is given to you at the express direction of the Office of Price Administration.

(c) All prayers in the application of the Eastern Foundry Company not granted in this order are denied.

(d) This Order No. 27 may be revoked or amended by the Price Administrator at any time.

This Order No. 27 shall become effective March 30, 1944.

Issued this 29th day of March 1944.

Regional and District Office Orders.

[Region VI Order G-11 Under RMPR 122, Amdt. 1]

SOLID FUELS IN CHICAGO AREA

Amendment No. 1 to Order No. G-11 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Maximum prices for solid fuels sold in the Chicago Area.

Pursuant to the authority vested in the Regional Administrator of Region VI by § 1340.260 of Revised Maximum Price Regulation No. 122, *It is ordered*, That paragraph (i) be deleted and that paragraphs (c), (e), (j) (2), (k) (3) and (k) (4) of Order G-11 be amended to read as set forth below:

(c) *Price schedule.* (1) Immediately below and as part of this paragraph (c) is a schedule which sets forth maximum prices for sales by direct delivery of specified sizes, kinds and quantities of solid fuels. Column 1 describes the coal for which prices are established; Columns 2, 3, 4 and 5 show maximum prices for "domestic sales" of coal (as defined in paragraph (k) (4)) delivered in the quantities indicated by each column heading; Column 6 shows the maximum prices for yard sales to other dealers for resale, and Column 7 shows maximum prices for "commercial sales" (as defined in paragraph (k) (3)). All prices are stated on a net ton basis.

During the period February 7 to March 5, 1944, the maximum prices shown in Part VII A and footnote of the schedule are increased by 45¢ per ton, 25¢ per ½ ton and 15¢ per ¼ ton.

(2) No prices are shown in Column 7, "Commercial," for those fuels customarily used only for domestic purposes. Similarly, no prices are shown in Columns 1 to 6 for those fuels customarily used only for commercial purposes. For such fuels, however, the prices shown in the schedule (adjusted for the quantity delivered) are the maximum prices irrespective of the type of sale. Fuels for which only a commercial price is shown may not be sold at a price higher than the price shown in Column 7 of the schedule, irrespective of the use. Fuels for which domestic but not commercial prices are shown may be sold at the domestic prices indicated in the schedule, irrespective of the use to which the fuels are put. The maximum prices for solid fuels of a size and type not provided for in the schedule, shall be established under the applicable provisions of Revised Maximum Price Regulation No. 122, as amended.

FLUID MILK IN MONTANA

Order No. G–1 under § 1499.75 (a) (9) of Supplementary Regulation 15 to the General Maximum Price Regulation. Adjusted maximum prices for fluid milk sold at wholesale and at retail in the State of Montana.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1499.75 (a) (9) (i) of Supplementary Regulation 15 to the General Maximum Price Regulation, and for the reasons set forth in the accompanying opinion, this order is issued.

(a) *What this order does.* This order supersedes 2d Revised Order No. G–12 under § 1499.18 (c) of the General Maximum Price Regulation and all amendments thereto; divides the State of Montana into five districts and establishes specific maximum prices in each district for fluid milk when sold for human consumption; maintains present maximum prices as established by said 2d Revised Order No. G–12 and the five amendments thereto, except in the small communities of Malta, Saco, Scobey, Red Lodge, Livingston, and Bozeman, in which said communities prices are adjusted upward, not, however, to exceed one cent per quart at retail.

(b) *Order superseded.* 2d Revised Order No. G–12 under § 1499.18 (c) of the General Maximum Price Regulation and Amendments Nos. 1, 2, 3, 4, and 5 issued thereto are hereby superseded as of the effective date hereof; and from and after the effective date, the maximum prices for the commodity in question throughout said five several districts of the State of Montana shall be as set forth herein.

(c) *State of Montana divided into five districts.* For the purpose of this order the State of Montana is hereby divided into five districts, to be known as District No. 1, District No. 2, District No. 3, District No. 4, and District No. 5, each of which said districts shall be as defined in paragraph (e) hereof.

(d) *Maximum prices for fluid milk sold at wholesale and at retail in the several districts of the State of Montana.* The maximum prices for fluid milk sold at wholesale in glass bottles or paper containers in a quantity less than one gallon and sold in bulk by the gallon in whatever container, and sold at retail in glass bottles or paper containers in the five several districts of the State of Montana shall, upon and after the effective date of this order be as follows:

Size of glass or paper container	District No. 1		District No. 2		District No. 3		District No. 4		District No. 5	
	Wholesale	Retail	Wholesale	Retail	Wholesale	Retail	Wholesale	Retail	Wholesale	Retail
	Cents	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*	*Cents*

Pint	7	8	6	8	6	8	6	7	5	7
Quart	12	14	11½	13½	11	13	10½	12½	10	12
Bulk, any container: Gallon	44	.....	48	.....	40	.....	40	.....	36	.....

NOTE.—Except as to all fluid milk sold in bulk, the prices hereinabove specified for each of said five several districts may be increased ½¢ per quart for every ½% or major fraction thereof of butterfat content in excess of 4%.

(e) *Definitions.* (1) "District No. 1" means all that area in the State of Montana contained within the municipalities of Seeley Lake, Anaconda, Butte, Helena, East Helena, Great Falls, and Miles City, and a distance of five miles beyond the corporate limits of each of said municipalities at all points.

(2) "District No. 2" means all that area in the State of Montana contained within the municipalities of Sidney, Fairview, and Forsyth, and a distance of three miles beyond the corporate limits of each of said municipalities at all points.

(3) "District No. 3" means all that area in the State of Montana contained within the counties of Beaverhead, Cascade (except that portion contained within the municipality of Great Falls and a distance of five miles beyond the corporate limits thereof at all points), Custer (except that portion contained within the municipality of Miles City and a distance of five miles beyond the corporate limits thereof at all points), Deer Lodge (except that portion contained within the municipality of Anaconda and a distance of five miles beyond the corporate limits thereof at all points), Fergus, Flathead, Glacier, Hill, Lewis and Clark (except that portion contained within the municipalities of Helena and East Helena and a distance of five miles beyond the corporate limits thereof at all points), Lincoln, Musselshell, Pondera, Prairie, Sheridan, Silver Bow (except that portion contained within the municipality of Butte and a distance of five miles beyond the corporate limits thereof at all points), Toole, and Valley, and the municipalities of Hardin, Billings, Laurel, Columbus, Malta, Saco, and Scobey, and a distance of twelve miles beyond the corporate limits of each of said municipalities at all points.

(4) "District No. 4" means all that area within the State of Montana contained within the municipalities of Bozeman, Livingston, and Red Lodge, and a distance of five miles beyond the corporate limits of each of said municipalities at all points.

(5) "District No. 5" means all that area within the State of Montana contained within the Counties of Big Horn (except the municipality of Hardin and a distance of twelve miles beyond the corporate limits thereof at all points), Blaine, Broadwater, Carbon (except the municipality of Red Lodge and a distance of five miles beyond the corporate limits thereof at all points), Carter, Choteau, Daniels (except the municipality of Scobey and a distance of twelve miles beyond the corporate limits thereof at all points), Dawson, Fallon, Gallatin (except the municipality of Bozeman and a distance of five miles beyond the corporate limits thereof at all points), Garfield, Golden Valley, Granite, Jefferson, Judith Basin, Lake, Liberty, McCone, Madison, Meagher, Mineral, Missoula (except the municipality of Seeley Lake and a distance of five miles beyond the corporate limits thereof at all points), Park (except the municipality of Livingston and a distance of five miles beyond the corporate limits thereof at all points), Petroleum, Phillips (except the municipalities of Malta and Saco and a distance of twelve miles beyond the corporate limits thereof at all points), Powder River, Powell, Ravalli, Richland (except the municipalities of Fairview and Sidney and a distance of three miles beyond the corporate limits thereof at all points), Roosevelt, Rosebud (except the municipality of Forsyth and a distance of three miles beyond the corporate limits thereof at all points, Sanders, Stillwater (except the municipality of Columbus and a distance of twelve miles beyond the corporate limits thereof at all points), Sweet Grass, Teton, Treasure, Wheatland, Wibaux, and Yellowstone (except the municipalities of Billings and Laurel and a distance of twelve miles beyond the corporate limits thereof at all points).

(6) "Milk" or "fluid milk" means cow's milk, processed or raw, of approved grade and distributed and sold at wholesale in glass bottles or paper containers in quantities less than one gallon and in bulk in whatever container in quantities of one gallon or more and sold at retail in glass bottles or paper containers in quantities less than one gallon for human consumption as whole milk and containing not less than 3.25% butterfat content.

(7) Insofar as the same are not contradictory of or inconsistent with any of the terms and provisions of this order, the definitions and explanations set forth in § 1499.20 of the General Maximum Price Regulation shall apply to all persons and all transactions covered by this order.

(f) *Higher established maximum prices may be maintained.* Any seller who has established maximum prices under § 1499.2 of the General Maximum Price Regulation or any applicable price regulation supplementary thereto, or under Maximum Price Regulation No. 280 or pursuant to any market agreement or order made or issued under the provisions of the Agricultural Marketing Agreement Act, as amended, that are higher than the prices fixed by this order may continue to sell at such higher established maximum prices and the same shall not be modified or superseded by this order.

(g) *Customary discounts, allowances, and differentials need not be maintained.* Upon and after the effective date of this order, it shall not be obligatory upon any seller of fluid milk hereunder to maintain or continue any customary allowance, discount, quantity discount, or differential heretofore established by him; *Provided, however,* That any seller may sell at a price lower than the maximum prices established by this order if he so desires.

(h) *Exempt sales.* This order does not apply to or in any manner affect sales of fluid milk made by one distributor or wholesaler to another distributor or wholesaler, or to purchases made from producers under Maximum Price Regulation No. 329.

(i) *Right to revoke or amend.* This order may be revoked, modified, or amended by the Price Administrator or the Regional Administrator at any time.

(j) *Effective date.* This order shall become effective on the 21st day of March 1944.

(56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871, and E.O. 9328, 8 F.R. 4681)

[Region VII Rev. Order G–4 Under MPR 329]

FLUID MILK IN MONTANA

Revised Order No. G–4 under Maximum Price Regulation No. 329. Purchases of fluid milk from producers in the State of Montana.

Pursuant to the Emergency Price Control Act of 1942, as amended, and § 1351.408 (a) (1) (i) of Maximum Price Regulation No. 329, as amended, and for the reasons set forth in the accompanying opinion, this Revised Order No. G–4 is issued.

(a) *Former orders superseded.* This Revised Order No. G–4 supersedes Order No. G–4 and Amendment No. 1 thereto as of the effective date hereof.

(b) *State of Montana divided into five districts.* For the purpose of this Revised Order No. G–4, the State of Montana is hereby divided into five districts, to be known as District No. 1, District No. 2, District No. 3, District No. 4, and District No. 5, as hereinafter defined.

(c) *Maximum prices for milk purchased from producers in the several*

districts of the State of Montana. The maximum prices for milk purchased from producers in the several districts of the State of Montana upon and after the effective date of this Revised Order shall be the maximum producer's price established under the provisions of the Agricultural Marketing Agreement Act of 1937, as amended, or the specific maximum prices set forth below when sold f. o. b. the producer's place of production, whichever is higher.

In District No. 1, 92¢ per pound of butterfat content.

In District No. 2, 84¢ per pound of butterfat content.

In District No. 3, 80¢ per pound of butterfat content.

In District No. 4, 26¢ per gallon.

In District No. 5, 76¢ per pound of butterfat content.

(d) *Fractional price adjustments.* Computations of the butterfat content of milk shall be carried out to the second decimal place, and fractions of a cent in price shall be adjusted upward to the next cent if the fraction is one-half or more, and shall be adjusted downward to the next cent if the fraction is less than one-half cent.

(e) *Exempt sales.* (1) This order shall not apply to sales and deliveries of milk at retail, whatever the container, or to sales at wholesale, except when made by a producer to a purchaser who bottles the same in glass or paper containers for resale for human consumption as fluid milk.

(2) This order shall not apply to purchases of bulk milk from producers for use in manufacturing dairy products such as butter, cheese, evaporated or condensed milk, casein, ice cream, or any other commercial or industrial milk product.

(f) *Applicability of other price regulations.* Except insofar as the same is contradictory of or inconsistent with the terms and provisions of this revised order, Maximum Price Regulation No. 329 shall remain in full force and effect and be applicable to all purchases of milk made under this order.

(g) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(h) *Definitions.* (1) "Milk" means cow's milk in a raw, unprocessed and ungraded state which is produced for resale for human consumption as fluid milk.

(2) "In a raw, unprocessed and ungraded state" means unpasteurized and not sold or delivered in glass bottles or paper containers subject to municipal ordinance or other regulation as to butter fat content or bacteria count.

(3) "District No. 1" of the State of Montana means the municipalities of Seeley Lake in Missoula County, Anaconda in Dear Lodge County, Butte in Silver Bow County, Helena and East Helena in Lewis and Clark County, Great Falls in Cascade County, and Miles City in Custer County, and a distance of five miles beyond the respective corporate limits of each said municipality at all points.

[File No. 812-348]

SECURITIES CORPORATION GENERAL

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 27th day of March, A. D. 1944.

Securities Corporation General, a registered investment company, has filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) of said Act a transaction in which the applicant proposes to sell to Russel B. Stearns, Janson Noyes, John M. Foster, C. T. Williams, Scott Allen and Ellis D. Slater a total of 10,637 shares of the Class B stock, $1.00 par value, of National Food Products Corporation (National Food). The proposed sales price for the stock is $32.50 per share, an aggregate sum of $345,702.50. The purchasers (other than Ellis D. Slater) are affiliated persons of National Food or its subsidiary, Colonial Stores Incorporated, and such corporations are affiliated persons of the applicant.

It is ordered, Pursuant to section 40 (a) of the said Act that a hearing on the aforementioned application be held on April 6, 1944 at 10:00 a. m., eastern war time in Room 318, Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania; and

It is further ordered, That Willis E. Monty, Esq., or any other officer or of-

ficers of the Commission designated by it for that purpose shall preside at such hearing. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's rules of practice.

Notice of such hearing is hereby given to Securities Corporation General, and to any other persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

WAR MANPOWER COMMISSION.

[G. O. 11]

LIST OF ESSENTIAL ACTIVITIES

By virtue of the authority vested in me as Chairman of the War Manpower Commission by Executive Orders Nos. 9139 (7 F.R. 2919) and 9279 (7 F.R. 10177), War Manpower Commission General Order No. 11 (8 F.R. 11421), List of Essential Activities, is hereby amended, effective February 23, 1944, to read as follows:

The following activities are designated as essential activities and as included in and constituting the List of Essential Activities.

1. *Production of aircraft and parts.* The production, maintenance, and repair of aircraft, gliders, parachutes, dirigibles, balloons, aircraft engines, aircraft parts, pontoons, propellers, and similar products.

2. *Production of ships, boats, and parts.* The production, maintenance, and repair of ships, boats, ship and boat parts and equipment.

3. *Production of ordnance and accessories.* The production, maintenance, and repair of firearms, guns, howitzers, mortars, gun turrets and mounts, tanks, sighting and fire-control equipment, torpedo tubes, and similar products.

4. *Production of ammunition.* The production of bombs, mines, torpedoes, grenades, chemical warfare projectiles, explosives, fuses, pyrotechnics, as well as products such as glycerin which go into the manufacture of ammunition.

5. *Agriculture and commercial fishing*—(a) *Agricultural products.* Livestock and livestock products, including beef cattle, dairy cattle, hogs, poultry, sheep, and goats; fiber, oil crops, and potatoes, including castor beans, American-Egyptian, Sea Island and Upland cotton, flaxseed and soybeans, hemp, peanuts, Irish potatoes, and sweet potatoes; field crops, including barley, dry field peas, oats, rye, wheat, alfalfa hay, alfalfa, hay seed, cover crop seed, broomcorn, corn for grain and silage, dry edible beans, green peas for processing, rice, sweet corn, hybrid seed corn, grain sorghum, tame hay and seed, wild or native hay; pineapples, tree fruits, small fruits and berries; medicinal, insecticide, and rubber plants; vegetables for fresh consumption and processing; vegetable plants and seeds; other food and special crops, including honey, tree nuts, sugarcane for sugar and syrup, sugar beets, sugar beet seed, sorghum and sorgo syrup, and tobacco.

(b) *Agricultural services.* Agricultural, horticultural, and animal husbandry services such as: Commercial poultry hatcheries, seed processing, animal breeding, crop disease protection services, initial processing services such as ginning, compressing, threshing, cleaning, shelling and curing, irrigation services, farm repair and maintenance services, farm product assembly services, all of which are performed on a substantially year-round basis to essential activities related to essential crops and livestock enterprises indicated in Selective Service Local Board Release No. 164; grist milling (custom); ice harvesting.

(c) *Commercial fishing.* Including fish hatcheries (conservation or commercial) and sponges: Gathering, bleaching, cutting, and trimming.

6. *Processing of food.* Meat packing and slaughtering (including poultry), production of dairy products, eggs, fish and nuts, fruits and vegetables and their juices, soups, flour and other grain mill products, prepared feeds for animals and fowls, starch, cereals, rice, bread and other bakery products, sugar,

leavening compounds, corn syrup, fats and oils, ice. Includes dried, preserved, dehydrated, frozen, canned, and other special-processed foods.

7. *Forestry, logging, lumbering, and forest industries.* Timber tracts and logging camps, cutting of pulpwood, wood for tanning extract, charcoal, sawmills, veneer, cooperage-stock, planing, and plywood mills, raising of tung oil trees; fire prevention, pest control; forest nurseries and reforestation services; gathering of gums and barks for the manufacture of naval stores and medicinal purposes.

8. *Construction.* Highway and street construction; marine construction; construction of approved industrial plants, houses, hospitals, and military projects; repair of such facilities; and services necessary to complete such construction.

9. *Coal mining.* The mining of anthracite, bituminous, and semi-anthracite coal, lignite, and peat, and the operation of breakers or preparation plants. Includes also removing overburden and other such activities preparatory to coal mining operations.

10. *Metal mining.* The mining of iron, copper, tin, lead, zinc, aluminum, mercury, manganese, chromium, molybdenum, tungsten, vanadium and similar ores, and the dressing of such ores. Includes also removing overburden, sinking shafts, and other such activities preparatory to metal mining operations.

11. *Nonmetallic mining and processing and quarrying.* The mining, processing, or quarrying of salt, gypsum, phosphate rock, sulphur, potash, asbestos, graphite pyrites, graphite, borates and other salines, fluorspar, mica, talc, abrasive sands, calcite (optical), and similar essential products.

12. *Smelting, refining and rolling of metal; scrap salvage.* Primary and secondary smelting, and refining, alloying, rolling, and drawing of iron, steel, copper, lead, zinc, magnesium, aluminum, brass, bronze, nickel, tin, cadmium, ferro-alloys, and any other metals used in the production of war materials; and scrap salvage.

13. *Production of metal shapes and forgings.* The manufacture of castings, die castings, forgings, wire, nails, chains, anchors, axles, pipe, springs, screws, bolts, tubing, stampings, pressings, structural shapes, and machined parts.

14. *Finishing of metal products.* Enameling, japanning, lacquering, painting, plating, galvanizing, aluminum coating, polishing, rustproofing of metal products; sherardizing, retinning of cans and utensils; heat treating.

15. *Production of industrial and agricultural equipment.* Power boilers, wiring devices and supplies; agricultural implements; electric lamps; storage and primary batteries; pumps, compressors, and pumping equipment; recording, controlling and measuring instruments and meters; conveyors, industrial cars and trucks; blowers, exhaust and ventilating fans; mechanical power-transmission equipment such as clutches, drives and shafts; mechanical stokers; tools, files, and saws; plumbers' supplies; professional and scientific instruments, photographic apparatus, and optical instruments; and all equipment necessary to operate plants producing essential commodities.

16. *Production of machinery.* Engines and turbines; metal-working machinery and and petroleum crudes, coal tar intermediates, dyes, color lakes and toners, explosives and components of explosives, synthetic fibers, synthetic rubbers, plastics materials, non-coal-tar intermediates and solvents, and miscellaneous organic chemicals; gum and wood chemicals, plasticizers, rubber chemicals, and tanning extracts. Drugs, medicines, and insecticides: Drug grinding, crude botanical drugs, botanical drugs, derivatives, and synthetic equivalents, biological products, drugs of animal origin, pharmaceuticals for use in proprietary remedies and prescriptions, insecticides, fungicides, fumigants, rodenticides, and laboratory animals for biological and pharmaceutical experimentation. Heavy inorganic chemicals: Acids, alkalies, carbonates, and miscellaneous heavy chemicals. Industrial, industrial fine and related inorganic chemicals; inorganic compounds. Fertilizer materials: nitrogenous, phosphatic, and potassic fertilizer materials, mixed fertilizers, organic nitrogenous materials, and agricultural liming materials. Paints, varnishes, pigments, and allied products: Color pigments, ester gums and resins, thinners, paint dryers, wood fillers and whiting. Compressed and liquefied gases: Gaseous hydrocarbons, elemental and nonhydrocarbon gases. Vegetable and animal oils and fats: Animal oils and fats; vegetable oils. Miscellaneous chemicals and chemical products: Bleaching compounds, boiler treating compounds, catalysts, chemical cotton pulp, emulsifiers, matches, oil treating compounds, photographic and pharmaceutical gelatin, synthetic resin adhesives and glue, analytical reagents, water treating compounds, and wetting agents, including sulfonated oils. (Fire works, pyrotechnics, and flares are included with ammunition in Group 4, salt and crude sulfur in Group 11, and magnesium metal in Group 12.)

18. *Production of rubber products.* All rubber products.

19. *Production of leather products.* The production of shoe and belting leather; industrial belting for transmission of power; saddlery, harness, and accessories; military and rationed boots and shoes; infants' shoes (sizes through 4); gloves for military and industrial use; leather garments.

20. *Production of textiles.* Production of textiles including the processing, manufacturing, bleaching, dyeing, printing, and other finishing of textile cordage, fabrics (excluding wool or fur felt for hats and fancy fabrics such as brocades, chiffons, damasks, laces, velvet, etc.), fibers, nets, rope, twine, yarns, made of or using any of the following materials: Animal hair (other than wool) such as bristles, alpaca, etc.; asbestos, cotton, fibrous glass, flax, hemp, henequen, jute, kapok, manila, nylon, rayon, rubber, silk, sisal, shearlings; waste (processed), wool, other synthetic filaments or fibers.

21. *Production of apparel.* Apparel for the armed forces; work clothing; snowshoes; the following infants' and children's wear (woven and knit) when produced under the War Production Board's "Critical Infants' and Children's Apparel Production Program No. I": (1) Underwear and nightwear (a) through age 6—baby buntings, crib blankets, diapers, gertrudes, gowns, kimonas, pajamas, panties, quilted crib pads, shirts, sleepers, slips, training panties, union suits (heavyweight), waist suits (knit), wrappers; (b) age 6 through age 16—bloomers, briefs and/or shorts (boys'), and/or creepers, shirts, suits (including sun suits and wash suits); (b) age 6 through 16—shirts; (4) Utility garments (a) through age 6—anklets, coveralls, dresses, dungarees, half socks, overalls, ribbed hose; (b) age 6 through age 16—coveralls, crew socks (boys'), dungarees, golf hose (boys'), hose (children's, ⅝–⅞), overalls, shirts (boys'), work gloves (small, medium, large).

22. *Production of stone, clay and glass products.* Scientific and industrial glass products; acid-proof brick, firebrick, and other heat-resisting clay products; chemical lime; abrasive wheels, stones, paper, cloth and related products; asbestos products including steam and other packing, pipe and boiler covering; crucibles and retorts; gypsum board; mineral wool (for insulation); porcelain electrical supplies; as well as parts of military apparatus.

23. *Production of petroleum, natural-gas and petroleum and coal products.* Drilling, rig-building, and maintenance service operations, and petroleum refining. Includes also production of tar and pitch, coal gas, coke, and liquefied petroleum gas.

24. *Production of finished lumber products.* Cork products such as life preservers; storage battery boxes; insulating material; cars; matches; crutches; caskets; wood preservation activities; building, portable and prefabricated; wood base hardboard. Includes also wooden parts of aircraft, ships, and other military equipment.

25. *Production of transportation equipment.* The production of motor vehicles such as trucks, ambulances, fire engines, busses, and military motorized units; essential parts and accessories of such motor vehicles; motorcycles, bicycles, and parts; locomotives and parts; railroad and street cars, and equipment.

26. *Transportation services.* Air transportation; line-haul railroad; switching and terminal; railway and air express; freight forwarding; rail inspection; maintenance and repair of railroad equipment, buildings, right-of-way, and rolling stock; local transit, rapid transit, interurban electric railway, and over-the-road bus; offshore and intercoastal water transportation, including shore service such as stevedoring and harbor operations; pipeline transportation; transportation services on the inland waterways, Great Lakes, harbors, bays, sounds, and waters connected with the seas, including shore service such as stevedoring; trucking, warehousing, dry, open and cold storage of essential (perishable and nonperishable) commodities.

27. *Production of pulp, paper and materials for packing and shipping products*—(a) *Production of the following pulp, paper, paperboard, and converted products.* Pulp (made from pulpwood and other substances); the following types of paper stock and paper board; Absorbent for impregnation, asphalt laminating, blueprint, box board, butcher papers (untreated and treated), cable and electrical insulation, carbonizing, chart and map (Government), condenser tissue, container board, drafting, filter, fruit and vegetable wrapping tissue, gasket, glassine, greaseproof, gumming, mandrel winding stock, pattern tissue, photographic and other sensitized, rope and jute, safety base stock, sanitary (sanitary napkin stock, toweling stock, napkin stock, toilet tissue stock, hospital wadding stock, shipping sacks stock, tabulating card stock, tracing, twisting and spinning, vegetable parchment, waxing, wetma-

leavening compounds, corn syrup, fats and oils, ice. Includes dried, preserved, dehydrated, frozen, canned, and other special-processed foods.

7. *Forestry, logging, lumbering, and forest industries.* Timber tracts and logging camps, cutting of pulpwood, wood for tanning extract, charcoal, sawmills, veneer, cooperage-stock, planing, and plywood mills, raising of tung oil trees; fire prevention, pest control; forest nurseries and reforestation services; gathering of gums and barks for the manufacture of naval stores and medicinal purposes.

8. *Construction.* Highway and street construction; marine construction; construction of approved industrial plants, houses, hospitals, and military projects; repair of such facilities; and services necessary to complete such construction.

9. *Coal mining.* The mining of anthracite, bituminous, and semi-anthracite coal, lignite, and peat, and the operation of breakers or preparation plants. Includes also removing overburden and other such activities preparatory to coal mining operations.

10. *Metal mining.* The mining of iron, copper, tin, lead, zinc, aluminum, mercury, manganese, chromium, molybdenum, tungsten, vanadium and similar ores, and the dressing of such ores. Includes also removing overburden, sinking shafts, and other such activities preparatory to metal mining operations.

11. *Nonmetallic mining and processing and quarrying.* The mining, processing, or quarrying of salt, gypsum, phosphate rock, sulphur, potash, asbestos, graphite pyrites, graphite, borates and other salines, fluorspar, mica, talc, abrasive sands, calcite (optical), and similar essential products.

12. *Smelting, refining and rolling of metal; scrap salvage.* Primary and secondary smelting, and refining, alloying, rolling, and drawing of iron, steel, copper, lead, zinc, magnesium, aluminum, brass, bronze, nickel, tin, cadmium, ferro-alloys, and any other metals used in the production of war materials; and scrap salvage.

13. *Production of metal shapes and forgings.* The manufacture of castings, die castings, forgings, wire, nails, chains, anchors, axles, pipe, springs, screws, bolts, tubing, stampings, pressings, structural shapes, and machined parts.

14. *Finishing of metal products.* Enameling, japanning, lacquering, painting, plating, galvanizing, aluminum coating, polishing, rustproofing of metal products; sherardizing, retinning of cans and utensils; heat treating.

SALEM, OHIO, AREA

MINIMUM WARTIME WORKWEEK

Designation of the Salem, Ohio, Area as subject to Executive Order No. 9301.

By virtue of the authority vested in me as Regional Manpower Director of Region No. V by § 903.2 of War Manpower Commission Regulation No. 3, "Minimum Wartime Workweek of 48 Hours," (8 F.R. 7225), and having found that such action will aid in alleviating labor shortages which are impeding the war effort, I hereby designate the Salem, Ohio, Area as subject to the provisions of Executive Order No. 9301.

I. For the purposes of this designation, the Salem Area shall include:

Columbiana County (Perry, Butler, Hanover, Knox, Salem and West townships).

II. The effective date of this designation is May 1, 1944.

III. Not later than the effective date, each employer in the Salem Area shall, in accordance with War Manpower Commission Regulation No. 3:

(a) Extend to a minimum wartime workweek of 48 hours, the workweek of any of his workers whose workweek can be so extended without involving the release of any worker;

(b) If extension of the workweek of any of his workers to a minimum wartime workweek of 48 hours would involve the release of any workers, submit to the Area Manpower Director the number and occupational classification of the workers whose release would be involved, together with proposed schedules for their release, and thereafter extend such workweek when and as directed in schedules authorized by the War Manpower Commission;

(c) File an application for a minimum wartime workweek of less than 48 hours for those workers engaged in employment in which the employer claims that a workweek of 48 hours would be impracticable in view of the nature of the operations, would not contribute to the reduction of labor requirements, or would conflict with any Federal, State or local law or regulation limiting hours of work. Such applications must be filed before April 16, 1944.

Date of issuance: March 21, 1944.

ROBERT C. GOODWIN,
Regional Director, Region V.

PROCLAMATION 2611

CANCER CONTROL MONTH—1944

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS in time of war as in time of peace it continues to be our high responsibility to maintain proper standards of health and human welfare;

WHEREAS in the midst of the necessities of war and the prevailing shortages of physicians and surgeons we may be tempted to neglect the constant watchfulness and the programs of popular education which are at present our one hope of preventing those tens of thousands of deaths from cancer which result each year from lack of early attention; and

WHEREAS by Public Resolution 82, 75th Congress, approved March 26, 1938 (52 Stat. 148), the President is authorized and requested to issue annually a proclamation setting apart the month of April of each year as Cancer Control Month:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby set apart the month of April 1944 as Cancer Control Month and invite similar action on the part of the Governors of the several States, Territories, and possessions of the United States. I call upon the medical profession and upon all agencies, organizations, and individuals in a position to claim public attention, to disseminate knowledge of the early symptoms of cancer and to effect wide-spread publication of the facts about clinics and other health facilities for the control of cancer.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the city of Washington this 28th day of March, in the year of our Lord nineteen hundred and forty-four, and of the Independence of the United States of America the one hundred and sixty-eighth.

[SEAL]

FRANKLIN D ROOSEVELT

By the President:

CORDELL HULL,
Secretary of State.

TITLE 12—BANKS AND BANKING

Chapter II—Board of Governors of the Federal Reserve System

PART 222—CONSUMER CREDIT

MISCELLANEOUS AMENDMENTS

On March 23, 1944, the Board of Governors of the Federal Reserve System amended Part 222 in the following respects, effective April 3, 1944:

1. By amending § 222.4 (a) (7 F.R. 3351, 8413) entitled "Down Payment" so that subparagraph (3) will read as follows:

(3) In the case of articles the cash price of which is $10.00 or less, no down payment is required.

2. By adding to § 222.4 (d) entitled "Statement of Transaction" the following sentence:

The Statement of Transaction need not include a description of the article if it is purchased by means of a coupon book or similar medium of instalment credit upon which a cash down payment of at least one-third of its purchase value has been made.

3. By adding at the end of § 222.5 (d) entitled "Curing Defaults" the following paragraph:

In the case of any charge account obligation of any member or former member of the armed forces of the United State incurred prior to his induction into such service, a default may be cured by the purchaser entering into a written agreement in good faith to make pay-

4. By striking out of § 222.5 (f) entitled "'Authorization' of Small Items" the words "within 15 days from the date of sale" and inserting in lieu thereof the words "within 30 days from the date of sale",

5. By amending § 222.5 (g) so that it will read as follows:

(g) *Small defaults.* A charge account shall not be deemed to be "in default" within the meaning of §§ 222.5 (c) or 222.12 (m) if the amount in default is less than $10.00.

6. By amending § 222.6 (d) so that it will read as follows:

(d) *Statement of the borrower.* No registrant shall make any instalment loan, except under the provisions of § 222.10 (a), unless he shall have accepted in good faith a signed Statement of the Borrower as to the purposes of the loan. Such statement shall state whether or not any of the proceeds of the loan are to be used to make a down payment on the purchase of a listed article or to be used to purchase any listed article having a cash price of $15.00 or more, and, if any of the proceeds of the loan are to be so used, such statement shall identify such listed article and shall state the cash price thereof and the value of any trade-in. Such statement shall state also whether or not any of the proceeds of the loan are to be used to reduce or retire any instalment sale or instalment loan, or any single-payment loan which is subject to this regulation, or any charge account arising in whole or in part from the sale of a listed article, and, if any of the proceeds are to be so used, shall state the amount of such obligation and the terms of payment. If a registrant relies in good faith on the facts set out by the obligor in such statement, it shall be deemed to be correct for the purposes of the registrant. (The registrant, at his option, may use either his own form or the most recent Statement of Borrower form prescribed by the Board.)

7. By amending § 222.7 (c) entitled "Renewals and Extensions" so that subdivision (i) of numbered subparagraph (3) will read as follows:

(i) With respect to any obligation of any member or former member of the armed forces of the United States incurred prior to his induction into such service,

8. By amending § 222.7 (d) so that it will read as follows:

(d) *Statement of the borrower.* No registrant shall make any single-payment loan, except under the provisions of § 222.7 (c), unless he shall have accepted in good faith a signed Statement of the Borrower as to the purposes of the loan. Such statement shall state whether or not any of the proceeds of the loan are to be used to make a down payment on the purchase of a listed article or to be used to purchase any listed article having a cash price of $15 or more, and, if any of the proceeds of the loan are to be so used, such statement shall identify such listed article and shall state the cash price thereof and the value of any trade-in. If a registrant relies in good faith on the facts set out by the obligor in such statement, it shall be deemed to be correct for the purposes of the registrant. (The registrant, at his option, may use either his own form or the most recent Statement of Borrower form prescribed by the Board.)

9. By amending §222.8 entitled "Exceptions" so that subparagraph (1) of paragraph (m) will read as follows:

(1) The conversion of heating equipment to the use of any other fuel, the repair of heating equipment, or the replacement of heating equipment if it is worn out, damaged beyond repair, or destroyed,

10. By adding to § 222.8 entitled "Exceptions" the following new paragraph:

(p) *Loans to Indians.* Any extension of credit made in accordance with regulations of the Secretary of the Interior for the economic development or rehabilitation of Indians.

11. By amending § 222.10 (a) entitled "Renewals and Revisions" so that subparagraph (1) will read as follows:

(1) With respect to any obligation of any member or former member of the armed forces of the United States incurred prior to his induction into such service,

12. By striking out the phrase "in form and content prescribed by the Board," from the second paragraph of § 222.10 (d) entitled "Statement of Necessity to Prevent Undue Hardship".

13. By amending § 222.12 (h) so that it will read as follows:

(h) *Preservation of records.* Every registrant shall preserve, for the life of the obligation to which they relate, such books of account, records, and other papers (including any statements required by or obtained pursuant to this regulation) as are relevant to establishing whether or not an extension of credit within the scope of this regulation was in conformity with the requirements thereof, *Provided, however,* That the statement of the Borrower obtained pursuant to § 222.6 (d) or § 222.7 (d) shall be preserved for the life of the obligation to which it relates or for one year, whichever period is longer, *And provided further,* That the registrant may preserve photographic reproductions in lieu of such books of accounts, records, or papers.

14. By amending § 222.12 (i) so that it will read as follows:

(i) *Inspections and production of records.* For the purpose of determining whether or not there has been compliance with the requirements of this regulation, every person required to be licensed under § 222.3 shall permit the Board or any Federal Reserve Bank, by its duly authorized representatives, to make such inspections of his business operations as the Board or Federal Reserve Bank may deem necessary or appropriate, including inspections of books of account, contracts, letters or other relevant papers wherever located, and, for such purpose, shall furnish such reports as the Board or the Federal Reserve Bank may require. When ordered to do so by the Board, every such person shall furnish, under oath or otherwise, such information relative to any transaction within the scope of the Executive order as the Board may deem necessary or appropriate for such purpose, including the production of books of account, contracts, letters or other papers in the custody or control of such person.

15. By adding to § 222.12 the following new paragraph:

(n) *Mail orders.* An instalment sale shall not be deemed to be in violation of § 222.4 (a) if the sale is made upon the receipt of a mail order for one or more articles and the cash deposit received with the order falls by less than $1.00 to equal the sum of the down payments required by this regulation for all of the articles included in the order.

(Sec. 5 (b), 40 Stat. 415, as amended by sec. 5, 40 Stat. 966, sec. 2, 48 Stat. 1, sec. 1, 54 Stat. 179; secs. 301 and 302, 55 Stat. 839, 840; 12 U.S.C. 95 (a) and Sup., 50 U.S.C. App. 616, 617, and E.O. 8843, dated August 9, 1941)

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs

[T. D. 51031]

PART 56—EXTENSIONS OF TIME PURSUANT TO PROCLAMATION OF THE PRESIDENT UNDER SECTION 318, TARIFF ACT OF 1930

MERCHANDISE IN BONDED WAREHOUSE

MARCH 27, 1944.

Agreement to cover an extension of the three-year warehousing period for one year and such further extensions of one year as may be permissible in the case of merchandise charged against a General Term Bond for Entry of Merchandise or against a Blanket Smelting and Refining Bond.

Section 56.3 (c) (8 F.R. 15814), Title 19, Code of Federal Regulations, published in T. D. 50967, is hereby amended to read as follows:

(c) In cases in which the merchandise was entered for warehouse and charged against a General Term Bond for Entry of Merchandise, customs Form 7595, or against a Blanket Smelting and Refining Bond in the form prescribed in T. D. 50267, the agreement of the principal and sureties on the bond shall be furnished to the collector of customs in the following form and forwarded by the collector to the Bureau of Customs for approval:

EXTENSION OF GENERAL TERM BOND FOR ENTRY OF MERCHANDISE [1]

Whereas, In Treasury Decision 50967 of November 19, 1943, issued pursuant to authority contained in the President's Proclamation dated November 4, 1943, the three-year warehousing period for imported merchandise prescribed in sections 557 and 559, Tariff Act of 1930, as amended, was extended for one year and further extended for an additional period of one year from and after the expiration of the immediately preceding extension, provided, among other things, that in each case the sureties on the entry bond agree to remain bound under the terms and conditions of the bond to the same extent as if no extension had been granted, and

Whereas, the bond described below was furnished by ----------
(Name of principal on the bond)
and accepted by the Government of the United States to cover, among other things, the entry of imported merchandise for warehouse or rewarehouse at the port(s) of ----------, during the period beginning on ----------, 19----, and ending on ----------, 19----; [2]

General Term Bond for Entry of Merchandise [1] in the sum of $----------, executed by ----------, as principal, and ----------, and ----------, as sureties, under date of ----------, 19----, and approved by the Commissioner of Customs under date of ----------, 19----; and

Whereas, certain imported merchandise was entered for warehouse or rewarehouse at the ports and under the entries indicated below and such entries charged against the bond described above:

Name of port	*Entry No.*	*Date of entry*
----------	----------	----------
----------	----------	----------
----------	----------	----------

and

Whereas, ----------
(Name of principal on the bond)
desires, as to such merchandise, to obtain an extension of the period during which it may remain in warehouse for one year from and after the expiration of the three-year period prescribed in sections 557 and 559, *supra*, as amended, and to obtain such further extensions for additional periods of one year each from and after the expiration of the immediately preceding extension as may be permissible under T. D. 50967, as amended, and to continue the liability therefor under the bond for such three-year period and to extend the liability under the bond to cover such one-year extension and any further extensions as may be permissible under T. D. 50967, as amended;

Now, therefore, this is to certify that ----------, principal, and ----------, and ----------, sureties, on the bond described above, hereby stipulate and agree that, in consideration of the granting of an extension of one year of the three-year period during which the merchandise may remain in warehouse and the granting of such further extensions of one year each as may be permissible under T. D. 50967, as amended, their liability under the bond as to such merchandise shall cover such one-year extension and any further extensions permissible under T. D. 50967, as amended, together with the original three-year period.

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1942, 8 F.R. 6727.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-502]

CARL JULIUS CARLSON

Carl Julius Carlson resides in Riverside, California, and is engaged in the general contracting and building business in that locality. On or about February 1, May 15, and July 26, 1943, respectively, without authority, he commenced certain construction which constituted additions to a cafe and cocktail lounge located at 255 Mission Boulevard, Riverside, California, the estimated total cost of which was $2500. The limit provided by Conservation Order L-41 was $200. Also, on or about April 1, 1943, without authority, he commenced certain residential construction at 3921 Whittier Place, Riverside, California, at an estimated cost in excess of $1300. The limit provided by Conservation Order L-41 was $200 in this instance also. Carl Julius Carlson admits having knowledge of the provisions of Conservation Order L-41 prior to the time this construction was commenced and knowledge that the construction would exceed the permitted amounts. His acts must be deemed to constitute wilful violations of the order.

These violations of Conservation Order L-41 have diverted materials to uses unauthorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.502 *Suspension Order No. S-502.* (a) Deliveries of material to Carl Julius Carlson, his successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation or allotment shall be made to Carl Julius Carlson, his successors or assigns, of any material or product, the supply or distribution of which is governed by any order or regulation of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) The terms of this suspension order shall not apply to construction as "construction" is defined in Conservation Order L-41, which has been begun prior to the effective date of this suspension order.

(d) Nothing contained in this order shall be deemed to relieve Carl Julius Carlson, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions of this order.

(e) This order shall take effect on March 29, 1944, and shall expire on June 29, 1944.

Issued this 22d day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[General Imports Order M-63, as Amended Mar. 30, 1944]

§ 1042.1 *General Imports Order M-63*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons, whether or not incorporated.

(2) "Owner" of any material means any person who has any property interest in such material except a person whose interest is held solely as security for the payment of money.

(3) "Consignee" means the person to whom a material is consigned at the time of importation.

(4) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States (including the Philippine Islands). It includes shipments into a free port, free zone, or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transhipment to Canada, Mexico, or any other foreign country.

(5) "Place of initial storage" means any warehouse, yard ground storage, or other place, to which the person making the entry or withdrawal from custody of the United States Bureau of Customs of material imported subject to this order directs or has directed that such material be transported from the port of entry to be held until disposed of pursuant to this order.

(6) Material shall be deemed "in transit" if it is afloat, if an on board ocean bill of lading has actually been issued with respect to it, or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States.

(7) "Governing date" with respect to any material means the date when such material first became subject to General Imports Order M-63.

(b) *Restrictions on imports of materials*—(1) *General restriction.* No person, except as authorized in writing by the War Production Board, shall purchase for import, import, offer to purchase for import, receive, or offer to receive on consignment for import, or make any contract or other arrangement for the importing of, any material subject to this order after the governing date. The foregoing restrictions shall apply to the importation of any material subject to the order, regardless of the existence on the governing date or thereafter of any contract or other arrangement for the importation of such material. The materials subject to this order are those listed from time to time upon List I, List II, and List III attached hereto.

(2) *Authorization by War Production Board.* Any person desiring such authorization, whether owner, purchaser, seller, or consignee of the material to be imported, or agent of any of them, shall make application therefor in duplicate on Form WPB-1041 (formerly PD-222C) addressed to the War Production Board, Ref.: M-63, Washington 25, D. C. Unless otherwise expressly permitted, such authorization shall apply only to the particular material and shipment mentioned therein and to the persons and their agents concerned with such shipment; it shall not be assignable or transferable either in whole or in part.

(3) *Restrictions on financing of imports.* No bank or other person shall participate, by financing or otherwise, in any arrangement which such bank or person knows or has reason to know involves the importation after the governing date of any material subject to this order, unless such bank or person either has received a copy of the authorization issued by the War Production Board under the provisions of paragraph (b) (2) or is satisfied from known facts that the proposed transaction comes within the exceptions set forth in paragraph (b) (4).

(4) *Exceptions.* Unless otherwise directed by the War Production Board, the restrictions set forth in this paragraph (b) shall not apply:

(i) To the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, or any agent acting for any such department, agency, or corporation; or

(ii) To any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, or to any material which the owner at the time of importation had purchased or otherwise acquired from any United States governmental department, agency, or corporation; or

(iii) To any material which on the governing date was in transit to a point within the continental United States.

(iv) [Deleted Mar. 30, 1944]

(v) To materials consigned as gifts or as samples, or for use as samples, or imported for personal use, where the value of each consignment or shipment is less than $200.00; or

(vi) To materials consigned as gifts for personal use by or to members of the Armed Services of the United States; or

(vii) To any material on List I or List II imported by any person under any contract or other arrangement made before, or in existence on the governing date and which, on December 28, 1942, was in transit to a point within the continental United States; or

(viii) To manufactured materials which are imported in bond solely for the purpose of having them repaired and then returned to the owner outside the continental United States; or

(ix) To materials which were grown, produced, or manufactured in the continental United States, and which were shipped outside the continental United States on consignment or pursuant to a contract of purchase, and which are now returned as rejected by the prospective purchaser; or

(x) To materials shipped into the United States in transit from one point in Mexico to another point in Mexico, or from one point in Canada to another point in Canada.

(c) *Restrictions on disposition of List I material.* Except as hereinafter specifically provided in paragraph (d) hereof:

(1) *Restrictions upon owners and consignees.* No owner or consignee of any material on List I which is imported after the governing date shall in any way, directly or indirectly:

(i) Dispose of any interest in such material;

(ii) Process or in any way change the physical condition of such material;

(iii) Transfer possession, or cause or permit a transfer of possession, of such material except to the port of entry and from the port of entry to the place of initial storage of such material; or

(iv) Change, or cause or permit a change of, the location of such material except to the port of entry and from the port of entry to the place of initial storage of such material.

Provided: That a consignee of such material may dispose of his interest in such material to the extent necessary to complete any commitment or contract made prior to the governing date. The person

to whom he disposes of such interest shall be subject to all restrictions imposed upon owners by this order.

(2) *Restrictions upon banks and persons similarly situated.* No bank or other person which, as agent, pledgee, beneficiary under a trust receipt, or otherwise, has possession of or any interest in any written instrument evidencing any interest in any material on List I shall in any way, directly or indirectly, dispose of any such interest, or transfer possession, or cause or permit a transfer of possession, of such instrument, unless:

(i) Such material was imported before the governing date; or

(ii) Such person neither knows nor has reason to know that such material was imported after the governing date; or

(iii) Such disposition or transfer is necessary to permit a consignee to make a permissible disposition of material in accordance with subparagraph (1) of this paragraph (c); or

(iv) Such disposition or transfer is made to the owner of the material and such owner has complied with all the provisions of this order.

(d) *Permissible disposition of List I materials* — (1) *Transfer to governmental agency.* Nothing contained in this order shall prohibit an owner or consignee of any material on List I imported after the governing date, or a bank or other person having possession of, or an interest in, a written instrument evidencing an interest in such material, from disposing of, or making any arrangement to dispose of, any interest in such material to the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation.

(2) *Authorization by War Production Board.* Notwithstanding the provisions of paragraph (c), an owner or consignee of material on List I imported after the governing date or a bank or other person having possession of or an interest in a written instrument evidencing an interest in such material, may process such material or may dispose of any interest in such material or any such written instrument, or transfer possession or change the location thereof, or cause or permit such a transfer of possession or change of location, upon written authorization by the War Production Board. Any such person may make application in duplicate for such an authorization on Form WPB–1039 (formerly PD–222A), which form shall be addressed to the War Production Board, Ref.: M–63, Washington 25, D. C.

(3) *Exceptions.* The restrictions set forth in paragraph (c) shall not apply to any material after any United States governmental department, agency, or corporation becomes the owner thereof, and shall not apply to any material of which any United States governmental department, agency, or corporation is the owner at the time of importation, and shall not apply to any material purchased or otherwise acquired from any United States governmental department agency, or corporation.

(e) *Restrictions on disposition of List II or List III material.* Unless otherwise provided by the terms of the authorization issued pursuant to paragraph (b) (2), any material on List II or List III, which is imported in accordance with the provisions of this order after the governing date, may be sold, delivered, processed, consumed, purchased, or received without restriction under this order, but all such transactions shall be subject to all applicable provisions of the regulations of the War Production Board and to all orders and directions of the War Production Board which now or hereafter may be in effect with respect to such material.

(f) *Reports*—(1) *Reports on customs entry.* No material which is imported after the governing date, including materials imported by or for the account of the Foreign Economic Administration, Commodity Credit Corporation, Metals Reserve Company, Defense Supplies Corporation, or any other United States governmental department, agency, or corporation, shall be entered through the United States Bureau of Customs for any purpose, whether for consumption, for warehouse, in transit, in bond, for re-export, for appraisal, or otherwise, unless the person making the entry shall file with the entry Form WPB–1040 (formerly PD–222B) in duplicate. The filing of such form a second time shall not be required upon any subsequent entry of such material through the United States Bureau of Customs for any purpose; nor shall the filing of such form be required upon the withdrawal of any material from bonded custody of the United States Bureau of Customs, regardless of the date when such material was first transported into the continental United States. Both copies of such form shall be transmitted by the Collector of Customs to the War Production Board, Division of Stockpiling and Transportation, Ref.: M–63, Washington 25, D. C.

(2) *Other reports.* All persons having any interest in, or taking any action with respect to, any material imported after the governing date, whether as owner, agent, consignee, or otherwise, shall file such other reports as may be required from time to time by the War Production Board.

(g) *Routing of communications.* All communications concerning this order shall, unless otherwise herein directed, be addressed to: War Production Board, Washington 25, D. C., Ref.: M–63.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or who furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority assistance. In addition, the War Production Board may direct the disposition and use of any material which is imported without authorization as required by paragraph (b).

(i) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(j) *Effect on liability of removal of material from order.* The removal of any material from the order shall not be construed to affect in any way any liability for violation of the order which accrued or was incurred prior to the date of removal.

This amended order shall become effective March 30, 1944.

Issued this 30th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

N. S. C.—No separate class or commodity number has been assigned for the material as described by the Department of Commerce, Statistical Classification of Imports.

INTERPRETATION 1

No authorization under paragraph (b) of the order is necessary for the release or withdrawal of materials on List II or List III from a free port, a free zone, or the bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States regardless of the date when such materials first entered such place. The actual importation, which is the subject of restriction under paragraph (b), is deemed to have occurred before the question of release or withdrawal arises. Also, no authorization under paragraph (d) of the order is necessary for the subsequent disposition, processing, or shipment of such released or withdrawn List II and List III materials.

As to List I materials which are similarly situated, no authorization under paragraph (b) of the order is necessary for their release or withdrawal from free port, free zone, or bonded custody, but authorization under paragraph (d) of the order is necessary for their subsequent disposition, processing, or shipment unless they are shipped in bond to Canada, Mexico, or some other foreign country, in which event the foreign destination is deemed to be the place of initial storage as such term is used in the order; *Provided, however*, That List I materials which are imported in bond after July 2, 1942, can be shipped to Mexico, Canada, or some other foreign country without the express authorization required under paragraph (d) only if the import application filed under paragraph (b) stated that the material was being imported for the purpose of such export shipment. (Issued June 30, 1942, and amended Sept. 23, 1943.)

INTERPRETATION 2

The following official interpretation is hereby issued by the War Production Board with respect to the meaning of the term "in transit" as defined in paragraph (a) (6) of General Imports Order M-63 (§ 1042.1) as amended:

By amendment dated December 17, 1942, the definition of material "in transit" was changed by adding the following clause, "or if it has actually been delivered to and accepted by a rail, truck, or air carrier, for transportation to a point within the continental United States." The question has been raised as to the meaning of the term as applied to a case where the material on the governing date had been delivered to and accepted by a rail, truck, or air carrier on a through bill of lading for transportation to a specified port and from thence by boat to a point within the continental United States.

The material in the stated case is not deemed to be in transit within the meaning of the term as used in the order. If the material is to be carried to the port of arrival in the continental United States by ship, the material must have been afloat, or an on board ocean bill of lading must have been issued with respect to it, on the governing date in order for it to be considered as having been in transit on such date.

Material which has been delivered to and accepted by a rail, truck, or air carrier on the governing date for transportation to a point within the continental United States is deemed to be in transit within the meaning of the term as used in the order only when the transportation specified in the bill of lading issued by such carrier calls for delivery of the material at the port of arrival in the continental United States by rail, truck, or air carrier, not by ship. (Issued March 5, 1943.)

INTERPRETATION 3

When by amendment of the order a material already on List II or List III is moved to List I and hence becomes subject to the restrictions of paragraph (c) covering the disposition, processing, transfer, or change of location of such material, the governing date for the application of such restrictions is the effective date of the amendment by which the material was moved to List I and not the date when such material first became subject to General Imports Order M-63. (Issued May 14, 1943.)

PART 1042—IMPORTS OF STRATEGIC MATERIALS

[Supplemental General Imports Order M-63-a, as Amended Mar. 30, 1944]

Pursuant to General Imports Order M-63, as amended, which this order supplements, it is hereby ordered, that:

§ 1042.2 *Supplemental General Imports Order M-63-a.* Until further order of the War Production Board, the provisions of General Imports Order M-63, as amended June 2, 1942, and thereafter, shall not apply to materials on List III of said order which are located in, and are the growth, production, or manufacture of, and are transported into the continental United States overland, by air, or by inland waterway from, Canada, Mexico, Guatemala, or El Salvador, except with respect to materials listed on Schedule A attached hereto.

Issued this 30th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1076—PLUMBING AND HEATING SIMPLIFICATION

[Limitation Order L-42, Direction 2]

CAST IRON BATHTUBS

The following direction is issued pursuant to Limitation Order L-42:

(a) *What this direction does.* The War Production Board having determined upon a program of production of metal bathtubs for the remainder of the year 1944, has authorized the production of 80,000 bathtubs for the second quarter. This direction tells by whom and for what purposes bathtubs may be made in order to produce the required 80,000 metal bathtubs, without utilizing labor in critical labor areas.

(b) *Production of bathtubs.* Prior to July 1, 1944, in addition to the bathtubs authorized by Direction #1 to Limitation Order L-42, the following manufacturers may produce at their plants at the addresses indicated, recess type cast iron bathtubs, no longer than those commercially known as five foot, and in quantities not exceeding the number indicated opposite their names:

American Radiator & Standard Sanitary Corp., Louisville, Ky.	10,500
Crane Company, Chattanooga, Tenn.	10,500
Eljer Company, Salem, Ohio	3,000
Elwood Company, Elwood City, Pa.	5,000
Kohler Company, Kohler, Wisconsin	10,500
Richmond Radiator Company, Uniontown, Pa.	10,500

(c) *Sale of bathtubs.* These bathtubs may be delivered only to fill orders of or for ultimate delivery to the Army or Navy, or for export authorized by the Foreign Economic Administration, or for approved installation in projects rated in the P-19 series authorized by GA-1456 and in the P-55 series authorized by WPB-2896. This does not mean that a jobber or dealer may get these tubs to replace in his inventory tubs or other equipment he has previously delivered to fill such orders. It means that delivery to a jobber or dealer may be made to enable him to deliver the tubs to fill an actual order for an authorized project or building with a specified completion date, to or for the account of the Army or Navy, or for installation in a project rated by orders in the P-19 or P-55 series. Shipments for export may be made only if a license has actually been issued by the Foreign Economic Administration. A manufacturer may not accept a rating alone as evidence of his authority to deliver to a dealer, but must obtain, in addition to the standard certification accompanying the extension of the rating, applicable information of the following nature:

1. For delivery to the Army or Navy, the contract, purchase order, or rating certificate number.
2. For delivery to an authorized project of the P-19 or P-55 series, the number and location of the project.
3. For export authorized by the Foreign Economic Administration, the export license number.

(d) *Crating.* No manufacturer may use better than No. 3 quality grades of lumber in crating these bathtubs.

(e) *Reports.* Each manufacturer named in paragraph (b) shall report by letter on or before the 10th day of each month to the Plumbing and Heating Division, War Production Board, Washington 25, D. C., by size, the number of bathtubs produced and the number shipped under this direction during the preceding month. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(f) *Effect of other orders.* The restriction of Schedule X-II to Order L-42 are superseded to the extent necessary to give effect to this direction.

Issued this 30th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1204—PHTHALIC ALKYD RESINS

[General Preference Order M-139, Direction 1]

REVOCATION OF AUTHORIZATIONS ISSUED PRIOR TO FEBRUARY 15, 1944

The following direction is issued pursuant to General Preference Order M-139:

All authorizations issued to any person prior to February 15, 1944, for the use of phthalic-alkyd resins, are hereby revoked.

This direction does not apply to phthalic alkyd resins which, on March 30, 1944, have been put into process for uses authorized prior to February 15, 1944, and are no longer in the form in which such resins are delivered for resale or consumption. This direction is made necessary because of the critical shortage of phthalic alkyd resins and the ingredients of those resins. All end uses authorized on and after February 15, 1944, are still valid for the quantities authorized for those end uses.

Issued this 30th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[General Conservation Order L-250, as Amended Mar. 30, 1944]

ELECTRIC MOTOR CONTROLLERS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain critical materials and facilities used in the manufacture of electric motor controllers for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1226.97 *General Conservation Order L-250*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Manufacturer" means any enterprise to the extent that it is engaged in the business of manufacturing controllers, and includes sales and distribution outlets and warehouses controlled by any such person.

(3) "Manufacture" means the production, fabrication or assembly of any controller, or of any part thereof.

(4) "Controller" means any new device or equipment used to stop, start or regulate electric motors or to protect electric motors against overheating or overloading; including manual and magnetic starters and controllers, contactors and relays, speed regulators, drum switches, shunt or series coil type thermal or magnetic overload relays (except switch gear induction type relays), motor field rheostats, and solenoid, thrustor and torque motor brakes; and related pilot devices such as push button stations, and limit, pressure and float switches. The term does not include wiring devices or snap switches rated 15 amperes or less; safety switches; fuses; air circuit breakers; oil circuit breakers; domestic type thermostats, refrigeration controls or furnace controls; or any replacement part for a passenger automobile, truck, truck trailer, passenger carrier, motorized fire equipment, or off-the-highway motor vehicle, as defined in Limitation Order L-158, as amended.

(5) "Commercial" as applied to a size, type or rating of a product means any size, type or rating thereof heretofore normally produced by any producer as a standard item, for his inventory or for general distribution, and not in fulfillment of special orders.

(b) *Restrictions on orders.* No manufacturer shall accept any order for any controller or part thereof, unless the order bears a preference rating of AA-5 or higher. The restrictions of this paragraph shall not apply to any order for any controllers, or parts thereof, for use on elevators and manufactured by a person engaged primarily in the production of elevators.

(c) *Restrictions on manufacture.* (1) Except as otherwise provided herein, on and after March 1, 1943, no manufacturer shall accept any order, or commence manufacture in fulfillment of any order, for any controller or part thereof unless such controller or part is to be manufactured in accordance with the standards prescribed in subparagraph (2) below. On and after May 14, 1943, no manufacturer shall deliver any controller or part thereof, unless it has been manufactured in accordance with such standards. The limitations of this sub-

paragraph shall not apply to any order for, or delivery of any controller or part which was completely fabricated on or before February 13, 1943.

(2) Subject to the other provisions of this paragraph, all controllers and parts thereof shall be manufactured in compliance with the following requirements and shall be otherwise of the simplest practicable design:

(i) All control circuit wiring shall follow a straight line between terminals except where, and to the extent that deviation therefrom is necessary to avoid electrical or mechanical interference.

(ii) Control circuit wiring carrying 15 amperes or less shall have no greater copper content than size No. 14 AWG wire; except when and to the extent that a larger copper content is required to avoid abnormal voltage drop or heating.

(iii) [Deleted Mar. 30, 1944]

(iv) No control circuit wiring insulation between terminals on a controller shall be of more than one color for each voltage.

(v) No controller of a type listed in Appendix A, for a single motor, shall include a contactor having an ampere rating in excess of the maximum rating prescribed in the appendix for such controller; except where operation of a general purpose controller, as covered by Table No. 1 or Table No. 4 of Appendix A requires repeated opening of stalled motor current (such as plugestop or jogging (inching) duty) at a rate in excess of 5 per minute.

(vi) No general purpose controller, for a single motor, of the type listed below rated 600 volts or less shall include control circuit fuses or a control circuit disconnect switch:

(*a*) Alternating current magnetic across the line type starters;

(*b*) Alternating current magnetic reduced voltage autotransformer, reactor, impedance, or primary resistance type starters;

(*c*) Alternating current combination across the line starters and thermal or magnetic circuit breakers;

(*d*) Alternating current combination across the line starters and motor circuit switches.

(*e*) Direct current reduced voltage controllers.

(*f*) Direct current, reduced voltage controllers with motor circuit switches or thermal or magnetic circuit breakers.

(vii) No general purpose controller, for a single motor, of the types listed below rated 600 volts or less shall include a control transformer unless master switches or pilot devices of the necessary rating are not obtainable as a commercial product:

(*a*) Alternating current magnetic across the line type starters;

(*b*) Alternating current magnetic reduced voltage autotransformer, reactor, impedance, or primary resistance type starters;

(*c*) Alternating current combination across the line starters and thermal or magnetic circuit breakers;

(*d*) Alternating current combination across the line starters and motor circuit switches.

(viii) No alternating current controller of the reduced voltage autotransformer, reactor, impedance, or primary resistance type shall be provided for a polyphase induction motor of 20 horsepower or less, rated 600 volts or less, except that the limitations of this paragraph shall not apply to a controller for an elevator, hoist or crane.

(ix) [Deleted Mar. 30, 1944]

(x) No controller shall be supplied with built in test jacks or test receptacles.

(xi) No alternating current motor controller of less than 1,000 horsepower, and no direct current motor controller of 50 horsepower or less, shall include instruments, meters, potential transformers, or current transformers or shunts to be used for metering, mounted on the controller panel or enclosure; but this restriction shall not apply to controllers used to regulate a series of direct current motors driving a common load, nor to alternating current line ammeter and direct current field ammeter to be installed on synchronous motor controllers, nor to ampere hour meters to be installed on industrial truck or locomotive control panels.

(xii) No copper, chromium, nickel, cadmium, or alloys or finishes thereof shall be used in the manufacture of enclosing cases, name plates, identification plates or door handles for controllers.

(xiii) [Deleted Mar. 30, 1944]

(3) The limitations of paragraph (c) shall not apply to any controller delivered for use aboard any ship owned or operated by the Army, Navy, Maritime Commission or War Shipping Administration.

(d) *Miscellaneous provisions*—(1) *Records and reports.* All persons affected by this order shall keep and preserve, for not less than two years, accurate and complete records concerning inventories, production and sales. All such persons shall execute and file with the War Production Board, such reports and questionnaires as the Board shall request from time to time, subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Appeals.* Any appeal from the provisions of this order may be made by either the manufacturer or the proposed purchaser. Any such appeal shall be made by filing a letter, in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal. This letter must be filed with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates. On appeals from the provisions of paragraph (c) (2) (viii), the letter shall include the following data:

(i) Horsepower, voltage, frequency and phase of the motor to be controlled;

(ii) The kva rating of the transformer bank supplying the motor;

(iii) The maximum load on the transformer bank, exclusive of the motor to be controlled;

(iv) Description of the equipment being driven by the motor if reduced voltage starter is necessary to limit starting torque;

(v) And any other information necessary to establish the need for a reduced voltage starter.

(4) *Communications.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to War Production Board, General Industrial Equipment Division, Washington 25, D. C.; Ref.: L-250.

Issued this 30th day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

INTERPRETATION 2

Subparagraph (c) (3) of § 1226.97 (General Conservation Order L–250) provides that the limitations of paragraph (c) shall not apply to any controller delivered for use aboard any ship owned or operated by the Army, Navy, Maritime Commission or War Shipping Administration. A question has been raised as to the proper classification of floating dry docks. It was contemplated that floating dry docks produced for service anywhere would be considered ships within the meaning of the paragraph. (Issued June 15, 1943.)

INTERPRETATION 3

The question has been raised as to whether the word "controller", as defined in paragraph (a) (4), includes a controller which is incorporated into a larger assembly, as a component part of the assembly.

The word "controller", as thus used, includes any controller (except those which are specifically excluded in the definition), regardless of whether it is assembled with other apparatus, or mounted individually. (Issued Nov. 1, 1943.)

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 2, Inventory Direction 15]

CAN MANUFACTURERS IN THE PACIFIC COAST AREA

§ 3175.115 *Inventory Direction No. 15.* Pursuant to paragraph (b) (2) of CMP Regulation 2, *It is hereby ordered,* That:

During the period from the date of this Direction through September 30, 1944, the provisions of paragraph (b) (1) of CMP Regulation 2 shall not apply to the acceptance of deliveries, in the States of Washington, Oregon, California and Utah, of tinplate for the manufacture of cans. In lieu thereof, until September 30, 1944, no user of controlled material shall accept delivery in such States of any item of tinplate for the manufacture of cans if its inventory of such item is, or will by virtue of such acceptance become, greater than the quantity of such item it will be required by current practices to put into use during the succeeding 90-day period in order to carry out its authorized operations. After September 30, 1944, this inventory direction shall cease to be of any effect and the provisions of paragraph (b) (1) of CMP Regulation 2 shall apply.

PART 3281—PULP AND PAPER

[General Conservation Order M–294, as Amended Mar. 30, 1944]

WASTE MANILA ROPE AND MANILA FIBRE OF THE T–2, T–3, O, Y AND EQUIVALENT GRADES

§ 3281.71 *General Conservation Order M–294*—(a) *Definitions.* For the purpose of this order:

(1) "Waste manila rope" means used manila rope, which is acquired for any purpose whatsoever excepting only that which is acquired for reuse as rope. The material resulting from any shredding, parting or other type of separation of the strands or fibres of used manila rope shall be deemed to be "waste manila rope".

(2) "Manila fibre" means fibre grades of T–2, T–3, O, Y or equivalent as established by the Insular Government of the Philippine Islands.

(3) "Permitted use" means with respect to each grade or type of paper designated on List A, the uses described for such paper on List A.

(4) "No. 1 large waste manila rope" means solid, clean, dry, sound manila rope not less than ¾" in diameter, free from any inferior or objectionable materials, such as tarred and transmission ropes; dirty, black, painted, greasy, oily, oil smeared, and latex treated rope or coal dust; rope wholly or partly composed of fibers other than manila and such materials as tender fiber, knots, nets, yarns, strands, shakings, cord, string, or other unsound fibers.

(5) "No. 1 small waste manila rope" means the same rope as defined in paragraph (a) (3), except that the rope may be less than ¾" in diameter.

(6) "Uncut manila fenders" means uncut manila fenders obtained from boats and docks, packed separately and

free of mats, iron, grease, rubber, tender and other foreign materials.

(b) *Limitations on sale or use of waste manila rope and manila fibre.* (1) No person shall use waste manila rope or manila fibre as a raw material in the manufacture of any product or products other than in the manufacture of rope or in the manufacture of paper.

(2) No person shall use waste manila rope in the manufacture of any grade or type of paper other than the grades and types of paper shown on List A.

(3) No person shall sell waste manila rope or manila fibre if he knows or has reason to believe such raw material will be used in the manufacture of any product or products other than in the manufacture of rope or in the manufacture of paper.

(4) No person shall sell waste manila rope if he knows or has reason to believe such materials will be used in the manufacture of any grade or type of paper other than the grades or types of paper shown on List A.

(5) No person shall use manila fibre in the manufacture of any grade or type of paper other than the grades and types of paper shown on List B.

(6) No person shall sell manila fibre if he knows or has reason to believe such material will be used in the manufacture of any grade or type of paper other than the grades or types of paper shown on List B.

(c) *Limitation on use of grades and types of paper shown on List A or List B.* No person who accepts delivery of any grade or type of paper shown on List A or List B in which waste manila rope or manila fibre is used as a raw material shall use the same for any purpose or use other than the permitted uses for such grade or type of paper shown on List A or List B, except that this restriction shall not apply to any grade or type of paper containing waste manila rope, manufactured prior to March 19, 1943.

(d) *Limitations on use of waste manila rope in the manufacture of flour and cereal sack papers.* (1) No person shall use waste manila rope in the manufacture of paper for flour or cereal products sacks to an extent in excess of 45% of the total fibre content of such paper: *Provided, however,* That the amount of waste manila rope used by him in the manufacture of such paper during any one month shall not exceed 45% of the amount used by him in the manufacture of such paper during the month of December 1942.

(2) No person shall use No. 1 large waste manila rope (as defined in paragraph (a) (4)) or No. 1 small waste manila rope (as defined in paragraph (a) (5)) or uncut manila fenders (as defined in paragraph (a) (6) of this order), to an extent in excess of 35% of the total fibre content of such paper: *Provided, however,* That the amount of No. 1 large waste manila rope, No. 1 small waste manila rope or uncut manila fenders used by him in the manufacture of such paper during any one month shall not exceed 35% of the amount used by him in the manufacture of such paper during the month of December 1942.

(3) [Deleted Mar. 20, 1944]

(e) *Limitation on use of waste manila rope in the manufacture of abrasive paper.* (1) No person shall use waste manila rope in the manufacture of abrasive paper to an extent in excess of 25% of the total fibre content of such paper, and none of the waste manila rope so used shall be of the grades known as No. 1 large old manila rope or No. 1 small old manila rope or uncut manila fenders.

(f) *Obligation to examine and refuse certain orders.* (1) No person using waste manila rope in the manufacture of the grades and types of paper shown on List A shall sell or deliver any such paper which he knows or has reason to know will be used for any other purpose or use other than a permitted use.

(2) No person using manila fibre in the manufacture of grades and types of paper shown on List B shall sell or deliver any such paper which he knows or has reason to know will be used for any other purpose other than a permitted use.

(g) *Exceptions.* Specific authorization may be granted by the War Production Board for use of waste manila rope in the manufacture of any product or products for delivery to the Armed Forces or for use in the manufacture of any material or equipment for delivery to the Armed Forces when such product or products, material or equipment cannot be satisfactorily produced from other available fibres. Applications for such authorization shall be made by filing a letter with the War Production Board, Pulp Allocation Office, Ref: M-294, stating fully the reasons for requesting such authorization.

(h) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(i) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provisions appealed from and stating fully the grounds for appeal.

(j) *Communication.* All reports required to be filed hereunder, or communications concerning this order or any schedule issued supplementary hereto shall, unless otherwise directed, be addressed to the War Production Board, Pulp Allocation Office, Washington 25, D. C., Ref. M-294.

(k) *Violations.* Any person who wilfully violates any provision of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 3289—RADIO AND RADAR DIVISION

[General Limitation Order L-265, Interpretation 1]

RADIO CABINETS AND RADIO RECEIVING SETS

This is an official interpretation of § 3289.31, *General Limitation Order L-265.*

(1) Radio cabinets, regardless of the material from which made, are included within the definition of "electronic equipment", in paragraph (a) (3) of the order; and are subject, therefore, to all of the provisions of the order. A radio cabinet is any type of cabinet designed to contain a radio, even though other things may also be contained in it.

(2) Paragraph (c) (1) (i) provides in part that the provisions of the order do not apply to the transfer of "radio receiving sets" which were produced and designed for home use and which were completely manufactured on or before April 24, 1943. There seems to exist on the part of some persons the erroneous impression that if a set was partly assembled or almost complete on or before April 24, 1943, it could be finished and transferred free of the restrictions of the order. Some persons have even taken the position that if parts were on hand on April 24, 1943, their assembly into a set and its transfer thereafter were not subject to the provisions

of the order. Both such ideas are definitely mistaken. The term "radio receiving set", as used in paragraph (c) (1) (i), means a home radio receiver which was completely assembled (including cabinet installation), and ready for operation on or before April 24, 1943. If any part (such as cabinet, speaker, or transformers, etc.) has been added or has to be added to the set since that date and before its transfer, then its transfer is not exempt from the provisions of the order.

[Supplementary Limitation Order L-7-c, Schedule VII]

DOMESTIC ICE REFRIGERATORS

§ 3291.23 *Schedule VII to Limitation Order L-7-c.* Pursuant to paragraph (b) (2) of Limitation Order L-7-c:

The following production quotas for domestic ice refrigerators are established for the period from April 1, 1944, through June 30, 1944, inclusive. During that period each manufacturer listed is authorized to make the number of domestic ice refrigerators set forth below opposite his name. Manufacturers listed may make the refrigerators only in their own plants at the location set forth opposite their respective names. Manufacturers listed may not make more domestic ice refrigerators than the number opposite their names, even for orders bearing preference ratings. All domestic ice refrigerators made by each manufacturer must be included in the quotas assigned in this Schedule.

PART 3293—CHEMICALS

[General Preference Order M-154 as Amended Mar. 30, 1944]

NITRO-CELLULOSE

§ 3293.186 *General Preference Order M-154*—(a) *Definitions.* For the purpose of this order, "nitro-cellulose" means plasticized cellulose nitrate in the following forms:

(1) First grade rod (unfabricated);
(2) First grade tube (unfabricated);
(3) First grade cake sheet (unfabricated), not including pieces having an area of less than 2 square feet produced as a by-product of normal slicing, polishing, or fabricating operations; and
(4) First grade continuous sheeting (unfabricated), not including butt rolls having less than one inch of material on the core, and not including trim rolls less than 4 inches in width produced as a by-product of normal slitting or trimming operations.

(b) *Restrictions on use.* No person shall use in any month more than a total of 50 pounds of nitro-cellulose in the manufacture of all articles set forth in Exhibit A annexed, regardless of preference ratings.

(c) *War use exemption.* Nothing in paragraph (b) above shall apply to the use of nitro-cellulose by the U. S. Army, Navy, Coast Guard, Maritime Commission, or War Shipping Administration, or by any person pursuant to the terms of any contract or order for nitro-cellulose articles to be delivered to, or incorporated into products to be delivered to, those agencies.

(d) *Existing stocks exemption.* Nothing in paragraph (b) above shall apply to a person's use of nitro-cellulose which:

(1) Was owned by him and was not in the possession of his supplier on the effective date of the restriction on the article, or
(2) Was owned by him and was stored by his supplier to comply with fire-prevention regulations, on the effective date of the restriction on the article, or
(3) Was in the possession of his supplier, and on his order had been so processed prior to the effective date of the restriction on the article as to render impracticable the use of the nitro-cellulose in a manner not subject to restrictions under this order.

(e) *Notification to customers.* Producers of nitro-cellulose are requested to notify each of their regular customers as soon as practicable of the requirements of this order as amended, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board regulations, as amended from time to time.

(2) *Effect of other orders.* Nothing in this order shall be construed to permit the manufacture of any article prohibited or curtailed by the terms of any other War Production Board order.

(3) *Reports.* Each person affected by this order shall file such reports as may from time to time be required by the War Production Board, subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942.

(4) *Violations.* Any person who wilfully violates any provisions of this order, or who in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making, or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(5) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate with the field office of the War Production Board for the district in which the appellant is located, referring to the particular provisions appealed from and stating fully the grounds of the appeal.

(6) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Bureau, Washington 25, D. C., Reference: M-154.

Issued this 30th day of March 1944.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 15[1] to GMPR, Amdt. 22]

PRIVATE BRANDS OF SMOKING TOBACCO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.75 (a) is amended by adding a subparagraph to read as follows:

(13) *Private brands of smoking tobacco.* Any manufacturer of a private brand of smoking tobacco may apply for adjustment of his maximum price for such private brand if:

(i) His over-all net profits, before income taxes, during his last fiscal year, are not greater than his average over-all net profits, before income taxes, during the period 1936–1939, inclusive; or

(ii) His over-all net profits, before income taxes, during his last fiscal year, are greater than his average over-all net profits, before income taxes, during the period 1936–1939, inclusive, and the total cost to him of the private brand of smoking tobacco exceeds his maximum net selling price therefor; and

(iii) His continued production of the private brand of smoking tobacco is threatened or its manufacture has been curtailed or discontinued.

"Private brand of smoking tobacco" means a brand of smoking tobacco bearing a brand name owned privately and duly registered by a person selling and distributing the product on his own behalf, and which is manufactured for him according to his specifications and requirements.

A manufacturer of a private brand of smoking tobacco who desires an adjustment in his maximum price for such private brand shall send to the Office of Price Administration, Washington, D. C., an application containing the following information:

(i) His present and requested maximum net selling prices per dozen.

(ii) The date and the complete terms of the agreement between him and the private brand owner pursuant to which the smoking tobacco is manufactured.

(iii) A statement in detail showing why he finds it necessary to request an increase in his maximum price in order to continue producing the particular brand of smoking tobacco for the private brand owner.

(iv) His present detailed costs, prepared in accordance with his usual system of accounts, of the private brand of smoking tobacco.

(v) His present detailed costs, prepared in accordance with his usual system of accounts, of his own most comparable brand of smoking tobacco, and his present maximum net selling price per dozen of such brand.

(vi) His profit and loss statements for the period 1936–1939, inclusive, and for his last fiscal year, prepared in accordance with his usual system of accounts, unless such data have been previously made available to the Office of Price Administration.

(vii) His current volume of sales of the private brand of smoking tobacco or, if the production of such smoking tobacco has been discontinued, the volume of sales which may be reasonably expected if his present maximum price is adjusted upward.

(viii) A statement signed by the private brand owner that he will absorb and will not pass on to any purchaser the requested increase or any part thereof, and that such increase will not be made the basis of any future request for adjustment of his maximum price for such smoking tobacco.

Any adjustment granted under this subparagraph shall be limited as follows:

(i) If the manufacturer's over-all net profits, before income taxes, for his last fiscal year are not greater than his average over-all net profits during the period 1936–1939, inclusive, the adjustment shall not exceed the total cost to him of the private brand of smoking tobacco plus a reasonable profit. In determining what is a reasonable profit, the Office of Price Administration will consider the net profit per dozen realized on sales of his own most comparable brand of smoking tobacco. No adjustment made in such instance may result in over-all net profits greater than his average over-all net profits during the period 1936–1939, inclusive.

(ii) If the manufacturer's over-all net profits, before income taxes, for his last fiscal year are greater than his average over-all net profits during the period 1936–1939, inclusive, the adjustment shall not exceed the total cost to him of the private brand of smoking tobacco.

The Office of Price Administration shall authorize or deny by order the adjustment requested. The authorization so granted may be revoked at any time by the Price Administrator.

This amendment shall become effective April 6, 1944.

NOTE: All reporting and record-keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 30th day of March 1944.

TITLE 29—LABOR

Chapter VI—National War Labor Board

PART 803—GENERAL ORDERS

PROCEDURE RELATIVE TO ADJUSTMENT IN RATES OF PAY OF EMPLOYEES OF DEPARTMENT OF COMMERCE

§ 803.34 *General Order No. 34.* (a) The National War Labor Board hereby delegates to the Secretary of Commerce the authority to approve adjustments in the wages or salaries of employees of the Department of Commerce, not fixed by statute, which would otherwise require the prior approval of the National War Labor Board, all in accordance with the further provisions of this order.

(b) In the exercise of the authority delegated hereunder, the Secretary of Commerce shall comply with the terms of Executive Order 9250, dated October 3, 1942, as amended, Executive Order 9328, dated April 8, 1943, the Supplement thereto issued by the Director of Economic Stabilization on May 12, 1943, and all pertinent principles and policies of the National War Labor Board or of the Director of Economic Stabilization here-

7.55 Separability.
7.56 Penalty.

AUTHORITY. §§ 7.1 to 7.56 inclusive, issued under Executive Order 9074 (7 F.R. 1587), 57 Stat. 391 (33 CFR 7.7).

GENERAL PROVISIONS

§ 7.1 *Purpose of regulations.* The regulations contained in this part are promulgated for the protection of vessels, harbors, ports and waterfront facilities. Nothing contained in this part shall be construed to repeal or supersede the provisions of the regulations relating to the Security of Ports and the Control of Vessels in the Navigable Waters in the United States (33 CFR, Part 6), Explosives or Other Dangerous Articles on Board Vessels as amended (46 CFR, Part 146), or the Regulations Relating to Tank Vessels as amended (46 CFR, Parts 30–38 incl.), or any other law or regulation not inconsistent herewith promulgated by any Federal, State, municipal, port, or other lawful agency for the protection of waterfront facilities.

§ 7.2 *Application.* The regulations contained in this part shall apply to all piers, wharves, docks, or similar structures to which vessels may be secured, buildings on such structures or contiguous to them, and equipment and materials on such structures or in such buildings on all navigable waters of the United States, Alaska, the Territory of Hawaii, Puerto Rico, and the Virgin Islands, but shall not apply to shipyards and facilities used in connection therewith or to such waterfront facilities as may be directly operated by the War Department or the Navy Department. Whenever the term "waterfront facilities" is used in this part it shall mean all piers, wharves, docks, and similar structures to which vessels may be secured, buildings on such structures or contiguous to them, and equipment and materials on such structures or in such buildings.

§ 7.3 *Administration.* The regulations contained in this part shall be administered by the U. S. Coast Guard Captain of the Port under the general supervision of the District Coast Guard Officer. Pursuant to order of the Chief of Naval Operations any waterfront facility may be specifically assigned to the Navy for the purpose of security inspection. In any such case, the regulations in this part may be administered with respect to such facility by the Naval District Commandant. Such officer may exercise with respect to such facility all the powers and authority granted to the Captain of the Port by the regulations contained in this part. The Captain of the Port shall give notice to the owner, lessee, or operator of such facility of such assignment and of the officer of the Navy authorized to administer the regulations.

§ 7.4 *Special orders of the Captain of the Port.* Whenever the Captain of the Port shall find that the conditions of construction, maintenance, equipment, or operation of any waterfront facility or of any other waterfront property creates a hazard of destruction, loss, or injury from sabotage or other subversive acts, accident, fire or other causes of a similar nature to such waterfront facility or to any other waterfront facility, he is authorized to issue such special orders not inconsistent with the regulations contained in this part as he shall find to be necessary to eliminate such hazard, and the owner, lessee, and operator of such waterfront facility or such other waterfront property shall comply with such orders.

§ 7.5 *Powers of the Captain of the Port.* The Captain of the Port and his duly authorized representatives shall have the right of entry to waterfront facilities at all times. The Captain of the Port may cause to be inspected and searched at any time, any waterfront facility or any person or package thereon, may place guards thereon, and may remove therefrom any or all persons not specifically authorized by him to go or remain thereon.

§ 7.6 *Responsibility for compliance.* Owners, lessees, and operators of waterfront facilities are required to comply with the regulations contained in this part and shall be responsible for taking all necessary measures to comply therewith. Nothing in the regulations contained in this part shall be construed to relieve the owners, lessees, and operators of waterfront facilities from their responsibility for the protection of such facilities.

§ 7.7 *Waiver authority based on local or unusual conditions.* Whenever the Commandant, U. S. Coast Guard, the District Coast Guard Officer, or the Captain of the Port shall find that the application of any provision of the regulations contained in this part is not necessary to the security of a waterfront facility or of the port, or that its application is not practical because the materials or personnel required for compliance are not available, or because the protection of the particular facility is not essential

to the war effort or to the security of other facilities or vessels moored thereto, he may waive compliance with such provisions to the extent and upon the conditions determined by him; such waivers and requests therefor shall be in writing.

§ 7.8 *Special circumstances.* In case of emergency circumstances causing imminent hazard to a waterfront facility or vessel and in the absence of specific orders from the Captain of the Port, nothing in these regulations shall be construed as prohibiting the owner, lessee, or operator thereof from pursuing the most effective course of action in his judgment for the safety of the property.

SABOTAGE

§ 7.15 *Precautions against sabotage.* The owner, lessee, and operator of a waterfront facility shall take all necessary precautions to protect such facilities from sabotage.

§ 7.16 *Reporting of sabotage.* The evidence of or suspicion of sabotage or any other subversive activity involving a waterfront facility or personnel employed thereon, shall be reported immediately to the Captain of the Port, the nearest representative of the Naval Intelligence Service and the Federal Bureau of Investigation.

GUARDING OF WATERFRONT FACILITIES

§ 7.20 *Adequate guard protection.* Guards shall be provided for the protection of waterfront facilities in such numbers as to assure adequate surveillance, prevent unlawful entrance, detect fire hazards, and to check the readiness of protective equipment. The Captain of the Port is authorized to require additional guards upon a finding that the owner, lessee, and operator of such facilities have not provided guards in the manner required by this section.

§ 7.21 *How guards are provided.* All guards required by the regulations contained in this part shall be provided by the owners, lessees, and operators of waterfront facilities.

§ 7.22 *Qualifications of guards.* Guards shall be citizens of the United States, of good character and satisfactory physical condition. No person shall be employed as guard upon a waterfront facility if the Captain of the Port shall find that by reason of misconduct, inattention to duty, negligence or other causes, such person would thereby endanger the security of a waterfront facility.

§ 7.23 *Instruction of guards.* The owners, lessees, and operators of waterfront facilities shall be responsible for the instruction of guards in their duties and for the supervision of the performance of such duties, except in the case of Coast Guard Police and Auxiliary Military Police.

IDENTIFICATION AND PASSES

§ 7.25 *Basic requirements.* No person shall enter upon or be permitted to enter any waterfront facility unless he shall possess all of the following:

(a) A Coast Guard identification card or other means of identification acceptable to the Captain of the Port.

(b) Any of the following kinds of passes:

(1) A badge or card issued by the company or individual operating the waterfront facility and bearing the name of the person to whom issued.

(2) Express permission (oral or written) from the owner, lessee, or operator of a water-front facility or his duly authorized representative, valid for a single day or for a single entrance to the waterfront facility.

(3) A daily work ticket or other evidence of legitimate employment on a waterfront facility, acceptable for the date of issue only, which is issued by stevedoring companies, welding companies, carloading Companies, engineering Companies, railroads, trucking companies, and others whose agents and employees are authorized by the owner, lessee, or operator of the waterfront facilities, to be thereon.

(4) Credentials establishing status as an official of the government of the United States, or of the States or possessions thereof, or of a municipality thereof, whose duties require his presence on a waterfront facility.

(5) A pass when approved by the master, senior deck officer on duty, or representative of the owner in a position or authority of a vessel moored at the waterfront facility.

(6) A certificate of identification or seaman's service record issued to United States Merchant Marine Officers and seamen when the holder thereof is a member, or is to become a member of the crew of a vessel moored at the waterfront facility.

(c) A legitimate reason for seeking entrance to the waterfront facility at that particular time. The provisions of this section shall not apply to any person entering a waterfront facility solely for the purpose of transportation as a passenger on board a passenger carrying vessel to be boarded from such waterfront facility.

FIRE PREVENTION

§ 7.30 *Smoking.* Smoking shall be prohibited on all piers, docks, wharves, and other waterfront facilities except at such portions thereof as may be designated by the owner, lessee, or operator thereof, and approved by the Captain of the Port: *Provided,* That smoking in such areas shall only be permitted in accordance with local ordinances and regulations. Signs shall be conspicuously posted marking such authorized smoking areas. "No Smoking" signs shall be conspicuously posted elsewhere on waterfront facilities.

§ 7.31 *Welding.* Oxyacetylene or similar welding or burning, or other hot work including electric welding or the operation of equipment therewith shall be prohibited on a waterfront facility, except pursuant to the procedure and under the conditions prescribed by the Captain of the Port.

§ 7.32 *Fire watch.* No welding, burning or other hot work on a waterfront facility in the presence of combustible material likely to become ignited, shall be done except in the presence of a fire watch to be composed of one or more fire guards as may be determined by the Captain of the Port. Suitable fire extinguishing appliance shall be kept readily at hand during the process of such work. The fire watch shall remain on duty from the time hot work is started until after it is completed and danger of ignition is past.

§ 7.33 *Trucks and other motor vehicles.* Trucks and other motor vehicles shall not remain or park upon a waterfront facility except for the purpose of awaiting transportation, for the purpose of discharging or loading cargo or passengers, or for the purpose of performing services in connection with the operation of the facility or in connection with a vessel moored thereto. No truck or other motor vehicle shall be left unattended in such a position as may block the access of fire-fighting apparatus. Refueling of trucks or cars on a waterfront facility is prohibited except in such areas and pursuant to such procedures as may be prescribed by the Captain of the Port.

§ 7.34 *Pier automotive equipment.* Tractors, stackers, lift trucks, hoisters, and other equipment driven by internal combustion engines used on waterfront facilities, shall be of such construction and condition and free from excess grease, oil or lint as not to constitute a fire hazard. Each unit of such equipment shall be provided with an approved type hand extinguisher. When not in use, such equipment shall be stored in a manner and location satisfactory to the Captain of the Port. Gasoline or other fuel used for such equipment, shall be stored and handled in accordance with accepted safe practices, and shall not be stored on waterfront facilities without the approval of the Captain of the Port. Refueling or repairing of such equipment on waterfront facilities is prohibited except in such areas and pursuant to such procedures as may be prescribed by the Captain of the Port.

§ 7.35 *Rubbish and waste materials.* Waterfront facilities shall be kept free from rubbish, debris, and waste materials.

§ 7.36 *Maintenance stores and supplies.* Supplies classified as dangerous by the provisions of the regulations entitled "Explosives and Other Dangerous Articles on Board Vessels" (46 CFR, Part 146), to be used in connection with operation or maintenance of the property or facility, shall not be stored on waterfront facilities except in amounts necessary for normal current operating conditions and such storage shall be in a compartment remote from combustible material and so constructed as to be readily accessible and provide safe storage. Storage compartments must be kept clean and maintained free of scrap materials, empty containers, soiled wiping rags, waste, and other debris. Covered metal containers shall be provided for storage of used wiping cloths and contents removed at the end of each working day. Clothing lockers shall be

maintained clean and orderly and properly ventilated. Fire extinguishing equipment suitable for the type of hazard shall be readily available.

§ 7.37 *Electric wiring.* New installations of electric wiring and equipment shall be made in accordance with accepted safe practices. Conformity with the requirements of the National Electric Code, 1940 edition and supplement of November, 1943, and the requirements of applicable local regulations shall be deemed evidence of compliance with such accepted safe practices. Materials, fittings, and devices shall be of type and character approved for the intended use by Underwriters Laboratories, Inc., Associated Factory Mutual Laboratories, or U. S. Bureau of Standards. Existing electric wiring shall be maintained in a safe condition, free of defects or modifications which may cause fire or personal injury. Defective or dangerous wiring, equipment, and devices shall be replaced, repaired or permanently disconnected from a source of energy.

§ 7.38 *Heating equipment.* Heating equipment shall be safely installed and maintained in good operating condition. Adequate clearances to prevent undue heating of nearby combustible materials shall be maintained between heating appliances, chimneys, stove pipes, gas vents or other heat producing elements, and any combustible materials of the floors, walls, partitions or roofs. In general, clearances shall be such that continuous operation of the heat producing device at full capacity will not increase the temperature of nearby woodwork more than 90° above the ambient temperature. Where necessary to prevent contact with movable combustible materials, heating appliances shall be enclosed or screened. Spark arresters shall be provided on chimneys or appliances burning solid fuel used in locations where sparks constitute a hazard to nearby combustible materials. As a guide to safe installation of heating equipment, the appropriate chapters of the National Board of Fire Underwriters Building Code, 1943 Edition, shall be used.

§ 7.39 *Fire extinguishing equipment.* Fire extinguishing appliances shall be made available in such minimum quantities, locations, and types as the Captain of the Port may prescribe. Installation and maintenance of first aid fire appliances shall not be less than equivalent to the requirements prescribed in the "Standards for First Aid Fire Appliances", issued by the National Board of Fire Underwriters. Fire extinguishing equipment, fire alarms systems and devices, and fire doors and other safety equipment shall be maintained in good operating condition at all times. When the Captain of the Port shall find that the existence of hazardous conditions require such precaution, emergency hose lines shall be led out and other emergency fire-fighting equipment shall be located immediately adjacent to said hazards.

§ 7.40 *Marking of fire appliance locations.* The locations of all fire appliances, including hydrants, standpipe and hose stations, fire extinguishers, and fire alarm boxes, shall be conspicuously marked and ready accessibility to such appliances shall be maintained.

§ 7.41 *Lighting.* Subject to applicable dimout and blackout regulations, piers, docks, and wharves to which cargo vessels are moored, shall be illuminated during the hours of darkness. The use of kerosene and gasoline lamps and lanterns on such waterfront facilities is prohibited.

§ 7.42 *Arrangement of cargo.* Cargo shall be arranged on waterfront facilities according to the individual structures of such facilities, in a manner to permit complete access for the purpose of fire extinguishment. Cargo shall be placed on waterfront facilities under the following conditions:

(a) Two feet of clear and open space shall be maintained free of rubbish, dunnage, or other obstruction, between cargo piles and any side of covered piers and cargo stored thereon. This distance shall be measured from the most prominent projection of the wall such as studding, bracings or other obstructions that are a part of the structure.

(b) Inflammable and combustible cargo shall not be tiered higher than 12 feet. All cargo including inflammable and combustible cargo shall be so tiered as to maintain a clearance between the upper level of the top tier and trusses, beams, girders, or other structural members of not less than 36" and between such upper level and sprinkler heads a clearance of 12" shall be maintained.

(c) There shall be maintained four feet of clear and open operating space around any fire alarm box, standpipe and fire hose, sprinkler valve, firedoors, deck hatches, or any fire-aid fire appliances.

(d) When first-aid fire appliances, alarm boxes, or other safety equipment, or deck hatches are located in a space surrounded by cargo, there shall be maintained a straight, free and open space three feet in width running to the center aisle. This space shall be kept clear of all rubbish, dunnage, or other obstruction.

(e) A center aisle of at least twenty feet in width shall be maintained the entire length of the waterfront facility when control of fire requires trucks to come on the pier. The aisle may be reduced to eight feet in width if such access by fire trucks is not required.

(f) Cross aisles, five feet wide, straight and at right angles to the center aisles, to be maintained at intervals not exceeding seventy-five feet, and extending to the sides of the waterfront facility.

Where the type of cargo to be worked and the construction of a waterfront facility makes compliance with the foregoing provisions impracticable, the Captain of the Port may prescribe such rules for the arrangement of cargo as he may deem necessary and appropriate.

DANGEROUS CARGO

§ 7.50 *Approval of facility for dangerous cargo.* Explosives, military, ammunition, inflammable liquids, and other dangerous cargo as defined in the regulations "Explosives and Other Dangerous Articles on Board Vessels" (46 CFR, Part 146) shall not be processed, stored, or packed upon any waterfront facility unless such facility has been authorized by the Captain of the Port for such use.

§ 7.51 *Handling of dangerous cargo.* Freight classified as dangerous by Coast Guard regulations entitled "Explosives or Other Dangerous Articles on Board Vessels" (46 CFR, Part 146) shall not be handled or stored on any waterfront facility except in accordance with the following regulations:

(a) Explosives and ammunition (except small-arms ammunition) shall not be handled or stored on waterfront facilities except when laden within a railroad or highway vehicle, and then only upon such waterfront facilities that are specifically approved for such purposes by the Captain of the Port.

(b) Small-arms ammunition may be handled or stored on waterfront facilities: *Provided*, Local regulations do not prohibit handling or storage thereon.

(c) Inflammable liquids in metal containers, in amounts exceeding 10 tons, shall not be handled or stored at any one time on waterfront facilities except upon permission of the Captain of the Port. Such liquids in any amounts shall be so handled and stored as to provide maximum separation from combustible materials.

(d) Inflammable liquids and compressed gases shall be so handled and stored upon waterfront facilities as to provide maximum separation between freight consisting of acids or corrosive liquids. Storage for inflammable solids or liquidizing materials shall be so arranged as to prevent moisture coming in contact therewith.

(e) Acids or corrosive liquids shall be so handled and stored as to prevent such acids or liquids in event of leakage from contacting any organic materials.

(f) Poisonous gases or liquids shall be so handled and stored as to prevent their contact with acids, corrosive liquids, or inflammable liquids.

(g) All dangerous articles of freight, including combustible liquids and hazardous articles, shall be arranged in such manner as to retard the spread of fire. This shall be accomplished by interspersing piles of dangerous freight with piles of inert or less combustible materials.

SEPARABILITY AND PENALTY

§ 7.55 *Separability.* If any provision of the regulations contained in this part or the application of such provision to any person, waterfront facility, or circumstance shall be held invalid, the validity of the remainder of the regulations contained in this part and applicability of such provision to other persons, waterfront facilities, or circumstances, shall not be affected thereby.

§ 7.56 *Penalty.* Wilful violation of any of the provisions contained in this part or of any order issued thereunder is a misdemeanor, punishable by a fine of

not to exceed $5,000 or by imprisonment for not more than one year, or both.

Commandant, U. S. Coast Guard.

PART 7—PROTECTION OF WATERFRONT FACILITIES

WAIVER OF COMPLIANCE IN ST. LOUIS DISTRICT

Whereas I find that the application of the regulations for the Protection of Waterfront Facilities (33 CFR Part 7) in the St. Louis District of the Coast Guard is not presently necessary to the security of the waterfront facilities in such District;

Now therefore, I hereby waive compliance with all the provisions of such regulations with respect to waterfront facilities in the St. Louis District of the Coast Guard, which includes the following states: West Virginia, Kentucky, Tennessee, Oklahoma, Kansas, Nebraska, North Dakota, South Dakota, Iowa, Missouri, Pennsylvania west of longitude 79° W. and south of latitude 41° N., Ohio south of latitude 41° N., Indiana south of latitude 41° N., Illinois south of latitude 41° N. and west of longitude 90° W., Wisconsin west of longitude 90° W. and south of latitude 46°20′ N., Minnesota south of latitude 46°20′ N., Arkansas north of latitude 34° N., Mississippi north of latitude 34° N., and Alabama north of latitude 34° N.

This waiver is granted upon the express condition that it may be revoked at any time in whole or in part with respect to any or all waterfront facilities to which it applies.

TITLE 46—SHIPPING

Chapter III—War Shipping Administration

[G. O. 11, Supp. 2]

PART 302—CONTRACTS WITH VESSEL OWNERS AND RATES OF COMPENSATION RELATING THERETO

UNIFORM ADDENDUM TO TIME CHARTERS

§ 302.57 *Uniform addendum to time charters covering adjustments of certain disputed questions.* Whenever appropriate and upon approval of the parties, there shall be executed and made a part of the time charters entered into by the War Shipping Administration pursuant to § 302.50 *Uniform time charter for requisitioned and other dry cargo vessels*[1] (General Order 11) and §§ 302.55 *Requisition time charter for tank vessels*[1] and 302.56 *Uniform time charter terms and conditions for tank vessels*[1] (General Order 11, Supplements 1, 1A, and 1B), the following addendum to cover adjustments of certain disputed questions:

UNIFORM ADDENDUM TO TIME CHARTER COVERING ADJUSTMENTS OF CERTAIN DISPUTED QUESTIONS

ADDENDUM dated the _____ day of _____, 194__, to Requisition Time Charter (Contract No. WSA-_____) dated as of _____ 1942, (hereinafter called the Charter) between _____, Owner of the good steel SS MS._____ (hereinafter called the Vessel) and the United States of America, Charterer.

WHEREAS various disputes have arisen between the Owner and the Charterer with respect to the rights, duties and obligations of the parties under the aforesaid Charter, and

WHEREAS the parties desire to compromise and adjust certain of such disputes to the extent hereinafter set forth pursuant to the statutes and laws of the United States, and

WHEREAS the Administrator, War Shipping Administration, on behalf of the United States has found that such compromise and adjustment would be beneficial to the interest of the United States and would facilitate the prosecution of the war:

NOW, THEREFORE, IT IS AGREED that the Charter is hereby amended, effective on the date of the Charter, as follows:

First: The following paragraph shall be inserted between Clause 4 (b) and the present proviso:

"Provided, however, that when the period of time lost to the Charterer on any one occasion is less than twenty-four (24) consecutive hours, hire shall not be reduced for such period unless it exceeds eleven (11) consecutive hours, in which case such period shall be counted as one day."

Second: Clause 11 is amended by adding thereto the following paragraph:

"The full rate of hire provided in Part I of this Charter shall be paid for all the periods of time required to install any defensive armament (including demagnetization by installed equipment or other process, e. g. degaussing, wiping or deperming) whether installed pursuant to this Clause 11 or during any period of time referred to in the first sentence of § 302.18 (d) (Paragraph 2 (d) of General Order 8 revised) or of § 302.18 (c) (Paragraph 2 (c) of General Order 8, Supp. 1); provided, however, that if during all or any part of any such period, the vessel concurrently undergoes repairs of whatever nature for the Owner's account, except repairs of any damage arising from causes specified in Clause 4 (i), then for the period of such concurrent repairs for the Owner's account, the rate of hire payable shall be reduced one-quarter. The period of such concurrent repairs shall be computed, at the Owner's option, on the basis of time elapsing between the actual commencement and the actual completion of the Owner's repairs, or on the basis of an estimate, submitted by the Owner and approved by the Charterer's local manager of Maintenance and Repair or by some other person designated by the Charterer, of the amount of time that would have been required for Owner's work if it had been performed during normal working hours (not in excess of a two shift basis) and on normal working days, but otherwise without interruption."

Third: Any other provisions of this Charter or any amendments thereto to the contrary notwithstanding, no hire or other moneys which the Charterer or the Owner is obligated to pay to the other under this Charter or any amendment thereto, shall accrue or become due and payable before the execution of this Charter which occurred on _____, 1942, and no hire or other moneys which the Charterer or the Owner is obligated to pay to the other under this Addendum shall accrue or become due and payable before the date of this Addendum.

Fourth: Clause 8 is amended by adding the following to the end thereof:

"Except as to newly constructed vessels delivered by the shipbuilder after December 7, 1941 and as to Vessels lost or requisitioned and delivered for bareboat use or title within six months after delivery under the Charter (which classes of vessels shall be the subject of special agreements), the Charter shall be construed to impose upon the Charterer the full actual cost of providing and maintaining on and after December 7, 1941, all equipment and installations on the Vessel, beyond normal peacetime standards, then or thereafter required by sub-chapter O of chapter 11 of the Regulations of the United States Coast Guard (Title 46, U.S.C.A.), or by other wartime regulations of any agency of the United States, except that if and so long as the Vessel is under time charter after March 1, 1944, the Owner shall provide and pay for renewals, replacements and repairs to lifeboat equipment and for minor repairs to lifeboats not belonging to the Owner, unless any such renewals, replacements or repairs are caused by subsequent increases and changes in wartime Governmental requirements. All costs, which by reason of the Charter as construed by this Amendment, are to be borne by the Charterer but have been incurred by the Owner prior to the date of this Addendum, shall be adjusted and reimbursed in accordance with the foregoing provisions. All such equipment and installations installed in or relating to lifeboats belonging to the Owner shall be the property of the Owner and all other equipment or installations shall belong to the Charterer and shall be considered as equipment installed or as alterations

or additions made by the Charterer pursuant to Clause 11 of the Charter."

In consideration of the foregoing undertaking by the Charterer and the other provisions of this Addendum, the Owner shall forthwith pay or allow to the Charterer as a credit against the hire of the Vessel or against the Owner's prior disbursements for such equipment or installations, the sum of $175 for each member of the Vessel's normal complement of officers and crew.

IN WITNESS WHEREOF, the Owner has executed this Agreement in quadruplicate on the ------ day of ----------, 1944, and the Charterer has executed this agreement in quadruplicate on the ------ day of ----------, 1944.

FEDERAL POWER COMMISSION.

[Docket No. G-531]

INTERSTATE NATURAL GAS CO., INC.

NOTICE OF APPLICATION

MARCH 29, 1944.

Notice is hereby given that on March 15, 1944, Interstate Natural Gas Company, Inc. (hereinafter referred to as "Applicant") filed with the Federal Power Commission an application seeking authority under section 7 (b) of the Natural Gas Act to abandon the northern 40,840 feet of its 16-inch line which extends in a southerly direction from Perryville, Ouachita Parish, Louisiana, for about 22 miles to a point near Alto, Richland Parish, Louisiana, designated as Applicant's line T-9.

The Applicant states that, pursuant to authorization granted by this Commission on June 30, 1943, in Docket No. G-468, it completed construction and commenced operation of a new 16-inch line extending from its De Siard compressor station and connecting with the aforesaid line T-9. Since the completion of the new line on November 30, 1943, the Applicant states that it has transported no gas through the northern section of its line T-9 proposed to be abandoned, and that such facility will not be required for the transportation of gas in the future.

Any person desiring to be heard or to make any protest with reference to this application should, on or before April 15, 1944, file with the Federal Power Commisison a petition or protest in accordance with the rules of practice and regulations of the Commission.

MUTUAL MORTGAGE INSURANCE FUND DEBENTURES, SERIES B

NOTICE OF CALL FOR PARTIAL REDEMPTION

MARCH 27, 1944.

Notice of call for partial redemption, before maturity, of 2¾ percent mutual mortgage insurance fund debentures, Series B.

Pursuant to the authority conferred by the National Housing Act (48 Stat. 1246; U.S.C., title 12, sec. 1701 et seq.) as amended, public notice is hereby given that 2¾ percent Mutual Mortgage Insurance Fund debentures, Series B, of the denominations and serial numbers designated below, are hereby called for redemption, at par and accrued interest, on July 1, 1944, on which date interest on such debentures shall cease:

Denomination:	*Serial numbers (all numbers inclusive)*
$50	1,543 to 1,555
$100	5,710 to 5,765
$500	1,906 to 1,923
$1,000	6,918 to 7,007
$5,000	508 to 514

The debentures first issued, as determined by the serial numbers, were selected for redemption by the Commissioner, Federal Housing Administration, with the approval of the Secretary of the Treasury.

No transfers or denominational exchanges in debentures covered by the foregoing call will be made on the books maintained by the Treasury Department on or after April 1, 1944. This does not affect the right of the holder of a debenture to sell and assign the debenture on or after April 1, 1944, and provision will be made for the payment of final interest due July 1, 1944, with the principal thereof to the actual owner, as shown by the assignments thereon.

The Commissioner of the Federal Housing Administration hereby offers to purchase any debentures included in this call at any time from April 1, 1944 to June 30, 1944, inclusive, at par and accrued interest, to date of purchase.

Instructions for the presentation and surrender of debentures for redemption on and after July 1, 1944, or for purchase prior to that date will be given by the Secretary of the Treasury.

HIYAMA SHOTEN

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That Hiyama Shoten, whose principal place of business is Honolulu, T. H., is a partnership organized and doing business under the laws of the Territory of Hawaii, composed of Kinko Hiyama, Hiroshi Hiyama, Minoru Hiyama, Kumejiro Hamaishi and Torao Wakayama, and is a business enterprise within the United States;

2. That Kinko Hiyama, Hiroshi Hiyama and Minoru Hiyama own the entire partnership interests in the assets and profits of Hiyama Shoten and said interests are evidence of ownership and control of said enterprise;

3. That Kinko Hiyama, Hiroshi Hiyama and Minoru Hiyama, whose last known addresses are Japan, are nationals of a designated enemy country (Japan);

4. That Hiyama Shoten, Japan, whose principal place of business is Osaka, Japan, is a business enterprise organized under the laws of Japan and a national of a designated enemy country (Japan);

5. That Hiyama Shoten, Japan, has a claim against Hiyama Shoten, which claim, as of June 30, 1943, was in the amount of $437.24, subject to all accruals and deductions subsequent thereto, and is represented on the books and records of Hiyama Shoten as an account payable, and is evidence of an interest in said business enterprise;

and determining:

6. That Hiyama Shoten is owned and controlled by Kinko Hiyama, Hiroshi Hiyama and Minoru Hiyama and is a national of a designated enemy country (Japan);

7. That to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Japan);

and having made all determinations and taken all action required by law, including appropriate consultation and certification, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian:

All right, title and interest of Kinko Hiyama, Hiroshi Hiyama and Minoru Hiyama in and to Hiyama Shoten, a partnership; and

All property of any nature whatsoever situated in the United States and owned or controlled by, payable or deliverable to, or held on behalf of or on account of, or owing to Hiyama Shoten; and

The interest of Hiyama Shoten, Japan, in Hiyama Shoten, hereinbefore more fully described,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest and for the benefit of the United States, and hereby undertakes the direction, management, supervision and control of said business enterprise to the extent deemed necessary or advisable from time to time by the Alien Property Custodian.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to vary the extent of or terminate such direction, management, supervision or control, or return such property or the proceeds thereof in whole or in part, nor shall it be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national," "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on December 31, 1943.

F. ROMEISER & SONS LTD.

In re: Two cases of steel plates and a negotiable warehouse receipt relating to them, owned by F. Romeiser & Sons Ltd.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That F. Romeiser & Sons Ltd., sometimes referred to as F. Romeiser and Sons Co. Ltd., is a corporation with its principal office and place of business at V., Gesa-Utca 6, Budapest, Hungary, and is a national of a designated enemy country (Hungary);

2. That F. Romeiser & Sons Ltd. is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. The two cases of steel plates presently located at Baker & Williams Storage Warehouses, 525-27 West 20th Street, New York, New York, for which Baker & Williams issued warehouse receipt F-171, dated August 1, 1940, and

b. Warehouse receipt F-171 issued by Baker & Williams Storage Warehouses to American Union Transport, Inc., or order, dated August 1, 1940 entitling the holder to the delivery of two cases marked FRS Co. Budapest, upon the surrender of this receipt and the payment of all charges, which receipt is presently in the custody of The National City Bank of New York, 55 Wall Street, New York, New York,

is property within the United States owned or controlled by a national of a designated enemy country (Hungary);

And determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Hungary);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed

to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order, may within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity, or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 26, 1944.

ALFRED VON HORST

In re: Real property, property insurance policies and bank account owned by Alfred von Horst.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

1. That the last known address of Alfred von Horst is Tauentzienstrasse 5, Berlin W. 50, Germany, and that he is a resident of Germany and a national of a designated enemy country (Germany);

2. That Alfred von Horst is the owner of the property described in subparagraph 3 hereof;

3. That the property described as follows:

a. Real property situated in the City of Washington, District of Columbia, particularly described as part of Lot Forty-nine (49) in E. Kingman's sub-division of Square Two Hundred Forty-one (241) as per plat recorded in Liber B, Folio 167 of the records of the Office of the Surveyor of the District of Columbia, being the Twenty (20) feet front on Kingman Place of said lot, by a depth of Forty (40) feet; and also Lot Ninety-two (92) in Dwight J. Partello's combination of lots in Square Four Hundred Forty-two (442) as per plat recorded in Liber 33, Folio 13, of the aforesaid Surveyor's office records, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property,

b. All right, title, and interest of Alfred von Horst in and to:

1. Fire Insurance Policy issued by the Continental Insurance Company of New York in the amount of $1,400 naming Alfred von Horst as assured and expiring May 2, 1945,

2. Fire Insurance Policy issued by the Continental Insurance Company of New York in the amount of $8,500 naming Alfred von Horst as assured and expiring April 2, 1945, and

c. All right, title, interest and claim of Alfred von Horst in and to that certain bank account with the Columbia National Bank of Washington, D. C., which is due and owing to and held for Alfred von Horst in an account entitled "Alfred von Horst under Richmond License 2264", including but not limited to all security rights in and to any and all collateral for all or part of such account, and the right to enforce and collect the same,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

And determining that the property described in subparagraphs 3–b and 3–c hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in subparagraph 3–a hereof) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order;

And further determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in subparagraph 3–a hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in subparagraphs 3–b and 3–c hereof.

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC–1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

CHRISTIAN F. BENZ

ORDER FOR AND NOTICE OF HEARING

In the matter of Christian F. Benz: American Voith Contact Company, Inc. J. M. Voith Company, Inc. Voith-Schneider Propeller Company, Inc.

Whereas by Vesting Orders Nos. 114, 115 and 116 of August 25, 1942 (7 F.R. 7155), the Alien Property Custodian vested the following property:

1,990 shares of $100 par value common capital stock of American Voith Contact Company, Inc.

200 shares of no par value common stock of J. M. Voith Company, Inc.

80 shares of no par value common stock of Voith-Schneider Propeller Company, Inc.

in which vesting orders there was recited, among other things, a finding that said shares were held for the benefit of a national of a designated enemy country (Germany); and

Whereas Christian F. Benz has filed Notices of Claims Nos. 682, 683 and 684 which appear to assert that the said Christian F. Benz is a citizen and resident of the United States and that he is the sole beneficial owner of the vested property; and

Now therefore, it is ordered, Pursuant to the regulations heretofore issued by the Alien Property Custodian, as amended (8 F.R. 16709), that a hearing thereon be held before the Vested Property Claims Committee on Thursday, April 13, 1944, at 10:00 a. m. Eastern War Time, at the Office of the Alien Property Custodian, 120 Broadway, New York, New York, to continue thereafter at such time and place as the committee may determine. *It is further ordered,* That copies of this notice of hearing be served by registered mail upon the claimant and upon the person designated in paragraph 2 of the said notices of claims, and be filed with the Division of the Federal Register.

Any person desiring to be heard either in support of or in opposition to the claims may appear at the hearing, and is requested to notify the Vested Property Claims Committee, Office of Alien Property Custodian, National Press Building, 14th and F Streets NW., Washington (25), D. C. on or before April 7, 1944.

The foregoing characterization of the claims is for informational purposes only, and shall not be construed to constitute an admission or an adjudication by the Office of Alien Property Custodian as to the nature or validity of the claims. Copies of the claims and of the said vesting orders are available for public inspection at the address last above stated.

THEODORE RINGS

ORDER FOR AND NOTICE OF HEARING

Whereas on June 8, 1943, the Alien Property Custodian issued Vesting Order No. 1457 (8 F.R. 7789), and amendment thereto dated August 26, 1943 (8 F.R. 11853) vesting among other things real property known as 3762 Olinville Avenue, New York, New York and all right, title and interest of Elsie Rings in and to certain savings accounts, in which vesting order there was recited, among other things, a finding that all of the above property is owned by Elsie Rings, a national of a designated enemy country (Germany); and

Whereas Theodore Rings at 245 East 31st Street, New York, New York has filed Notice of Claim No. 820 which appears to assert that said claimant is the owner of the above described property and that the claimant is not a national of a designated enemy country; and

Whereas The General Counsel of the Office of Alien Property Custodian and counsel for the claimant have stipulated that a transcript of sworn testimony of the claimant given at the Office of the Alien Property Custodian on January 21, 1944 sets forth the undisputed facts in this matter, and have filed said transcript with the Vested Property Claims Committee.

Now, therefore, it is ordered, Pursuant to the regulations heretofore issued by the Alien Property Custodian (7 F.R. 2290) that a hearing on the said claim be held before the Vested Property Claims Committee on Tuesday, April 18, 1944 at 10:00 a. m., Eastern War Time, in Room 633 National Press Building, 14th and F Streets NW., Washington, D. C., to continue thereafter at such times and places as the Committee may determine. *It is further ordered,* That this notice of hearing be served by registered mail upon the said claimant designated in paragraph 2 of the said notice of claim, and filed with the Federal Register.

Any person desiring to be heard either in support of or in opposition to the said claim may appear at the hearing and is requested to notify the Vested Property Claims Committee, Office of Alien Property Custodian, National Press Building, 14th and F Streets NW., Washington (25), D. C., on or before April 11, 1944.

The foregoing characterization of the claim is for informational purposes only, and shall not be construed to constitute an admission or an adjudication by the Office of Alien Property Custodian as to the nature or validity of the claim. LOUIS E. LOVETT

ORDER FOR AND NOTICE OF HEARING

Whereas on August 25, 1942, the Alien Property Custodian issued Vesting Order No. 112 (7 F.R. 7785) which vested, among other things, all right, title and interest in United States Patents Nos. 1,719,754 and 1,815,761, which stood of record in the name of L. Cerini; and

Whereas there was recited in Vesting Order No. 112, among other things, a finding that the said patents were property in which nations of a foreign country or countries have interests; and

Whereas Louis E. Lovett has filed a claim on Form APC–1, which appears to assert that the claimant is a citizen of the United States and that he was granted, and holds, an exclusive license under both of the United States Patents set forth above.

Now, therefore, it is ordered, Pursuant to the regulations heretofore issued by the Alien Property Custodian, as amended (8 F.R. 16709) that a hearing on the said claim be held before the Vested Property Claims Committee on Tuesday, April 11, 1944, at 10:00 a. m. Eastern War Time, at the Office of Alien Property Custodian, 120 Broadway, New York City, New York, to continue thereafter at such time and place as the committee may determine. *It is further ordered,* That copies of this notice of hearing be served by registered mail upon the said claimant, Louis E. Lovett, as an individual and as a copartner with Hermine Lovett in a partnership doing business under the firm name and style of The Race Company, and on Hermine Lovett as a copartner in said partnership, and upon American Viscose Corporation and Tubize Chatillon Corporation, and be filed with the Division of the Federal Register.

Any person desiring to be heard either in support of or in opposition to the said claim may appear at the hearing, and is requested to notify the Vested Property Claims Committee, Office of Alien Property Custodian, National Press Building, 14th and F Streets NW., Washington (25), D. C., on or before April 6, 1944.

The foregoing characterization of the claim is for informational purposes only, and shall not be construed to constitute an admission or an adjudication by the Office of Alien Property Custodian as to the nature or validity of the claim. OFFICE OF DEFENSE TRANSPORTATION.

[Supp. Order ODT 3, Rev. 210]

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN WATERBURY CONN., AND BOSTON, MASS.

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6689, 7894; 8 F.R. 4660, 14582; 9 F.R. 947, 2793, 3264), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered,* That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compli-

The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the supplementary order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective April 4, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

OFFICE OF PRICE ADMINISTRATION.

[RMPR 113, Order 7]

IRON ORE IN MINNESOTA, WISCONSIN, OR MICHIGAN

AUTHORIZATION OF ADJUSTABLE PRICING

Order No. 7 under section 3 of Revised Maximum Price Regulation 113. Iron ore produced in Minnesota, Wisconsin, or Michigan.

The Iron Ore Industry Advisory Committee has advised the Office of Price Administration that it believes that the maximum prices presently established by Revised Maximum Price Regulation 113 for sales of iron ore produced in Minnesota, Wisconsin, or Michigan are not generally fair and equitable in that they fail to provide an adequate return on mining operations. The committee has requested that appropriate adjustments in such prices be made and has recommended that persons subject to the regulation be authorized to deliver or agree to deliver, pending the disposition of its request, iron ore at prices to be adjusted upwards in accordance with action which may be taken by the Office of Price Administration after delivery.

Data reflecting the operations of a representative number of producers have been submitted and are now being analyzed for the purpose of evaluating the committee's recommendations. It has become apparent, however, that due to many uncertain factors in the estimate of operating costs for the coming year and the peculiar seasonal nature of the industry an immediate decision cannot be given. The granting of permission to enter into adjustable pricing agreements is therefore necessary, in the opinion of the Administrator, to promote the distribution of iron ore vitally needed in the war program.

Unlike most manufacturing industries, the iron ore industry in the Lake Superior region conducts its affairs upon a seasonal basis due primarily to the fact that shipments are made only during the months of navigation on the Great Lakes. Customarily, one price is charged for ore shipped during a given season and payments are made in twelve monthly installments. All payments before the end of the season, however, are subject to final adjustment for grade and analysis after all ore has been shipped. Under these circumstances, it is necessary to take measures which will insure that any adjustment in maximum prices which may be granted during the 1944 season will be applicable to all ore shipped during that season. Unless this is done, serious disruption may occur in the even flow of this essential commodity. Uncertainty about price may result in hesitancy to enter into firm commitments for the full season and producers who ship both captive and merchant ore may find it desirable to restrict shipments of the latter type until a decision has been reached. The granting of authorization to enter into adjustable pricing agreements will remove those difficulties and will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. This action is not to be considered as an indication of whether, or to what extent, an increase in maximum prices will be made.

Therefore, in accordance with section 3 of Maximum Price Regulation 113, *It is ordered*:

(a) Persons selling iron ore produced in Minnesota, Wisconsin, or Michigan may deliver or agree to deliver, and purchasers may receive or agree to receive, such ore at prices to be adjusted upward after delivery to an amount not in excess of the maximum prices established by the Office of Price Administration in taking final action upon the pending request for an increase in existing maximum prices. Prior to such action, no payment in excess of the maximum prices in effect at time of delivery shall be made or received.

(b) This order shall be automatically revoked upon the effective date of any amendment or other formal action by the Office of Price Administration increasing maximum prices for iron ore produced in Minnesota, Wisconsin, or Michigan or upon denial of the pending request for an increase in the present maximum prices for such ore. It may be revoked or amended by the Administrator at any time.

This order shall become effective March 30, 1944.

Issued this 30th day of March 1944.

FIREWOOD IN RHODE ISLAND

Amendment No. 1 to Order No. G–31 under section 18 (c) of the General Maximum Price Regulation. Firewood in Rhode Island.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by section 18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, Order No. G–31 issued by said Regional Administrator under the above authority is hereby amended in the following respects:

1. Paragraph (d), subdivision (1), of said order is hereby amended to read as follows:

(1) When used in this order, "Firewood" means any wood prepared and sold for consumption as fuel, composed entirely of sound wood with no decay and also meeting the following requirements:

(a) It must be between twelve (12) inches and four (4) feet in length, including one-half the kerf.

(b) It must be round wood with a diameter of two (2) inches or more, or cleft wood with a cross section providing equal merchantability as fuel.

(c) It must not contain slabwood or wood prepared for use primarily as kindling.

2. Paragraph (e), subdivision (3) is hereby amended to read as follows:

(3) The quality of firewood sold and whether "first quality firewood" or "second quality firewood".

This amendment shall become effective March 13, 1944.

KOPPERS UNITED CO., ET AL.

ORDER POSTPONING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 25th day of March 1944.

In the matter of Koppers United Company, File No. 31–481; The Brooklyn Union Gas Company, File No. 31–467; Koppers Company, File No. 31–165; Eastern Gas and Fuel Associates, File No. 31–484; Koppers United Company, Fuel Investment Associates, and Eastern Gas and Fuel Associates, File No. 31–483; Brockton Gas Light Company, File No. 31–473; Koppers United Company, File No. 31–167; Fuel Investment Associates, File No. 31–162; Eastern Gas and Fuel Associates, File No. 31–164; Koppers Company, File No. 31–525.

The Commission having previously designated April 4, 1944, as the date for reconvening the hearing in the above consolidated proceeding involving the applications filed by Koppers United Company, Koppers Company, Fuel Investment Associates and Eastern Gas and Fuel Associates under section 3 of the Public Utility Holding Company Act for an order exempting each of such applicants and every subsidiary thereof as such from all of the provisions of the act; and

The applicants having advised the Commission that the regular annual meeting of stockholders of Eastern Gas and Fuel Associates is scheduled for April 4, 1944, and that the applicants' preparation for the hearing has been delayed by reason of illness of counsel and other circumstances; the applicants having requested that the hearing in this matter be postponed to April 11, 1944; and the Commission deeming it appropriate under the circumstances to grant said request,

It is ordered, That the hearing in this matter previously scheduled for April 4, 1944, at 10:00 a. m., e. w. t., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, be, and hereby is, postponed to April 11, 1944, at the same hour and place and before the same trial examiner as heretofore designated.

It is further ordered, That the time within which any person desiring to be heard or otherwise to participate in said proceedings shall file his request or application therefor with the Secretary of the Commission, as provided by Rule XVII of the Commission's rules of practice, be, and the same hereby is, extended to April 7, 1944.

By the Commission.

AMERICAN LIGHT AND TRACTION CO., ET AL.

SUPPLEMENTAL ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 28th day of March 1944.

In the matter of American Light & Traction Company, Michigan Consolidated Gas Company, American Production Company, American Michigan Pipe Line Company, Waverly Company, File No. 70–816.

The Commission having on March 20, 1944, issued its order herein under section 6 (b) of the Public Utility Holding Company Act of 1935 granting an exemption from the provisions of section 6 (a) of the act of the issue and sale by Michigan Consolidated Gas Company of $38,000,000 principal amount of First Mortgage Bonds, 3½% Series due 1969, and 40,000 shares of 4¾% Cumulative Preferred Stock, to underwriters selected by competitive bidding in conformity with Rule U–50 promulgated under the act; and

The Commission having in said order reserved jurisdiction to pass upon the facts disclosed by the report with respect to the results of competitive bidding, as required by Rule U–50 (c), to pass upon the sale price of the bonds and preferred stock and the spread between such prices and the offering prices thereof to the public, and to issue a supplemental order with respect thereto; and

Michigan Consolidated Gas Company having made a report to the Commission pursuant to Rule U–50 (c), in the form of an amendment to the application herein, specifying the proposals which have been received for the purchase of said bonds and preferred stock pursuant to the invitation for competitive bids and stating that Michigan Consolidated Gas Company has accepted the proposal of a group of underwriters headed by Dillon, Read & Co. to purchase said bonds at a price of 104.7739, plus accrued interest thereon from March 1, 1944, to the date of delivery and said preferred stock at a price of 102.5199, plus accrued dividends thereon from March 1, 1944, to the date of delivery; such bonds are to be offered initially to the public by such underwriting group at 106.25, plus accrued interest from March 1, 1944, to the date of delivery, representing a spread to the underwriters of 1.4701; such preferred stock is to be offered initially to the public by such underwriting group at 105.5, plus accrued dividends from March 1, 1944, to the date of delivery, representing a spread to the underwriters of 2.9801; and

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the sale of said bonds and preferred stock of Michigan Consolidated Gas Company at such prices and with such spreads;

It is ordered, That said amendment to the said application be and the same is hereby permitted to become effective forthwith.

By the Commission.

FILBERT CORPORATION

ORDER DENYING APPLICATION AND GRANTING PARTIAL EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 29th day of March, A. D. 1944.

Filbert Corporation having filed an application pursuant to section 3 (b) (2) of the Investment Company Act of 1940, and in the alternative for a general exemption under said act; a hearing having been held after appropriate notice; and the Commission being duly advised and having this day issued its findings and opinion herein; on the basis of said findings and opinion, *It is ordered*, That the application for an order under section 3 (b) (2) of said act be and it hereby is denied;

Further ordered, That the application for general exemption from the provisions of said act be and it hereby is denied; *Provided, however*, That Filbert Corporation be and it hereby is, pursuant to section 6 (c) of said act, exempted from the provisions of section 8 (b) of said act, and partially exempted from the requirements of subsections (b) and (d) of section 30 of said act to the extent that it need not issue or file the reports and statements required by those subsections more often than annually; *And provided, further*, That the Commission reserves jurisdiction to reconsider at any time the partial exemption herein granted, and to terminate it or make appropriate amendments thereto, after notice and opportunity for hearing, if the Commission find such action warranted by future circumstances.

By the Commission.

Office of Distribution.

ADMINISTRATOR, ALTERNATE ADMINISTRATOR, AND DEPUTY ADMINISTRATOR OF FOOD DISTRIBUTION ORDER NO. 96

DELEGATION OF AUTHORITY

Pursuant to the authority vested in me by Food Distribution Order No. 96 (9 F.R. 3253), and to effectuate the purposes thereof, it is hereby ordered as follows:

1. The Order Administrator and Alternate Order Administrator of Food Distribution Order No. 96 are hereby authorized:

(a) After consultation with and upon the advice of a committee composed of representatives of the Office of Distribution of the War Food Administration, Office of Production of the War Food Administration, War Production Board, Agricultural Adjustment Administration, and the Commodity Credit Corporation, to name individual processors of corn as "designated purchasers" eligible to purchase corn which has been set aside under Food Distribution Order No. 96, and to withdraw such designations. Designations shall be based upon (1) the processor's inventory of corn, (2) requirements for the commodity or material produced by the processor, and (3) the rate of production necessary in order to enable the processor to retain a necessary minimum operating labor force for the production of essential materials. Designations may be made subject to such conditions as, in the discretion of the Order Administrator or Alternate Order Administrator, will carry out the purposes of Food Distribution Order No. 96;

(b) To require information from processors in order to determine the eligibility of such processors to be designated purchasers;

(c) To grant or deny petitions for relief from hardship under (h) of Food Distribution Order No. 96. In granting such relief, consideration shall be given to the geographical position of the petitioner with reference to a designated purchaser or purchasers, the extent to which such designated purchaser's current requirements for corn have been fulfilled, the quality, quantity, grade, and condition of the corn, and any other factors involving facilities, transportation, economy of operation, or requirements for purposes other than industrial processing, which, in the discretion of the Order Administrator or Alternate Order Administrator, appear to warrant relief.

2. The Deputy Order Administrator of Food Distribution Order No. 96 is hereby authorized, under the supervision and direction of the Order Administrator or Alternate Order Administrator, to perform such duties and functions as are necessary in connection with the administration of Food Distribution Order No. 96, except the function of naming individual processors as designated purchasers or withdrawing such designations. The Deputy Order Administrator may, upon authorization by the Commodity Credit Corporation, act in behalf of the Corporation in accepting offers of corn made to it and in specifying particular designated purchasers for acceptance of such offers, pursuant to paragraph (c) of Food Distribution Order No. 96.

All authority herein conferred shall be exercised subject to the supervision of the Chief of the Grain Products Branch, Office of Distribution, War Food Administration, and in accordance with such general instructions concerning policy and procedure as may from time to time be issued by the Director of Distribution.

All action taken under this delegation of authority shall be by written notice to the individual concerned and not by general order.

Nothing herein contained shall be construed as affecting any power or authority vested in the Director of Distribution.

Issued this 29th day of March 1944.

LEE MARSHALL,
Director of Distribution.

WAR PRODUCTION BOARD.

COLONIAL ROOFING AND SIDING COMPANY

CONSENT ORDER

Zolton Hubay, doing business as Colonial Roofing and Siding Company in Charlotte, North Carolina, is engaged in the general remodeling and repairing business. By letter dated December 13, 1943, he was charged by the War Production Board with having begun, carried on, or participated in several construction jobs, during the period from February 1943, through August 1943, the cost or value of each of said construction jobs having exceeded the limits provided in Conservation Order L-41, without having obtained authorization from the War Production Board. He was also charged with having purchased and accepted delivery of certain materials for use in these construction jobs without proper authorization. Each of these construction jobs was in violation of Conservation Order L-41. Zolton Hubay had knowledge of building restrictions and of the orders of the War Production Board, including Conservation Order L-41, prior to beginning construction. Zolton Hubay, doing business as Colonial Roofing and Siding Company, admits the violations as charged and does not desire to contest the same, and has consented to the issuance of this order.

Wherefore, upon the agreement and consent of Zolton Hubay, doing business as Colonial Roofing and Siding Company, the Regional Compliance Chief and the Regional Attorney, and upon the approval of the Compliance Commissioner, *It is hereby ordered*, That:

(a) Deliveries of material to Zolton Hubay, doing business as Colonial Roofing and Siding Company, or under any other name, his or its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned, applied, or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders, or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation or allotment of materials or products shall be made to Zolton Hubay, doing business as Colonial Roofing and Siding Company, or under any other name, his or its successors or assigns, of any material or product the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Zolton Hubay, doing business as Colonial Roofing and Siding Company, or under any other name, his or its successors or assigns, of any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on March 29, 1944, and shall expire on June 29, 1944.

Issued this 22d day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

Chapter X—War Food Administration (Production Orders)

[3d Rev. FPO 9, Amdt. 2]

PART 1220—FEED

LIMITATIONS ON SALE, SHIPMENT, AND INVENTORIES OF PROTEIN MEAL AND ON USE OF SOYBEAN PRODUCTS

Section 1220.2[1] is hereby amended as follows:

Paragraph (g) (1) is amended to read:

(g) *Inventory limitations.* (1) No person shall accept delivery of any protein meal which, together with his inventory of protein meal, would exceed the total tonnage of protein meal needed by such person to fill his manufacturing, sales or feeding requirements, as follows:

(i) Season's requirements for fish meal; and

(ii) Sixty days' requirements for all other protein meal;

Except that:

(a) Any handler or mixed feed manufacturer may accept delivery of a single carload lot (as determined under regulations of the Office of Defense Transportation) of any protein meal if individual deliveries of carload lots are not made more frequently than similar deliveries to such person in the past;

(b) Any feeder may accept delivery at any one time of not to exceed 2,000 pounds of any protein meal if individual deliveries are not made more frequently than similar deliveries to such persons in the past; and

(c) Any ranchman may accept delivery of protein meal in such amounts as are necessary to provide a readily available supply of protein meal for ranch feeding purposes and to make the most economical use of transportation facilities under regulations issued by the Office of Defense Transportation.

Chapter XI—War Food Administration (Distribution Orders)

[FDO 79-4, Amdt. 2]

PART 1401—DAIRY PRODUCTS

FLUID MILK AND CREAM IN WASHINGTON, D. C., SALES AREA

Pursuant to Food Distribution Order No. 79 (8 F.R. 1246), dated September 7, 1943, as amended, and to effectuate the purposes thereof, Food Distribution Order No. 79-4 (8 F.R. 13368), relative to the conservation and distribution of fluid milk in the Washington, D. C., milk sales area, issued by the Director of Food Distribution on September 30, 1943, as amended, is hereby further amended as follows:

1. By deleting the numeral "20" wherever it appears in § 1401.38 (k) (2) and inserting, in lieu thereof, the numeral "10."

2. By deleting the numeral "$0.01" wherever it appears in § 1401.38 (n) and inserting, in lieu thereof, the numeral "$0.005."

The provisions of this amendment shall become effective at 12:01 a. m., e. w. t., April 1, 1944. With respect to violations of said Food Distribution Order No. 79-4, as amended, rights accrued, or liabilities incurred prior to the effective time of this amendment, said Food Distribution Order No. 79-4, as amended, shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability.

PART 1460—FATS AND OILS

RESTRICTIONS ON DELIVERY OF LINSEED OIL

Food Distribution Order 63, as amended (8 F. R. 16316, 17398), § 1460.20, is amended as follows:

By deleting paragraph (k) thereof and inserting in lieu thereof the following:

(k) *Records and reports.* (1) No person (except a person who has filed a report of his quota in compliance with paragraph (e) of Food Distribution Order 63, 8 F. R. 9487, issued July 10, 1943), shall after April 15, 1944, deliver or consume any linseed oil which under the terms of this order is chargeable against the quota of such person, unless he shall have on or before April 15, 1944, mailed to the Director a report (which may be in the form of a letter), showing the amount of his quota base, as defined in paragraph (a) (12) hereof, for each of the four calendar quarters in the year.

(2) Every person subject to this order shall, for at least two years (or for such period of time as the Director may designate), maintain an accurate record of his transactions in linseed oil, including copies of any notices given pursuant to paragraph (e) hereof, and the originals of any such notices received.

(3) The Director shall be entitled to obtain such information from, and require such reports and keeping of such records by, any person, as may be necessary or appropriate, in his discretion, to the enforcement or administration of the provisions of this order.

(4) The record-keeping and reporting requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. Subsequent record-keeping or reporting requirements will be subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

This amendment shall become effective at 12:01 a. m., e. w. t., April 1, 1944. However, with respect to violations, rights accrued, liabilities incurred, or appeals taken under Food Distribution Order No. 63, as amended, prior to the effective date of this amendment, all provisions of said Food Distribution Order No. 63, as amended, in effect prior to this amendment, shall be deemed to remain in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, liability, or appeal.

[Special Reg. 1]

PART 508—SPECIAL REGULATIONS

RATIFICATION OF APPOINTMENTS, ETC.

Under the authority of the Trading with the Enemy Act, as amended, and the Executive orders issued thereunder, and pursuant to law, the undersigned, in order to provide continuity of operation of the Office of Alien Property Custodian, hereby issues the following regulation:

§ 508.1 *Special Regulation No. 1.* (a) (1) The appointment and designation of all employees, appointees, delegates, designees, agents, supervisors, proxies, attorneys, representatives and other personnel heretofore appointed on behalf of the Alien Property Custodian or in the Office of Alien Property Custodian, together with all powers, authority, functions and duties conferred, granted or delegated by virtue of any certificate of appointment, general order, proxy, letter or other instrument of appointment or delegation by or under the authority of Leo T. Crowley as Alien Property Custodian, and

(2) All certificates of appointment, general orders, special orders, orders, regulations, licenses, instructions, directions, delegations, designations, authorizations and forms executed, issued or promulgated by or under the authority of Leo T. Crowley as Alien Property Custodian,

are, except as hereinafter indicated, hereby affirmed, ratified and continued in effect according to their terms until revoked, superseded or terminated by, or by authority of, the undersigned.

(b) Any instrument which might lawfully be issued by or under the authority of the Alien Property Custodian shall not be deemed invalid for the reason that it contains the printed, or otherwise stamped or affixed name "Leo T. Crowley" instead of the name "James E. Markham", but shall be construed as though it contained the name "James E. Markham" in place of the name "Leo T. Crowley" unless the context otherwise requires.

(c) The certificates of appointment granted to James E. Markham as Deputy Alien Property Custodian dated March 19, 1942 (7 F.R. 2363) and October 30, 1942 (7 F.R. 8911), having no further utility, are hereby terminated and revoked as of this date, but without impairment of any action heretofore taken thereunder or by virtue thereof.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter E—Administrative Provisions Common to Various Taxes

[T. D. 5252]

PART 451—EXPORTATION AND SHIPMENT TO CERTAIN POSSESSIONS OF THE UNITED STATES OF CERTAIN MANUFACTURES WITHOUT PAYMENT OF TAX, ETC.

TAX FREE SHIPMENT OF PLAYING CARDS FOR USE OF ARMED FORCES

In order to conform Regulations 73 [Part 451, Title 26, Code of Federal Regulations], relating to exportation without payment of tax of certain manufactures, including playing cards, to section 508 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations, but only as prescribed and made applicable to the Internal Revenue Code by Treasury Decision 4885, approved February 11, 1939 [Chapter I, Note, Title 26, Code of Federal Regulations, Cum. Supp.] are hereby amended as follows:

PARAGRAPH 1. Immediately preceding Article 1 [§ 451.1 of such Title 26], there is inserted the following:

SEC. 508. EXEMPTION FROM TAX ON PLAYING CARDS EXPORTED FOR USE OF ARMED FORCES OUTSIDE CONTINENTAL UNITED STATES. (Revenue Act of 1943.)

(a) *In general.* Section 1630 (relating to the exemption from the tax upon playing cards exported) is amended to read as follows:

SEC. 1630. EXEMPTION IN CASE OF EXPORTATION. Playing cards may be removed from the place of manufacture for export to a foreign country or for shipment to a possession of the United States (or, until the date on which the President proclaims that hostilities in the present war have terminated, to a territory of the United States for the use of members of the military or naval forces of the United States) without payment of tax, or affixing stamps thereto, under such rules and regulations and the filing of such bonds as the Commissioner, with the approval of the Secretary, may prescribe.

(b) *Effective date.* The amendment made by subsection (a) shall be effective as of January 1, 1943.

PAR. 2. Article 1 [§ 451.1 of such Title 26], is amended as follows:

(A) By inserting "and playing cards" after the word "manufactures" in the third sentence.

(B) By changing the fourth and fifth sentence to read as follows:

The law makes no provision for removal of oleomargarine or adultered butter without the payment of tax for shipment to the Territories of Alaska and Hawaii, or to possessions other than the Philippine Islands, Puerto Rico, or Virgin Islands. Under the amendment made by section 508 of the Revenue Act of 1943, playing cards may, beginning January 1, 1942, and continuing indefinitely, be removed without payment of tax for shipment to a possession of the United States. By the same amendment, the privilege is granted of removing playing cards without payment of tax for shipment to a territory of the United States for the use of members of the military or naval forces of the United States. However, this privilege, and the amendments of these regulations pursuant thereto, are effective only during the period January 1, 1942, to the date on which the President proclaims that hostilities in the present war have terminated.

PAR. 3. Article 3 [§ 451.3 of such Title 26], is amended by inserting at the end thereof a new paragraph as follows:

Before removal of playing cards without the payment of tax for use of members of the military or naval forces of the United States in Alaska or Hawaii, the manufacturer shall submit to the collector for his district the consent of the surety on his bond to such removal. Such consent shall be executed in duplicate. No particular form has been provided for this purpose; any form may be used so long as it is adequate to accomplish the intended purpose. The collector shall forward to the Commissioner the duplicate consent of surety to be attached to the duplicate bond in force.

PAR. 4. Article 4 (c) [§ 451.4 (c) of such Title 26], as amended by inserting at the end thereof the following:

Each pack of playing cards intended to be removed from the factory for use of members of the military or naval forces of the United States in Alaska or Hawaii shall have affixed in place of the internal revenue stamp a label, which label shall be readily distinguishable from the internal revenue stamp and shall bear the following legend:

Free of tax—for use only of U. S. military and naval forces in Alaska or Hawaii, or for use outside the jurisdiction of the internal revenue laws of the United States.

PAR. 5. Article 5 (a) (1) [§ 451.5 (a) (1) of such Title 26], is amended by inserting at the end thereof the following:

However, where playing cards are removed without payment of tax for shipment to Alaska or Hawaii for the use of military or naval forces of the United States, the case, etc., shall if the shipment is direct, be consigned to the consignee in Alaska or Hawaii, or, if the shipment is to an army port of embarkation or navy supply depot, to the Army port transportation officer or Navy supply officer.

PAR. 6. Article 6 [§ 451.6 of such Title 26], is amended by adding a new paragraph at the end thereof, as follows:

In the case of shipments (other than by parcel post) of playing cards to Alaska or Hawaii without payment of tax for the use of military or naval forces of the United States, the application on Form 550 shall be modified as set forth in article 10 (a) (3), and shall be executed and filed in duplicate. The port of lading, name of vessel, and the port of destination need not be entered on the application Form 550, but in all other respects the preparation, execution, and filing of such application form shall be in accordance with the provisions of this article.

PAR. 7. Article 9 [§ 451.9 of such Title 26], is amended by changing the matter preceding paragraph (a) to read as follows:

With the exception (1) of shipments of playing cards to Alaska or Hawaii without payment of tax for use of members of the military or naval forces of the United States, as to which see article 10 (a) (3); and (2) parcel post shipments, as to which see article 10 (b); the manufacturer, upon release of a shipment for export (art. 8), will deliver such shipment either to the carrier or directly for customs inspection, as follows:

* * * * * *

PAR. 8. Article 10 (a) [§ 451.10 (a) of such Title 26], is amended by adding a new subparagraph at the end thereof, as follows:

(3) In the case of shipments of playing cards to Alaska or Hawaii without payment of tax for use of members of the military or naval forces of the United States the Form 550 shall be modified and disposed of as follows:

(i) The manufacturer shall insert on the original Form 550 immediately preceding the "Certificate of Mailing by Parcel Post", a "Certificate of Receipt" as follows:

CERTIFICATE OF RECEIPT

I certify that the playing cards herein described, except for the discrepancies as listed below, were delivered to me on _____, 19____, and that said playing cards are intended for shipment or delivery only for consumption or use outside the jurisdiction of the internal revenue laws of the United States, or for delivery to a territory of the United States for the use of military or naval forces of the United States therein.

(Title)

(ii) If the shipment is to be made from the factory direct to the consignee in Alaska or Hawaii, the original Form 550, and the case, etc., containing the playing cards, shall be forwarded by the manufacturer to the consignee.

(iii) If the shipment is made to an Army port of embarkation or Navy supply depot for transshipment to Alaska or Hawaii, the original Form 550, and the case, etc., containing the playing cards, shall be forwarded by the manufacturer to the Army port transportation officer, or Navy supply officer, as the case may be.

(iv) Upon receipt and verification of the shipment, the consignee in the territory or the Army or Navy officer in the continental United States to whom the original Form 550 had been forwarded by the manufacturer shall execute the "Certificate of Receipt" appearing on such Form 550, note thereon any discrepancies in the shipment, and return the executed form to the manufacturer. Such executed form shall then be forwarded promptly by the manufacturer to the appropriate collector.

PAR. 9. Article 10 (b) [§ 451.10 (b) of such Title 26], is amended by inserting after the words "by parcel post," in the first sentence "or shipments of playing cards by parcel post to Alaska or Hawaii for use of members of the military or naval forces of the United States,".

PAR. 10. Immediately following Article 10 [§ 451.10 of such Title 26], a new article is inserted as follows:

§ 451.10a *Penalties.* Section 1820 (b) and 3320 (a) of the Internal Revenue Code impose severe penalties for dealing in, within the United States, playing cards upon which the tax properly due has not been paid, or for possessing playing cards with design to avoid payment of the tax thereon. These sections apply to playing cards removed without payment of tax under these regulations, and accordingly, any person possessing, using, or dealing in, such playing cards otherwise than as authorized by these regulations may be subject to penalties prescribed therein.

(Sec. 508, Rev. Act of 1943 (Pub. Law 235, 78th Cong.), and secs. 1830 and 3791 of the Internal Revenue Code (53 Stat. 204, 467; 26 U.S.C., 1830, 3791)

Chapter VI—Solid Fuels Administration for War

[Reg. 5, Amdt. 1]

PART 602—GENERAL ORDERS AND DIRECTIVES

ANTHRACITE FOR OPERATORS OF POULTRY BROODERS AND HATCHERIES

Revised Regulation No. 2, as amended, expires March 31, 1944, and will be superceded by Regulation No. 18, effective April 1, 1944. Accordingly, it is necessary to amend Regulation No. 5.

To effectuate the purposes of Executive Order No. 9332 and by virtue of the authority vested by that Order, Regulation No. 5 is amended as follows:

1. Section 602.85 is amended to read as follows:

§ 602.85 *Other regulations.* Nothing contained in Solid Fuels Administration for War Regulation No. 18 shall be deemed (i) to exclude compliance with the provisions of this regulation or (ii) to preclude any action by the Solid Fuels Administrator for War under Solid Fuels Administration for War Regulation No. 1.

This amendment shall become effective at 12:01 a. m. on April 1, 1944.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176)

Issued this 30th day of March 1944.

C. J. POTTER,
Deputy Solid Fuels Administrator for War.

[Reg. 18]

PART 602—GENERAL ORDERS AND DIRECTIVES

PENNSYLVANIA ANTHRACITE

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of anthracite for defense, for private account and for export; and the following regulation is deemed necessary and appropriate in the public interest and to promote the national defense.

Sec.
602.330 Purpose of regulation.
602.331 Definitions.
602.332 Conditions under which anthracite may be sold, shipped, delivered or received.
602.333 Deliveries to mine employees.
602.334 Deliveries on local sales in the producing region.
602.335 Distribution by producers to timber truckers.
602.336 Distribution by producers and wholesalers of available tonnage.
602.337 Distribution by producers or wholesalers of excess tonnage to other producers or wholesalers (excluding lake dock operators).
602.338 Disposition by SFAW of excess tonnage.
602.339 Distribution by equipped retail dealer to unequipped retail dealers.
602.340 Method for establishing war veteran base period tonnage.
602.341 Receipts by retail dealers restricted.
602.342 Retail dealers required to augment their anthracite supply with other solid fuels.
602.343 Producers and wholesalers to advise retail dealers of base period tonnages and adjustments.
602.344 Information to be furnished by producers and wholesalers to SFAW.
602.345 Review of base period tonnage adjustments.
602.346 Transfers of base period tonnage.
602.347 Producers or wholesalers without a base period tonnage.
602.348 Action under other regulations.
602.349 Evasion prohibited.
602.350 National Anthracite Distribution Committee; Supply and Distribution Subcommittee; Regional Anthracite Distribution Committee.
602.351 Reports.
602.352 Records.
602.353 Audit and inspection.
602.354 Violations.
602.355 Applications for modification and exception; inquiries and communications.
602.356 Official interpretations.
602.357 Regulations revoked hereby.
602.358 Short title.

AUTHORITY: §§ 602.330 to 602.358, inclusive, issued under E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176.

§ 602.330 *Purpose of regulation.* It is intended that under this regulation each producer and each wholesaler of Pennsylvania anthracite will arrange his production and distribution schedules so as to meet the maximum extent practicable the requirements for such anthracite. It is the responsibility of each producer and of each wholesaler to arrange his production and distribution schedules so that the purposes of this regulation will be effectively carried out. In the absence of unforeseen difficulties, producers and wholesalers should, under this regulation, be able to distribute equitably the available supply of anthracite among all destinations and dealers. This does not mean that there will be enough anthracite to give all consumers all that they want. It is anticipated that many consumers who want anthracite may find it necessary to use some other solid fuel. Retail dealers must arrange to augment their anthracite supply with other solid fuels to the extent necessary to meet minimum essential requirements of consumers. The distribution of anthracite can be equitably accomplished if producers, wholesalers, and retail dealers will act strictly and promptly in ac-

cordance with regulations of the Solid Fuels Administration for War.

§ 602.331 *Definitions.* (a) "Anthracite" means that coal which is generally referred to as Pennsylvania anthracite produced or prepared in the following counties in Pennsylvania: Carbon, Columbia, Dauphin, Lebanon, Lackawanna, Luzerne, Northumberland, Schuylkill, Susquehanna and Wayne; and for the purposes of this regulation is limited to the following sizes: broken, egg, stove, chestnut, pea and No. 1 buckwheat, or any combination of those sizes.

(b) "Solid fuel" means any form of anthracite, semi-anthracite, bituminous, sub-bituminous or lignitic coals or coke (including packaged and processed fuels such as briquettes).

(c) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons.

(d) "Producer" means any person engaged in the business of mining or preparing anthracite.

(e) "Wholesaler" means any producer to the extent that he ships, distributes, or sells anthracite to equipped retail dealers, unequipped retail dealers, or lake dock operators; and any person (including a lake dock operator) to the extent that he receives or purchases anthracite for shipment, distribution or resale to equipped retail dealers, lake dock operators, or other wholesalers.

(f) "Lake dock operator" means any person to the extent that he receives anthracite by water at unloading facilities on the Great Lakes.

(g) "Retail dealer" means any person (including the retail outlet, branch or department of one who is also a producer, wholesaler, or lake dock operator) to the extent that he acts in the capacity of a supplier, shipper, or seller of anthracite in any transaction involving a shipment, sale, or sale and delivery, of broken bulk anthracite physically handled in a truck, wagon or other less than carload facility, without regard to quantity or frequency of delivery.

(h) "Equipped retail dealer" means any retail dealer who has both storage facilities and truck scales.

(i) "Unequipped retail dealer" means any retail dealer except an equipped retail dealer.

(j) "Consumer" means any person who acquires anthracite for space heating, domestic hot water, or domestic cooking except to the extent that he acquires such anthracite for space heating incidental to an industrial process or the production of power.

(k) "Space heating incidental to an industrial process or the production of power" denotes a set of circumstances under which the annual tonnage of anthracite consumed for space heating does not exceed 40 percent of the total annual tonnage of anthracite consumed in the industrial process, the production of power and the space heating.

(l) "Industrial process or the production of power" includes without limitation any manufacturing or commercial processing, the generation of electrical energy for resale or otherwise, and the operation of a commercial bakery or laundry. Industrial process or the production of power does not include the ordinary operations of the following, among others: apartment houses, hotels, schools and office buildings.

(m) "Local sales in the producing region" means all sales or deliveries of anthracite at retail to consumers (other than mine employees) within the following townships and boroughs in the ten counties specified in paragraph (a) of this section: Carbon County—Packer, Lehigh, Mahoning, Mauch Chunk townships and the boroughs of Mauch Chunk and East Mauch Chunk; Columbia County—Locust, Roaring Creek, Beaver and Mifflin townships; Dauphin County—Lykens, Williams, Wiconisco, Jackson, Jefferson and Rush townships; Lackawanna County—all townships; Lebanon County—Cold Spring township only; Luzerne County—all townships except Ross, Fairmont and Huntington; Northumberland County—Coal, Zerbie, West Cameron, East Cameron, Mount Carmel and Upper Mahanoy townships; Schuylkill County—Clifford township only; and Wayne County—Clinton and Canaan townships.

(n) "Deliveries to mine employees" means sales or deliveries of anthracite to such employees of producers of anthracite as are engaged in mining operations or functions directly connected therewith in the vicinity of the mining operations.

(o) "Base period" means the period from April 1, 1942, to March 31, 1943, inclusive.

(p) "Base period tonnage" means the total number of tons of anthracite shipped by any person to any other person during the base period except excludable tonnage as defined in this regulation. The persons as between whom base period tonnages are established under this regulation are specified in §§ 602.334, 602.336, 602.337 (b), 602.339, 602.340, and 602.341.

(q) "Base period tonnage as adjusted" means the base period tonnage as heretofore or hereafter increased or decreased by the Solid Fuels Administration for War.

(r) "Available tonnage" means the total tonnage of anthracite which a producer or wholesaler has in any calendar month for distribution after deducting the tonnage lawfully shipped or scheduled for shipment in that calendar month as follows:

(1) Pursuant to Solid Fuels Administration for War directions;

(2) As excludable tonnage:

(3) To mine employees to the extent permitted by § 602.333;

(4) On local sales in the producing region to the extent permitted by § 602.334;

(5) To timber truckers in the manner and to the extent permitted by § 602.335.

(s) "Excludable tonnage" means only that tonnage of anthracite lawfully shipped or scheduled for shipment in any calendar month by producers or wholesalers directly, or through retail dealers, to the following:

(1) United States Army, Navy, Marine Corps, Coast Guard, the Maritime Commission or the War Shipping Administration;

(2) Any person to the extent that he acquires anthracite for use in an industrial process or for the production of power or for space heating which is incidental thereto;

(3) Any person for use in poultry brooders or hatcheries to the extent permitted under Solid Fuels Administration for War Regulation No. 5.

(t) "Excess tonnage" means that portion of the available tonnage of anthracite which on a cumulative basis from April 1, 1944, to the end of any calendar month exceeds the tonnage necessary to make the shipments to retail dealers and others as required in § 602.336. (Unless shipped to or for the account of other producers or wholesalers as more fully provided in § 602.337, excess tonnage of any producer or wholesaler must be made immediately available to the Solid Fuels Administration for War for allocation to minus producers or minus wholesalers.)

(u) "Deficiency in tonnage" means a tonnage of anthracite which, on a cumulative basis from April 1, 1944, to the end of any calendar month, equals the difference between the available tonnage of anthracite and the tonnage necessary to make the maximum permissible shipments pursuant to § 602.336.

(v) "Plus producer" means a producer who has excess tonnage; "plus wholesaler" means a wholesaler who has excess tonnage.

(w) "Minus producer" means a producer who has a deficiency in tonnage; "minus wholesaler" means a wholesaler who has a deficiency in tonnage.

(x) "Destination" means any city, town, village or community: *Provided, however*, That with respect to New York City, the boroughs of Manhattan and Bronx as a unit, Brooklyn and Queens as a unit, and the borough of Richmond, shall be treated as three separate destinations.

(y) "Regulation" means a regulation, order, direction or instruction of the Solid Fuels Administration for War unless otherwise specifically indicated.

(z) "SFAW" means Solid Fuels Administration for War.

§ 602.332 *Conditions under which anthracite may be sold, shipped, delivered or received.* No producer, wholesaler or retail dealer shall distribute, ship, deliver, sell or receive any anthracite except in accordance with the provisions of this regulation and other applicable regulations. Any producer, wholesaler or retail dealer who distributes, ships, delivers, sells or receives anthracite, except as provided in the regulations, may, to the extent necessary or appropriate in assuring the equitable distribution of anthracite, be precluded in whole or in part by SFAW from distributing, shipping, delivering or receiving anthracite.

§ 602.333 *Deliveries to mine employees.* A producer may, notwithstanding other provisions of this regulation, deliver and supply, or arrange for the delivery or supply of, the full annual requirements for anthracite during the period April 1, 1944, to March 31, 1945, of his mine employees.

§ 602.334 *Deliveries on local sales in the producing region.* A producer or wholesaler may, notwithstanding other provisions of this regulation, during the period April 1, 1944, to March 31, 1945, inclusive, deliver or arrange through retail dealers for the delivery to consumers (other than mine employees) of anthracite on local sales in the producing region up to but not in excess of 90 per cent of the aggregate of the base period tonnages, as adjusted, which such producer or wholesaler has established in respect to such local sales in the producing region. In making deliveries of anthracite on local sales in the producing region, no producer, wholesaler or retail dealer shall deliver during the period April 1, 1944, to March 31, 1945, inclusive, to consumers (other than mine employees) more than 90 per cent of the individual consumer's annual requirements for anthracite.

§ 602.335 *Distribution by producers to timber truckers.* Upon receipt of a truckload of timber for use in mining operations, a producer may deliver to the timber trucker one truckload of anthracite, *Provided, however*, That before making any such delivery of anthracite, the producer shall obtain from the timber trucker a statement filled out and signed by the timber trucker, as follows:

I have this day delivered to _____ (Insert producer's name and location of colliery) _____, one truckload of timber and I have received from that producer one truckload consisting of _____ tons of anthracite which I will deliver to _____ (Insert destination and name of retail dealer, if any) _____. The last load of anthracite consisting of _____ tons which I received from this colliery, I delivered to _____ (Insert destination and name of retail dealer, if any) _____.

To the extent that I am making deliveries of anthracite to consumers, I am observing the provisions of Solid Fuels Administration for War Regulation No. 17.

I understand that all of the foregoing statements are representations to the Solid Fuels Administration for War and that any wilfully false statement, in a matter within the jurisdiction of a department or agency of the United States, is a criminal offense and that I may be subject to criminal penalties for making such false statement. I also understand that section 35 (A) of the Criminal Code (18 U.S.C. 80) provides, upon conviction, for a fine of not more than $10,000 or imprisonment for not more than 10 years, or both.

§ 602.336 *Distribution by producers and wholesalers of available tonnage—(a) Distribution by producer or wholesaler to equipped retail dealers (except deliveries moving by truck from mine or preparation plant).* Except as otherwise provided in paragraphs (b) and (c) of this section, each producer and wholesaler (including a lake dock operator) shall arrange his schedule for the distribution of his available tonnage, as defined in this regulation (exclusive of deliveries by truck from a mine or preparation plant which are governed by paragraph (d) of this section) so that by March 31, 1945, on the basis, to the maximum extent practicable, of regular equal monthly shipments to that date, he shall have supplied to each equipped retail dealer in the United States and Canada up to but not in excess of 90 per cent of the base period tonnage, as adjusted, established between such producer or wholesaler and each such equipped retail dealer.

(b) *Distribution by producer or wholesaler to lake dock operators.* Each producer and each wholesaler (excluding a lake dock operator) shall arrange his schedule for the distribution of his available tonnage, as defined in this regulation, via the Great Lakes, so that by November 1, 1944, on the basis, to the maximum extent practicable, of regular equal monthly shipments to that date, he shall have shipped to the same lake docks and the same lake dock operators in the United States and Canada (whether they are wholesalers or equipped retail dealers, or both) up to but not in excess of 90 percent of the base period tonnage, as adjusted, established between such producer or wholesaler and such lake dock and lake dock operator.

(c) *Distribution by producer or wholesaler to retail dealers at designated ice-bound ports.* Each producer and each wholesaler may, and upon direction of SFAW shall, arrange his schedule for the distribution of his available tonnage, as defined in this regulation, so that by November 1, 1944, he shall have shipped by water to retail dealers in the United States and Canada (including tidewater dock operators) located at ice-bound ports, to be designated by SFAW, and on the basis, to the maximum extent practicable, of regular equal monthly shipments to that date, up to but not in excess of 90 per cent of the base period tonnage, as adjusted, established between such producer or wholesaler and such retail dealer.

(d) *Distribution by producer or wholesaler to retail dealers of anthracite moving by truck from a mine or preparation plant (except sales to mine employees, local sales and sales to timber truckers).* This paragraph (d) governs the distribution of anthracite (except that referred to in §§ 602.333, 602.334 and 602.335) moving by truck from a mine or preparation plant located in any of the counties designated in § 602.331 (a). (This section does not govern the distribution of anthracite by a truck which is loaded at a point outside of the townships and boroughs designated in § 602.331 (m) and which is delivered at a point outside of those townships and boroughs. Such distribution is governed by § 602.339 entitled "Distribution by equipped retail dealer to unequipped retail dealers.")

(1) Each producer and wholesaler shall arrange his schedule for the distribution of his available tonnage for shipment by truck to each retail dealer with whom he has established a base period tonnage so that during the period April 1, 1944, to March 31, 1945, inclusive, he shall have supplied to each such retail dealer, on the basis, to the maximum extent practicable, of regular equal monthly shipments up to but not in excess of 90 per cent of the base period tonnage, as adjusted, of each such retail dealer.

(2) If in any calendar month during the period April 1, 1944, to March 31, 1945, inclusive, a retail dealer, who customarily receives anthracite by truck, fails to send trucks to the mine or preparation plant to receive his proportionate share of the available tonnage of the producer or wholesaler with whom he has established a base period tonnage, such producer or wholesaler may, subject to the restrictions of this regulation, distribute to other retail dealers a tonnage equivalent to such undelivered tonnage.

(3) If a producer or wholesaler does not have records which establish the base period tonnage of an individual retail dealer, such producer or wholesaler may distribute anthracite to such retail dealer for shipment by truck: *Provided*, That the aggregate tonnage of truck shipments by such producer or wholesaler to all retail dealers do not in any calendar month during the period April 1, 1944, to March 31, 1945, inclusive, exceed 1/12 of 90 percent of the aggregate base period tonnage, as adjusted, of truck shipments by such producer or wholesaler to all retail dealers.

(4) Before making any delivery to a retail dealer, pursuant to this paragraph (d), a producer or wholesaler shall first obtain the following statement filled out and signed by the driver of the truck:

Bureau of the Budget No. 42–R669

UNITED STATES
DEPARTMENT OF THE INTERIOR

I have this day received for _____ (Name of retail dealer purchaser) _____ tons of anthracite from _____ (Insert name of producer or wholesaler) which will be delivered to _____ (Insert destination and name of retail dealer, if any) _____. This is a destination to which I, or the retail dealer purchaser, delivered anthracite during the period April 1, 1942 to March 31, 1943, inclusive.

I understand that all the foregoing statements are representations to the Solid Fuels Administration for War and that any wilfully false statement, in a matter within the jurisdiction of a department or agency of the United States, is a criminal offense and that I may be subject to criminal penalties for making such false statement. I also understand that section 35 (A) of the Criminal Code (18 U. S. C. 80) provides, upon conviction, for a fine of not more than $10,000 or imprisonment for not more than 10 years, or both.

(e) *Uniform percentage of reduction in shipments required if producer or wholesaler has a deficiency in tonnage.* If in any calendar month a producer's or wholesaler's available tonnage is not sufficient to enable him to supply each retail dealer, lake dock or lake dock operator to whom he shipped anthracite in the base period with the appropriate monthly portion of 90 per cent of the base period tonnage, as adjusted, of each such retail dealer, lake dock or lake dock operator, such producer or wholesaler shall during that month apply a uniform percentage of reduction in shipments to each retail dealer, lake dock and lake dock operator.

§ 602.337 *Distribution by producers or wholesalers of excess tonnage to other producers or wholesalers (excluding lake dock operators).* (a) Except as provided in §§ 602.337 (b) and 602.338 (e), each producer and wholesaler shall, to the maximum extent practicable, arrange with another producer or wholesaler of his own selection (excluding lake dock operators but including any other wholesaler in the United States or Canada) for regular shipment each month to or for the account of such producer or wholesaler of all anthracite which exceeds the tonnage actually shipped or scheduled for shipment during the month (1) pursuant to SFAW directions; (2) as excludable tonnage; (3) to mine workers, or on local sales in the producing region or to timber truckers in the manner and to the extent permitted in §§ 602.333, 602.334 and 602.335, respectively; and (4) as available tonnage to retail dealers and others to the maximum extent permitted under § 602.336.

No producer or wholesaler may receive anthracite from another producer or wholesaler, pursuant to this section, except upon condition that the receiving producer or wholesaler will distribute such anthracite strictly in accordance with this regulation.

(b) In order to assure a fair apportionment of anthracite as between wholesalers in the United States and wholesalers in Canada, the following special provisions and restrictions are necessary:

(1) There is hereby established as the base period tonnage between each producer or wholesaler in the United States and wholesalers in Canada in the aggregate the total tonnage of anthracite shipped by such producer or wholesaler in the United States to or for the account of all wholesalers in Canada during the base period.

(2) Each producer and each wholesaler in the United States shall determine the percentage of the total tonnage shipped by him during the base period to or for the account of all wholesalers, in the United States and Canada, that was shipped by him to or for the account of wholesalers in Canada in the aggregate.

(3) No producer or wholesaler in the United States shall during any calendar month during the period April 1, 1944, to March 31, 1945, inclusive, ship a greater percentage of his excess tonnage to or for the account of wholesalers in Canada in the aggregate than the percentage determined in subparagraph (2) of this paragraph (b).

(4) Subject to the further restriction imposed by subparagraph (3) of this paragraph (b) no producer or wholesaler in the United States shall ship or schedule for shipment to or for the account of wholesalers in Canada in the aggregate during the period April 1, 1944, to March 31, 1945, inclusive, a tonnage of anthracite which exceeds 90 per cent of the base period tonnage, as adjusted, of wholesalers in Canada in the aggregate.

§ 602.338 *Disposition by SFAW of excess tonnage.* (a) Any plus producer or plus wholesaler who fails to dispose of his excess tonnage of anthracite in accordance with § 602.337 must make all such excess tonnage immediately available to SFAW for distribution during the period specified in paragraph (b) of this section to minus producers or minus wholesalers.

(b) SFAW directions for the distribution of excess tonnage will be issued within 30 days from the date on which the existence of such excess tonnage is brought to the attention of the Chief of the Anthracite Distribution Division of SFAW. If SFAW fails to issue a direction for the distribution of such excess tonnage within said period of 30 days, the plus producer or plus wholesaler involved may ship to any person he chooses.

(c) Unless otherwise specified in the SFAW direction, a producer or wholesaler shall commence shipment in compliance with such direction within five working days after the receipt of such direction and complete the required shipments within 30 days from the receipt of such direction. If any wholesaler fails to commence shipments in compliance with a direction within five working days after the receipt of the direction, SFAW may reissue such direction to the producer or producers supplying anthracite directly or indirectly to or for the account of such wholesaler and such producer or producers shall be required to comply in full with said direction before making any other shipments directly or indirectly to or for the account of such wholesaler.

A producer or wholesaler to whom a direction is issued by SFAW is required (1) to acknowledge promptly in writing the receipt of the direction and advise SFAW of the date on which shipments will commence and the probable date of completion and (2) to notify SFAW in writing of the date on which shipments have been completed, pursuant to the direction.

(d) If, but only if, the necessity of obtaining an adequate car supply so requires, a producer with excess tonnage may, prior to the receipt of shipping instructions from a wholesaler to whom such excess tonnage has been allocated by SFAW, ship excess tonnage, to the extent necessary to relieve the car supply problem, to any person he wishes. Any producer who takes such action shall forthwith notify SFAW by telegram of the circumstances necessitating the action, the tonnage shipped and the person to whom the tonnage was shipped.

(e) If it appears to SFAW that during any calendar month from April 1, 1944, to March 31, 1945, inclusive, all producers and wholesalers have made the maximum shipments permissible under § 602.336 to retail dealers, lake dock operators and others and that estimated production for the current calendar month is likely to exceed maximum shipments permissible for that month under § 602.336, SFAW will issue a notification to all producers and wholesalers authorizing them, after making shipments of excludable tonnage and shipments permitted or required under §§ 602.333, 602.334, 602.335, and 602.336 during the current month, to ship the remaining tonnage to any person they choose. Shipments made upon the basis of such SFAW notification will not be considered as a basis for reducing required or permissible shipments under this regulation during succeeding months to any dealer or other person receiving the excess tonnage.

§ 602.339 *Distribution by equipped retail dealer to unequipped retail dealers.* Each equipped retail dealer (including a lake dock operator or a tidewater dock operator) shall arrange his distribution schedule so that by March 31, 1945, on the basis, to the maximum extent practicable, of regular equal monthly shipments, he shall have supplied to each unequipped retail dealer up to but not in excess of 90 per cent of the base period tonnage, as adjusted, established between such equipped retail dealer and such unequipped dealer. If in any calendar month an equipped retail dealer's available tonnage is not sufficient to enable him to supply each unequipped retail dealer to whom he supplied anthracite in the base period with the appropriate monthly portion of 90 per cent of the base period tonnage, as adjusted, of each such unequipped retail dealer, such equipped retail dealer shall during that month apply a uniform percentage of reduction in shipments to each of his unequipped retail dealers.

If in any calendar month during the period April 1, 1944, to March 31, 1945, inclusive, an unequipped retail dealer fails to send trucks to the yard of the equipped retail dealer to receive his proportionate share of the available tonnage of the equipped retail dealer with whom he has an established base period tonnage, such equipped retail dealer may, subject to the restrictions of applicable regulations, distribute to other unequipped retail dealers or to consumers a tonnage equivalent to such undelivered tonnage.

§ 602.340 *Method for establishing war veteran base period tonnage.* Notwithstanding other provisions of this regulation, any producer, wholesaler or other person may ship to any equipped or unequipped retail dealer who (1) has been honorably discharged from any of the armed forces of the United States, and (2) did not by reason of his service in any of the armed forces of the United

States receive anthracite during each month of the base period, and (3) did not sell, transfer or assign his equipment and business or either to a person now engaged in the retail distribution of anthracite in the same community formerly served by such war veteran retail dealer, the same proportion of available tonnage up to, but not in excess of, 90 per cent of the anthracite shipped by him to such retail dealer during the 12-month period (hereinafter referred to as "war veteran's base period tonnage") immediately preceding the cessation of retail dealer activities because of the entrance of such retail dealer into the armed forces of the United States. If the producer or wholesaler and the war veteran retail dealer differ as to the amount of anthracite shipped to such retail dealer during his war veteran's base period, or if such reail dealer believes that his war veteran's base period tonnage figure should be adjusted, application may be made to the appropriate regional representative of the SFAW determination of the war veteran's proper base period tonnage figure. The regional representative will immediately consider the information presented to him by the producer, wholesaler or war veteran dealer and recommend to SFAW to the war veteran's base period tonnage to be established for such dealer. Pending the establishment by SFAW of such war veteran's base period tonnage figure, such war veteran retail dealer may obtain from any producer or wholesaler during any calendar month 1/12 of the tonnage shown by the producer's or wholesaler's records to have been shipped to such war veteran retail dealer during the twelve months preceding the commencement of his service in the armed forces.

§ 602.341 *Receipts by retail dealers restricted.* Except as provided in paragraph (e) of § 602.338, no retail dealer may receive (1) from all sources combined a tonnage of anthracite which either exceeds 90 per cent of the sum of his base period tonnages, as adjusted, established between such retail dealer and each of the producers, wholesalers or equipped retail dealers who supplied him during the base period or (2) any anthracite which a producer, wholesaler or equipped retail dealer is not authorized to ship under this regulation.

No retail dealer may receive anthracite except on condition that he will distribute it in accordance with SFAW Regulation No. 17, or other applicable regulations of SFAW.

§ 602.342 *Retail dealers required to augment their anthracite supply with other solid fuels.* It is the obligation of retail dealers who receive anthracite under this regulation to take all reasonable and necessary steps to augment their anthracite supply with other solid fuels to the extent necessary to assure that the minimum essential solid fuels requirements of the communities which they serve will be met. For this purpose, each retail dealer individually and the retail dealers collectively at any destination shall promptly make arrangements for the receipt in the spring, summer and fall of a substantial part of the other solid fuels which may be needed to avoid hardship during any part of the year April 1, 1944, to March 31, 1945, inclusive.

§ 602.343 *Producers and wholesalers to advise retail dealers of base period tonnages and adjustments.* Each producer and wholesaler, on or before the 25th day of April 1944, shall notify each retail dealer to whom he made shipments during the base period of the actual tonnage of anthracite shipped during the base period, including any adjustments thereof approved by SFAW. One copy of such notice shall be forwarded to the Regional Representative of SFAW for the region in which the dealer has his place of business, and one copy of such notice shall be forwarded to the Solid Fuels Administration for War, Washington 25, D. C. The figures shown on such notification shall be subject to review, and may be increased or decreased, by SFAW.

§ 602.344 *Information to be furnished by producers and wholesalers to SFAW.* (a) Each producer and wholesaler shall, on forms prescribed by SFAW, report in writing to Solid Fuels Administration for War, Washington 25, D. C., on or before the 10th day of May 1944 and the 10th day of each month thereafter, (1) the actual tonnage produced, prepared or purchased and the actual tonnage shipped during the preceding full calendar month, and (2) the actual tonnage produced, prepared or purchased and actual tonnage shipped shown cumulatively from April 1, 1944, to the end of that same calendar month. The report shall set forth the tonnages of broken, eggs, stove, chestnut and pea as a single total covering the domestic sizes and separately set forth the tonnage of No. 1 buckwheat.

(b) From the information contained in the reports required by paragraph (a) of this section, SFAW shall publish once each month figures showing the excess tonnage and the deficiency in tonnage of each producer and each wholesaler in sufficient detail to enable all producers, wholesalers and retail dealers to do their part in carrying out the purposes and provisions of this regulation.

(c) Each producer and wholesaler, on or before the 10th day of May 1944, and the 10th day of each month thereafter, shall report in writing to the Solid Fuels Administration for War, Washington 25, D. C., the tonnage of anthracite shipped during the preceding calendar month to each of the States, Canadian Provinces and key city destinations designated by SFAW and shall certify that the reporting producer or wholesaler is complying strictly with the requirements of this regulation. Such report shall be on a form prescribed by SFAW.

(d) On or before April 25, 1944, each producer and wholesaler shall file with Solid Fuels Administration for War, Washington 25, D. C., an estimate, as accurate as it can be, of the total number of tons of anthracite which will be required under this regulation during the period April 1, 1944, to March 31, 1945, inclusive, for (1) mine employees, (2) deliveries on local sales in the producing region, and (3) distribution by producers to timber truckers, as more fully provided in §§ 602.333, 602.334 and 602.335, respectively.

(e) Not later than the date specified in this paragraph, each producer, wholesaler and lake dock operator shall file with the Solid Fuels Administration for War, Washington 25, D. C., on forms prescribed by it, detailed information and data with respect to the production, inventories, purchases and distribution of anthracite for the periods indicated below:

(1) Not later than October 15, 1944, for the period April 1, 1944, to September 30, 1944, inclusive;

(2) Not later than April 15, 1945, for the period April 1, 1944, to March 31, 1945, inclusive.

§ 602.345 *Review of base period tonnage adjustments.* SFAW will review increases in base period tonnages previously authorized and will make such downward adjustments as are appropriate in order more effectively to secure an equitable distribution of the available supply of anthracite.

§ 602.346 *Transfers of base period tonnage.* (a) If SFAW determines that a producer or wholesaler has discontinued business or has ceased to make shipments of anthracite to the retail dealers to whom he made shipments of anthracite during the base period, SFAW, after considering the recommendation of the National Anthracite Distribution Committee, may direct any producer or wholesaler to make shipments of anthracite to all or any of the retail dealers who fail to receive shipments of anthracite by reason of the circumstances recited in this paragraph.

(b) If an equipped retail dealer discontinues business, each producer or wholesaler who supplied such retail dealer with anthracite in the base period shall promptly notify in writing SFAW which, after consulting the producers or wholesalers supplying such retail dealer, may transfer the base period tonnage, as adjusted, established between such producer or wholesaler and such retail dealer to another retail dealer or other retail dealers located at or near the same destination and authorize or direct such producers or wholesalers to make shipments to such other retail dealer or dealers.

§ 602.347 *Producers or wholesalers without a base period tonnage.* Any producer or wholesaler who did not make shipments of anthracite during the base period shall make shipments only (1) to or for the account of another producer or wholesaler or (2) upon specific direction of SFAW.

§ 602.348 *Action under other regulations.* (a) Nothing contained in this regulation shall be deemed to preclude SFAW from taking appropriate action under SFAW Regulation No. 1, as amended or revised, or under any other regulation heretofore or hereafter issued.

(b) Directions heretofore or hereafter issued by SFAW, prohibiting or requiring shipment of any anthracite, shall be complied with notwithstanding provisions of this regulation.

§ 602.349 *Evasion prohibited.* Persons are prohibited from evading any of the provisions of this regulation through a reincorporation, reorganization, arrangement or device of any kind occurring prior or subsequent to the effective date of this regulation, and the successor in interest of any person shall be deemed fully bound by the provisions of this regulation with the same force and effect as though the predecessor had remained in existence. No person subject to this regulation shall change his method of doing business for the purpose of evading any of the provisions of this regulation and no such person shall continue any such evasive practice which may have been entered into subsequent to April 1, 1943. Any person who has any doubts concerning the applicability of this section to his business activities should forthwith make written inquiry of the General Counsel of the Solid Fuels Administration for War, Washington 25, D. C.

§ 602.350 *National Anthracite Distribution Committee; Supply and Distribution Subcommittees; Regional Anthracite Distribution Committee.* (a) The National Anthracite Distribution Committee shall continue to advise with and make recommendations to SFAW with reference to matters of general policy and administration under this regulation. The committee shall consist of: five representatives of the producers, at least one of whom shall be from each of the three anthracite-producing regions (Wyoming, Lehigh and Schuylkill), two representatives of the wholesalers and three representatives of retail dealers and such other members of the solid fuels industry as the Solid Fuels Administrator for War may from time to time appoint.

(b) The Chairman of the National Anthracite Distribution Committee shall, with the approval of SFAW, appoint from the membership of said committee a subcommittee composed of any four members representing producers and wholesalers, which subcommittee shall be known as the Subcommittee on Supply and Distribution. It shall be the function of such subcommittee each month to recommend to the National Anthracite Distribution Committee the distribution of excess tonnage, if any, which should be made in order to carry out the purposes and provisions of this regulation, and the National Anthracite Distribution Committee shall, as soon as feasible thereafter, submit to SFAW its recommendations. Each such committee shall continue to consist of two producers, one wholesaler, and two retail dealers appointed by the Solid Fuels Administrator for War. Recommendations of the Regional Anthracite Distribution Committees in respect to matters of general policy or such other matters as may be specified by SFAW may be referred by SFAW to the National Anthracite Distribution Committee for its consideration and recommendation to SFAW.

§ 602.351 *Reports.* Each person participating in any transaction to which any portion of this regulation applies shall execute and file with SFAW reports and questionnaires on forms to be designated from time to time by SFAW.

NOTE: All reporting requirements of this regulation have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942 and regulations issued thereunder.

§ 602.352 *Records.* Each person participating in any transaction to which any portion of this regulation applies shall keep and preserve for a period of two years accurate and complete records of all the details of all such transactions.

§ 602.353 *Audit and inspection.* All records required to be kept by this regulation shall, upon request, be submitted for inspection, copy and audit by any duly authorized representative of SFAW.

§ 602.354 *Violations.* (a) It is a violation of this regulation for a producer, wholesaler or equipped retail dealer to condition his required or permissible shipments to any person upon the performance by such other person of an act which violates this regulation or any other applicable law of the United States.

(b) Any person who violates any provision of this regulation or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to SFAW, and any person who obtains a delivery of anthracite by means of a wilfully false or misleading statement may be precluded in whole or in part from shipping or receiving anthracite and may be prohibited from delivering or receiving any material under priority control. SFAW may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code [18 U. S. C. sec. 80 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than ten years, or both)], or under the Second War Powers Act [50 U. S. C. 633 (any person found guilty of violating that statute may be

The application shall set forth, in detail, the provisions sought to be modified or from which an exception is sought, and the reasons and data in support of such request for modification or exception.

(b) All complaints, inquiries and communications with reference to the administration of this regulation shall be addressed to the Regional Office SFAW for the area primarily concerned with such complaint, inquiry or communication, or to the Solid Fuels Administration for War, Washington 25, D. C.

(c) The Washington Office of SFAW may refer applications for modification of or exception from the provisions of this regulation or any complaints, inquiries and communications relating to the administration of the regulation to the appropriate Regional Office of SFAW for advice and recommendation.

§ 602.356 *Official interpretations.* No interpretation of this regulation is authorized or official unless it is in writing and signed by the Administrator, the Deputy Administrator, or the General Counsel of SFAW.

§ 602.357 *Regulations revoked hereby.* SFAW Revised Regulation No. 2, as amended, is hereby revoked, *Provided, however*, That civil or criminal liabilities resulting from violations of that regulation shall not be affected by this section.

§ 602.358 *Short title.* This regulation may be cited as SFAW Regulation No. 18.

This regulation shall take effect at 12:01 a. m. on April 1, 1944.

Issued this 30th day of March 1944.

ABE FORTAS,
Acting Solid Fuels Administrator for War.

PART 602—GENERAL ORDERS AND DIRECTIVES

BITUMINOUS COAL IN UTAH

(b) Directions heretofore or hereafter issued by SFAW, prohibiting or requiring shipment of any anthracite, shall be complied with notwithstanding provisions of this regulation.

§ 602.349 *Evasion prohibited.* Persons are prohibited from evading any of the provisions of this regulation through a reincorporation, reorganization, arrangement or device of any kind occurring prior or subsequent to the effective date of this regulation, and the successor in interest of any person shall be deemed fully bound by the provisions of this regulation with the same force and effect as though the predecessor had remained in existence. No person subject to this regulation shall change his method of doing business for the purpose of evading any of the provisions of this regulation and no such person shall continue any such evasive practice which may have been entered into subsequent to April 1, 1943. Any person who has any doubts concerning the applicability of this section to his business activities should forthwith make written inquiry of the General Counsel of the Solid Fuels Administration for War, Washington 25, D. C.

§ 602.350 *National Anthracite Distribution Committee; Supply and Distribution Subcommittees; Regional Anthracite Distribution Committee.* (a) The National Anthracite Distribution Committee shall continue to advise with and make recommendations to SFAW with reference to matters of general policy and administration under this regulation. The committee shall consist of: five representatives of the producers, at least one of whom shall be from each of the three anthracite-producing regions (Wyoming, Lehigh and Schuylkill), two representatives of the wholesalers and three representatives of retail dealers and such other members of the solid fuels industry as the Solid Fuels Administrator for War may from time to time appoint.

(b) The Chairman of the National Anthracite Distribution Committee shall, with the approval of SFAW, appoint from the membership of said committee a subcommittee composed of any four members representing producers and wholesalers, which subcommittee shall be known as the Subcommittee on Supply and Distribution. It shall be the function of such subcommittee each month to recommend to the National Anthracite Distribution Committee the distribution of excess tonnage, if any, which should be made in order to carry out the purposes and provisions of this regulation, and the National Anthracite Distribution Committee shall, as soon as feasible thereafter, submit to SFAW its recommendations with regard to the distribution of excess tonnage which should be made.

(c) The Regional Anthracite Distribution Committee created for each of the regions defined and set forth in Appendix A, attached hereto, and made a part hereof, shall continue to advise with and make recommendations to SFAW with reference to the administration of the provisions of this regulation for their respective regions. Each such committee shall continue to consist of two producers, one wholesaler, and two retail dealers appointed by the Solid Fuels Administrator for War. Recommendations of the Regional Anthracite Distribution Committees in respect to matters of general policy or such other matters as may be specified by SFAW may be referred by SFAW to the National Anthracite Distribution Committee for its consideration and recommendation to SFAW.

§ 602.351 *Reports.* Each person participating in any transaction to which any portion of this regulation applies shall execute and file with SFAW reports and questionnaires on forms to be designated from time to time by SFAW.

NOTE: All reporting requirements of this regulation have been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942 and regulations issued thereunder.

§ 602.352 *Records.* Each person participating in any transaction to which any portion of this regulation applies shall keep and preserve for a period of two years accurate and complete records of all the details of all such transactions.

§ 602.353 *Audit and inspection.* All records required to be kept by this regulation shall, upon request, be submitted for inspection, copy and audit by any duly authorized representative of SFAW.

§ 602.354 *Violations.* (a) It is a violation of this regulation for a producer, wholesaler or equipped retail dealer to condition his required or permissible shipments to any person upon the performance by such other person of an act which violates this regulation or any other applicable law of the United States.

(b) Any person who violates any provision of this regulation or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to SFAW, and any person who obtains a delivery of anthracite by means of a wilfully false or misleading statement may be precluded in whole or in part from shipping or receiving anthracite and may be prohibited from delivering or receiving any material under priority control. SFAW may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code [18 U. S. C. sec. 80 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than ten years, or both)] or under the Second War Powers Act [50 U. S. C. 633 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than one year, or both)].

§ 602.355 *Applications for modification and exception; inquiries and communications.* (a) Any application for modification of or exception from any provision of this regulation shall be filed in triplicate with the Solid Fuels Administration for War, Washington 25, D. C. The application shall set forth, in detail, the provisions sought to be modified or from which an exception is sought, and the reasons and data in support of such request for modification or exception.

(b) All complaints, inquiries and communications with reference to the administration of this regulation shall be addressed to the Regional Office SFAW for the area primarily concerned with such complaint, inquiry or communication, or to the Solid Fuels Administration for War, Washington 25, D. C.

(c) The Washington Office of SFAW may refer applications for modification of or exception from the provisions of this regulation or any complaints, inquiries and communications relating to the administration of the regulation to the appropriate Regional Office of SFAW for advice and recommendation.

§ 602.356 *Official interpretations.* No interpretation of this regulation is authorized or official unless it is in writing and signed by the Administrator, the Deputy Administrator, or the General Counsel of SFAW.

§ 602.357 *Regulations revoked hereby.* SFAW Revised Regulation No. 2, as amended, is hereby revoked, *Provided, however*, That civil or criminal liabilities resulting from violations of that regulation shall not be affected by this section.

§ 602.358 *Short title.* This regulation may be cited as SFAW Regulation No. 18.

This regulation shall take effect at 12:01 a. m. on April 1, 1944.

Issued this 30th day of March 1944.

ABE FORTAS,
Acting Solid Fuels Administrator for War.

[Reg. 19]

PART 602—GENERAL ORDERS AND DIRECTIVES

BITUMINOUS COAL IN UTAH

The fulfillment of requirements for the defense of the United States will create a shortage in the supply of solid fuels for defense, for private account and for export; and the following regulation is deemed necessary and appropriate in the public interest and to promote the national defense. The regulation is issued pursuant to authority conferred by, and in order to effectuate the purposes of, Title III of the Second War Powers Act, 1942 (56 Stat. 176), Executive Order No. 9125 (7 F.R. 2719) and Executive Order No. 9332 (8 F.R. 5355).

§ 602.370 *What this regulation does.* The requirements of retail dealers during the next coal year (April 1, 1944–March 31, 1945, inclusive) for bituminous coal produced in the State of Utah will probably exceed the production of such coal, unless there is continuous running time this spring and summer at Utah mines, so that a seasonal loss of production is averted. It is therefore necessary to require retail dealers, who market coal produced in Utah, to receive equal monthly shipments of such coal during the coal year. It is also necessary that industrial consumers of Utah coal make every effort to receive such coal during the 1944–1945 coal year in equal monthly shipments.

§ 602.371 *Definitions.* (a) "Person" means any person, partnership, association, business trust, corporation, governmental corporation or agency, or organized group of persons.

(b) "District 20" means the coal producing district so numbered and described in the Annex to the Bituminous Coal Act of 1937, as amended.

(c) "Coal" or "bituminous coal" means all bituminous and subbituminous coal produced in District 20.

(d) "Producer" means any person (except when engaged in retail dealer transactions) engaged in the business of mining or preparing bituminous coal in District 20 (or the sales agent of such person).

(e) "Wholesaler" means any distributor, jobber, forwarder, or other person (except when engaged in retail dealer transactions) who acts in the capacity of a seller in a transaction involving the resale of bituminous coal produced in District 20 for rail shipment in carload lots.

(f) "Industrial consumer" means any person who consumes bituminous coal in an industrial process, the production of power or space heating which is incidental thereto.

(g) "Industrial process or the production of power" includes without limitation any manufacturing or commercial processing, the generation of electrical energy for resale or otherwise, and the operation of a commercial bakery or laundry. Industrial process or the production of power does not include the ordinary operations of the following, among others: apartment houses, hotels, schools and office buildings.

(h) "Space heating incidental to an industrial process or the production of power" denotes a set of circumstances under which the annual tonnage of bituminous coal consumed for space heating does not exceed 40 per cent of the total annual tonnage of bituminous coal consumed in the industrial process, the production of power and the space heating.

(i) "Retail dealer" means any person (including the retail outlet, branch or department of one who is also a producer or wholesaler) to the extent that he acts in the capacity of a supplier, shipper or seller of bituminous coal in any transaction involving a shipment, sale, or sale and delivery, of broken bulk bituminous coal physically handled in a truck, wagon, or other less than carload facility, without regard to quantity or frequency of delivery.

§ 602.372 *Equal monthly shipments of District 20 coal to retail dealers are required.* (a) Except as provided in § 602.373, producers and wholesalers shall meet the requirements of their retail dealer customers for bituminous coal produced in District 20 and shipped by rail during the period April 1, 1944–March 31, 1945, inclusive, by making the tonnage to meet the requirements of such retail dealers during that period available each calendar month of such period in equal amounts, to the maximum extent practicable.

(b) No producer or wholesaler shall ship District 20 coal by rail to any retail dealer during any calendar month of the period April 1, 1944–March 31, 1945, inclusive, in an amount greater than the regular equal monthly portion of the total amount such producer or wholesaler expects to ship to such dealer during that period. If a retail dealer refuses to accept the regular equal monthly shipment, the producer or wholesaler shall reduce the total annual quota of such retail dealer accordingly and shall ship the coal refused by such dealer to other dealers who are conducting their affairs in accordance with the purpose of this regulation.

(c) Each producer or wholesaler shall, on or before April 15, 1944, notify each retail dealer to whom he expects to ship bituminous coal by rail during the period April 1, 1944–March 31, 1945, inclusive, (1) of the provisions and purposes of this regulation, (2) of the amount of coal by sizes he expects to furnish such dealer during that period, and (3) that such amount will be available during that period for equal monthly shipments.

§ 602.373 *Equal monthly shipments of District 20 coal to retail dealers who receive less than 600 tons are not required.* Producers may deviate from the mandatory program for equal monthly shipments to retail dealers required by § 602.371 in shipping to retail dealers who receive less than 600 tons of coal during the period April 1, 1944–March 31, 1945, inclusive; but, to the maximum extent practicable, producers should attempt to ship to such retail dealers, and such retail dealers should attempt to receive, coal in equal monthly or quarterly shipments during that period.

§ 602.374 *Equal monthly shipments of District 20 coal to industrial consumers are necessary.* Producers in District 20 shall urge industrial consumers to order and receive to the maximum extent practicable, during the period April 1, 1944–March 31, 1945, inclusive, their requirements for District 20 coal in equal monthly shipments; and producers and industrial consumers shall make every effort to arrange their distribution and operating schedules so as to secure a full all-year production at Utah mines.

§ 602.375 *Violations.* Any person who wilfully violates any provision of this regulation is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

§ 602.376 *Approval by Bureau of the Budget.* The reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

§ 602.377 *Damages for breach of contract.* No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this regulation.

§ 602.378 *Applications for modification or exception.* Any application for modification of or exception from any provision of this regulation shall be filed in triplicate with the Area Distribution Manager of the Solid Fuels Administration for War, Salt Lake City, Utah. The applications shall set forth in detail the provisions sought to be modified or from which an exception is sought, and the reasons and data in support of such request for modification or exception.

This regulation shall become effective immediately.

Issued this 30th day of March 1944.

ABE FORTAS,
Acting Solid Fuels Administrator for War.

[Reg. 20]

PART 602—GENERAL ORDERS AND DIRECTIVES

BITUMINOUS COAL

The fulfillment of requirements for the defense of the United States will result in a shortage in the supply of certain grades and sizes of bituminous coal for defense, for private account and for export; and the following regulation is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 602.390 *Definitions.* (a) "Coal" or "bituminous coal" means, unless otherwise specified, all bituminous and subbituminous coal produced in Districts 1, 2, 3, 4, 6, 7, 8, 9, 10, 11 and 13, as described in the Annex to the Bituminous Coal Act of 1937, as amended.

(b) "By-product coal" or "coal for by-product use" means bituminous coal that is to be charged into by-product coke ovens for the production of coke for thetallurgical uses, production of gas or by-products.

(c) "Other special purpose coal" or "coal for other special purpose uses" means coal, other than by-product coal, (1) used for foundry or other metallurgical purposes in which the coal or its products of combustion come in direct contact with the metal during the processing; (2) used for foundry facings requiring special chemical or physical characteristics; (3) used for production of water gas; (4) charged into producers for the production of gas; or (5) used as a raw material because of special chemical or physical characteristics to form a component part of chemicals, or directly entering into the chemical processes.

(d) "Producer" means any person to the extent that he is engaged in the business of mining coal at a mine producing 50 tons per day or more, or at a mine having rail or river shipping facilities regardless of tonnage produced, or any person who operates a central washery or preparation plant, or the sales agent of such person.

(e) "Wholesaler" means any person to the extent that he purchases and resells coal in not less than cargo or railroad car lots and shall include, without limitation, dock operators, distributors, jobbers and cooperatives.

(f) "Lake receiver" means any commercial dock operator and any industrial consumer, or railroad, to the extent that he or it receives coal by vessel or barge at a dock or other unloading facility located on the Great Lakes.

(g) "Retail dealers" means any person (including the retail outlet, branch or department of one who is also a producer, wholesaler or dock operator) to the extent that he acts in the capacity of a supplier, shipper or seller of solid fuels in any transaction involving a shipment, sale, or sale and delivery, of broken bulk solid fuels physically handled in a truck, wagon, or other less than carload facility, without regard to quantity or frequency of delivery.

(h) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency or any organized group of persons.

(i) "By-product coal commitment" or "contract for by-product coal" means either (1) a contract to supply by-product coal (i) entered into on or before March 10, 1944, and reported to the Solid Fuels Administration for War in accordance with Regulation No. 16 (9 F.R. 2491) and (ii) not disapproved in writing by the Solid Fuels Administration for War; or (2) a contract to supply by-product coal (i) entered into after March 10, 1944, and (ii) approved in writing by the Solid Fuels Administration for War.

(j) "Other special purpose coal commitment" or "contract for other special purpose coal" means any contract or agreement to supply other special purpose coal.

(k) "Lake coal commitment" or "contract for lake coal" means either (1) a contract (other than a contract for by-product coal) to ship coal via the Great Lakes (i) entered into on or before February 29, 1944, and reported to the Solid Fuels Administration for War pursuant to Regulation No. 15 (9 F. R. 1501) and (ii) not disapproved in writing by the Solid Fuels Administration for War; or (2) a contract to ship coal (other than by-product coal) via the Great Lakes (i) entered into after February 29, 1944, and (ii) approved in writing by the Solid Fuels Administration for War.

(l) "Regulation" means a regulation, order, direction or instruction of the Solid Fuels Administration for War unless otherwise specifically indicated.

(m) "Direction" means a direction of the Solid Fuels Administration for War issued pursuant to Regulation No. 1 (8 F. R. 5832) unless otherwise specifically indicated.

(n) "SFAW" means Solid Fuels Administration for War.

§ 602.391 *Schedules for distribution of bituminous coal.* Producers and wholesalers (including dock operators) are required to arrange their distribution schedules for the period April 1, 1944, to March 31, 1945, (1) so that first preference is given to by-product coal and other special purpose coal commitments, in a manner which assures that such commitments are met in full and are, to the maximum extent practicable, met by regular equal monthly shipments (shipments by rail, river or tidewater should be spread through the entire year April 1, 1944, to March 31, 1945; shipments by lake should be spread through the current season of navigation and concluded on or before November 1, 1944), (2) so that a second preference is given (pending further study by SFAW) to lake coal commitments (excluding by-product coal and other special purpose coal commitments) in a manner which will assure that such commitments are, to the maximum extent practicable, met by regular equal monthly shipments.

§ 602.392 *Restrictions in deliveries by certain lake receivers (commercial lake dock operators) to industrial consumers and retail dealer customers.* During the period April 1, 1944, to August 1, 1944, no commercial lake dock operator may deliver to an industrial consumer or retail dealer more than 50 percent of the total tonnage of coal which such commercial lake dock operator is obliged to ship during the period from April 1, 1944, to May 15, 1945, to such industrial consumer or retail dealer.

§ 602.393 *Conditions under which bituminous coal may be shipped, delivered or received.* No person shall distribute, ship, deliver or receive any bituminous coal except in accordance with the provisions of this regulation and other applicable regulations. Any person who distributes, ships, delivers or receives bituminous coal, except as provided in the regulations, may, to the extent necessary or appropriate in assuring the equitable distribution of bituminous coal, be precluded in whole or in part by SFAW from distributing, shipping, delivering or receiving bituminous coal.

§ 602.394 *SFAW directions.* Directions issued by SFAW, unless they otherwise specifically provide, take precedence over but do not otherwise alter other regulations.

§ 602.395 *Violations.* Any person who violates any provision of this regulation or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to SFAW, and any person who obtains a delivery of bituminous coal by means of a wilfully false or misleading statement may be precluded in whole or in part from shipping or receiving bituminous coal and may be prohibited from delivering or receiving any material under priority control. SFAW may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U. S. C. sec. 80 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than ten years, or both)); or under the Second War Powers Act (50 U. S. C. 633 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than one year, or both)).

§ 602.396 *Applications for modification and exception; inquiries and communications.* (a) Any application for modification of or exception from any provision of this regulation shall be filed in triplicate with the Solid Fuels Administration for War, Washington 25, D. C. The application shall set forth, in detail, the provisions sought to be modified or from which an exception is sought, and the reasons and data in support of such request for modification or exception.

(b) All complaints, inquiries and communications with reference to the administration of this regulation shall be addressed to the Area Distribution Manager of SFAW for the area primarily concerned with such complaint, inquiry or communication, or to the Solid Fuels Administration for War, Washington 25, D. C.

(c) The Washington Office of SFAW may refer applications for modification of or exception from the provisions of this regulation or any complaints, inquiries and communications relating to the administration of the regulation to the appropriate Area Distribution Manager of SFAW for advice and recommendation.

§ 602.397 *Official interpretations.* No interpretation of this regulation is authorized or official unless it is in writing and signed by the Administrator, the Deputy Administrator, or the General Counsel of SFAW.

§ 602.398 *Action under other regulations.* Nothing contained in this regulation shall be deemed to preclude the Solid Fuels Administrator for War from taking appropriate action under Solid Fuels Administrator for War Regulation No. 1 or under any other regulation.

This regulation shall take effect immediately.

(E.O. 9332, 8 F.R. 5355; E.O. 9125, 7 F.R. 2719; sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176)

Issued this 30th day of March 1944.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

[Gen. License 32A, as Amended]

PART 131—GENERAL LICENSES UNDER EXECUTIVE ORDER NO. 8389, APRIL 10, 1940, AS AMENDED, AND REGULATIONS ISSUED PURSUANT THERETO

FOREIGN FUNDS CONTROL

MARCH 30, 1944.

General License No. 32A, as amended, under Executive Order No. 8389, as amended, Executive Order No. 9193, section 5 (b) of the Trading with the Enemy Act, as amended by the First War Powers Act, 1941, relating to foreign funds control.

General License No. 32A is hereby amended to read as follows:

§ 131.32a *General License No. 32A—*(a) *Certain remittances to specified liberated areas for living expenses authorized.* A general license is hereby granted authorizing remittances by any individual through any domestic bank to any individual within the liberated areas specified in paragraph (h) of this general license, and any domestic bank is authorized to effect such remittances: *Provided,* The following terms and conditions are complied with:

(1) Such remittances are made only for the necessary living expenses of the payee and his household;

(2) If the payee is not a citizen of the United States, the total of all remittances to such payee and his household effected in any one calendar quarter under this general license may not exceed $100;

(3) If the payee is a citizen of the United States, the total of all remittances to such payee and his household effected in any one calendar month under this general license may not exceed $75, except that additional sums not exceeding $25 in any one calendar month may be remitted for each citizen of the United States, in addition to the payee, who is a member of such payee's household: *Provided,* That in no case shall a sum in excess of $150 per calendar month be remitted to any such payee and his household;

(4) Such remittances are not made from a blocked account other than from an account in a banking institution within the United States in the name of, or in which the beneficial interest is held by, a citizen of the United States who is the payee or a member of his household; and

(5) Such remittances are effected only by the payment of the dollar amount of the remittance to a domestic bank for credit:

(i) When the remittance is to any individual within the area specified in paragraph (h) (1) hereof, to a post-liberation blocked account in the name of "Bank of Sicily, Account AF";

(ii) When the remittance is to any individual within the area specified in paragraph (h) (2) hereof, to a post-liberation blocked account in the name of "Bank of Naples, Account AF".

(b) *Duty of individuals and domestic banks acting under this license.* All individuals making such remittances and all domestic banks effecting such remittances shall satisfy themselves that the foregoing terms and conditions are complied with.

(c) *Reports by domestic banks effecting remittances.* Domestic banks through which any such remittances originate shall execute promptly section A of Form TFR-132 with respect to each such remittance. When so executed, Form TFR-132 shall be forwarded promptly to the domestic bank ultimately transmitting abroad the payment instructions for such remittances and the latter bank shall, upon receipt thereof, execute section B of Form TFR-132 and promptly file such executed report with the appropriate Federal Reserve Bank. If the domestic bank through which any such remittance originates is also the bank ultimately transmitting abroad the payment instructions for such remittance, then such bank shall execute both sections A and B of such report. No report on Form TFR-132 shall be deemed to have been filed in compliance with this general license unless both sections A and B thereof have been duly executed as herein prescribed.

(d) *Reports by domestic banks maintaining post-liberation blocked accounts.* Domestic banks maintaining post-liberation blocked accounts pursuant to this general license shall report promptly the establishment of such accounts, and the balances therein at the end of each calendar month, to the appropriate Federal Reserve Bank.

(e) *Refunds.* Domestic banks are authorized to refund the amount of any remittance ordered pursuant to this general license when such domestic banks are advised that such remittance cannot be effected.

(f) *Waiver of General Ruling No. 11 and General Ruling No. 5A.* Transactions authorized herein and communications with persons in the areas specified in paragraph (h) hereof relating thereto are authorized notwithstanding General Ruling No. 11. Domestic banks are authorized, notwithstanding General Ruling No. 5A, to send to and receive from the banks referred to in paragraph (a) (5) hereof nonnegotiable bank payment orders covering remittances or refunds authorized herein.

(g) *Definitions.* As used in this general license:

(1) The term "household" shall mean:

(i) Those individuals sharing a common dwelling as a family; or

(ii) Any individual not sharing a common dwelling with others as a family.

(2) The term "post-liberation blocked account" shall mean a blocked account:

(i) Which is established pursuant to this license or any other license or other authorization expressly referring to a post-liberation blocked account;

(ii) To which funds may be credited only pursuant to this license or any other license or other authorization expressly referring to a post-liberation blocked account; and

(iii) With respect to which payments, transfers, or withdrawals or other dealings may not be made or effected except pursuant to this license or any other license or other authorization expressly referring to a post-liberation blocked account.

(h) *Designation of liberated areas to which remittances may be effected.* The liberated areas covered by this general license are:

(1) Sicily;

(2) Sardinia and the following provinces of Italy: Cosenza, Reggio Calabria, Potenza, Foggia, Bari, Brindisi, Catanzaro, Matera, Avallino, Taranto, Lecce, Naples, Salerno, and Benevento.

(Sec. 5 (b), 40 Stat. 415 and 966; sec. 2, 48 Stat. 1; 54 Stat. 179; 55 Stat. 838; E.O. 8389, Apr. 10, 1940, as amended by E.O. 8785, June 14, 1941, E.O. 8832, July 26, 1941, E.O. 8963, Dec. 9, 1941, and E.O. 8998, Dec. 26, 1941; E.O. 9193, July 6, 1942; Regs., Apr. 10, 1940, as amended June 14, 1941, and July 26, 1941)

(m) "Direction" means a direction of the Solid Fuels Administration for War issued pursuant to Regulation No. 1 (8 F. R. 5832) unless otherwise specifically indicated.

(n) "SFAW" means Solid Fuels Administration for War.

§ 602.391 *Schedules for distribution of bituminous coal.* Producers and wholesalers (including dock operators) are required to arrange their distribution schedules for the period April 1, 1944, to March 31, 1945, (1) so that first preference is given to by-product coal and other special purpose coal commitments, in a manner which assures that such commitments are met in full and are, to the maximum extent practicable, met by regular equal monthly shipments (shipments by rail, river or tidewater should be spread through the entire year April 1, 1944, to March 31, 1945; shipments by lake should be spread through the current season of navigation and concluded on or before November 1, 1944), (2) so that a second preference is given (pending further study by SFAW)

distributes, ships, delivers or receives bituminous coal, except as provided in the regulations, may, to the extent necessary or appropriate in assuring the equitable distribution of bituminous coal, be precluded in whole or in part by SFAW from distributing, shipping, delivering or receiving bituminous coal.

§ 602.394 *SFAW directions.* Directions issued by SFAW, unless they otherwise specifically provide, take precedence over but do not otherwise alter other regulations.

§ 602.395 *Violations.* Any person who violates any provision of this regulation or who, by any statement or omission, wilfully falsifies any records which he is required to keep, or who otherwise wilfully furnishes false or misleading information to SFAW, and any person who obtains a delivery of bituminous coal by means of a wilfully false or misleading statement may be precluded in whole or in part from shipping or receiving bituminous coal and may be prohibited from delivering or receiving any material under priority control. SFAW may also take any other action deemed appropriate, including the making of a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U. S. C. sec. 80 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than ten years, or both)); or under the Second War Powers Act (50 U. S. C. 633 (any person found guilty of violating that statute may be fined not more than $10,000 or imprisoned for not more than one year, or both)).

§ 602.396 *Applications for modification and exception; inquiries and communications.* (a) Any application for modification of or exception from any provision of this regulation shall be filed in triplicate with the Solid Fuels Administration for War, Washington 25, D. C. The application shall set forth, in de-

as fertilizer and for sodium chlorate as weed eradicator. A general license is hereby granted under the Federal Explosives Act of December 26, 1941 (55 Stat. 863), as amended, to any person as defined therein who, as owner, manager, tenant or sharecropper, operates a tract of land for the production of food, fiber, medicinal herbs, tobacco or inedible oils, authorizing him to purchase and possess sodium nitrate and ammonium nitrate as a fertilizer and sodium chlorate as a weed eradicator on that tract of land and to use them for those purposes thereon. It does not cover any person, citizen or alien, who is prohibited by regulation or proclamation of the War Department or other Federal agency from possessing, using, or controlling explosives or component parts thereof.

This general license relieves persons covered by it from the duty of applying for and securing individual licenses for the purposes specified in it and from the duty of keeping records on the acquisition and use of sodium nitrate, ammonium nitrate, and sodium chlorate. It does not relieve them from any other duty under the Federal Explosives Act or the regulations thereunder, and it does not relieve persons selling or otherwise disposing of sodium nitrate, ammonium nitrate, or sodium chlorate to them from the duty of keeping the records required by section 5 of the act and § 301.14 (d) of the regulations.

This general license expires at the close of business on December 31, 1944, unless sooner terminated.

R. R. SAYERS,
Director.

The foregoing license as amended is approved and all regulations inconsistent therewith are waived.

MICHAEL W. STRAUS,
First Assistant Secretary, Department of the Interior.

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696.

PART 903—DELEGATIONS OF AUTHORITY

[Directive 23 as Amended Jan. 7, 1944, Amdt. 1]

MILITARY RATING PROCEDURE

Section 903.35. *Directive 23* is hereby amended in the following respect:

By substituting in the place of the second and third sentences of paragraph (c) (1) the following sentences:

The instruments shall be approved by a War Production Board official of such office only after he has determined that the item or items requested are required and that no existing equipment or subcontracting facilities are available which are suitable and appropriate for the purposes for which the items are requested, or that such determination cannot be made within ten days after receipt thereof. An exception to this is that instruments covering any machine tools produced under Defense Plant Corporation pool orders which remain unsold, may be approved if the machine tools are required, notwithstanding the availability of other existing equipment.

Issued this 30th day of March 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-507]

CERAMIC COLOR AND CHEMICAL MANUFACTURING COMPANY

Ceramic Color and Chemical Manufacturing Company, a corporation with its principal place of business at New Brighton, Pennsylvania, manufactures and sells colors and chemicals. On July 21, 1943, it filed Form PD-600, applying for permission to receive delivery of 40,000 pounds of black copper oxide. The company by a letter to the War Production Board dated July 21, 1943, stated that Army and Navy priority orders were on hand for this material which could not be filled until that application had been approved. These statements were false and misleading with respect to orders on hand, and were wilfully made with the intent of deceiving the War Production Board and securing the critical material to which Ceramic Color and Chemical Manufacturing Company was not entitled. The War Production Board granted permission to receive this material and it was so received by the Ceramic Color and Chemical Manufacturing Company, thereby diverting critical materials to uses which would not have been authorized by the War Production Board had the true facts been stated. These statements so made subjected the company to administrative action under the provisions of Priorities Regulation No. 1. In view of the foregoing, it is hereby ordered, that:

§ 1010.507 *Suspension order No. S-507.* (a) Deliveries of copper oxide in any form to the Ceramic Color and Chemical Manufacturing Company, its successors or assigns, shall not be accorded priority over deliveries under any other contract or order and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation of copper oxide in any form shall be made to the Ceramic Color and Chemical Manufacturing Company, its successors or assigns; nor shall the Ceramic Color and Chemical Manufacturing Company, its successors or assigns, receive or accept delivery of copper oxide in any form; nor shall any person, firm, or corporation deliver copper oxide in any form to Ceramic Color and Chemical Manufacturing Company, its successors or assigns; unless hereafter specifically authorized in writing by the War Production Board.

(c) The provisions of this suspension order shall apply to the small orders defined in paragraph (c) of Allocation Order M-227 as amended February 24, 1944, or as thereafter amended.

(d) The provisions of this suspension order shall not prevent the Ceramic Color and Chemical Manufacturing Company, its successors or assigns, from receiving or accepting delivery of copper oxide in any form which constitutes the undelivered balance of any purchase or delivery authorized by the War Production Board prior to the date of issuance of this suspension order.

(e) Nothing contained in this order shall be deemed to relieve the Ceramic Color and Chemical Manufacturing Company, its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

[1] Not filed with the Division of the Federal Register.

[2] Filed as part of the original document.

(f) This order shall take effect on March 30, 1944, and shall expire on July 30, 1944.

Issued this 23d day of March 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-510]

JOSEPH F. MELDON

Joseph F. Meldon of Boston, Massachusetts, in December, 1943, began construction at 553 Dudley Street, Boston, without authorization from the War Production Board. His purpose was to alter the premises into a cafe at a cost of $2,339.98, which amount exceeded the limit of $200. permitted by Conservation Order L-41 and was in violation of that order. Notwithstanding a telegraphic warning from the War Production Board on January 5, 1944, he continued construction until January 14th. Joseph F. Meldon was aware of War Production Board restrictions on construction, and doing this construction without authorization and its continuance despite warning to cease, constituted wilful violations of Conservation Order L-41.

These violations of Conservation Order L-41 have diverted critical materials to uses not authorized by the War Production Board, and have hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.510 *Suspension Order No. S-510.* (a) Neither Joseph F. Meldon, his successors or assigns, nor any other person, shall do any construction on the premises at 553 Dudley Street, Boston, Massachusetts, including putting up or altering the structure, unless hereafter specifically authorized in writing by the War Production Board.

(b) Nothing contained in this order shall be deemed to relieve Joseph F. Meldon, his successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on March 30, 1944.

Issued this 23d day of March 1944.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-511]

J. VARNERIN'S SONS

Laurence J. Varnerin and Peter Varnerin, partners doing business under the name of J. Varnerin's Sons, general contractors, in December, 1943, and January, 1944, did construction work on premises at 553 Dudley Street, Boston, Massachusetts, owned by Joseph F. Meldon, at an estimated cost in excess of the $200 limit permitted by Conservation Order L-41. They were aware of War Production Board regulations governing construction. Having been warned by a War Production Board telegram on January 5, 1944, against further construction in violation of the order, they stopped work but allowed the owner to use their account to get materials, knowing that such materials were to be used in continuing the unauthorized construction. These actions constituted wilful violations of Conservation Order L-41.

These violations of Conservation Order L-41 have diverted critical materials to uses not authorized by the War Production Board and have hampered and impeded the war effort of the United States. In view of the foregoing, it is hereby ordered, that:

§ 1010.510 *Suspension Order No. S-510.* (a) Deliveries of material to Laurence J. Varnerin or Peter Varnerin, doing business as J. Varnerin's Sons, or under any other name, their and its successors or assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned, applied or extended to such deliveries by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(b) No allocation or allotment shall be made to Laurence J. Varnerin or Peter Varnerin, doing business as J. Varnerin's Sons, or under any other name, their and its successors or assigns, directly or indirectly, of any material or product the supply or distribution of which is governed by any order of the War Production Board, unless hereafter specifically authorized in writing by the War Production Board.

(c) Nothing contained in this order shall be deemed to relieve Laurence J. Varnerin or Peter Varnerin, doing business as J. Varnerin's Sons, or under any other name, their and its successors or assigns, from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on March 30, 1944, and shall expire on July 30, 1944.

Issued this 23d day of March 1944.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[General Limitation Order L-292, Interpretation 1, as Amended Mar. 31, 1944]

FOOD PROCESSING MACHINERY

The following interpretation is issued with respect to General Limitation Order L-292.

Paragraph (a) (5), in defining "approved orders" for food processing machinery, includes orders bearing a preference rating of AA-5 or higher assigned on certain specified forms (WPB-617, 576, 748, etc.). These forms in some cases call for the name and address of the supplier.

In these cases, the information intended is the name and address of the probable supplier. Provided the model actually obtained is substantially identical in value, quality, size, operation and function with that named in the application form, the preference rating may be used to get the product from any manufacturer, dealer or processor who has the product on hand or is authorized to manufacture or acquire it. For example, a rating assigned to purchase a 1" centifugal sanitary pump may ordinarily be used to purchase that size pump from any manufacturer if the value is substantially the same as that of the pump described in the application. On the other hand, a rating assigned for a 6-can-per-minute dairy can washer costing $1000 may not be used to get a 6-can-per-minute can washer costing $2500. Similarly, a rating for a copper lined cheese vat may not be used to get a stainless steel cheese vat.

Approval of the form does not operate to authorize the supplier, whether or not named, to manufacture or acquire the product if that is otherwise prohibited.

Issued this 31st day of March 1944.

Recording Secretary.

PART 1226—GENERAL INDUSTRIAL EQUIPMENT

[General Limitation Order L-296 as Amended Mar. 31, 1944]

RESISTANCE WELDING EQUIPMENT

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain materials and facilities used in the manufacture of resistance welding equipment for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1226.107 *General Limitation Order L-296—(a) Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Resistance welding" means that process for the localized consolidation or joining of metals under pressure and heat, wherein the heat is generated within the metallic parts to be consolidated or joined by the resistance of those

parts to the passage of an electric current.

(3) "Resistance welding equipment" means equipment manufactured for use in the operation of joining metals by the resistance welding process and includes resistance welding machines, resistance welding controls, and resistance welding electrodes.

(4) "Manufacturer" means any person engaged in the business of producing, fabricating or assembling resistance welding equipment, and shall include sales and distribution outlets owned by any such person.

(5) "Dealer" means any person engaged in the business of purchasing resistance welding equipment for resale.

(6) "Order" means any commitment or other arrangement for the delivery of resistance welding equipment whether by purchase, lease, rental or otherwise.

(7) "Army, Navy, Maritime Commission or War Shipping Administration" does not include any privately operated plant or shipyard financed by, or controlled by, any of those agencies or operated on a cost-plus-fixed-fee basis.

(8) "Used resistance welding equipment" means resistance welding equipment that has been delivered to an ultimate consumer.

(b) *Operations reports.* Each manufacturer shall, on or before the 15th day of each month, commencing with the month of August, 1943, file with the War Production Board an operations report on Form WPB–2830, showing orders for new and rebuilt resistance welding equipment and repair parts unfilled, received, shipped and cancelled during the preceding month, in accordance with instructions accompanying the form: *Provided*, That this paragraph (b) shall not apply to orders for electrical circuit breakers or indicating or recording apparatus used with resistance welding equipment, or repair parts for such circuit breakers or indicating or recording apparatus.

(c) *Authorization of purchase orders required.* (1) No manufacturer or dealer shall accept an order for, or deliver any new resistance welding equipment unless the order or delivery is specifically authorized by the War Production Board on Form WPB–1319 (or Form WPB–2752). Application for an authorization, and for a preference rating if none has been previously assigned, is to be made by the purchaser by filing Form WPB–1319, with the War Production Board in accordance with the current instructions for the form. (Applications on Form WPB–2752 will continue to be accepted by the War Production Board until March 15, 1944 only.) The delivery restrictions of this paragraph (c) (1) do not apply to orders received prior to July 27, 1943.

(2) The provisions of paragraph (c) (1) shall not apply to (i) any order of $200 or less for resistance welding equipment; (ii) any order for resistance welding electrodes; (iii) any order for resistance welding equipment for direct use by the Army, Navy, Maritime Commission or War Shipping Administration or for incorporation in or attachment to any resistance welding equipment to be used directly by such agencies; (iv) any purchase order bearing a preference rating assigned on Form CMPL–224, Form GA–1456 or under any order in the P–19 series: *Provided*, That the certificate applying or extending such rating shall state the source of the rating; or (v) any order placed by a manufacturer of, or dealer in, resistance welding equipment.

(d) *Registration of idle equipment.* On receipt of a specific request by the War Production Board, the owner of any idle used resistance welding equipment shall register it by filing with the War Production Board Form WPB–2732, in accordance with instructions which accompany the request.

(e) *Miscellaneous provisions.*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time, except as otherwise expressly provided herein.

(2) *Reporting provisions.* The reporting requirements of paragraphs (b) and (d) and the form of application prescribed in paragraph (c) have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Appeals.* Any appeals from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(5) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board General Industrial Equipment Division, Washington 25, D. C., Ref.: L–296.

Issued this 31st day of March, 1944.

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 1, Direction 41, as Amended Mar. 31, 1944]

ALLOTMENT PROCEDURE FOR MANUFACTURERS OF CLASS A PRODUCTS, WHEN USED FOR SHIP REPAIRS AND BUREAU OF SHIPS' SPECIAL NAVY PRODUCTS, WHEN USED FOR SHIP REPAIRS

The following direction is issued pursuant to CMP Regulation 1:

(a) *What this direction does.* This direction explains where a manufacturer is to file applications for allotments of controlled materials needed to make Class A products or Bureau of Ships' Special Navy Products required for ship repairs. The direction applies regardless of whether the repair is capitalized or not. The direction does not cover facilities or equipment which are a part of the plant where the repairs are made, as distinct from products and materials which will be incorporated in the ship. Manufacturers of Class B products other than those included in the Bureau of Ships' Special Navy Product List are not affected by this direction.

(b) *Where to file applications.* The following chart shows where manufacturers of Class A products or Bureau of Ships' Special Navy Products file applications for controlled materials to fill orders received from the following users:

NOTE: Chart amended Mar. 31, 1944.

Type of product	Users	Use	Manufacturers file applications with
Class "A" product (other than BuShips Special Navy).	Army repair yards	All vessels	Army repair yard (CMP–4A).
	Navy yards, repair	All vessels	Navy yards, repair (CMP–4A).

[1] Application should be made to the Building Materials Division on CMP Code No. 805, "Fabricated Items for Ship Repair Work."

In filing applications on CMP–4B for any product classification, requirements for the manufacture of products to be used for ship repair need not be treated separately but should be included in the manufacturer's application covering the entire product classification.

(c) *Emergencies.* Where a manufacturer of any Class A product or Bureau of Ships' Special Navy Product for use in making ship repairs receives an order for the product which he did not anticipate and which, in point of fact, he did not take into consideration in applying for his allotment, he should apply for necessary supplemental allotments to the same sources mentioned in paragraph (b) above.

PART 3291—CONSUMERS DURABLE GOODS

[Limitation Order L-27, as Amended Mar. 31, 1944]

VENDING MACHINES: MERCHANDISE

§ 3291.100 *Limitation Order L-27*—(a) *Definitions.* For the purposes of this order:

(1) "Merchandise vending machines" means any coin or token operated machine from which merchandise is sold. It includes for example, cigarette, candy, chewing gum, nut, bulk and bottle beverage and food vending machines, photograph vending machines, sanitary napkin vending machines, and drinking cup dispensers. It does not include automatic restaurants (so-called automats) or United States Postage Stamp vending machines.

(2) "Manufacturer" means any person who produces or assembles any merchandise vending machines or parts for merchandise vending machines, or any person who produced or assembled any merchandise vending machines during the twelve month period ending June 30, 1941, whether or not he now produces any.

(3) "Deliver" means to lease, sell, or transfer.

(b) *Restrictions on production and delivery.* (1) No manufacturer shall produce or deliver any merchandise vending machines except sanitary napkin vending machines, which may only be produced according to a quota approved by the War Production Board on Form WPB-2719 (formerly PD-880).

(2) Each manufacturer who wishes to produce or deliver any of these sanitary napkin vending machines must file this form with the War Production Board on or before the 15th day of December, March, June and September according to the instructions accompanying that form. A manufacturer asking permission to produce or assemble sanitary napkin vending machines must file with his first application a letter stating the total number of sanitary napkin vending machines which he produced, assembled or delivered during the twelve month period ending June 30, 1941 and the location of his plant and of any other plants which will produce parts for those machines. If the manufacturer intends to produce or assemble in his own plant, he should state the estimated man hours which will be consumed in the production or assembly of each unit. If the manufacturer intends to have the machines produced for him by another manufacturer, he should state that fact and give the name and location of the other manufacturer.

(c) *Delivery of certain merchandise vending machines not covered.* This order does not restrict the delivery of any merchandise vending machines completely finished before January 15, 1944.

(d) *Reports.* Each manufacturer producing or delivering sanitary napkin vending machines must file, with the War Production Board, quarterly reports on Form WPB-2719 (formerly PD-880) on or before the 15th day of December, March, June and September, according to the instructions for filing that form.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(f) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB-1477 (formerly PD-500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(g) *Applicability of other orders and regulations.* This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of vending machines to a greater extent than does this order, the other order shall govern unless it states otherwise.

NOTE: The reporting provisions of this order have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

Issued this 31st day of March 1944.

PART 3291—CONSUMERS DURABLE GOODS

[General Limitation Order L-140-a as Amended Mar. 31, 1944]

CUTLERY

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of metals used in the production of cutlery for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3291.175 *General Limitation Order L-140-a*—(a) *Definitions.* For the purposes of this order:

(1) "Cutlery" means any professional food processing cutlery, as defined in Schedule A, any professional kitchen cutlery, as defined in Schedule B, any household kitchen cutlery, as defined in Schedule C, any household table cutlery, as defined in Schedule D, any pocket cutlery, as defined in Schedule E, any scissors, shears and trimmers, as defined in Schedule F, any hand hair or fetlock clippers, as defined in Schedule G, any industrial cutlery, as defined in Schedule H, and any hunting or fixed blade sheath knife, any carving sets, any poultry shears, any implement designed or intended for manicuring, for pedicuring or for extracting blackheads, including but not limited to nail files, nail nippers, nail clippers, pushers, picks, cuticle scissors, cuticle pushers, cuticle clippers and cuticle nippers, and any other hand operated, fixed or folding, cutting blade or fork with a handle or handles of any material attached so as to become an integral part of the implement. "Cutlery" shall not include any article of flatware, as defined in Order L-140-b, when issued, or any of the articles subject to Order L-30-d, as amended from time to time, or surgical instruments.

(2) "Manufacturer" means any person engaged in the business of fabricating or assembling any new cutlery from any raw material, purchased parts or previously used or fabricated material, or who performs any hand or mechanical fabricating or assembling operation on an article of cutlery.

(3) "Process" means the first change by a manufacturer in the form of material (whether raw material, semi or fully fabricated material or finished parts) from that form in which it is received by him, or the first assembly by a manufacturer of material which is not changed in form by him. Any manufacturer who did not maintain records during the base period as to his processing of metals in terms of weight, but who maintained records in terms of units of cutlery only, may apply all percentages contained in this order and schedules in terms of units rather than in terms of weight.

(4) "Base period" means the period beginning July 1, 1940 and ending June 30, 1941, inclusive.

(5) Gauges when referred to in this order, are subject to commercial tolerances.

(b) *Restrictions on kinds of cutlery which may be manufactured.* No manufacturer shall process any metal for new cutlery which is not of a type defined in a schedule in this order.

(c) *Restrictions on quantity of cutlery produced.* No manufacturer shall process more metal in the production of any new cutlery than the amount specified for that class of cutlery in the appropriate schedule attached to this order.

(d) *Exceptions for military orders.* In addition to the production permitted by paragraph (c) above a manufacturer may process sufficient additional amounts of metal to fill purchase orders or contracts for cutlery to be delivered by him to or for the account of

(1) The War Shipping Administration,

(2) The United States Maritime Commission,

(3) The United States Navy (excluding purchase orders placed by or for delivery to United States Navy Ship's Service Departments or United States Marine Corps post exchanges for resale by them within the 48 United States and the District of Columbia and not for use as equipment). The War Production Board may specifically authorize on Form WPB-1319, pursuant to an application filed on said Form, the filling of purchase orders for cutlery for delivery to United States Navy Ship's Service Departments or United States Marine Corps post exchanges for resale within but for use

outside the 48 United States and the District of Columbia. Form WPB–1319 is to be filed and executed only by the Bureau of Naval Personnel, Navy Department, Washington, D. C., and if a specific authorization is granted, such authorization will be forwarded to the manufacturer specified.

(4) The United States Army (excluding purchase orders placed by or for delivery to United States Army post exchanges for resale by them within the 48 United States and the District of Columbia and not for use as equipment). The War Production Board may specially authorize on Form WPB–1319, pursuant to an application filed on said form, the filling of purchase orders for cutlery for delivery to and use by post exchanges located in areas designated by the United States Army as "staging areas." Form WPB–1319 is to be filed and executed only by the Army Exchange Service of New York, and if a specific authorization is granted, such authorization will be forwarded to the manufacturer specified.

(e) *Specifications.* No manufacturer shall process any metal for the production of any new cutlery which does not conform to the specifications contained in the applicable schedules in this order except that these specifications do not apply to orders for household table cutlery, pocket cutlery and hunting or fixed blade sheath knives, or orders for other cutlery accepted by the manufacturer prior to July 1, 1943: *Provided*, That such orders are for the agencies specified above in paragraph (d).

(f) *Metal restrictions.* No manufacturer shall process any metals other than iron, carbon steel, alloy steel (if not containing nickel), gold and silver in the production of cutlery, except

(1) Lead for bolsters or rivets;

(2) Chromium for plating;

(3) Zinc as provided in Schedule G and H of this order subject to the restrictions contained in the M–11 series, as amended from time to time.

(g) *Hardness of knife blades and sharpening steels.* No manufacturer shall process any steel for the production of:

(1) Knife blades for cutlery which when finished tests less than 45, Rockwell C Scale;

(2) Sharpening steel which when finished tests less than 62, or more than 68, Rockwell C Scale.

(h) *Special provision affecting distribution of overruns, rejects and cancellations.* When material for the production of cutlery is obtained with priorities assistance and, because of cancellations of orders or other reasons, can no longer be used for the purpose for which the assistance was given, such material may only be used as allowed in § 944.11, paragraph (b) of Priorities Regulation No. 1. Similarly, when such material has been manufactured into cutlery to fill a specific contract and that cutlery, because of overruns, rejects, cancellations or other reasons, cannot be used for that purpose, it may be used or disposed of only as allowed in that section. One of the ways in which these materials or products may be used or disposed of is outlined in subparagraph (5) of that paragraph, which permits use and disposal in any manner specifically authorized in writing by the War Production Board. Applications for such authorization may be made on Form WPB–1319.

(i) *Partial revocation of L–140.* On and after July 1, 1943, the restrictions contained in L–140 are hereby superseded and L–140 is hereby revoked in so far as it applies to the production of any cutlery other than silver plated flatware restricted in paragraph (b) (5) of that order.

(j) *Avoidance of excessive inventories.* No manufacturer shall accumulate for use in the production of cutlery inventories of raw materials, semi-processed materials or finished parts in quantities in excess of the minimum amount necessary to maintain production as permitted by this order.

(k) *Reports.* (1) Prior to July 15, 1943, every manufacturer of cutlery shall execute and file in duplicate with the War Production Board, Washington 25, D. C., Ref: L–140–a, a report as to the aggregate amount of all metals processed by that manufacturer during the base period and grouped in accordance with the classes as specified in the definitions contained in the individual schedules attached to this order. Manufacturers who compute their processing of metals in units in accordance with paragraph (a) (3) of this order may file such report in units. This reporting requirement has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(2) Every manufacturer affected by this order shall execute and file with the War Production Board, Washington 25, D. C., Ref.: L–140–a, on or before the 10th day of July, 1943, and on or before the 10th day of each calendar month thereafter, Form WPB–1600 (formerly PD–655).

(l) *Applicability of other orders and regulations.* This order and all transactions affected by this order are subject to the applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in the production of cutlery to a greater extent than does this order, the other order shall govern unless it states otherwise.

(m) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(n) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB–1477 (PD–500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(o) *Communications.* All reports to be filed hereunder or communications concerning this order should be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref: L–140–a.

Issued this 31st day of March 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

SCHEDULE A—PROFESSIONAL FOOD PROCESSING CUTLERY

Definitions. "Professional food processing cutlery" means any hand operated knives, cleavers, splitters, sharpening steels, beef tiers, ham stringers, coring hooks, canning or pitting spoons, and other hand cutlery designed for, but not limited to, use in packing houses, quick-freezing plants, canneries and dehydrating plants for slaughtering, cleaning, dressing, boning and otherwise processing meats, poultry, fish, vegetables, fruits, and other food stuffs; and also hand cutlery designed for, but not limited to, use in butcher shops and provision markets for the further processing of meats and other foods.

"Pattern" means the outline shape of the blade of a knife or fork, or the bowl of a spoon, and does not apply to the grind or finish of the blade or bowl, or to the type of material, finish or color of the handle.

"Length" means, unless otherwise specified, the dimension of the blade or bowl measured from its tip to the place at which it enters the handle, plus or minus one-quarter inch.

Permissible types. No manufacturer shall process metal in the production of any professional food processing cutlery except that which conforms to the following specifications.

Description of items	Maximum number of patterns	Maximum number of lengths per pattern	Minimum length in inches
Butcher knife. Not lighter than .093" in thickness	1	4	6
Steak knife (Scimitar shape)	1	2	10
Trimming or heading knife	1	1	------
Ribbing knife	1	1	------
Boning knife (Straight blade)	2	2	------
Boning knife (Curved blade)	1	1	------
Sticking knife	1	1	6
Sticking knife (chicken)	1	1	------
Sticking knife (turkey)	1	1	------
Skinning knife	3	1	------
Finners knife (pinfeather)	1	1	------
Sharpening steels	1	3	------
Fish slitting or gutting knife	1	1	------
Fish splitting knife	1	1	------
Fish slicing knife	1	1	------
Fish fillet knife	1	1	------
Clam knife	1	1	------
Oyster knife	2	1	------
Scallop knife	1	1	------
Sponge or fishermen's sheath knife	1	1	------
Ham stringer	1	1	------
Beef tier	1	1	------
Fruit canning knife (California type)	1	3	------
Canning knife (California type)	1	1	------
Tomato knife	1	1	------
Beet topping knife	1	1	------
Pitting spoon	3	1	------
Tomato spoon	1	1	------
Coring hook	2	1	------
Cleavers	2	1	------
Splitters	2	1	------

On and after July 1, 1943, no manufacturer shall process any metal in the production of the cutlery specified in this schedule which differs in pattern or length from such cutlery produced by him prior to that date. Once having processed metal for his full choice of number and types of patterns and lengths specified in this schedule and produced by him prior to that date, no manufacturer shall process metal for a different pattern or length whether or not it is in substitution of a discontinued pattern or length unless specifically authorized to do so by the War Production Board in writing.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of professional food processing cutlery more iron and steel in the aggregate than 225% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of professional food processing cutlery.

SCHEDULE B—PROFESSIONAL KITCHEN CUTLERY

Definitions. "Professional kitchen cutlery" means any hand operated knives, forks, scrapers, turners and spatulas used in the preparation of food, designed for, but not limited to, use in the bakery trade and in kitchens of hotels, restaurants, cafeterias, hospitals, institutions and other public eating places.

"Pattern" means the outline shape of the blade of a knife or fork, or the bowl of a spoon. It does not apply to the grind or finish of the blade or bowl or to the type of material, finish or color of the handle.

"Length," unless otherwise specified, means the dimension of the blade or bowl measured from its tip to the place at which it enters the handle, plus or minus one-quarter inch.

Permissible types. No manufacturer shall process metal in the production of any professional kitchen cutlery except that which conforms to the following specifications:

Description of items	Maximum number of patterns	Maximum number of lengths per pattern	Length in inches
Butcher knife (not heavier than .072" in thickness, nor lighter than 0.68" in thickness).	1	2	8" Maximum.
Cook's knife (Sabatier shape, no bolster).	1	2	8" Minimum.
Meat slicer	2	1	10" Minimum.
Utility slicer	1	1	8" Maximum. 8" Minimum.
Paring knife	5	1	3½" Maximum
Cook's fork (forged blade).	1	1	14" including handle.
Cook's fork (blanked blade, hardened and tempered).	1	1	
Spatula	1	2	8" Minimum.
Baker's scraper (1 weight of blade only).	1	1	
Cake turner (spatula type).	1	1	
Hamburg turner (spatula type).	1	1	

On and after July 1, 1943, no manufacturer shall process any metal in the production of the cutlery specified in this schedule which differs in pattern or length from such cutlery produced by him prior to that date. Once having processed metal for his full choice of number and types of patterns and lengths specified in this schedule and produced by him prior to that date, no manufacturer shall process metal for a different pattern or length whether or not it is in substitution of a discontinued pattern or length unless specifically authorized to do so by the War Production Board in writing.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of professional kitchen cutlery more iron and steel in the aggregate than 75% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of professional kitchen cutlery.

SCHEDULE C—HOUSEHOLD KITCHEN CUTLERY

Definitions. "Household kitchen cutlery" means hand operated knives and forks used in the preparation and serving of food, and designed for use in home kitchens.

"Pattern" means the outline shape of the blade of a knife or fork. It does not apply to the grind or finish of the blade or to the type of material, finish or color of the handle.

"Length" means, unless otherwise specified, the dimension of the blade measured from its tip to the place at which it enters the handle, plus or minus one-quarter inch.

Permissible types. No manufacturer shall process metal in the production of any household kitchen cutlery except that which conforms to the following specifications:

Description of items	Maximum No. of patterns	Maximum No. of lengths per pattern	Length in inches
Slicer	2	1	9" maximum
Cook's fork (blanked blade, hardened and tempered).	1	1	10½" maximum (including handle).

On and after July 1, 1943, no manufacturer shall process any metal in the production of the cutlery specified in this schedule which differs in pattern or length from such cutlery produced by him prior to that date. Once having processed metal for his full choice of number and types of patterns and lengths specified in this schedule and produced by him prior to that date, no manufacturer shall process metal for a different pattern or length whether or not it is in substitution of a discontinued pattern or length unless specifically authorized to do so by the War Production Board in writing.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of household kitchen cutlery more iron and steel in the aggregate than 35% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of household kitchen cutlery.

SCHEDULE D—HOUSEHOLD TABLE CUTLERY

Definitions. "Household table cutlery" means any knife, fork, spoon or any other cutlery of plated or unplated metal, with handles made of other material than metal, designed for the actual serving and eating of food in the home, other than all metal flatware.

"Pattern" means the outline shape of the blade of a knife or fork or the bowl of a spoon. It does not apply to the grind or finish of the blade or bowl or to the type of material, finish or color of the handle.

"Length" means, unless otherwise specified, the dimension of the blade or bowl measured from its tip to the place at which it enters the handle, plus or minus one-quarter inch.

Permissible types. No manufacturer shall process metal in the production of any household table cutlery except that which conforms to the following specifications:

Description of item	Maximum No. of patterns	Maximum No. of lengths per pattern
Table knife	1	1
Dessert fork	1	1
Dessert spoon	1	1
Teaspoon	1	1

On and after July 1, 1943, no manufacturer shall process any metal in the production of the cutlery specified in this schedule which differs in pattern or length from such cutlery produced by him prior to that date. Once having processed metal for his full choice of number and types of patterns and lengths specified in this schedule and produced by him prior to that date, no manufacturer shall process metal for a different pattern or length whether or not it is in substitution of a discontinued pattern or length unless specifically authorized to do so by the War Production Board in writing.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of household table cutlery more iron and steel in the aggregate than 50% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of household table cutlery.

SCHEDULE E—POCKET CUTLERY

Definitions. "Pocket cutlery" means any folding blade knife.

"Pattern" means the outline shape of the skeleton or frame. It does not apply to the shape of, number of or finishes of blades, or to the type of material, finish or color of the handle.

"Length", unless otherwise specified, means the outside measurement of the skeleton or frame of the knife, subject to a tolerance (plus or minus) of ⅛th inch.

"Number of blades per knife" refers only to the number of blades which may be fastened directly or indirectly to each skeleton or frame and does not refer to the shape or finish of the blades. Different styles of blades may be mounted on the same pattern of skeleton or frame. For instance, the specifications state that not more than one blade may be fastened to each skeleton or frame of a pruning, maize or navy knife. The manufacturer may produce as many styles of blades for such pruning, maize or navy knives as he wishes, so long as each completed knife contains only a single blade, irrespective of its style.

Permissible types. No manufacturer shall process metal in the production of pocket cutlery except that which conforms to the following specifications:

Description of items	Maximum No. of patterns	Maximum No. of lengths per pattern	No. of blades per knife
General utility knife	1	1	Maximum 4.
Premium stock knife or cattle knife	2	1	Maximum 3.
Jackknife. No. of weights, 2.	1	3	2 only.
Pruning, maize or navy knife.	1	1	1 only.
Budding or grafting knife.	1	1	1 only.
Electrician's knife	1	1	2 only.
Scout knife	1	1	4 only.
Self opening knife	1	2	1 only.

No item in this List E may be made with a handle less than 3⅝ inches in length nor less than ⅝ of an inch in thickness at the narrowest point.

On and after July 1, 1943, no manufacturer shall process any metal in the production of the cutlery specified in this schedule which differs in pattern or length from such cutlery produced by him prior to that date. Once having processed metal for his full choice of number and types of patterns and lengths specified in this schedule and produced by him prior to that date, no manufacturer shall process metal for a different pattern or length whether or not it is in substitution of a discontinued pattern or length unless specifically authorized to do so by the War Production Board in writing.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of pocket cutlery more iron and steel in the aggregate than 60% of the average quarterly amount of iron, steel and other metals in the aggregate processed by that manufacturer during the base period in his production of pocket cutlery.

SCHEDULE F—SCISSORS; SHEARS AND TRIMMERS

Definitions. "Scissors" means any two bladed, hand operated cutting implement having two rings, each of a size sufficient to accommodate not more than one finger or thumb in each ring, designed for use in industrial plants, schools, dressmakers' establishments, department stores, homes, etc., for cutting cloth, paper and miscellaneous materials; including nail scissors, but excluding surgical scissors and barber shears and scissors.

"Shears and trimmers" means any two bladed, hand operated cutting implement having one ring of a size sufficient to accommodate two or more fingers and a second ring which is smaller and barber shears or scissors possessing a protruding finger rest, but not including animal and agricultural shears and trimmers or metal cutting shears or snips.

Permissible amount of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of scissors more iron and steel in the aggregate than 65% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of scissors.

During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of shears and trimmers more iron and steel in the aggregate than 65% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of shears and trimmers.

SCHEDULE G—HAND HAIR CLIPPERS

Definitions. "Hand hair clippers" means clippers operated by hand, designed for but not limited to use in barber shops, beauty parlors, hospitals or homes for cutting human hair, and including fetlock clippers.

"Length" means the over-all measurement of the article from the tip of the stationary handle to the tip of the cap or head.

"Pattern" means the outline shape of the head, cap and handles, including horns and finger rests of the completed article, without the plates. It does not refer to the finish, color or weight of the article.

Permissible types. No manufacturer shall process metal in the production of any hand hair clippers except those which conform to the following specifications:

General description	Maximum No. of patterns	Maximum No. of lengths
Large heavy duty clippers	1	1
Light weight clippers	1	1
Fetlock clippers	1	1

Permissible amount of metal. During the year beginning July 1, 1943, and during any succeeding year, no manufacturer shall process in the production of new large heavy duty hand hair clippers and fetlock clippers more iron, steel and zinc in the aggregate than 45% of the amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of new large heavy duty hand hair clippers, and fetlock clippers.

During the year beginning July 1, 1943, and during any succeeding year, no manufacturer shall process in the production of new light weight hand hair clippers more iron, steel and zinc in the aggregate than 25% of the amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of new light weight hand hair clippers.

Restrictions on distribution. On and after July 1, 1943, no manufacturer shall transfer the physical possession of or title to any new light weight hand hair clipper produced after that date except to or for the account of persons acquiring such light weight hand hair clippers for export to and consumption or use in a foreign country.

SCHEDULE H—INDUSTRIAL CUTLERY

Definitions. "Industrial cutlery" means hand operated knives or similar articles designed for use primarily in, but not limited to, shoe, rubber, linoleum, electrical and other manufacturing plants; and in the shipbuilding, storage battery, automotive, tire repair, painting, furniture, office supply and other trades; including but not limited to putty knives, scrapers, wallpaper trimmers, paper hangers' knives, casing knives, corner knives, linoleum knives, roofing knives, manual training knives, wood carving knives, pattern makers' knives, stencil knives, rubber knives, shoe knives, cotton sampling knives, broom corn knives, and similar industrial knives; and also adjustable knife blades with detachable handles designed for essential cutting operations.

Permissible amounts of metal. During the period of three calendar months beginning July 1, 1943, and during any succeeding period of three calendar months, no manufacturer shall process in the production of industrial cutlery more iron, steel, and zinc in the aggregate than 200% of the average quarterly amount of iron, steel and other metals in the aggregate processed by such manufacturer during the base period in his production of industrial cutlery.

PART 3292—AUTOMOTIVE VEHICLES, PARTS AND EQUIPMENT

[Limitation Order L-270, Interpretation 3]

APPLICATION OF THE TERM "CAPACITY" IN RELATION TO JACKS IN THE SCHEDULES TO LIMITATION ORDER L-270

In order to remove any uncertainty as to the meaning of the term "capacity", as applied to jacks appearing on Schedules A, B and C to Limitation Order L-270, the following official interpretation is issued:

"Capacity" refers to lifting capacity which shall be measured by load raising ability through the entire jacking range from minimum to maximum height.

PART 3293—CHEMICALS

[Allocation Order M-30, As Amended Feb. 3, 1944, Amdt. 1]

ETHYL ALCOHOL

Section 3293.66 (Allocation Order M-30) is hereby amended in the following respects:

1. In paragraph (c) (1), third line from the bottom of the products listed, the entire line should be omitted, viz "Natural shellac or shellac substitute."

2. In paragraph (c) (2), the following should be added to the list of products: "Natural shellac or shellac substitute."

PART 3294 [1]—IRON AND STEEL PRODUCTION

[Conservation Order M-126 as Amended Mar. 31, 1944]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron and steel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3294.63 [1] *General Conservation Order M-126*—(a) *Definitions.* For the purposes of this order:

(1) The term "iron or steel" does not include "tin plate" and "terne plate" as defined by Supplementary Order M-21—(e), as amended, or screws, nails, rivets, bolts, wire, strapping or small hardware for joining or other similar essential purposes. The term does include stainless steel.

(2) The term "stainless steel" means corrosion or heat resistant alloy iron or alloy steel containing 10 per cent or more of chromium with or without nickel and/or other alloying elements.

(3) "Process" means cut, draw, machine, stamp, melt, cast, forge, roll, turn, spin or otherwise shape.

(4) "Put into process" means the first change by a manufacturer in the form of material from that form in which it is received by him.

(5) The term "assemble" does not include the putting together of an article after delivery to a sales outlet or consumer in knockdown form pursuant to an established custom. The term "as-

[1] Formerly Part 1176, § 1176.1.

semble" also does not include adding finished parts to an otherwise finished article when the location of one or more of the added parts, or the size or type of one or more of the added parts, is determined by the use to which the ultimate consumer is to put the article.

(6) The term "Bessemer processed steel" means steel made by a process, in which air is blown through molten cast iron contained in a converter.

(7) The term "top cut" means that portion of a steel ingot rejected because it is not of sufficiently high quality for use on the order for which the ingot was melted, but which is normally used for some other purpose.

(b) *Restrictions with respect to List A products*—(1) *Raw material deliveries.* No person shall deliver or accept delivery of any iron or steel (including stainless steel) which he knows or has reason to know will be used to make any item on List A, any part thereof or repair part therefor.

(2) *Fabrication: prohibition.* No person shall process any iron or steel (including stainless steel) to make any item on List A, any part thereof or repair part therefor.

(3) *Assembly.* No person shall assemble any item on List A, any part thereof or repair part therefor, if it contains any iron or steel (including stainless steel).

(4) *Finished item deliveries.* No person shall deliver or accept delivery of any item on List A, any part thereof or repair part therefor, which he knows or has reason to know was made, assembled or delivered in violation of any applicable provisions of this order as amended from time to time.

(c) *Exemption for Army-Navy-Maritime orders*—(1) *List C items.* In the case of any item on List C ordered by or for the account of the Army or Navy of the United States, the United States Maritime Commission and the War Shipping Administration, or ordered for physical incorporation into material to be purchased by or for the account of such agencies, the kind and amount of iron or steel required by the specifications (including performance specifications) applicable to the purchase order or contract may be delivered for and used in the manufacture of the item unless List C says otherwise. However, no stainless steel shall be used unless List C specifically says that it may.

(2) *Other items.* In the case of all articles or parts not governed by List A or C (including those articles and parts excepted from List A), when specifications (including performance specifications) of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration call for a particular kind or amount of iron or steel (including stainless steel) the iron or steel specified may be used.

(d) *Restrictions on manufacture when the use of iron and steel is not elsewhere prohibited in this order.* No person shall use any iron or steel to make any article or part for which it would be practicable to use other less scarce material.[1] No person shall use more iron or steel in making any article or part than is necessary. No person shall use any alloy steel (including stainless steel) to make any article or part for which it is practicable to use carbon steel or iron (other than iron included under the definition of stainless steel).

(e) *Restrictions with respect to other scarce materials.* No person shall use as a substitute for any iron or steel (including stainless steel) any material more critical[1] than the material which he is prevented from using by this order.

(f) *Disposition of frozen and excessive inventories.* The disposition of frozen and excessive inventories containing iron or steel (including stainless steel) shall be subject to the applicable provisions of Priorities Regulation No. 13 (§944.34).

(g) *Miscellaneous provisions*—(1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(2) *Appeals.* Any appeal from the provisions of this order must be made on Form WPB–1477 (formerly Form PD-500) and must be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(3) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply whether the items are ordered or manufactured pursuant to a contract made prior to, on, or subsequent to May 5, 1942, or pursuant to a contract supported by a preference rating or allotment insofar as any other order of the War Production Board may have the effect of limiting or curtailing to a greater extent than herein provided the use of any material in the production of any item, the limitations of such order shall be observed.

(4) *Intra-company deliveries.* The restrictions of this order with respect to deliveries prohibit or restrict deliveries not only to other persons, including affiliates or subsidiaries, but also from one branch, division, or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(5) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(6) *Installation.* The restrictions of this order shall not apply to the installation of an item or part for the ultimate consumer on his premises or to any putting into process, processing or assembling of the item or part incidental to the installation when done on the premises of the ultimate consumer.

(7) *Repair.* The restrictions of this order (other than those contained in paragraph (d)) shall not apply to a person repairing a used article on or off the premises of the owner, if the person making the repair does not use iron or steel weighing in the aggregate more than 25 pounds and if any putting into process, processing or assembling done by such person is for the purpose of making the specific repair. This paragraph (g) (7) does not limit the manufacture of repair and maintenance parts when List A permits the making of such parts.

(8) *Restrictions on manufacturing in certain labor areas.* When List A indicates that the manufacture of a particular item is subject to this paragraph (g) (8), no person shall put into process, process, or assemble any iron or steel (including stainless steel) to make any such item or any part thereof, unless such processing or assembling is to take place in a manufacturing establishment located in groups 3 or 4 of the labor market areas as may be from time to time designated by the War Manpower Commission.

Issued this 31st day of March 1944.

Recording Secretary.

LIST A

NOTE: "Book trucks * * *", "Cutlery * * *", "Dish trucks * * *", "Food carts * * *", "Laundry trucks and laundry truck tubs * * *", "Linen trucks * * *", "Pen holders * * *", "Shelf trucks * * *", "Stencils", "Stokers until Sept. 1, 1943 * * *", "Roofing and Siding" and "Stoves and ranges, disc stoves and hot plates * * *", deleted, "Tags and badges * * *" amended March 31, 1944. Other amended items are underscored.

"A" Frames and booms for lighters of 15 ton capacity and under.
Access panels—except as required by Underwriters Codes.
Accessories, soda fountain.*
Accustical ceilings.
Advertising novelties.
Air-conditioning systems—except as may be permitted under Limitation Orders L–38 and L–126.
Aircraft fire walls—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Aircraft seats—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Aircraft toilets—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Amusement park devices and roller coasters.*

[1] The Conservation Division of the War Production Board issues, periodically, a publication showing the relative scarcity of materials entitled "Materials Substitutions and Supply".

*Maintenance and repair parts excepted.

Area walls.
Ash sieves—except as may be permitted under limitation orders in the L–30 series.
Asparagus tongs.
Atomizers, perfume-boudoir.
Attic fans.
Automotive accessories—except those items the production of which as automotive replacement parts is permitted under Limitation Order L–158, as amended from time to time, whether produced as replacement parts or as original or optional equipment for new vehicles.
Automotive heaters—except when produced as replacement parts under Limitation Order L–158.
Awning frames and supports—except that no person shall process during the year 1944, in the manufacture of all awning frames and supports, more than 75% of the amount of iron and steel used by him in making awning frames and supports during the year 1941. All iron and steel used must be from idle or excessive inventories reported to Steel Recovery Corporation or to the War Production Board.
Bag, purse and pocketbook frames—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before June 18, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Balers, paper, for household use.
Ball park equipment including but not limited to:
Cages.*
Fences.
Lighting systems—except lamp bulbs.
Metal bases.
Protective netting.*
Railings.
Rollers.
Score boards.
Screens.*
Seats.*
Tampers.
Banks, personal, toy, miniature.
Barber and beauty shop furniture.
Barber and beauty shop supplies, machines and equipment.*
Barn pushers and scrapers.
Barrel hoops and fittings—except when made with iron or steel other than stainless steel.
Barware and bar accessories.
Bases on refrigerating machines below one H P—except as may be permitted under Limitation Orders L–28 and L–126.
Baskets—(i) except for commercial cooking, industrial and laboratory uses; (ii) except as may be permitted under Limitation Orders in the L–30 series; and (iii) except for agricultural purposes as may be permitted under Limitation Order L–257. Stainless steel may not be used for any basket except for baskets for heat-treating, pickling and plating and for repair and maintenance parts.
Baths, steam, all types.
Bath tubs—except as may be permitted under Limitation Order L–42.
B-B shot for air rifles.
Beach umbrellas—except as may be permitted under Limitation Order L–62.
Bed pans—except when made with iron or steel other than stainless steel and in accordance with Schedule 1 of Limitation Order L–214.
Beds—(i) except hospital beds; and (ii) except other beds when made from material in the inventory of the manufacturer which was put into process to make this item on or before June 18, 1942, and then only subject to paragraph (g) (8) of this order.
Bed spring frames—except as may be permitted under Limitation Order L–49.
Beer kegs—except hoops and fittings for wooden kegs.
Beer mugs.
Beer stands.
Beer steins.
Bench legs—except industrial.
Beverage bottle cases, including but not limited to beer and all soft drinks.
Bicycle racks.
Binding, linoleum—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before December 5, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Binoculars—except for U. S. Government Agencies.
Bins and screens—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Bird cages and bird cage stands.
Bird houses and feeders.
Biscuit boxes—except as may be permitted under Limitation Orders in the L–30 series.
Blackboards.
Blade stroppers, mechanical.
Bleachers and grandstands.*
Blocks, hat.
Blue print machines—(i) except parts coming in contact with chemicals; and (ii) except for other parts when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Boards, sounding.
Boat hooks.
Bobbin heads—except when made with iron or steel other than stainless steel and in accordance with Limitation Order L–98.
Boiler casings—except when made with iron or steel other than stainless steel and in accordance with Limitation Orders L–42, L–185, L–187 and L–199.
Book ends.
Boot jacks.
Bottle coolers—except when made with iron or steel other than stainless steel and in accordance with Limitation Order L–38.
Bottle holders—except hospital.
Bowling alleys, bowling pins and accessories.*
Boxes and trays for jewelry, cutlery, combs and toilet sets.
Boxes, meter, for household use—(i) except covers; and (ii) except reinforcing for concrete.
Braces, extensible steel, trench.
Branding, marking, and labeling devices—except when made with iron or steel other than stainless steel and in accordance with Limitation Orders L–83 and L–302.
Bread and cake boxes, household—except as may be permitted under Limitation Orders in the L–30 series.
Bread slicers for home use—(i) except knives; and (ii) except as may be permitted under Limitation Orders in the L–30 series.
Brewing, distilling, and processing equipment for alcoholic and nonalcoholic beverages, including bottling equipment—except when made with iron or steel other than stainless steel and in accordance with Limitation Order L–292.
Bridge splash guards.
Brush-backs—(i) except industrial; and (ii) except brush-backs other than industrial when made from material in the inventory of the manufacturer which was put into process to make this item on or before August 14, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Buckets and pails—(i) except to fill orders of chemical plants and plants handling explosives and (ii) except to fill other orders when made with iron or steel other than stainless steel and in accordance with Limitation Orders of the L–30 series and L–257.
Buckles for clothing—except as may be permitted under Limitation Order L–66.
Buckles for pocketbooks and shoes—except as may be permitted under Limitation Order L–66.
Builders' hardware—except when made with iron or steel other than stainless steel and in accordance with Limitation Order L–236.
Builders' supplies—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Building ornaments.
Buildings, portable.
Burial lowering devices.
Butter chips.
Butter knives.
Buttons for clothing—except as may be permitted under Limitation Order L–66.
Cabinets—except as may be permitted under Limitation Orders L–19–a, L–42 and Schedule 3 to L–214.
Cafeteria and restaurant equipment—except when made with iron or steel other than stainless steel provided that stainless steel may be used for operating parts for repair and maintenance purposes.
Cake cutters.
Cake icing equipment.
Cake tongs.
Calendar and memo pad stands—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before August 14, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Calliopes or steam organs.
Candy display dishes.
Canes.
Canopies, hoods and supports—except brooder canopies.
Cans, containers and closures—except (i) shipping packages; and (ii) cans, containers and closures as may be permitted under Orders M–81, L–103–b, L–197 and M–261.
Car washing machines—except as may be permitted under Limitation Order L–270.
Carillons.
Carpet rods.
Carriers, casket.*
Carrousels (Merry-go-rounds).*
Carving set holders.
Cash boxes.
Cash registers.*
Casket hardware—except as may be permitted under Limitation Order L–64.
Casket trucks, undertaker's—except wheels.
Ceilings.
Chafing dishes.
Chains and cables—(i) except for heat-treating, pickling and plating; and (ii) except for all other uses when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Chamber pots—except as may be permitted under Limitation Orders in the L–30 series.
Cheese dishes.
Cheese vats—except when made with iron or steel other than stainless steel and in accordance with Limitation Order L–292.
Chicken crates.
Chicken house scrapers.
Christmas tree holders.
Christmas tree ornaments—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before June 18, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Cigar and cigarette holders and cases.
Cigar clippers.
Cigarette lighters—(i) except for spark wheels and springs; and (ii) except for all parts other than spark wheels and springs when made from iron or steel (including stainless steel) acquired from idle or excessive inventories reported to Steel Recovery Corporation or to the War Production Board, and then only subject to the provisions of paragraph (g) (8) of this order.
Cigarette package holders.
Cigarette making machines, hand.
Circus and carnival apparatus, equipment* and devices, including but not limited to:
Animal cages.*
Animal stands.
Tent standers.
Trailers.*
Trapeze bars.
Clamps, hair, including barrettes, decorative clips and fasteners (but not including common bob and hair pins and clamps for hair curling or waving)—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before December 5, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Clips for attaching baggage tags.
Clock cases—except on recording and controlling industrial instruments and heating system control equipment, and then only if made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Clocks, parts other than cases—except when made with iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Clothes hampers.
Clothes lines.
Clothes line pulleys.
Clothes line reels.
Clothes racks and clothes dryers.
Clothes trees.
Clothing trim and dress ornaments—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before August 14, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Coal chutes and doors, household.
Coal pans.
Coasters and trivets for glass and hot containers.
Cocktail glasses.
Cocktail sets.
Cocktail shakers.
Coffee pots—except when made from iron and steel other than stainless steel and in accordance with Limitation Orders of the L–30 series.
Combs, hair—except curry combs.
Compacts.
Control levers—except when made from iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Convectors, local and unit heaters—(i) except for heat controls; and (ii) except for parts other than heat controls when made with iron or steel other than stainless steel and in accordance with Limitation Order L–107.
Conveyors and conveyor chutes—(i) except where subject to high temperature or corrosive action and made in accordance with Supplementary Order M–21–g; and (ii) except when made of iron or steel other than stainless steel and in accordance with any applicable War Production Board orders.
Cooking stoves, commercial, electric—except as may be permitted under Limitation Order L–63.
Copy holders.
Corn poppers and machines.
Cosmetics and toiletries—except as may be permitted under Supplementary Order L–103–b.
Counter tops and edgings.
Covers for automotive leaf-type springs.
Covers and frames, manhole—(i) except for reinforcing for concrete covers.
Covers, meter frame—except for industrial use.
Crochet hooks.
Croquet sets.
Crumb trays—except as may be permitted under Limitation Orders in the L–30 series.
Crutches.
Culverts, including conduits, corrugated pipe and corrugated plates and arches for culverts—(i) except from top cuts and discard steel; (ii) except reinforcing bars for poured concrete; (iii) except other reinforcing made with iron or steel in the form of re-rolled rail stock, top cuts and discard steels; (iv) except nestable culverts for use outside of the continental limits of the United States; and (v) except when made from material in the inventory of the manufacturer which was put into process to make this item on or before June 18, 1942, and then only subject to the provisions of paragraph (g) (8) of this order.
Cups, drinking, of all kinds—(i) except for livestock; and (ii) except as may be permitted under Limitation Orders in the L–30 series.
Cups, other than drinking—(i) except industrial; and (ii) except when made with iron or steel other than stainless steel and in accordance with other applicable War Production Board orders.
Curb guards.
Curler, hair, non-electric—except when made from material in the inventory of the manufacturer which was put into process to make this item on or before June 18, 1942, and then only subject to the provisions of paragraph (g) (8) of this order
Curtain stretchers.
Dampers, fireplace—except as may be specified by the War Housing Critical List.
Darners, sock.
Decorative iron products.
Deodorizing dispensers.
Desk equipment, including but not limited to:
Desk sets.
Desk pads.
Fountain pen and pencil stands.
Letter openers.
Name plates.
Paper weights.
Diaper cans, containers, and receptacles.
Dictaphone racks.
Dinner bells.
Dishes, saucers and plates—except when made with iron or steel other than stainless steel and in accordance with Limitation Orders of the L–30 series.
Dishwashing machines—except commercial dishwashing machines as may be permitted under Limitation Order L–248.
Dishwashing racks, household.
Dispensers, hand, for:
Hand lotions.
Paper products.
Soap.
Straws.
Display forms.
Document stands.
Door chimes.

Binoculars.
Bird cages—for carrier pigeons.
Bird feeders—for carrier pigeons.
Bleachers and grandstands—but only straps and necessary fasteners for demountable wooden bleachers and grandstands.
Boat hooks.
Bobbin heads of non-nickel bearing stainless steel—for use on board ship.
Boiler casings of stainless steel*—for use on board destroyers and where required for corrosion or heat resistance on board ship.
Bottle holders—for use on board ship and in hospitals.
Boxes, meter, and covers.
Brush-backs for bore brushes.
Buckets and pails.**
Buildings, portable.
Cabinets* for mobile units such as maintenance company equipment (truck mounted), spare parts trucks and mobile reproduction units, and for electrical installations, and as may be permitted under Limitation Orders L-13-a, L-62 and Schedule 3 of L-214.
Cabinets of stainless steel for radar equipment.
Cable terminals, fittings and turnbuckles of stainless steel—for aircraft and use on board ship.
Canopies, hoods, and supports.
Cash boxes.
Ceilings—for use on board ship.
Chains and cables.**
Cigarette lighters—when ordered by the Army Exchange Service, the Quartermaster Corps, the Bureau of Naval Personnel and the Marine Corps, for use by the Army, Navy, Marine Corps, Coast Guard, U. S. Maritime Commission, and War Shipping Administration.
Clock bases.
Clothes hampers—for use on board ship.
Clothing trim.
Control levers of stainless steel for aircraft.
Conveyor and conveyor chutes for artillery equipment—stainless steel permitted where required.
Counter tops and edgings—for use on board ship.
Covers and frames, manhole.
Covers, meter frame.
Culverts—for airports, for use outside continental limits of the U. S., and where certified to the manufacturer or supplier as necessary by the Army or Navy engineer in charge.
Cups of all kinds, drinking.
Door stops.
Dust collecting systems and equipment.
Dust covers and enclosures—when specified for military vehicles and artillery items.
Erasing knives.
Fans of stainless steel—for use on board ship and where required for corrosion resistance.
Fences, including chain link, weighing not more than 2 pounds per lineal foot and not more than 0.33 pound per square foot.
Fence posts from iron or steel in the form of re-rolled rail stock.
First aid kit boxes.
Flag holders.
Flag staffs and flag masts—for use on board ship, and on military vehicles.
Flashlights and portable electric lights on fire control instruments.
Floor and ceiling plates for piping—for use on board ship, for military vehicles and artillery items, and where climatic or safety conditions make necessary.

**Stainless steel also permitted but only where required for corrosion or heat resistance or non-magnetic properties.

Push carts.
Push plates and kick plates, door.
Race track apparatus and equipment,* including but not limited to:
Mutuel ticket machines.
Pari-mutuel boards.
Race finish photographic equipment.
Starting gates.
Racks, display.
Racquets.
Radiator enclosures.
Radio antenna—except when made with iron or steel other than stainless steel.
Radio antenna poles*—except on preference ratings of AA-5 or higher.
Railings and barriers—(i) except for essential industrial use; and (ii) for metal fire escapes and fire towers.
Railroad rail joint angle bars over 24" in length*—(i) except for replacement on used rails; and (ii) except for rail weighing more than 110 lbs. per yard.
Reading stands.
Reels, cable and rope.

[Supp. Order 88]

COLLECTION BY RETAILERS OF RETAIL FEDERAL EXCISE TAX ON JEWELRY, FURS AND FUR TRIMMED ARTICLES, TOILET PREPARATIONS AND CERTAIN ITEMS OF LEATHER GOODS

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.* For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, it is hereby ordered:

§ 1305.113 *Collection by retailers of the Retail Federal Excise Tax on jewelry, furs and fur trimmed articles, toilet preparations and certain items of leather goods imposed by the Revenue Act of 1943.* Under this supplementary order retailers may increase the total charge which they are permitted to make under applicable maximum price regulations for the items covered by this order. Retailers may treat the permitted increase in the total charge as an increase in their maximum prices and state their maximum prices as prices including the tax, or retailers may make (or increase) a charge in addition to the maximum price and state the maximum price as a price exclusive of tax. However, no increase in the total charge may be made unless the retailer identifies and states the whole amount of the tax in accordance with the rules for statement of tax contained in this order. Paragraph (a) lists the commodities which are covered by this order. Paragraph (b) indicates the method by which the total permissible charge is to be computed. Paragraph (c) indicates the various methods which retailers may use to state the retail Federal excise tax. Paragraph (d) explains the extent to which uniformity is required in the choice of method.

PART 1305—ADMINISTRATION

(Supp. Order 66)

COLLECTION BY RETAILERS OF RETAIL FEDERAL EXCISE TAX ON JEWELRY, FURS AND FUR TRIMMED ARTICLES, TOILET PREPARATIONS AND CERTAIN ITEMS OF LEATHER GOODS

A statement of the considerations involved in the issuance of this supplementary order, issued simultaneously herewith, has been filed with the Division of the Federal Register.* For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, it is hereby ordered:

§ 1305.113 *Collection by retailers of the Retail Federal Excise Tax on jewelry, furs and fur trimmed articles, toilet preparations and certain items of leather goods imposed by the Revenue Act of 1943.* Under this supplementary order retailers may increase the total charge which they are permitted to make under applicable maximum price regulations for the items covered by this order. Retailers may treat the permitted increase in the total charge as an increase in their maximum prices and state their maximum prices as prices including the tax, or retailers may make (or increase) a charge in addition to the maximum price and state the maximum price as a price exclusive of tax. However, no increase in the total charge may be made unless the retailer identifies and states the whole amount of the tax in accordance with the rules for statement of tax contained in this order. Paragraph (a) lists the commodities which are covered by this order. Paragraph (b) indicates the method by which the total permissible charge is to be computed. Paragraph (c) indicates the various methods which retailers may use to state the retail Federal excise tax. Paragraph (d) explains the extent to which uniformity is required in the choice of method.

(a) *What commodities are covered by this order.* This order does not cover all the commodities which are taxed by the Revenue Act of 1943. It only covers those items which are listed in subparagraph (1) below.

(1) *List of commodities covered by this order.* The following commodities are covered:

(i) Jewelry, including:
Watches retailing for more than $65.
Alarm clocks retailing for more than $5.
Synthetic stones and cultured pearls and mountings containing synthetic stones and cultured pearls.
Semi-precious stones after sale by the cutter when the cutter has received $100 or less for the stone and mountings containing the semi-precious stones.
Articles made of, or ornamented, mounted or fitted with precious metals or imitations thereof.
Gold, goldplated, silver or sterling silver flatware or hollow ware.
Opera glasses.
Lorgnettes.
Marine glasses.

*Copies may be obtained from the Office of Price Administration.

Field glasses.
Binoculars.
(ii) Fur articles.
(iii) Fur trimmed articles of which the fur is the component material of chief value.
(iv) The following items:
Brief cases made of leather or imitation leather.
Beach bags.
Bathing suit bags.
Purses.
Handbags.
Pocketbooks.
Wallets.
Billfolds.
Card, pass and key cases.
Toilet cases and other cases, bags and kits (without regard to size, shape, construction or material from which made) for use in carrying toilet articles.
(v) Toilet preparations.

(2) *List of jewelry, luggage and furs not covered by this order.* This order does not apply to the following commodities which are designated as jewelry, luggage and furs respectively under the Revenue Act of 1943:

(i) Precious stones, mountings containing precious stones, semi-precious stones after sale by the cutter for which the cutter has received more than $100 for the sale of the stone, and the mountings containing those semi-precious stones. These items are exempt from price control. They are, however, not exempt from the provisions of the Revenue Act of 1943.
(ii) Watches retailing for not more than $65, and alarm clocks retailing for not more than $5. The retail Federal excise tax imposed on these items has not been changed by the Revenue Act of 1943.
(iii) Silverplated flatware. These items are exempt from the provisions of the Revenue Act of 1943.
(iv) Luggage for which maximum retail prices are established by Maximum Price Regulation No. 476.[1] The method which retailers will use to collect the retail Federal excise tax on luggage is provided in an amendment to that regulation.
(v) Fur garments wholesaling for $8,000 or more. These items are exempt from price control. They are, however, not exempt from the provisions of the Revenue Act of 1943.

(3) *What regulations are modified by this order.* This order modifies § 1499.7 of the General Maximum Price Regulation,[2] § 1389.156 of Maximum Price Regulation No. 178,[3] § 1389.559 (a) (3) of Maximum Price Regulation No. 330,[4] section 15 of Maximum Price Regulation No. 392,[5] section 16 of Maximum Price Regulation No. 393,[6] Maximum Price Regulation No. 142,[7] and Maximum Price Regulation No. 210,[8] for the purpose of establishing the rules governing the collection of the retail Federal excise tax imposed by the Revenue Act of 1943 on sales of the commodities listed in paragraph (a) (1) above.

(b) *How retailers compute the total permissible charge including the additional tax.* If you are a retailer, you compute the total charge inclusive of the retail Federal excise tax which you may make as follows:

(1) You deduct from your previously established maximum price the amount (if any) of the retail Federal excise tax which was included in the price.
(2) You add to your price exclusive of tax, as computed under subparagraph (1), 20% of that price. The resulting figure is the total price inclusive of tax which you may now charge.

Example. If your ceiling price for an item of jewelry is $11, tax included, you must first deduct 1/11 (one eleventh) from $11, and $10 is your maximum price exclusive of tax. If your maximum price for an item of jewelry is $10 plus tax, then $10 is your maximum price, exclusive of the excise tax. In either case, if you now sell the item for $10, you multiply $10 by 20% ($10 x 20% = $2). The resulting figure ($2) is the amount of the retail Federal excise tax on your ceiling price and the total charge which you can make is $12.00.

(c) *What constitutes a proper statement of the tax.* If you wish to increase the total charge which you are permitted to make by an amount to cover any part of the increase in the retail Federal excise tax (or the new tax) imposed by the Revenue Act of 1943, you must properly state the whole tax. For the purposes of this order, the tax shall be deemed to be properly stated if you comply with the following requirements:

(1) *Advertising.* All advertisements which state prices, must separately state the tax for every item covered by this order in one of the following ways:

(i) You may state your price exclusive of tax, but indicate in the advertisement that the purchaser will have to pay a tax in addition to the price.
(ii) You may state the total price inclusive of the retail Federal excise tax with a notation following the price that the price includes the 20% retail Federal excise tax. A statement in the following form is sufficient: Price $1.20, 20% tax incl. A statement "tax incl." which does not state the percentage is not sufficient.
(iii) You may indicate somewhere in the layout that the prices for sales of designated items covered by this order include 20% tax.

(2) *Catalogues.* In all catalogues which include prices, you must state the retail Federal excise tax for items covered by this order in one of the following ways:

(i) You may state your price as a price exclusive of tax, but indicate in the catalogue the amount of the tax, either in dollars and cents or as a percentage which the purchaser has to pay in addition to the price.
(ii) You may state the total price inclusive of the retail Federal excise tax with a notation following the price that the price includes the 20% retail Federal excise tax. A statement in the following form will be sufficient: Price $1.20, 20% tax incl. A statement "tax incl." which does not state the percentage is not sufficient.
(iii) You may indicate on each page of the catalogue listing the commodities covered by this order that the prices for designated items include the 20% retail Federal excise tax.

The requirements with respect to catalogues apply only to catalogues which are issued subsequent to April 1, 1944. This order does not require that catalogues which have been issued prior to this date be changed. However, if your catalogue has been issued prior to April 1, 1944, you may collect the increase in the tax (or the new tax) if you disclose to your purchaser the full amount of the tax at the time that the purchaser is first notified by you of the additional charge for taxes.

(3) *Sales slips and other evidence of sale.* All sales slips or other evidences of sale which you give to your customers, must state the retail Federal excise tax for every item covered by this order in one of the following ways:

(i) You may state the dollars and cents amount of the tax separately from the price.
(ii) You may state the total price inclusive of the retail Federal excise tax with a notation on the sales slip that the price includes the 20% retail Federal excise tax. A statement in the following form is sufficient: Price $1.20, 20% tax incl. A statement "tax incl." which does not state the percentage is not sufficient.
(iii) You may set forth somewhere on the sales slip or receipt, or on a separate slip, that the prices for sales of designated items covered by this order, include 20% tax.

(4) *Sales made in retail stores.* In addition to stating the tax separately on all advertisements, catalogues, and sales slips, on sales made in your store of items covered by this order, you may collect the increase in the retail Federal excise tax (or the new tax) only if you notify your purchasers prior to the consummation of the sale of the whole amount of the tax. This notification must be accomplished in one of the following ways:

(i) You may state on price tags your price exclusive of the retail Federal excise tax but indicate either on the tag or on a readable notice posted near the point of sale the amount of the tax either in dollars and cents or as a percentage that the purchaser will have to pay in addition to the price.
(ii) You may state the total price on the tag with a notation that the price includes the 20% retail Federal excise tax. A statement in the following form is sufficient: Price $1.20, 20% tax incl. A statement "tax incl." which does not state the percentage is not sufficient.
(iii) You may display a poster or sign stating that the prices of designated commodities covered by this order include the 20% retail Federal excise tax. The statement must be posted at the place or places where the commodities are being offered for sale. It must be plainly visible to any purchaser, must be in easily readable lettering and must be large enough to allow all purchasers to read it from the normal place of purchase.

(d) *The extent to which uniformity is required in the application of these requirements.* It is not necessary that you elect and use the same method of stat-

PART 1378—PERSONAL AND HOUSEHOLD ACCESSORIES

[MPR 476,[1] Amdt. 3]

LUGGAGE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Maximum Price Regulation No. 476 is amended in the following respects:

1. Section 4 is amended to read as set forth below:

SEC. 4. *Manufacturers must calculate retail ceiling prices.* If you are a manufacturer, you must calculate the retail ceiling price for each item of luggage in the following manner:

First, find your ceiling price (f. o. b. factory, exclusive of federal excise tax) to the class of retailers which contained the largest number of your customers during August 1943. Multiply that price by 1.82. To that figure you may add the manufacturer's federal excise tax for all items in your factory on and after April 1, 1944, for which you have paid the manufacturer's federal excise tax or for which you are obligated to pay the Manufacturer's federal excise tax. The resulting figure may be adjusted to the nearest $0.05. The resulting price is the ceiling price exclusive of retail federal excise tax for all sales of the item at retail.

For example, if your ceiling price for sales to the class of retailers which contained the largest number of customers during August 1943 of a certain men's wardrobe is $10.00, exclusive of federal excise tax, you multiply that price by 1.82, obtaining $18.20. If you have not paid a manufacturer's excise tax, this price is the ceiling price exclusive of retail federal excise tax for all sales at retail. If you have paid or are obligated to pay the manufacturer's excise tax, you add $1.00 (the amount of the manufacturer's excise tax) to $18.20. The resulting figure ($19.20) is then the ceiling price exclusive of the retail Federal excise tax for all sales at retail.

2. Section 5 (b) is amended to read as follows:

(b) On and after November 1, 1943, if you are a manufacturer, you may not deliver any item of luggage unless the retail price tag described below is attached to it. On and after November 15, 1943, if you are a jobber, you may not deliver any item of luggage unless the retail price tag is attached to it, and on and after November 30, 1943, if you are a retailer, you may not offer for sale, sell, or deliver any item of luggage unless the price tag is attached to it.

The tag must be a durable one and must be securely attached to the top or handle of the luggage. It must contain in easily readable lettering the retail ceiling price exclusive of the retail tax, manufacturer's lot number and size of the luggage, a space in which the retailer may insert his selling price and a space for insertion of the amount of the federal excise tax. The statement shall be in the following form:

OPA retail ceiling price, exclusive of retail federal excise tax.....
Selling Price.....
Retail Federal Excise Tax.....
Lot Number.....
Size.....

Do Not Detach

The tag may not be removed until after the luggage has been delivered to the retail purchaser.

3. Section 8 (a) is amended to read as follows:

(a) Section 4 of this regulation requires each manufacturer to calculate the retail ceiling price exclusive of the retail federal excise tax for each item of luggage he delivers to you on and after November 1, 1943. If you are a retailer, the price so calculated is the ceiling price, exclusive of the retail federal excise tax for all sales of such luggage by you to consumers. You will find the retail ceiling price on the tag which section 5 requires the manufacture to attach to each item. In addition to the retail ceiling price listed on the tag, you may also collect the real federal excise tax if it is separately stated. You will find on each tag a blank space to list the tax. Before you sell, offer to sell, or deliver any item of luggage with the tag attached, you must fill the blank space with your selling price and the amount of the retail federal excise tax. You may not sell the item of luggage at a price higher than the sum of the ceiling price and the retail federal excise tax, which you have marked on the tag.

4. Section 10 is amended to read as set forth below:

SEC. 10. *Ceiling prices for sales by jobbers of luggage with tags attached.* If you are a jobber, you must determine your ceiling price for sales to retailers of any item of luggage to which a retail ceiling price tag has been attached by deducting 35 percent from the retail ceiling price. The retail ceiling price will not contain the retail federal excise tax but may contain the manufacturer's excise tax. The price so arrived at is your ceiling price inclusive of all federal taxes except the retail federal excise tax.

The ceiling prices established for jobbers' sales by this section and by section 11 of this regulation are the ceiling prices for sales to any person for resale, including all sales by jobbers to jobbers, by retailers to jobbers and by retailers to other retailers.

5. Section 12 is amended to read as set forth below:

SEC. 12. *Taxes.* The retail ceiling prices established under this regulation do not include the retail federal excise tax. The retail federal excise tax and any other tax upon the sale of any item of luggage imposed by any statute or ordinance of any state or subdivision thereof may be collected in addition to the ceiling price, if it is separately stated.

6. Section 5 (c) is hereby revoked.

This amendment shall become effective on the 1st day of April 1944.

PART 1305—ADMINISTRATION

[Gen. RO 17]

EXPORT OF RATIONED FOODS

Procedures covering the ways in which rationed foods are acquired for export and exported rationed foods are replaced are at present provided in the respective ration orders covering the foods exported. Experience in the operation of the rationing program has shown that certain technical changes should be made to facilitate its operation in this respect. Thus, this order replaces such procedures and provides a uniform procedure by which points may be obtained for the acquisition of all rationed foods for export and covering the replacement of rationed foods exported. While in some respects this order simplifies existing procedures, it does not in any way change the substantive rights of any person acquiring or replacing such foods. Nor does it affect in any way the control over exports exercised by other government agencies, such as the Foreign Economic Administration; but merely provides ways in which rationed foods may be obtained for export as permitted by the regulations of the responsible government agencies, and by which rationed foods so exported may be replaced.

§ 1305.111 *Export of rationed foods.* Under the authority vested in the Administrator by Executive Orders 9125 and 9280, issued by the President on April 7, 1942, and December 5, 1942, respectively, Directive No. 1, issued by the War Production Board on January 24, 1942, and Supplementary Directives thereto and Food Directives Nos. 1, 3, 5, 6, and 7 issued by the Secretary of Agriculture, General Ration Order 17 (Export of Rationed Foods), which is annexed hereto and made a part hereof, is hereby issued.

AUTHORITY: § 1305.111 issued under Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421, 507, and 729, 77th Cong.; E.O. 9125, 7 F.R. 2719; E.O. 9280, 7 F.R. 10179; WPB Dir. 1, 7 F.R. 562; WPB Supp. Dir. 1–E, 7 F.R. 2965; WPB Supp. Dir. 1–M, 7 F.R. 8234; WPB Supp. Dir. 1–R, 7 F.R. 9684; Food Dir. 1, 6 F.R. 827; Food Dir. 3, 8 F.R. 2005; Food Dir. 5, 8 F.R. 2251; Food Dir. 6, 8 F.R. 3471; Food Dir. 7, 8 F.R. 3471.

11. Definitions.

SECTION 1. *Scope of this order.* This order covers the acquisition of rationed foods for export and the replacement of rationed foods exported.

SEC. 2. *Who may export rationed foods.* Any person may export rationed foods to a foreign country or to any territory or possession of the United States (other than the District of Columbia) without giving up or receiving ration evidences.

SEC. 3. *Export of rationed foods to certain persons.* Rationed foods are considered "exported" under this order, even though not as yet sent out of the country, if they are properly mailed to one of the following addresses, to a person who has been assigned that address:

(a) Any Army Post Office address at one of the following cities:

Boston, Massachusetts.
Charleston, South Carolina.
Hampton Roads, Virginia.
Miami, Florida.
New Orleans, Louisiana.
New York, New York.
San Francisco, California.
Seattle, Washington.

(b) A Fleet Post Office address at one of the following cities:

New York, New York.
San Francisco, California.

SEC. 4. *How evidences may be obtained to acquire rationed foods for export.* (a) Any person who desires to export rationed foods to any foreign country or to any territory or possession of the United States (other than the District of Columbia) may apply to the district office on OPA Form No. R–315, for evidences with which to acquire those rationed foods. The application must show:

(1) His name and address. (If the export is to be made in the course of his business, the applicant's business address should be given; if not, his residence address);

(2) The port (or other shipping point) from which the rationed foods will be shipped, and how they are to be shipped; or, if the rationed foods are to be exported by mail, the address of the post office from which they will be mailed;

(3) The name and address of the person to whom the rationed foods are to be exported;

(4) The amount, by item, of each rationed food to be exported.

(However, military or naval information which is secret in nature need not be disclosed.)

(b) If the district office finds that the rationed foods for which the application is made will be exported, it shall issue ration evidences for the amount of rationed foods to be exported.

(c) No person may use rationed foods acquired with ration evidences issued under this section for any purpose other than export. However, if he is unable to export any such rationed foods, he may dispose of them by transfer or delivery in the way that a "retailer" is permitted under the ration order covering that food. Immediately after so disposing of the rationed foods he must give up to the district office evidences covering the amount of rationed foods so transferred or delivered.

SEC. 5. *All advances must be accounted for.* A person who received evidences under section 4, must within 30 days after receiving them, account to the district office for all evidences so received, by giving proof of export, or by returning to the district office evidences for the difference between the value of those received and the value of the rationed foods exported.

SEC. 6. *How a person who has not received an advance obtains replacement.* A registered retailer, wholesaler, primary distributor (under Ration Order 16), or processor or country shipper (under Ration Order 13) who exported foods covered by the order under which he is registered and who did not receive evidences for the food, either under section 4 or in any other way, may apply to the district office on O. P. A. Form R–315 for evidences covering the amount of the rationed food exported. He must submit proof of export with his application. If the district office finds he exported rationed food and that he has not already received evidences for such food, it shall issue to him evidences for the amount of rationed food he exported.

SEC. 7. *Proof of export.* (a) Any person who needs to submit proof of export under section 5 or 6, must, unless the foods are exported by mail, submit a copy of a shipper's Export Declaration (Commerce Form 7525) to the district office within 30 days after the export. The declaration must contain a description of the rationed foods exported, showing the amount of each, and a statement signed by an authorized customs official that, to the best of his knowledge and belief, such rationed foods were exported by such person.

(b) If export rationed foods were consigned to an agency of the United States, and no Shipper's Export Declaration was filed at the time of the shipment, the exporter may submit, instead of such declaration, a bill of lading, manifest, or other satisfactory evidence that the rationed foods were actually exported to such agency of the United States.

(c) If the rationed foods are exported by mail, the person exporting them shall obtain from the post office a certificate of mailing (Post Office Form No. 2965, 3817, 3877, 3881, or 3882) in which, at the time of mailing, he shall write his name and address and the name and address of the person to whom the rationed foods are being mailed. A statement signed by the person mailing the package, describing the kinds and amount of rationed foods contained in the package, shall be attached to the certificate. The certificate of mailing and any accompanying statements required by this paragraph, must be submitted to the district office within 15 days after mailing.

(d) An agency of the United States which has exported rationed foods need not submit any formal proof of export, in order to obtain replacement and need not account for evidences advanced under section 4.

NOTE: Exceptions to this section are set forth in sections 8 and 9.

SEC. 8. *How consumers who take rationed foods outside the United States acquire them.* (a) Any consumer, except a member of the armed forces of the United States or of one of the United Nations, who is leaving the Continental United States and who wishes to take rationed foods outside the Continental United States for his personal use or for the use of members of his family, may apply to the district office for evidences to acquire those foods.

(b) Application shall be made to the district office, on OPA Form R–315, by the consumer or by an authorized agent. The application must show:

(1) The consumer's name and address;

(2) His destination;

(3) His method of departure from the United States (ship, airplane, train);

(4) The amounts and kinds of rationed foods he wishes to acquire;

(5) That the rationed foods are to be consumed by him or by members of his family, outside the Continental United States.

(However, military or naval information which is secret in nature need not be disclosed.)

(c) If the district office finds that the facts stated in the application are true, it shall issue to the applicant evidences for the amount of rationed foods he will export.

(d) If the applicant does not take the rationed foods outside the Continental United States within 30 days after the evidences have been issued to him by the district office, he must report such fact to the district office in writing. If the evidences have not been used, they must be surrendered to the district office. If the evidences have been used to acquire any rationed food, the consumer may dispose of the food by transfer or delivery in the way a "retailer" is permitted under the ration order covering that food. Immediately after such disposition he must give up to the district office evidences

*Copies may be obtained from the Office of Price Administration.

[1] 8 F.R. 13977, 15193, 17414.

covering the amount of rationed foods so transferred or delivered.

SEC. 9. *How members of the armed forces of the United Nations may obtain rationed foods for personal export.* (a) A member of the armed forces of the United States, or of one of the United Nations, who is leaving the Continental United States and who wishes to take rationed foods outside the Continental United States, may apply to the district office for evidences to acquire those foods.

(b) Application shall be made to the district office, on OPA Form R-315, by the consumer or by an authorized agent. The application must show:

(1) The applicant's name and address;

(2) That the applicant is a member of the armed forces of the United States or of one of the United Nations;

(3) The amounts and kinds of rationed foods he wishes to acquire.

He shall submit with the application a certification by his commanding officer that the applicant is authorized personally to export the amount of rationed foods requested. (However, military or naval information which is secret in nature need not be disclosed.)

(c) If the district office finds that the facts stated in the application are true and that the applicant will export the foods for which the application is made, it shall issue to the applicant evidences for the amount of rationed foods he will export.

(d) If the applicant does not take the rationed foods outside the Continental United States within 30 days after the evidences have been issued to him by the district office, he must account for them in the way provided in section 8 (d).

SEC. 10. *Ration bank accounts for exporters.* (a) Every person who is engaged in a business which involves the export of rationed foods may open a ration bank account, in accordance with the provisions of Revised General Ration Order 3A, for each such rationed food he exports, (for which he does not already have an account), in the same way that a "wholesaler" registered under the provisions of the order rationing that food may open an account. (However, such an exporter is not, merely because of his exports, required to register as a "wholesaler" under such ration order.)

(b) Only ration evidences received to acquire rationed foods for export may be deposited in an account opened under this section and checks may be issued against that account only to acquire rationed foods for export or to account to the district office for evidences received to acquire such foods.

SEC. 11. *Definitions.* When used in this order:

(a) "Acquire" means obtain possession or title.

(b) "Consumer" means any individual who acquires rationed foods for personal use.

(c) "District Office" means the district office of the Office of Price Administration for the place where the applicant resides or, if the export is made in the course of the applicant's business, the district office for the place where his principal business office is located.

(d) "Evidences" or "ration evidences" means documents issued by the Office of Price Administration authorizing the transfer, delivery, or acquisition of rationed foods and includes stamps, coupons, ration checks, and certificates.

(e) "Order" or "ration order" means any food ration order issued by the Office of Price Administration.

(f) "Person" means not only an individual, but also a partnership, corporation, association, or business trust and includes a government, government agency, and any other organized group or enterprise.

(g) "Rationed foods" means "sugar", "foods covered by Ration Order 16", or "processed foods", which terms have the meaning given to them in Rationing Order No. 3 and Ration Orders 16 and 13, respectively.

This order shall become effective April 5, 1944.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 31st day of March 1944.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 422,[1] Amdt. 12]

CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 422 is amended in the following respects:

1. A new paragraph (j) is added to section 20 to read as follows:

(j) *Poultry bought live, dressed or drawn and sold in parts*—(1) *"Cut-up poultry".* If you buy poultry live, dressed or drawn, and you sell such poultry in parts which are "cut-up poultry" as defined in Revised Maximum Price Regulation No. 269,[2] you shall figure your ceiling price for each item of such "cut-up poultry" as though you had bought it "cut-up", using as your "net cost" per pound the lowest ceiling price per pound fixed by Revised Maximum Price Regulation No. 269, which would apply to sales to you by your customary type of supplier delivered to your usual receiving point, of such "cut-up poultry" items during the week in which you are figuring your ceiling price for the item. To that "net cost", you shall apply the mark-up applicable to that kind of poultry bought cut-up and sold cut-up. The resulting figure will be your ceiling price per pound for that item of "cut-up poultry".

(2) *Poultry other than "cut-up poultry".* If you buy poultry live, dressed or drawn and you sell such poultry in parts (other than split, or in quarters) which are not "cut-up poultry" as defined in Revised Maximum Price Regulation No. 269, you shall figure a separate ceiling price for each of such parts. You must use as your "net cost" per pound for each of such parts the lowest ceiling price per pound fixed by Revised Maximum Price Regulation No. 269 which would apply to sales to you by your customary type of supplier delivered to your usual receiving point, of such part, during the week in which you are figuring your ceiling price for the item. To that "net cost", you shall apply the mark-up applicable to that kind of poultry bought cut-up and sold cut-up. The resulting figure will be your ceiling price per pound for such parts.

2. Section 29 (b) (3) is amended to read as follows:

(3) *Poultry.* "Poultry" means all chickens, ducks, geese and turkeys in any form, excluding "started" poultry sold for breeding purposes, canned poultry and cooked or smoked poultry. Poultry which is drawn by a retailer shall be priced in accordance with the provisions of section 20 (j). Poultry which is bought live, dressed or drawn and is sold by the retailer "cut-up" or in parts, shall be priced in accordance with the provisions of section 20 (j). "Frozen poultry" is as defined in Revised Maximum Price Regulation No. 269, except that the first sentence of § 1429.19 (i) (4) (ix) shall not apply. Unless the context otherwise requires, the definitions set forth in §§ 1429.17, 1429.19, 1429.20 and 1429.21 of Revised Maximum Price Regulation No. 269 shall apply to terms used herein wherever applicable.

This amendment shall become effective April 6, 1944.

PART 1364—FRESH, CURED AND CANNED MEAT AND FISH PRODUCTS

[MPR 507,[1] Amdt. 1]

CEILING PRICES OF CERTAIN FRESH FISH AND SEAFOOD SOLD AT RETAIL

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation No. 507 is amended in the following respects:

1. Section 15 (a) (1) is amended to read as follows:

SEC. 15. *How you figure your ceiling price for items which you "process"*—(a) *Fresh fish*—(1) *"Net cost".* If, prior to offering any item of fresh fish for sale, you "process" it by changing its form to either drawn, dressed, dressed and skinned, fillets, cuts or steaks (sliced), you will figure your "net cost" as though you had purchased the item already processed. Your "net cost" for any style of dressing is the price, fixed at the time you process it, for that style of dressing in Maximum Price Regulation No. 418,[2] as listed in the table of prices covering your supplier's sales to you. (Add the transportation and container allowances permitted in Maximum Price Regulation No. 418.) If the item which you "process" is one which you purchased from a producer under Table A in Maximum Price Regulation No. 418, your "net cost" is the price, fixed at the time you process it, for that style of dressing in Table B of Maximum Price Regulation No. 418.

If, prior to offering any item of fresh fish for sale, you "process" it by changing its form to cuts or steaks (sliced), and if Maximum Price Regulation No. 418 does not fix a price for that style of dressing, you will figure your "net cost" as follows:

(i) For salt-water fish, find the price per pound fixed at the time you process it in Maximum Price Regulation No. 418 in the table of prices covering your supplier's sales to you of that kind of fish bought dressed. (If the item which you process is one which you purchased from a producer under Table A of Maximum Price Regulation No. 418, use the dressed price, fixed at the time you process it, in Table B of Maximum Price Regulation No. 418.) Multiply that price by 1.40. (Add the transportation and container allowances permitted in Maximum Price Regulation No. 418.) The resulting figure will be your "net cost" per pound for the item.

(ii) For fresh-water fish, find the price per pound fixed at the time you process it in Maximum Price Regulation No. 418 in the table of prices covering your supplier's sales to you of that kind of fish bought round. Multiply that price by 1.45. (Add the transportation and container allowances permitted in Maximum Price Regulation No. 418.) The resulting figure will be your "net cost" per pound for the item.

If you received deliveries from more than one type of supplier, use the table price in Maximum Price Regulation No. 418 applicable to the type of supplier from whom you received the largest single delivery.

NOTE: This paragraph (a) applies only to processing which changes the item to one of the following major styles of dressing: drawn, dressed, dressed and skinned, fillets, cuts or steaks.

2. In section 15 (a) (2), two new undesignated paragraphs are added to read as follows:

Or, for example, if in the month of March you purchase haddock (a salt-water fish) round, drawn, or dressed, from a cash-and-carry wholesaler (Table D) under Maximum Price Regulation No. 418, and if, prior to offering the haddock for sale, you change its form to steaks (sliced) your "net cost" under this regulation is the Table D price listed in Maximum Price Regulation No. 418 for dressed haddock multiplied by 1.40 (plus transportation and container allowances permitted in Maximum Price Regulation No. 418). To figure your ceiling price, add to your "net cost" the per pound mark-up given your group of store for haddock in the table covering fillets, cuts and steaks sold as purchased.

However, if in the month of March you purchase Canadian pickerel (a fresh-water fish) round, gutted, or headed and gutted, from a cash-and-carry wholesaler (Table D) under Maximum Price Regulation No. 418, and if, prior to offering the pickerel for sale you change its form to steaks (sliced) your "net cost" under this regulation is the Table D price listed in Maximum Price Regulation No. 418 for round Canadian pickerel multiplied by 1.45 (plus transportation and container allowances permitted in Maximum Price Regulation No. 418). To figure your ceiling price, add to your "net cost" the per pound mark-up given your group of store for Canadian pickerel in the table covering fillets, cuts and steaks sold as purchased.

3. In section 26, I, items (18), (41), (42), (43), (44), and (45) in Table A are amended to read as follows:

CENTS-PER-POUND MARK-UPS OVER "NET COST" ALLOWED TO RETAILERS FOR FRESH FISH AND SEAFOOD COVERED BY THIS REGULATION, BY SPECIES, FOR THE MONTHS OF JANUARY, FEBRUARY, AND MARCH

Kind of fish	Whole fish, sold on gross weight basis and prepared to customer's order[1]		Fillets, cuts and steaks sold as purchased[1]

PART 1377—WOODEN CONTAINERS

[MPR 461,[1] Amdt. 3]

SLACK COOPERAGE AND COOPERAGE STOCK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum Price Regulation 461 is amended in the following respects:

1. The title is amended to read "Slack Cooperage and Cooperage Stock."

2. The phrase "slack staves, slack heading and slack cooperage" is deleted from the heading and text of § 1377.303, the heading and item 1 of the table of contents, and from the heading and text of section 1. In its place is inserted the phrase "slack cooperage and cooperage stock."

3. In section 3, paragraph (b) a new unlettered paragraph is added to read as follows:

The term "wood hoops," as used in this regulation, includes all knife-cut, beveled barrel or keg hoops and headliners made of wood and produced in Arkansas, Louisiana, Indiana or Ohio.

4. Section 4 is amended to read as follows:

SEC. 4. *Maximum prices for slack cooperage stock.*—(a) *Factory or mill sales.* In direct factory sales of more than 6,000 pounds, that is, sales made by the producing factory, the maximum prices, f. o. b. mill or railhead, for slack cooperage stock are those contained in the Tables I and II below:

TABLE I—SLACK STAVES, KNIFE CUT, HARDWOOD, AIR-DRIED, JOINTED

12"	$1.25	$1.50
18"	1.50	1.75

On shipments of staves, headings and/or hoops of 6,000 pounds or less from a producing factory, a mark-up of 10 percent may be added to the maximum prices contained in the schedule;

(b) *Warehouse sales.* In warehouse sales the maximum prices for slack cooperage stock shall be the maximum f. o. b. producing factory price plus the warehouseman's average percentage mark-up on the same items in March 1942 plus average inbound freight from the producing factory to the warehouse.

As used in this regulation a "warehouse sale" is a sale in which shipment or delivery is made from an established storage or distribution place located and operated independently of the producing mill or factory. No shipment from a stave, heading, or hoop mill may be considered a "warehouse sale".

Average inbound freight is to be weighted by the quantity in the warehouse at the time of making the computation. The average must be figured at least once each month, and must be used in computing prices during the succeeding month.

As used in this regulation the term "warehouseman" is one who maintains an established storage or distribution place, located and operated independently of a producing mill or factory and from which shipments of cooperage stock are made.

(c) *Sales by dealers or merchants.* In sales by dealers or merchants of purchased stock the maximum prices for slack cooperage stock shall be the maximum f. o. b. producing factory price for a similar sale plus the following mark-ups:

	Per M
Staves	$0.50
	Per C Sets
Heading:	
15" and less in diameter	$0.25
Over 15" to 17⅛" in diameter	.35
17⅛" and over in diameter	.50
	Per M
Hoops:	
4'6" to 6'9", inclusive	$0.50
3' to 4'3", inclusive	.30

As used in this regulation the term "dealer or merchant" is one who, although he does not take actual physical possession, buys, takes title to, resells and assumes credit risks and responsibility for grade and count. No producer may qualify as a dealer or merchant under this regulation of products which he has produced.

5. In section 15, paragraph (b) is amended to read as follows:

(b) *Second Revised Maximum Export Price Regulation.*[2] The maximum prices for export sales of products covered by this regulation are governed by the Second Revised Maximum Export Price Regulation.

This amendment shall become effective April 6, 1944.

PART 1418—TERRITORIES AND POSSESSIONS

[RMPR 183,[2] Amdt. 30]

PUERTO RICO

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 183 is amended in the following respects:

1. Section 24 Table 8 is amended by adding a new item to read as follows:

Item and Brand Names	Unit	Price to wholesaler	Price at wholesale	Retail price per unit
Tomato sauce: Cock Robin	Carton 72/8 oz. tins	$4.35	$4.00	$0.09

2. Section 54 (a) (1) Group C is amended by adding a new item to read:

"Dresses and suits (children's) sizes 12 or under in dresses and 16 or under in suits, having a direct cost to the importer of more than $18.00 per dozen".

3. Section 54 (g) (3) is amended to read as follows:

(3) All entries in the textile reference book shall be made in numerical sequence. All imported textile products in inventory on November 22, 1943, shall be recorded before entries are made of any items subsequently received. Before the first entry on such inventory the seller shall state: "Inventory as of November 22, 1943". Prior to recording each subsequent delivery of any items in the textile reference book, the seller shall note: "New merchandise received after November 22, 1943". Imported textile products received by the seller which are identical to products earlier entered into the Reference Book shall be reentered under a new reference stock number.

This amendment shall become effective April 6, 1944.

PART 1499—COMMODITIES AND SERVICES

[Rev. SR 14 to GMPR, Amdt. 112]

MAXIMUM PRICES FOR PROCESSORS OF CERTAIN WINES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Supplementary Regulation No. 14 is amended in the following respects:

1. Section 2.14 (a) is amended to read as follows:

(a) *Maximum prices for processors.* Any processor of fruit wines, berry wines, and grape wines (other than California grape wines) may add to the maximum price established for him under § 1499.2 of the General Maximum Price Regulation, with respect to any brand, type, quality, and container size of such wines, the amount of any new tax or any increase in an existing tax incident to the sale, delivery, processing or use thereof which is imposed upon such processor or any prior vendor after March 31, 1942, with respect to fruit wines, berry wines and grape wines (other than California grape wines), by any statute of the United States or statute or ordinance of any state or subdivision thereof: *Provided*, That the amount of such tax or increase in such tax shall have been paid or shall have accrued and be payable by such processor to the proper taxing authorities or to any prior vendor, with respect to any particular quantity of such fruit wines, berry wines and grape wines (other than California grape wines) in question.

2. Section 2.14 (b) is hereby revoked.

3. Section 2.14 (c) is redesignated 2.14 (b).

4. A new section 2.14 (c) is added to read as follows:

(c) *Treatment of increase effective April 1, 1944, in United States excise taxes.* (1) On and after April 1, 1944, every processor must state upon each invoice to any class of customers (except monopoly states and consumers) that the prices stated in the invoice include the increase effective April 1, 1944, in United States excise taxes and that no markup may be applied to the amount of such tax increase. A statement in substantially the following language upon the face of the invoice shall be deemed compliance with this section:

Our invoice prices include the increase effective April 1, 1944 in United States excise taxes. Office of Price Administration regulations prohibit a markup on the amount of that tax increase.

(2) For sales to monopoly states every processor who was heretofore required to separately state the amount of any tax which became effective after March 31, 1942, on the invoice issued in connection with each sale, or on a statement made in connection with any offer to sell, shall continue to do so notwithstanding the provisions of paragraph (1) hereof.

5. The headnote of section 2.15 (a) is amended to read as follows:

(a) *Maximum prices for processors.*

6. Section 2.15 (a) (1) to but not including subdivision (i) is amended to read as follows:

(1) *Permitted increase, specified types of wine.* On and after February 5, 1943, any processor may add to the maximum prices established for him under § 1499.2 of the General Maximum Price Regulation and section 2.14 of this regulation, for the fruit wines, berry wines and grape wines hereinafter described (other than California grape wines) made from the 1943 crop and prior crops of berries, fruits, and grapes, a permitted increase per gallon as follows:

7. Section 2.15 (a) (2) is amended to read as follows:

(2) Every processor shall convert his permitted increase per gallon computed under subparagraph (1) into a permitted increase per case, container or other unit of sale on the basis of the number of gallons of the particular type of wine contained therein, and if such permitted increase per case, container or other unit of sale includes the fractional part of a cent, shall adjust the permitted increase to the nearest higher full cent if the fraction is ½ cent or over, or to the nearest lower full cent if the fraction is less than ½ cent.

8. Section 2.15 (b) (c) and (d) are hereby revoked.

9. Section 2.15 (e) is redesignated 2.15 (b) and is amended to read as follows:

(b) *Determination of maximum prices by reference to maximum prices of most closely competitive seller.* If a processor's maximum price for any type, quality and container size of berry wines, fruit wines or grape wines (other than California grape wines) listed in paragraph (a) (1) hereof made from the 1943 crop or prior crops of berries, fruits, or grapes cannot be determined under paragraph (a) hereof, his maximum price therefor shall be the maximum price established under paragraph (a) hereof for his most closely competitive seller of the same class for the same type, quality and container size of wine, or for the similar commodity most nearly like it (as such term is defined in § 1499.2 of the General Maximum Price Regulation) for sales to purchasers of the same class.

10. Sections 2.15 (f) and 2.15 (g) are redesignated 2.15 (c) and 2.15 (d) respectively.

11. Sections 2.16 and 2.17 are hereby revoked.

This amendment shall become effective April 1, 1944.

(a) Two retail deliveries during the calendar week in which St. Valentine's Day occurs: *Provided*, That one of such retail deliveries shall be made on St. Valentine's Day.

(b) Four retail deliveries during the calendar week preceding Easter Sunday: *Provided*, That one each of such retail deliveries shall be made on Thursday, Friday, and Saturday of such week; and two retail deliveries during the calendar week in which Easter Sunday occurs: *Provided*, That one of such retail deliveries shall be made on Easter Sunday.

(c) Three retail deliveries during the calendar week preceding Mother's Day: *Provided*, That one each of such retail deliveries shall be made on Friday and Saturday of such week; and two retail deliveries during the calendar week in which Mother's Day occurs: *Provided*, That one of such retail deliveries shall be made on Mother's Day.

(d) Three retail deliveries for patriotic or memorial purposes during the calendar week in which Memorial Day occurs: *Provided*, That one of such retail deliveries shall be made on Memorial Day and one of such retail deliveries shall be made on one of the two days immediately preceding Memorial Day.

(e) Two retail deliveries during the calendar week in which Thanksgiving Day occurs: *Provided*, That one of such deliveries shall be made on the Wednesday immediately preceding Thanksgiving Day.

(f) Six retail deliveries during the two-weeks period comprised of the calendar week during which Christmas Day occurs and the preceding calendar week: *Provided*, That one of such retail deliveries shall be made on Christmas Day and one on each of the three days immediately preceding Christmas Day.

(g) Six wholesale deliveries during the calender week immediately preceding Easter Sunday.

(h) Six wholesale deliveries during the calendar week in which Christmas occurs, one of which may be made on Sunday.

FEDERAL POWER COMMISSION.

[Docket No. IT-5519]

BONNEVILLE PROJECT, OREG.-WASH.

ORDER CONFIRMING AND APPROVING RATE SCHEDULE

MARCH 28, 1944.

In the matter of Bonneville Project, Columbia River, Oregon-Washington.

The Bonneville Power Administrator submitted on January 24, 1944, and modified on February 5 and 23, 1944, a new schedule of rates and charges for electric energy produced at the Bonneville Project, for confirmation and approval by the Federal Power Commission, pursuant to the provisions of the Bonneville Act (50 Stat. 731), as amended.

It appears to the Commission that:

(a) Such new schedule, designated as Wholesale Power Rate Schedule E-2 (hereinafter Schedule E-2), provides an optional lower rate for at-site and transmission system firm power delivered to those purchasers for resale (including public bodies and cooperatives) to ultimate consumers and for irrigation and drainage pumping service, who purchase at least ninety per cent of their electric energy requirements from the Bonneville Project.

(b) Schedule E-2 was first submitted (under the designation of Wholesale Power Rate Schedule E-1) as part of proposed revisions of rate schedules and general rate schedule provisions, but upon objections by the Superintendent of Light Division, Department of Public Utilities, City of Tacoma, Washington, and the Superintendent, Department of Lighting, City of Seattle, Washington, to certain of such general rate schedule provisions and administrative interpretations thereof by the Bonneville Power Administrator, Schedule E-2 was separately submitted with the request that when the proposed revisions of general rate schedule provisions are approved, they should be approved for use therewith.

(c) Meanwhile, the aforementioned representatives of the Cities of Tacoma and Seattle advised that they have no objection to approval of Schedule E-2, *Provided*, That any changes later effected in the general rate schedule provisions and administrative interpretations thereof are applied retroactively to Schedule E-2.

(d) Consideration of the matters presented by the aforesaid objections and the response thereto by the Bonneville Power Administrator has not been completed, but need not delay action on Schedule E-2.

The Commission, having considered Schedule E-2 and the presently available information and data thereon, finds that:

(1) Schedule E-2 represents a further development of the rate structure of the Bonneville Project and should be confirmed and approved by the Commission as hereinafter provided.

(2) Action on the remaining proposed revisions of rate schedules and general rate schedule provisions should await determination of the matters involved in the aforesaid objections of the representatives of the Cities of Tacoma and Seattle and response of the Bonneville Power Administrator.

The Commission orders that:

Effective on and after April 1, 1944, the aforesaid Schedule E-2 (attached hereto and made a part hereof) is confirmed and approved upon the following conditions:

(i) Any proposed revision of general rate schedule provisions now pending, which may hereafter be confirmed and approved by the Commission, shall become applicable to Schedule E-2, as of April 1, 1944.

(ii) Schedule E-2 may be modified from time to time by the Bonneville Power Administrator, subject to confirmation and approval by the Commission, pursuant to the provisions of the Bonneville Act.

(iii) Nothing herein contained shall in any way affect or prejudice any action which may hereafter be taken by the Commission in any matter affecting the Bonneville Project.

By the Commission.

[SEAL.] LEON M. FUQUAY,
Secretary.

BONNEVILLE POWER ADMINISTRATION

WHOLESALE POWER RATE SCHEDULE E-2

Availability. This schedule applies to at-site and transmission system firm power delivered to purchasers for resale by purchaser to ultimate consumers and for irrigation and drainage pumping service.

Rate. Power shall be sold under this schedule at the following monthly rate:

Demand Charge: 75¢ net per kilowatt of billing demand.

Energy Charge: First 300 kilowatt-hours per kilowatt of billing demand @ 2 mills net per kilowatt-hour; additional kilowatt-hours @ 1 mill net per kilowatt-hour;

Provided, however, that the number of kilowatt-hours to be billed each month for each separate electric system shall be not less than 90% of the total energy requirements of such system for the month.

Billing demand. The billing demand shall be the highest of the following demands:

(1) The contract demand,

(2) The measured demand for the month, adjusted for power factor,

(3) The highest computed demand during twelve-month period ending with current month, (*Note:* Applies only when part of the load is supplied from other sources. See Section 7 of the General Rate Schedule Provisions.)

(4) 80% of the highest billing demand during the preceding eleven months exclusive of irrigation and drainage pumping demands.

Developmental period for public bodies and cooperatives. Public bodies and cooperatives purchasing power for a separate distribution system under this rate schedule will be permitted a developmental period for such separate system extending until (1) four years after cessation of present hostilities between United States and Germany, and Japan, or (2) three years after the date service is first rendered to such system by the Administrator, whichever is the later date. Bills for power delivered to each separate system during such developmental period shall not exceed 3.5 mills multiplied by the number of kilowatt-hours billed for the month by the Administrator plus any increase in the demand charge due to power factor adjustment.

Power factor adjustment. The provisions of section 8 of the General Rate Schedule Provisions effective January 1, 1942, shall not apply to this rate schedule. The measured demand, before adjustment for power factor, will be increased 1% for each 1% or major fraction thereof by which the average power factor is less than 0.95 lagging. This adjustment may be waived in whole or in part to the extent that the Administrator determines that a power factor of less than 0.95 would in any particular case be advantageous to the Government. Unless specifically otherwise agreed, the Administrator shall not be obligated to deliver power to the purchaser at any time at a power factor below 0.75. The formula for determining average power factor is as follows:

$$\text{Average Power Factor} = \frac{\text{kilowatt-hours}}{\sqrt{(\text{Kilowatt-hours})^2 + (\text{Reactive kilovolt-ampere-hours})^2}}$$

In applying the above formula the meter for measurement of reactive kilovolt-ampere-hours will be ratcheted to prevent reverse registration.

Power for irrigation and drainage pumping service. The rates stated in this schedule shall be applied on a monthly basis to power for irrigation and drainage pumping service, subject to a maximum annual demand charge of $4.50 per kilowatt of the maximum irrigation and drainage pumping demand during the calendar year. The demand charge will be billed monthly at the rate of 75¢ per kilowatt of billing demand until the maximum annual demand charge has been paid, after which no further demand charges shall apply during the calendar year to demands caused by irrigation and drainage pumping loads. The demands caused by irrigation and drainage pumping shall be metered, if reasonably practicable; where metering is impracticable, such demands shall be estimated from the connected load and method of operation of the pumping equipment on the basis of suitable field tests.

Notwithstanding any other provisions of this schedule, the Administrator may include in contracts with customers served with irrigation and drainage pumping power a provision requiring a higher minimum charge based on load factor. At the end of the irrigation season, or the calendar year for drainage pumping customers, the customers shall be billed for the amount by which the total previous billings for the year fail to equal the required minimum annual charge.

Irrigation and drainage pumping power will be available on a firm power basis from April to September, inclusive, and for the balance of the year may be interrupted at the discretion of the Administrator for periods of not to exceed four hours in any one day. The Administrator will designate in advance the hours of the day in which service to purchasers of irrigation and drainage pumping power is subject to interruption, and will give such advance notice of interruption as is practicable. The amount of irrigation and drainage pumping power which will be contracted will be limited to the amount of such power, which, in the judgment of the Administrator, will be available from the seasonal reduction in the Government's monthly system peak demands for firm power during the months of April to September, inclusive.

Change to kilowatt-year rate schedule. Upon written application to the Administrator, any purchaser who has contracted for service under this rate schedule may change, under an appropriate new contract for the remainder of the original contract term, to the kilowatt-year schedule which is applicable.

General provisions. Sales of power under this schedule shall be subject to the provisions of the Bonneville Act and the General Rate Schedule Provisions, except as to the applicability of section 8 of the General Rate Schedule Provisions effective January 1, 1942, as set forth herein under the heading Power Factor Adjustment.

PAUL J. RAVER,
Bonneville Power Administrator.

Confirmed and approved by the Federal Power Commission by order entered March 28, 1944, and subject to the conditions therein specified, said rate schedule to be effective on and after April 1, 1944.

LEON M. FUQUAY,
Secretary.

CREAM CHEESE, NEUFCHATEL CHEESE, COTTAGE CHEESE AND CREAMED COTTAGE CHEESE

REJECTION OF PROPOSED ORDER

Cream cheese, Neufchatel cheese, cottage cheese and creamed cottage cheese: Order denying proposal to amend definitions and standards of identity so as to permit the use of sodium and calcium propionates as optional ingredients.

By virtue of the authority vested in the Federal Security Administrator by provisions of the Federal Food, Drug, and Cosmetic Act [secs. 401, 701; 52 Stat. 1046, 1055; 21 U. S. C. 341, 371]; upon the basis of the evidence of record in the above-entitled hearings duly held pursuant to notice issued respectively on August 18, 1939 (4 F.R. 3683), January 6, 1941 (6 F.R. 679), and January 16, 1943 (8 F.R. 890); and upon consideration of the exceptions filed to the proposed order issued by the Acting Administrator on October 14, 1943 (8 F.R. 14226), the following order is hereby made:

Findings of Fact

1. Soft uncured cheeses appeal to consumers because of their distinctive flavors and texture, as well as their food values. Like other fresh dairy products, soft uncured cheeses are highly perishable since they are not hermetically packaged and serilized and are good media for the growth of microorganisms. Their desirable characteristics are materially impaired by the development of microorganisms they contain. In their commercial production and distribution constant care must be taken to protect them from contamination and to provide adequate refrigeration to retard the development of such organisms. Consumers expect soft uncured cheeses to be reasonably fresh when purchased.

2. Soft uncured cheeses begin to deteriorate as soon as they are made due to the action of microorganisms and to other causes. Deterioration progresses gradually until the characteristics of freshness are lost. Soon thereafter the products become spoiled and unacceptable to consumers. The rate of deterioration depends primarily upon the number and kinds of microorganisms present, the manner of packaging and the temperature under which the products are held.

3. Types of organisms causing spoilage in such cheeses are yeasts, bacteria, molds and certain organisms (Oospora) generally classified as molds and sometimes considered as intermediate between yeasts and molds. The number and types of viable organisms remaining in the finished product depend on the microbial flora of the starting mix, the efficacy of the pasteurizing processes to which it is subjected, the character of subsequent heat treatment and the degree of care taken to prevent contamination during manufacture and packaging. The number of viable organisms resulting from such contamination depends largely on the degree of cleanliness and sanitation maintained in the plants where the products are made and packaged.

4. In making cold pack cream and neufchatel cheeses, the coagulated mix is usually heated to a point where a substantial proportion of the organisms is killed, although the heating is not sufficient to destroy all organisms. When the hot pack method is employed the curd is given an additional heating which reduces the number of viable organisms to a point much below that of the cold pack. The efficacy of the treatment depends on the temperature and time of

FEDERAL POWER COMMISSION.

[Docket No. IT-5519]

BONNEVILLE PROJECT, OREG.-WASH.

ORDER CONFIRMING AND APPROVING RATE SCHEDULE

MARCH 28, 1944.

In the matter of Bonneville Project, Columbia River, Oregon-Washington.

The Bonneville Power Administrator

they should be approved for use therewith.

(c) Meanwhile, the aforementioned representatives of the Cities of Tacoma and Seattle advised that they have no objection to approval of Schedule E-2, *Provided*, That any changes later effected in the general rate schedule provisions and administrative interpretations thereof are applied retroactively to Schedule E-2.

(d) Consideration of the matters presented by the aforesaid objections and the response thereto by the Bonneville Power Administrator has not been completed, but need not delay action on Schedule E-2.

The Commission, having considered Schedule E-2 and the presently available information and data thereon, finds that:

(1) Schedule E-2 represents a further development of the rate structure of the Bonneville Project and should be confirmed and approved by the Commission as hereinafter provided.

(2) Action on the remaining proposed revisions of rate schedules and general rate schedule provisions should await determination of the matters involved in the aforesaid objections of the representatives of the Cities of Tacoma and Seattle and response of the Bonneville Power Administrator.

The Commission orders that:

Effective on and after April 1, 1944, the aforesaid Schedule E-2 (attached hereto and made a part hereof) is confirmed and approved upon the following conditions:

heating. In making cottage cheese and creamed cottage cheese, the heat treatment of the coagulated mix is not sufficient to effect a material reduction in the number of viable organisms present and these cheeses contain large numbers of viable bacteria, mostly lactic acid forming organisms from the starter used.

5. Microorganisms which contaminate and spoil soft uncured cheeses come from many sources. Some survive pasteurization of the starting mix. Starter organisms may survive the manufacturing processes and cause spoilage, particularly in cottage cheese and creamed cottage cheese. Some spoilage organisms, especially yeasts and Oospora, come from dirty and improperly maintained equipment with which the cheeses come in contact. Air borne organisms, particularly mold spores, may fall on the cheeses or on the surface of the equipment. Oospora is seldom, if ever, air borne.

6. A supply of air is necessary for the growth of mold and Oospora. Space in loosely packaged soft uncured cheeses may supply sufficient air to promote growth. Air is not necessary for the growth of most bacteria and yeasts and these organisms develop continuously in the cheeses. Yeasts are usually the cause of spoilage of cream and neufchatel cheeses and bacteria of cottage and creamed cottage cheeses. Visible mold or Oospora seldom develop in such cheeses until spoilage from yeasts or bacteria has occurred if they are produced under sanitary conditions and properly packaged and refrigerated, although hot pack cream and neufchatel cheeses in which the final heating has destroyed spoilage organisms may spoil from mold growth alone if the cheese is recontaminated during or after packaging.

7. Traffic in soft uncured cheeses is characterized by rapid turnover of stocks. Manufacturers hold and ship them under refrigeration, package them tightly and make frequent deliveries to distributors. The air in well conducted and well maintained cheese plants carries but few molds and fewer yeasts. There is no need in the manufacturing and packaging processes for exposure of such cheeses to air for lengths of time which result in a material degree of contamination. The care taken to maintain cleanliness and otherwise to avoid contamination varies widely in different plants making soft uncured cheese. A recent investigation of 12 representative cream cheese plants showed that two were definitely unclean. Manufacturers are familiar with or can discover sources of abnormal contamination and can eliminate them by applying accepted methods of sanitation.

8. Distributors know that soft unoured cheeses are perishable foods and handle them as such. Retailers receive frequent deliveries, limit their orders to quantities they expect to sell between deliveries, keep such cheeses refrigerated and hold them ordinarily two or three days and seldom more than a week. Under such conditions, spoilage seldom occurs. Retailers usually keep such cheeses covered and handle them carefully. When portions of large packages are sold, contamination may occur but not to a significant extent when sanitary procedures are observed.

9. Consumers know that soft uncured cheeses are perishable. Ordinarily, they buy such cheeses in small quantities and do not expect to keep them more than a few days. While such cheeses are kept in the home they are usually refrigerated. When consumers open packages of such cheeses, further contamination is likely to occur.

10. Soft uncured cheeses held under refrigeration seldom develop visible mold in less than about two weeks, even with surface exposed to air and with heavier mold contamination than is usually found in such cheeses. Spoilage from mold or Oospora alone is not an important problem to manufacturers who operate under clean and sanitary conditions and package and refrigerate their products properly. The average life of cold pack cream and neufchatel cheeses manufactured and handled under reasonably good sanitary conditions is about two to three weeks; that of hot pack cream and neufchatel cheeses is somewhat longer, and that of cottage and creamed cottage cheeses is considerably less.

11. In 1938 a manufacturer of chemicals began marketing sodium and calcium propionates, produced by a method of chemical synthesis, for use in soft uncured cheeses to retard the development of mold. Prior to 1938 no preservative was used in soft uncured cheeses made in the United States. Since that time several manufacturers have used propionates, although most of the cream and neufchatel cheeses are made without propionates and only a small proportion of cottage and creamed cottage cheeses are made with propionates.

12. The quantity of propionates recommended by the manufacturer of these chemicals is 0.15 percent for cream and neufchatel cheeses and 0.2 percent for cottage and creamed cottage cheeses. However, some producers of such cheeses use much lower concentrations. When used in concentrations of 0.05 percent propionates are much less effective against molds and yeasts than when used in the recommended amounts.

13. The extent to which propionates retard the growth of various spoilage organisms in soft uncured cheeses has not been fully determined. In the concentrations recommended by the manufacturer, propionates retard the development of most, if not all, types of mold found in soft uncured cheeses. In such concentrations propionates also retard the development of some types of yeasts which are capable of spoiling such cheeses. Some types of yeast are not materially affected but the evidence does not show whether these types are capable of spoiling such cheeses. Propionates in such concentrations have little effect on lactic acid forming bacteria in such cheeses. The growth of some types of bacteria is retarded but the evidence does not show whether these types are capable of spoiling such cheeses. Propionates in the recommended concentrations have little, if any, effect on Oospora. The retarding effect of propionates in such concentrations on the development of molds and yeasts in such cheeses is substantial irrespective of whether the number of such organisms is about the average of what ordinarily occurs or is many times greater than the average.

14. Sodium or calcium propionates in the concentrations recommended by the manufacturer for use in soft uncured cheeses impart an undesirable flavor to such cheeses and have been found at times to affect adversely the texture or body of hot pack cheeses.

15. Soft uncured cheeses commonly spoil from other causes before visible mold appears and when visible mold precedes actual spoilage it is only by a very short period of time. Consumers regard visible mold as an indication of inferiority or lack of freshness. Under conditions prevailing in the marketing of such products consumers have no other means of determining the age of such cheeses or the degree of deterioration due to the development of spoilage organisms, or how long they can be expected to keep in the home.

16. Of the twelve cream cheese plants mentioned in Finding 7 the two unclean plants and three others were using propionates. One of the three others was using heavily contaminated drain racks; in another, prolonged exposure to air occurred during hand packaging; in the third the mold count of the cheeses was substantially higher than is usual, although the source of the contamination was not found in the single visit made to the plant.

17 Soft uncured cheeses can be and are manufactured and distributed under conditions in which there is no need for or advantage in the use of calcium and sodium propionates. Under present conditions of production and distribution, such cheeses can and do reach consumers in a reasonably fresh state.

18. The evidence fails to disclose to what extent loss is suffered by consumers because of development of yeasts or visible mold in soft uncured cheeses, nor does it show that the use of propionates increases the time such cheeses remain unspoiled after consumer purchase.

19. After the use of chemical preservatives in food began legislative and administrative policy has been to prohibit or regulate their use because, among other reasons, such use tends to encourage careless, lax and insanitary methods of production, distribution and marketing, and the cloaking or masking of inferiority. Sodium and calcium propionates are chemical preservatives, the use of which delays the appearance of the results of improper and insanitary methods of production, distribution and marketing of soft uncured cheeses, and cloaks or masks inferiority in such cheeses.

Conclusions

On the basis of the foregoing findings of fact, it is concluded that:

(a) By retarding the development of yeast and mold on soft uncured cheeses, the use of propionates tends to result in the relaxation of precautions against contamination and spoilage during manufacture, packaging and distribution.

(b) Flavors are important characteristics of such cheeses which appeal to consumers and such flavors are adversely affected by adding to such cheeses propionates in the recommended concentrations.

(c) By retarding the development of visible mold on such cheeses the use of propionates destroys an index of inferiority or lack of freshness or keeping qualities, and tends to promote the sale of older cheeses and cheeses about to spoil.

(d) The record does not show that the use of propionates in such cheeses results in any advantage to consumers.

(e) It would not promote honesty and fair dealing in the interest of consumers to provide for the use of propionates as optional ingredients of such cheeses.

Order

Wherefore, *It is ordered*, That the regulations promulgated December 22, 1942 (7 F.R. 10755, 10835), fixing and establishing definitions and standards of identity for cream cheese, neufchatel cheese, cottage cheese, and creamed cottage cheese be not amended to provide for calcium propionate and sodium propionate as optional ingredients of such cheeses.

UNLOADING OF COAL AT VAN NEST, N. Y.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 28th day of March, A. D. 1944.

It appearing, that one (1) car, PMcK&Y 62831, containing bituminous coal billed to the Master Coal Company, Van Nest, New York, on The New York, New Haven and Hartford Railroad Company (Howard S. Palmer, James Lee Loomis and Henry B. Sawyer, Trustees) has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action. *It is ordered*, That:

Coal at Van Nest, New York, billed to the Master Coal Company to be unloaded. The New York, New Haven and Hartford Railroad Company (Howard S. Palmer, James Lee Loomis and Henry B. Sawyer, Trustees), a common carrier by railroad subject to the Interstate Commerce Act, its agents or employees, shall unload forthwith one (1) car, PMcK&Y 62831, containing bituminous coal on hand on its railroad at Van Nest, New York, billed to the Master Coal Company. (49 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered, That this order shall become effective immediately, and that a copy of this order and direction shall be served upon The New York, New Haven and Hartford Railroad Company (Howard S. Palmer, James Lee Loomis and Henry B. Sawyer, Trustees) and upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. MARITIME WAR EMERGENCY BOARD.

[Decision 2 B]

BONUS

ANNOUNCEMENT OF DECISION

The Maritime War Emergency Board today announces this decision with respect to bonus.

ARTICLE I. *Voyage bonus, area bonus and vessel attack bonus required.* Voyage bonus, area bonus, and vessel attack bonus shall be paid under this decision to licensed and unlicensed personnel employed as regular crew members on United States flag vessels of the American Merchant Marine.

ART. II. *Voyage bonus classifications. Classification I, 100% Bonus, $100 Monthly Minimum.* Voyages or portions of voyages while within the following waters:

A. *European Area.* All waters within the area bounded on the *east* and *south* by 60° east longitude to its intersection with the north coast of Russia and thence following the coast of continental Europe to its intersection with 9° west longitude on the north coast of Spain; and bounded on the *west* by 9° west longitude.

B. *Mediterranean Area.* All waters within the Mediterranean Sea east of a line from Cape Spartel to Cape Trafalgar, including the Adriatic Sea, the Aegean Sea, the Black Sea, the Sea of Azov and the Sea of Marmora, the Dardanelles and the Bosporus.

C. *Pacific Area.* All waters within the area bounded on the *north* by 60° north latitude; on the *east* by the 180th meridian; on the *south* by 13° south latitude; and on the *west* by 90° east longitude and the coast of continental Asia.

Classification II, 66⅔% Bonus, $80 Monthly Minimum. Voyages or portions of voyages while within all waters not included in Classifications I, III or IV.

Classification III, 25% Bonus, $30 Monthly Minimum. Voyages or portions of voyages, not included in Classification IV, while within waters of the Pacific Ocean east of 126° west longitude and west of a line drawn due south from Cape Horn.

Classification IV, no bonus. Voyages or portions of voyages while within inland waters of the Western Hemisphere. For this purpose the Western Hemisphere shall include the Hawaiian Islands, Bermuda, Greenland, the east coast of Central and South America in the Caribbean Area and the West Indies, but shall not include Iceland, Alaska (west of 136° west longitude) and the Aleutian Islands.

The following waters are classified as inland waters of the Western Hemisphere:

A. The inland passage to Alaska defined as follows:

i. Waters to the eastward of a line drawn from Cape Flattery, Washington, to Pachena Point Lighthouse, Vancouver Island, and all waters to the northward and eastward of Vancouver Island.

ii. Waters to the eastward of a line drawn from Cape Scott, Vancouver Island, to Cape St. James, Queen Charlotte Islands, including the waters of Queen Charlotte Islands (Hecate Strait).

iii. Waters to the eastward of a line drawn from Cape Know, Queen Charlotte Islands, to Cape Muzon, Dall Island (Dixon Entrance).

iv. Waters to the eastward of a coastal line drawn from Cape Muzon to Cape Bartolome and thence to Cape Ommaney, and Cape Edgecumb at the entrance to Sitka Sound.

v. Waters to the eastward of a coastal line drawn from Cape Edgecumb to Cape Spencer, the entrance to Cross Sound.

B. Hudson Bay, Hudson Strait, Ungava Bay and Frobisher Bay, west of a line from North Foreland on Loks Island to Black Bluff on Resolution Island and west of a line drawn from Acadia Cove on Resolution Island to Cape Chidley.

C. Puget Sound east of a line drawn in the Strait of Juan de Fuca from Cape Flattery, Washington to Pachena Point, Vancouver Island.

D. The St. Lawrence River west of Father Point.

E. The Panama Canal.

F. The Strait of Magellan, defined as follows:

(a) *Atlantic boundary line.* A line running in a southerly and easterly direction from Direction Hill (Cerro Direccion) on the northern shore of the First Narrows to Anegada Point located on the southern shore of the First Narrows:

(b) *Pacific boundary line.* A line running in a northerly and easterly direction from Felix Bay Light Tower located on an island in Felix Bay off the southwesterly shore of Sea Reach (Paso Del Mar), to the Fairway Island Light Pyramid located on the west side of the largest Fairway Island.

G. The Great Lakes; and inland waters, harbors, rivers, sounds, bays and gulfs of the United States as defined in "Rules & Regulations, series No. 16, Bureau of Marine Inspection & Navigation, Department of Commerce, Pilot Rules for certain inland waters of the Atlantic and Pacific Coasts and the Coast of the Gulf of Mexico" dated May 28, 1940.

H. Ports or other inland waters of the Western Hemisphere, either as specifically defined in this Classification or as

may be defined from time to time by the Maritime War Emergency Board.

ART. III. *Amount of voyage bonus.* Voyage bonus shall be based on transit of areas of risk and computed as follows:

A. Voyage bonus shall be computed on basic and special emergency wages, excluding overtime, penalty time and other extra compensation.

B. Voyage bonus equal to 100% of wages shall be paid for voyages in Classification I, but not in any case less than $100 per month or a proportionate sum for a part thereof.

C. Voyage bonus equal to 66⅔% of wages shall be paid for voyages or portions of voyages in Classification II, but not in any case less than $80 per month or a proportionate sum for a part thereof.

D. Voyage bonus equal to 25% of wages shall be paid for voyages or portions of voyages in Classification III, but not in any case less than $30 per month or a proportionate sum for a part thereof.

E. No voyage bonus shall be paid for voyages or portions of voyages in Classification IV.

ART. IV. *Time when voyage bonus payments start and stop.* A. Voyage bonus payments shall become effective at midnight prior to the day during which the vessel departs from waters included in Classification IV and enters the high seas.

B. Voyage bonus payments shall cease at midnight of the day during which the vessel departs from the high seas and enters waters included in Classification IV.

C. Changes in voyage bonus rates between Classifications I, II and III during a voyage or part of a voyage while on the high seas are effective as of midnight prior to the day during which the vessel crosses the line demarking the new Classification.

ART. V. *Area and vessel attack bonus—*

A. *Area bonus.* In addition to voyage bonus payable under Article II, III and IV, area bonus at the rate of $5.00 per day shall be payable to each crew member of a vessel within any of the areas specified in Classification I of Article II, including periods during which the vessel is in port or at an anchorage. Area bonus shall commence as of midnight prior to the day during which the vessel enters the area and shall cease at midnight of the day during which the vessel departs from the area.

B. *Vessel attack bonus.* In addition to voyage and area bonus, vessel attack bonus of $125 shall be payable to each crew member of a vessel (1) which is destroyed or substantially damaged as a result of enemy attack or (2) on which any person is killed or seriously injured as a result of enemy attack. Vessel attack bonus shall be payable whether the vessel is within or without any of the areas specified in Paragraph A above, and whether the vessel is in a port or at an anchorage or on the high seas. Only one vessel attack bonus shall be payable in the course of any passage of the vessel between ports or anchorages. A passage between ports or anchorages shall be deemed to commence at the time the vessel departs from a port or anchorage and to end at the time the vessel departs from its next port or anchorage. Shifts in berth shall not be deemed passages between anchorages.

ART. VI. *Periods during which voyage, area, and vessel attack bonus payable—*

A. *During ordinary course of voyage.* Voyage, area and vessel attack bonus shall be payable to a regular crew member of the vessel on which he is employed during the course of his employment aboard such vessel.

B. *When bonus payable after separation from vessel and during repatriation.* (1) If a crew member is separated from his vessel as the result of a peril described in Article 3, as amended, of the form of insurance policy attached to Decision 1A, bonus continues payable to such crew member until midnight of the day on which he reaches a port.

(2) If a crew member is repatriated to the United States after separation from his vessel as a result of either:

(a) A peril referred to in paragraph (1) above, or

(b) Illness or injury incurred in the service of his vessel and not occasioned by his wilful misconduct,

bonus shall be payable to such crew member during his repatriation from midnight of the day prior to which the vessel or other conveyance on which he is being repatriated departs until midnight of the day of arrival of such vessel or other conveyance at a continental United States port.

C. *When bonus not payable after separation from vessel.* (1) Bonus shall not be payable while a crew member is on land after separation from his vessel.

(2) Bonus shall not be payable during the period that a crew member is detained either by capture by an enemy of the United States or by internment.

(3) Bonus shall not be payable to a crew member:

(a) After voluntary termination of his employment aboard his vessel for a reason other than one set forth in paragraph B (2),

(b) After desertion or discharge from his employment aboard his vessel,

(c) After a crew member accepts employment on another vessel for a purpose other than to be repatriated,

(d) After a crew member refuses without good cause to be repatriated to the United States.

(4) A crew member repatriated after occurrence of an event specified in subparagraph (3) of this paragraph C is not entitled to bonus from his original vessel during repatriation. If such crew member signs on as a replacement in the crew of the repatriating vessel, he shall be entitled to bonus from the repatriating vessel. If such crew member signs on as a workaway on the repatriating vessel, he shall not be entitled to bonus from the repatriating vessel.

D. *No double bonus.* If a crew member signs on the vessel on which he is being repatriated, either as a crew member or workaway on such repatriating vessel, he shall not be entitled to bonus from such vessel in addition to bonus payable under paragraph B of this Article VI.

E. *Death of a crew member.* Bonus shall not be payable for any period after death of a crew member.

ART. VII. *Effective date.* This decision shall be effective on and after 12:01 a. m. of April 1, 1944. The provisions of this decision shall not be retroactive.

ART. VIII. *Repeal.* Decision 2A, and all Amendments thereto, previously issued by the Maritime War Emergency Board are repealed as of the effective date of this decision, except as to any voyage, area and port attack bonus payable for any period prior to 12:01 a. m. of April 1, 1944.

Dated: March 14, 1944.

OFFICE OF ALIEN PROPERTY CUSTODIAN.

CERTIFICATE OF APPOINTMENT

DEPUTY ALIEN PROPERTY CUSTODIAN

Know all men by these presents: That I, James E. Markham, Alien Property Custodian, pursuant to the authority vested in me by the Trading with the Enemy Act, as amended, and by Executive Orders issued thereunder, hereby designate and appoint Francis J. McNamara as Deputy Alien Property Custodian, and do hereby delegate to, confer upon and vest in the said Deputy Alien Property Custodian, in the absence of the Alien Property Custodian or in the event of his inability to act, to the extent permitted by law, all of the powers and authority granted and delegated to, conferred upon and vested in, or which may be granted and delegated to, conferred upon and vested in the Alien Property Custodian by the laws of the United States of America, orders of the President of the United States, or regulations made or issued in pursuance of said laws or orders, including, without being limited to, the power and authority to appoint and fix the compensation of attorneys, investigators, accountants, clerks and such other employees as may be deemed to be necessary for the due and proper administration of the provisions of said laws, orders of the President, and regulations, and the power to execute proxies in my behalf with the same force and effect as if they were executed by myself upon any shares of stock in any corporation which are held by, or stand in the name of, the Alien Property Custodian or which the Alien Property Custodian has power to vote by virtue of his office; and I do hereby further delegate to, confer upon and vest in the said Deputy Alien Property Custodian full authority at all times to exercise any and all of the powers granted and delegated to, conferred upon and vested in, or which may be granted and delegated to, conferred upon and vested in the Alien Property Custodian by the laws of the United States, orders of the President, and regulations made or issued pursuant to said laws or orders, to the extent that such authority may be lawfully delegated by the Alien Property Custodian.

In testimony whereof, I have hereunto set my hand and official seal this twenty-eighth day of March 1944.

LOUIS C. BUECHNER

In re: Estate of Louis C. Buechner, deceased; File D-28-3632; E. T. sec. 5881.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095, as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by William A. Buechner, 107 Gilbert Street, Mobile, Alabama, Administrator d. b. n., acting under the judicial supervision of the Probate Court for the County of Allegan, State of Michigan;

(2) Such property and interests are payable or deliverable to, or claimed by, a national of a designated enemy country, Germany, namely,

National and Last Known Address

Lulu Welcker, Germany.

And determining that—

(3) If such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of Lulu Welcker in and to the estate of Louis C. Buechner, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive order.

Dated: March 21, 1944.

WILLIAM R. DELECKER

In re: Estate of William R. Delecker, deceased; File D-28-7965; E. T. sec. 8922.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order 9095 as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that—

(1) The property and interests hereinafter described are property which is in the process of administration by Elsie Weber, 740 Tenth Avenue, New York City, Administratrix, acting under the judicial supervision of the Surrogate's Court, County of Kings, State of New York;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Germany, namely,

Nationals and Last Known Address

William Delecker, Germany.
Kurt Delecker, Germany.
Ella Delecker, Germany.
Liesolott Delecker, Germany.
Dr. Lulu Gloede, Germany.

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Germany; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive order or act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of William Delecker, Kurt Delecker, Ella Delecker, Liesolott Delecker and Dr. Lulu Gloede, and each of them, in and to the estate of William R. Delecker, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate special account or accounts pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

HILDE SCHEIBE AND KURT GERBRACHT

In re: Interests in real property and fire insurance policies owned by Hilde Scheibe and Kurt Gerbracht.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation finding:

1. That the last known address of Hilde Scheibe and Kurt Gerbracht is Gifhorn, Germany, and that they are citizens and residents of Germany and nationals of a designated enemy country (Germany);

2. That Hilde Scheibe and Kurt Gerbracht are the owners of the property described in paragraph 3 hereof;

3. That the property described as follows:

a. The undivided ¼th interest, identified as the interest devised to Hilde Scheibe under the terms and provisions of the Last Will and Testament of Ernst W. Gerbracht, deceased, duly admitted to probate in the New Jersey Prerogative Court, City of Trenton, New Jersey, on December 11, 1928, in and to the real property situated in the Borough of Closter, County of Bergen, State of New Jersey, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

b. The undivided ¼th interest, identified as the interest devised to Kurt Gerbracht under the terms and provisions of the Last Will and Testament of Ernst W. Gerbrscht, deceased, duly admitted to probate in the New Jersey Prerogative Court, City of Trenton, New Jersey, on December 11, 1928, in and to the real property situated in the Borough of Closter, County of Bergen, State of New Jersey, particularly described in Exhibit A, attached hereto and by reference made a part hereof, together with all hereditaments, fixtures, improvements and appurtenances thereto, and any and all claims for rents, refunds, benefits or other payments arising from the ownership of such property, and

c. All right, title and interest of Hilde Scheibe and Kurt Gerbracht in and to fire insurance policy #3029 issued by the Continental Insurance Co. of 80 Maiden Lane, New York, New York, covering the premises described in paragraph 3 (a) hereof, and

d. All right, title and interest of Hilde Scheibe and Kurt Gerbracht in and to fire insurance policy #2221 issued by the Home Insurance Co. of 59 Maiden Lane, New York, New York, covering the premises described in paragraph 3 (a) hereof, and

e. All right, title and interest of Hilde Scheibe and Kurt Gerbracht in and to fire insurance policy #3038 issued by the Continental Insurance Co. of 80 Maiden Lane, New York, New York, covering the premises described in paragraph 3 (a) hereof, and

f. All right, title and interest of Hilde Scheibe and Kurt Gerbracht in and to fire insurance policy #3031 issued by the Continental Insurance Co. of 80 Maiden Lane, New York, New York, covering the premises described in paragraph 3 (a) hereof, and

g. All right, title and interest of Hilde Scheibe and Kurt Gerbracht in and to fire insurance policy #12567 issued by the Northern Assurance Co. Ltd., of London, covering the premises described in paragraph 3 (a) hereof,

is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

And determining that the property described in paragraphs 3-c, 3-d, 3-e, 3-f, 3-g hereof is necessary for the maintenance or safeguarding of other property (namely, that property described in paragraphs 3-a and 3-b hereof) belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive order,

And further determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany);

And having made all determinations and taken all action, after appropriate consultation and certification required by law, and deeming it necessary in the national interest,

hereby vests in the Alien Property Custodian the property described in paragraphs 3-a and 3-b hereof, subject to recorded liens, encumbrances and other rights of record held by or for persons who are not nationals of designated enemy countries, and hereby vests in the Alien Property Custodian the property described in paragraphs 3-c, 3-d, 3-e, 3-f, 3-g hereof,

All such property so vested to be held, used, administered, liquidated, sold or otherwise dealt with in the interest, and for the benefit, of the United States.

Such property and any or all of the proceeds thereof shall be held in an appropriate account, or accounts, pending further determination of the Alien Property Custodian. This order shall not be deemed to limit the power of the Alien Property Custodian to return such property or the proceeds thereof in whole or in part, nor shall this order be deemed to indicate that compensation will not be paid in lieu thereof, if and when it should be determined to take any one or all of such actions.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may, within one year from the date hereof, or within such further time as may be allowed, file with the Alien Property Custodian on Form APC-1 a notice of claim, together with a request for a hearing thereon. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order No. 9095, as amended.

Executed at Washington, D. C., on February 26, 1944.

OFFICE OF DEFENSE TRANSPORTATION.

[Supp. Order ODT 3, Rev. 208]

COMMON CARRIERS

COORDINATED OPERATIONS BETWEEN OKLAHOMA CITY AND M'CLOUD, OKLA.

Upon consideration of a plan for joint action filed with the Office of Defense Transportation by the persons named in Appendix 1 hereof to facilitate compliance with the requirements and purposes of General Order ODT 3, Revised, as amended (7 F.R. 5445, 6639, 7694; 8 F.R. 4660, 14582; 9 F.R. 947, 2793, 3264, 3357), a copy of which plan is attached hereto as Appendix 2,[1] and

It appearing that the proposed coordination of operations is necessary in order to assure maximum utilization of the facilities, services, and equipment, and to conserve and providently utilize vital equipment, materials, and supplies, of the carriers, and to provide for the prompt and continuous movement of necessary traffic, the attainment of which purposes is essential to the successful prosecution of the war, *It is hereby ordered*, That:

1. The plan for joint action above referred to is hereby approved and the carriers are directed to put the plan in operation forthwith, subject to the following provisions, which shall supersede any provisions of such plan that are in conflict therewith.

2. Each of the carriers forthwith shall file a copy of this order with the appropriate regulatory body or bodies having jurisdiction over any operations affected by this order, and likewise shall file, and publish in accordance with law, and continue in effect until further order, tariffs or supplements to filed tariffs, setting forth any changes in rates, charges, operations, rules, regulations, and practices of the carrier which may be necessary to accord with the provisions of this order and of such plan; and forthwith shall apply to such regulatory body or bodies for special permission for such tariffs or supplements to become effective on the shortest notice lawfully permissible, but not prior to the effective date of this order.

3. Whenever transportation service is performed by one carrier in lieu of service by another carrier, by reason of a diversion, exchange, pooling, or similar act made or performed pursuant to the plan for joint action hereby approved, the rates, charges, rules, and regulations governing such service shall be those that would have applied except for such diversion, exchange, pooling, or other act.

4. The provisions of this order shall not be so construed or applied as to require any carrier subject hereto to perform any service beyond its transportation capacity, or to authorize or require any act or omission which is in violation of any law or regulation, or to permit any carrier to alter its legal liability to any shipper. In the event that compliance with any term of this order, or effectuation of any provision of such plan, would conflict with, or would not be authorized under, the existing interstate or intrastate operating authority of any carrier subject hereto, such carrier forthwith shall apply to the appropriate regulatory body or bodies for the granting of such operating authority as may be requisite to compliance with the terms of this order, and shall prosecute such application with all possible diligence. The coordination of operations directed by this order shall be subject to the carriers' possessing or obtaining the requisite operating authority.

5. All records of the carriers pertaining to any transportation performed pursuant to this order and to the provisions of such plan shall be kept available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation

6. The plan for joint action hereby approved and all contractual arrangements made by the carriers to effectuate the plan shall not continue in operation beyond the effective period of this order.

7. Communications concerning this order should refer to it by the Supplementary Order number which appears in the caption hereof, and, unless otherwise directed, should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C.

This order shall become effective April 4, 1944, and shall remain in full force and effect until the termination of the present war shall have been duly proclaimed, or until such earlier time as the Office of Defense Transportation by further order may designate.

Issued at Washington, D. C., this 31st day of March 1944.

C. D. YOUNG,
Acting Director,
Office of Defense Transportation.

OFFICE OF PRICE ADMINISTRATION.

TOYS AND GAMES

[MPR 188, Order 1444]

ESTABLISHMENT OF MAXIMUM PRICES

Order No. 1444 under § 1499.159b of Maximum Price Regulation No. 188. Manufacturers' maximum prices for specified building materials and consumers' goods other than apparel.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Orders Nos. 9250 and 9328, it is ordered:

(a) *Purposes of this order.* This order provides a method by which manufacturers of the articles listed in paragraph (b) below may establish maximum prices for their sales when they cannot determine their maximum prices pursuant to §§ 1499.153, 1499.155, 1499.156, or 1499.157, of Maximum Price Regulation No. 188. It supersedes the provisions of § 1499.158 of Maximum Price Regulation No. 188 as to the establishment of maximum prices for the articles listed in paragraph (b), for which applications have been filed with the Office of Price Administration, Washington, D. C., after the effective date of this order. All other sections of Maximum Price Regulation No. 188 shall remain applicable.

(b) *Articles covered by this order.* This order covers only the following articles.

1. Toys and games.

(c) *Maximum prices for sales by manufacturers.* The maximum price for an article covered by this order which cannot be priced under §§ 1499.153, 1499.155, 1499.156, or 1499.157 of Maximum Price Regulation No. 188, or which cannot be priced under §§ 1499.156 or 1499.157 without undue hardship by reason of the application of the formula, shall be a price in line with the level of maximum prices established by Maximum Price Regulation No. 188, approved or set by order of the Office of Price Administration in the manner described in the following paragraph (d) of this order. No person shall offer to sell, sell, or deliver an article the maximum price of which should be established under this order until the manufacturer has fulfilled all the requirements of paragraph (d).

(d) *How maximum price is approved or set—(1) Approval or disapproval of proposed maximum price.* To determine a maximum price under this paragraph, the manufacturer shall submit to the Office of Price Administration, Washington, D. C., a report containing the following information:

(i) A description in detail of the article being priced (including the manufacturing process by which it is made).

(ii) A statement of the facts which make it necessary to price the article under this order, rather than under §§ 1499.155, 1499.156, or 1499.157 of Maximum Price Regulation No. 188.

(iii) A statement of the proposed maximum price (including terms, allowances, and price differentials for sales to different classes of purchasers).

(iv) A statement of the reasons why the manufacturer believes the proposed prices to be in line with the level of maximum prices established by Maximum Price Regulation No. 188.

(v) A sample of the article to be priced.

(vi) A description in detail of at least two competitive articles, together with the names, addresses, model numbers, or other manufacturer's identifications, and maximum prices to jobbers or dealers if known, of the manufacturers of these articles.

Important note: Competitive articles for which maximum prices have not been properly established under Maximum Price Regulation No. 188 will be disregarded for the purpose of establishing maximum prices under this order. It will aid the Office of Price Administration to approve or disapprove the manufacturer's proposed maximum prices promptly if samples of the competitive articles are submitted also. In addition, the names, addresses, and selling prices of retail outlets handling the articles will be helpful. If full information is not furnished, it may not be possible for the Office of Price Administration to obtain sufficient information for a decision within twenty days.

(2) *When manufacturer's proposed maximum price is approved.* Upon specific written approval from the Office of Price Administration or twenty days after the mailing of the report, in the absence of notification to the contrary by the Office of Price Administration, the reported price to each class of purchaser shall become approved as the manufacturer's maximum price and the manufacturer may begin to sell, offer to sell, and deliver the article at the price reported.

(3) *Price set by order.* If the reported price is not approved by the Office of Price Administration as being a price in line with the level of maximum prices established by the regulation, or if the manufacturer has not filed the report required above, the maximum price for the article shall be a price set by order of the Office of Price Administration in line with the level of maximum prices established under § 1499.158 of Maximum Price Regulation No. 188 and the manufacturer may not sell, offer to sell, or deliver the article until he has received specific written authorization from the Office of Price Administration to do so.

This order may include maximum prices for other related articles and maximum prices, or methods of determining maximum prices for sellers generally, including purchasers for resale.

(e) *Sales in violation.* If in violation of any provisions of this order a sale, offer to sell, or delivery of an article is made before it has been properly authorized, the maximum price applicable to the sale, offer to sell, or delivery, shall be the maximum price which is properly established subsequently.

(f) Any maximum prices established under this order shall be subject to adjustment by order, not to apply retroactively, by the Office of Price Administration at any time.

(g) This Order No. 1444 may be revoked or amended by the Price Administrator at any time.

This Order No. 1444 shall become effective on the 31st day of March 1944.

NOTE: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 30th day of March 1944.

Acting Administrator.

[Region III Order G-9 Under RMPR 122, Amdt. 2]

SOLID FUELS IN MARION COUNTY, IND.

Amendment No. 2 to Order No. G-9 under Revised Maximum Price Regulation No. 122. Maximum prices for specified solid fuels in Marion County, in the State of Indiana.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1340.260 of Revised Maximum Price Regulation No. 122, it is hereby ordered that Order No. G-9 under Revised Maximum Price Regulation No. 122 be amended in the following respects:

(a) The general description contained in the heading of Part I under Column I of Schedule I in section (c) is amended by the addition of the following phrase "excepting coal from Jubilee Mine Index No. 638 of the Clover-Darby Coal Company" so that the entire heading under said Part I shall read as follows: "High Volatile Bituminous Coal from Producing District No. 8, excepting coal from the Jubilee Mine Index No. 638 of the Clover-Darby Coal Company (Eastern Kentucky and Southwestern West Virginia)".

(b) The general description contained in the heading of Part III under Column I of Schedule I in section (c) is amended by the substitution of the words "(Southwestern West Virginia and Eastern Kentucky)" for the word "(Pocahontas)" so that the entire heading under said Part III shall read as follows: "Low Volatile Bituminous Coal from Producing District No. 8 (Southwestern West Virginia and Eastern Kentucky)".

(c) The general description contained in the heading of Part IV under Column I of Schedule I in section (c) is amended by the substitution of the words "(Southeastern West Virginia and Northwestern Virginia)" for the word "(Pocahontas)" so that the entire heading under said Part IV shall read as follows: "Low Volatile Bituminous Coal from Producing District No. 7 (Southeastern West Virginia and Northwestern Virginia)".

(d) Part V of Schedule I in section (c) is amended to read as follows:

Column I	Column II	Column III
V. Pennsylvania Anthracite:		
A. Egg, stove, chestnut	$16.55	----------

For all sales of said anthracite coal for the periods February 7, 1944, to and including March 5, 1944, the sum of $0.45 per ton may be added to the prices listed above.

(e) Paragraph (ii) *Prompt payment*, of subparagraph (2) *Discounts*, in section (e) *Schedule of Service Charges and Discounts* is amended to read as follows:

(e) *Schedule of service charges and discounts.* (1) * * *

(2) *Discounts.* (i) * * *

(ii) *Prompt payment.* The prices set forth in Column II Schedule I for sales on a direct delivery basis (other than quantity sales) shall be subject to a dis-

count of $0.25 per ton when paid within ten days from the date of delivery.

This amendment to Order No. G–9 under Revised Maximum Price Regulation No. 122 shall become effective February 29, 1944.

[Region III Order G–30 Under RMPR 122]

SOLID FUELS IN HAMILTON COUNTY AND MILFORD, OHIO

Order No. G–30 under Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers. Maximum prices for specified solid fuels in Hamilton County, Ohio, and in the city of Milford, Ohio.

For the reasons stated in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1340.260 and § 1340.259 of Revised Maximum Price Regulation No. 122, it is hereby ordered:

(a) *What this order does.* This order establishes maximum prices for sales of specified solid fuels made within the County of Hamilton, Ohio, and within the corporate limits of Milford, Ohio. These are the highest prices that any dealer may charge when he delivers such fuel at or to a point in such area; they are also the highest prices that any buyer in the course of trade or business may pay for them.

(b) *What this order prohibits.* Regardless of any obligation, no person shall,

(1) Sell or, in the course of trade or business, buy solid fuels at prices higher than the maximum prices set by this Order No. G–30 but less than maximum prices may at any time be charged, paid or offered;

(2) Obtain a higher than ceiling price by:

(i) Charging a price higher than the scheduled price for a service or making a charge for a service not authorized by this order,

(ii) Making a charge higher than the scheduled charge authorized for the extension of credit,

(iii) Using any other device by which a higher than maximum price is obtained directly or indirectly,

(iv) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him, except that a dealer may comply with any requirements or standards with respect to deliveries which have been or may be issued by any agency of the United States Government.

(c) *Schedule for sales of coal*—(1) *Price schedules.* This schedule sets forth maximum prices for cash or credit sales of specified sizes, kinds and quantities of solid fuels. Column I describes the solid fuel for which prices are established; Column II shows maximum prices for cash or credit sales to domestic consumers on a "direct delivery" basis; Column III shows maximum prices for cash or credit sales to commercial or industrial consumers on a "direct delivery" basis. All prices are for sales on a net ton basis.

Column I	Column II	Column III
I. High Volatile Bituminous Coals from Producing District Nos. 7 and 8 (Southern West Virginia, Western Virginia, Northeastern Tennessee, and Eastern Kentucky):		
A. Lump, Size Group Nos. 1 and 2 (bottom size larger than 3") excepting coals in Mine Price Classifications A through D:		
1. From the Harlan and Raven Rock, Harlan and Creech, Upper Banner, Splash Dam, Clinchwood, Elkhorn 1 and 2, No. 2 Gas, Dorothy, and Millers Creek Seams, in Mine Price Classifications E through J	$8.15	$7.90
2. All other coals in Mine Price Classifications G and lower excepting coal from Mine Index No. 412	7.60	7.35
B. Egg, Size Groups 6 and 7 (top size larger than 3" but not exceeding 6" x bottom size 3" and smaller) in Mine Price Classifications G and lower	7.80	7.05
C. Stoker, Size Group No. 10 (top size 1¼" and smaller x bottom size ¼" and larger) in Mine Price Classifications B and lower:		
1. Treated	7.95	7.70
2. Untreated	7.55	7.60
D. Screenings, Size Group No. 20 (larger than ¾" x 0 but not exceeding 3" x 0), and yard screenings		5.80
II. Low Volatile Bituminous Coals from Producing District Nos. 7 and 8 (Southern West Virginia, Western Virginia, Northeastern Tennessee, and Eastern Kentucky), excepting Mine Index No. 72:		
A. Lump, Size Group No. 1 (bottom size larger than that designated for screened Run of Mine) in Mine Price classifications A through C	8.35	8.10
B. Egg, size group No. 2 (top size larger than 3" x bottom size no limit) in Mine Price Classifications A through C	8.35	8.05
C. Stoker, or dedusted screenings, Size Group No. 5 (top size not exceeding ¾" x bottom size smaller than ¾") in Mine Price Classification A (treated and untreated)	7.70	7.45
D. Screenings, Size Group No. 8 (larger than ¾" x 0 but not exceeding 1¼" x 0) and Yard screenings		5.80
III. Coke (excluding reclaimed or reject coke), Nut and Egg Size	10.35	10.10

(2) *Discounts.* All prices quoted in Column II shall be subject to a discount of $1.00 per ton on all "yard sales" to other dealers for resale. All prices quoted in Column III shall be subject to a discount of $.50 per ton on all "yard sales" to commercial and industrial consumers.

(3) *Descriptive terms.* All terms used herein to describe size, volatility and producing district are those established and defined by the Bituminous Coal Division and in effect as of midnight, August 23, 1943.

(d) The maximum prices for all sales by dealers of solid fuel not provided for by this Order No. G–30 shall be the maximum prices established by Revised Maximum Price Regulation No. 122.

(e) *Schedule of service charges.* This schedule sets forth maximum prices which a dealer may charge for special services rendered in connection with all sales under paragraph (c). These charges may be made only if the buyer requests such service of the dealer and only when the dealer renders the service. Every service charge shall be separately stated in the dealer's invoice.

Use of conveyor or chute to convey coal from truck to bin or use of high lift truck to deliver coal to bin, 50¢ per ton.

(f) *The transportation tax.* The transportation tax imposed by section 620 of the Revenue Act of 1942 may be collected in addition to the maximum prices set by this order, provided the dealer states it separately from the price on his invoice or statement. However, the dealer need not so separately state on a sale to the United States or any agency thereof, the District of Columbia, any state government or any political subdivision thereof.

(g) *Addition of increase in suppliers prices prohibited.* The maximum prices set by this order may not be increased by a dealer to reflect increases in purchase costs or in supplier's maximum prices occurring after the effective date hereon; but increases in the maximum prices set hereby to reflect such increases are within the discretion of the Regional Administrator.

(h) *Petitions for amendment.* Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 except that the petition shall be filed with the Regional Administrator and acted upon by him.

(i) *Applicability of other regulations.* Every dealer subject to this order is governed by the licensing provisions of Supplementary Order No. 72, effective October 1, 1943.

(j) *Right of amendment or revocation.* The Regional Administrator or Price Administrator may amend, revoke or rescind this order, or any provision thereof, at any time.

(k) *Records.* Every person making a sale of solid fuel for which a maximum price is set by this order shall keep a record thereof showing the date, the name and address of the buyer, if known, the per net ton price charged and the type and kind of solid fuel sold. The solid fuel shall be identified in the manner in which it is described in the order. The record shall also separately state the service rendered and the charge made for it.

(l) *Posting of maximum prices; sales slips.* (1) Each dealer subject to this order shall post all the maximum prices set by it for all his types of sales. He shall post his prices in his place of business in a manner plainly visible to and understandable by the purchasing public. He shall also keep a copy of this order available for examination by any person inquiring as to his prices for solid fuel. No report of the maximum prices established by this order need be made by any dealer under § 1340.262 (c) of Regulation No. 122.

(2) Every dealer selling solid fuel for sales of which a maximum price is set by this order shall, within thirty days after the date of delivery of the fuel, give to the buyer a statement showing:

the date of the delivery, the name and address of the dealer and of the buyer, the kind, size, and quantity of the solid fuel sold, the price charged and separately stating any item which is required to be separately stated by this order.

(m) *Enforcement.* (1) Persons violating any provisions of this order are subject to civil and criminal penalties, including suits for treble damages, provided for by the Emergency Price Control Act of 1942, as amended.

(2) Persons who have any evidence of any violations of this order are urged to communicate with the Cincinnati District Office of the Office of Price Administration.

(n) *Definitions and explanations.* (1) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, any other government, or any of its political subdivisions, and any agency of any of the foregoing.

(2) "Sell" includes sell, supply, dispose, barter, exchange, lease, transfer and deliver, and contracts and offers to do any of the foregoing. The term "sale", "selling", "sold", "seller", "buy", "purchase", and "purchaser" shall be construed accordingly.

(3) "Dealer" means any person selling solid fuel except producers or distributors making sales at or from a mine, a preparation plant, operated as an adjunct of any mine, a coke oven, or a briquette plant.

(4) "Direct delivery" means discharging the fuel directly from the seller's truck at a point where this can be done and in the customary manner at the point nearest and most accessible to the buyer's bin or storage space.

(5) "Yard sales" shall mean sales and deliveries made by the dealer in his customary manner at his yard.

(6) "Commercial and industrial sales" shall mean sales in quantities totaling 35 tons or more in one year to one buyer and delivered to one place to churches, apartment building of four or more apartments, to greenhouses, and to commercial and industrial establishments.

(7) Except as otherwise provided herein or as the context may otherwise require, the definitions set forth in §§ 1340.255 and 1340.266 of Revised Maximum Price Regulation No. 122, as amended, shall apply to the terms used herein, and in full force and effect.

(o) *Applicability of this order.* To the extent applicable, the provisions of this order supersede Revised Maximum Price Regulation No. 122.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–30 under Revised Maximum Price Regulation No. 122 shall become effective April 1, 1944.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 54–87, 59–7]

FEDERAL LIGHT & TRACTION CO., ET AL.

ORDER DISAPPROVING PLAN

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 30th day of March, A. D. 1944.

In the matter of Federal Light & Traction Company and its subsidiary companies, File No. 54–87; and Cities Service Power & Light Company and its subsidiary companies, File No. 59–7.

The Commission having, on August 17, 1943, issued an order pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935 respecting the holding-company system of Cities Service Power & Light Company and the holding-company system of Federal Light & Traction Company, both registered public utility holding companies, in which order jurisdiction was reserved on the issue of the retainability by Federal Light & Traction Company of its interests in the Tucson Gas Electric Light and Power Company and Deming Ice and Electric Company, both public utility operating companies and subsidiaries of Federal Light & Traction Company;

Federal Light & Traction Company having filed a plan pursuant to section 11 (e) of the said act proposing, among other things, a merger of Albuquerque Gas and Electric Company, Deming Ice and Electric Company, The Las Vegas Light & Power Company, New Mexico Power Company, The Trinidad Electric Transmission, Railway and Gas Company with The Tucson Gas Electric Light and Power Company, and proceedings upon the said plan having been, by order, consolidated with proceedings upon the issues reserved in the aforementioned order of August 17, 1943, hearings having been held after due notice at which evidence as to the retainability of The Tucson Gas Electric Light and Power Company and Deming Ice and Electric Company was received, such evidence, and other evidence received, relating also to the question whether the plan complies with the provisions of section 11 (e) and could be carried out pursuant to the provisions of section 10, briefs and oral argument having been waived and the Commission having considered the matter and this day issued its findings and opinion thereon, pursuant to the said findings and opinion.

It is ordered, That Federal Light & Traction Company shall sever its relationships with The Tucson Gas Electric Light and Power Company and with Tucson Rapid Transit Company, which operates in the territory of The Tucson Gas Electric Light and Power Company, by disposing, in any appropriate manner not in contravention of the applicable provisions of the act or the rules and regulations promulgated thereunder, of its direct and indirect ownership, control, and holding of securities issues and properties owned, controlled, or operated by, the said companies; and

It is further ordered, That Federal Light & Traction Company shall similarly dispose of any interest, direct or indirect in the properties of Stonewall Electric Company adjacent to the properties of The Tucson Gas Electric Light and Power Company: *Provided, however*, That Federal Light & Traction Company may, within the time fixed for compliance with this order by the said act, elect to retain its interests in The Tucson Gas Electric Light and Power Company and in the properties of Stonewall Electric Company adjacent thereto, in which event it shall dispose of all its other interests save those in Deming Ice and Electric Company and Tucson Rapid Transit Company; and jurisdiction is reserved to consider the application of the said act to the retainability of the latter interests in the event the election herein noted is made; and

It is further ordered, That the plan filed by Federal Light & Traction Company pursuant to the provisions of section 11 (e) be, and the same hereby is, disapproved, insofar as it provides for the continuation of joint control of the properties of The Tucson Gas Electric Light and Power Company together with those of the remaining subsidiaries of Federal Light & Traction Company.

By the Commission.

NATIONAL AVIATION CORPORATION

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 30th day of March, A. D. 1944.

National Aviation Corporation, a registered investment company, having filed an application under the provisions of section 10 (f) of the Investment Company Act of 1940 for an order permitting it to purchase as a shareholder pursuant to rights its aliquot portion of shares of an offering by Northwest Airlines, Incorporated, of additional common stock to holders of its common stock at a price of $16 per share in the ratio of 1 share of additional common stock for each 2 shares of common stock held, such offerings being underwritten in part by Hornblower and Weeks, 40 Wall Street, N. Y., N. Y., and Paine, Webber, Jackson and Curtis, 25 Broad Street, N. Y., N. Y., of which firms certain directors of the applicant are affiliated persons;

It is ordered, Pursuant to section 40 (a) of said act, that a hearing on the aforesaid application be held on April 5, 1944 at 10:00 o'clock in the forenoon of that day in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania; and

It is further ordered, That Robert P. Reeder, Esq., or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such application. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given to the applicant and to any other persons whose participation in such proceedings may be in the public interest or for the protection of investors.

By the Commission.

WAR MANPOWER COMMISSION.

[Directive No. X, Amdt. 2]

TRANSFER AND RELEASE OF GOVERNMENT EMPLOYEES

By virtue of the authority vested in me as Chairman of the War Manpower Commission by Executive Orders Nos. 9139 and 9346 (7 F.R. 2919, 7213), paragraphs I and VI of War Manpower Commission Directive No. X, entitled "Directive With Respect to the Transfer and Release of Government Employees," (7 F.R. 7288) as amended by War Manpower Commission Directive No. XVI (7 F.R. 11050), are hereby amended to read as follows:

I. Whenever the Civil Service Commission shall find that a civilian employee of any department or agency of the executive branch of the Federal Government can make a more effective contribution to the war effort, in a position in some other such department or agency, the Commission with or without the consent of the employee or of the department or agency in which he is employed or to which he is transferred, shall direct the transfer of such employee to such position: *Provided*, That whenever such transfer is directed to a position beyond reasonable commuting distance from the home of the employee concerned, the department or agency to which he is transferred shall reimburse the employee for the cost of transporting himself, and his household goods, out of funds available to the agency for expenses of travel or transportation, in accordance with Government regulations.

VI. Any employee whose transfer is to be directed pursuant to this directive without the consent of such employee shall be afforded, prior to such transfer, a fair opportunity to present to the Civil Service Commission evidence that the proposed transfer is inequitable or will impose upon him an undue hardship. No employee shall, without his consent, be transferred to a position at a lower salary than he received at the time such transfer is directed.

Dated: March 27, 1944.

PATERSON, N. J., AREA

MINIMUM WARTIME WORKWEEK

Designation of the Paterson, New Jersey, Area as subject to Executive Order No. 9301.

By virtue of the authority vested in me as Regional Manpower Director of Region No. III by § 903.2 of War Manpower Commission Regulation No. 3, "Minimum Wartime Workweek of 48 Hours" (8 F.R. 7225), and having found that such action will aid in alleviating labor shortages which are impeding the war effort, I hereby designate the Paterson, New Jersey, Area as subject to the provisions of Executive Order No. 9301.

I. For the purposes of this designation, the Paterson, New Jersey, Area shall include:

Passaic County; Bergen County (except Lyndhurst Township and North Arlington Borough); North Bergen Township, Weehawken Township, Union City, Guttenberg Town, Secaucus Town, West New York Town in Hudson County; and Pequannock Township, Butler Borough, Kinnelton Borough, Lincoln Park Borough, Riverdale Borough in Morris County.

II. The effective date of this designation is April 1, 1944.

III. Not later than the effective date, each employer in the Paterson, New Jersey, Area shall, in accordance with War Manpower Commission Regulation No. 3:

(a) Extend to a minimum wartime workweek of 48 hours, the workweek of any of his workers whose workweek can be so extended without involving the release of any worker;

(b) If extension of the workweek of any of his workers to a minimum wartime workweek of 48 hours would involve the release of any workers, submit to the Area Manpower Director the number and occupational classification of the workers whose release would be involved, together with proposed schedules for their release, and thereafter extend such workweek when and as directed in schedules authorized by the War Manpower Commission;

(c) File an application for a minimum wartime workweek of less than 48 hours for those workers engaged in employment in which the employer claims that a workweek of 48 hours would be impracticable in view of the nature of the operations, would not contribute to the reduction of labor requirements, or would conflict with any Federal, State or local law or regulation limiting hours of work.

Date of issuance: March 17, 1944.

It is ordered, Pursuant to section 40 (a) of said act, that a hearing on the aforesaid application be held on April 5, 1944 at 10:00 o'clock in the forenoon of that day in Room 318 of the Securities and Exchange Commission Building, 18th and Locust Streets, Philadelphia, Pennsylvania; and

It is further ordered, That Robert P. Reeder, Esq., or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such application. The officer so designated is hereby authorized to exercise all the powers granted to the Commission under sections 41 and 42 (b) of the Investment Company Act of 1940 and to trial examiners under the Commission's Rules of Practice.

Notice of such hearing is hereby given

Commission by Executive Orders Nos. 9139 and 9263 (7 F.R. 2919, 7213), paragraphs I and VI of War Manpower Commission Directive No. X, entitled "Directive With Respect to the Transfer and Release of Government Employees," (7 F.R. 7296) as amended by War Manpower Commission Directive No. XVI (7 F.R. 11050), are hereby amended to read as follows:

I. Whenever the Civil Service Commission shall find that a civilian employee of any department or agency of the executive branch of the Federal Government can make a more effective contribution to the war effort, in a position in some other such department or agency, the Commission with or without the consent of the employee or of the department or agency in which he is employed or to which he is transferred, shall direct the transfer of such employee to such position: *Provided*, That whenever such transfer is directed to a position beyond reasonable commuting distance from the home of the employee concerned, the department or agency to which he is transferred shall reimburse the employee for the cost of transporting himself, and his household goods, out of funds available to the agency for expenses of travel or transportation, in accordance with Government regulations.

VI. Any employee whose transfer is to be directed pursuant to this directive without the consent of such employee shall be afforded, prior to such transfer, a fair opportunity to present to the Civil Service Commission evidence that the proposed transfer is inequitable or will impose upon him an undue hardship. No employee shall, without his consent, be transferred to a position at a lower salary than he received at the time such

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. 303]

PART 285—RULES OF PRACTICE

OBJECTION TO PUBLIC DISCLOSURE OF INFORMATION

Amendment No. 1 of § 285.12.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 8th day of March, 1944.

The Civil Aeronautics Board, acting pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a) and 1001 thereof, and deeming its action necessary to carry out the provisions of said Act and to exercise its powers and perform its duties thereunder, hereby makes and promulgates the following regulation:

Effective March 8, 1944, paragraph (d) of § 285.12 of the Economic Regulations is hereby amended by adding to subparagraph (3) thereof, the following:

If such motion relates to contracts, agreements, understandings, or arrangements filed pursuant to section 412 (a) of the Civil Aeronautics Act of 1938, as amended, and § 251.1 of the Economic Regulations, or pursuant to § 251.2 of the Economic Regulations, an executed original copy and two copies of such motion shall be filed.

By the Civil Aeronautics Board.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 250—RULES AND REGULATIONS, PUBLIC UTILITY HOLDING COMPANY ACT OF 1935

EXTENSION OF DATES FOR COMPLETION AND FILING OF ORIGINAL COST STUDIES

Extension of date for completion and filing of the original cost studies required by § 250.27 [Rule U-27] which relates to classification of accounts prescribed for utility companies not already subject thereto.

Acting pursuant to the Public Utility Holding Company Act of 1935, and particularly sections 15 and 20 (b) thereof, it is hereby ordered by the Securities and Exchange Commission that:

(1) The date on or before which the reporting company is required to complete and file the original cost studies pursuant to the Uniform System of Accounts as prescribed by the Federal Power Commission and/or the National Association of Railroad and Utilities Commissioners, as made applicable to certain registered holding companies or subsidiaries pursuant to § 250.27 [Rule U-27] under the Public Utility Holding Company Act of 1935, is hereby extended to June 30, 1944.

(2) The requirements for submission of entries and balance sheets prescribed in Instruction 2D of the Uniform System of Accounts as prescribed by the Federal Power Commission and/or the National Association of Railroad and Utilities Commissioners, as made applicable to certain registered holding companies and subsidiaries pursuant to § 250.27 [Rule U-27] under the Public Utility Holding Company Act of 1935, are modified so as to specify that every company subject to said rule shall furnish, where applicable, the following statements properly sworn to by the officer in responsible charge of their compilation:

Statement A showing in outline the origin and development of the company including, particularly, a description (giving names of parties and dates) of each consolidation and merger to which the company, or a predecessor, was a party and each acquisition of an electric and/or gas operating unit or system.

Statement B showing for each acquisition by the reporting company or any of its predecessors of an electric and/or gas operating unit or system, the original cost, estimated, if not known, the cost of such company and the amount entered in the books in respect thereto as of the date of acquisition. If the depreciation, retirement or amortization reserve was adjusted as of the date of acquisition and in connection therewith, a full disclosure of the pertinent facts should be made. The difference between the original cost and the amount entered in respect thereto of each acquisition of an electric and/or gas operating unit or system, as of the date of acquisition, should be clearly stated, and a summary of all transactions affecting such difference between the date of the respective acquisition and the effective date of the applicable Uniform System of Accounts, and the resultant amount on the latter date, should be set forth. The amount to be included in Account 100.5, Electric Plant Acquisition Adjustments and/or Account 100-5, Utility Plant Acquisition Adjustments, as of the effective date of the applicable Uniform System of Accounts, shall be subdivided so as to show the amounts applicable to (a) electric and/or gas plant in service, (b) electric and/or gas plant leased to others, and (c) electric and/or gas plant held for future use. Whenever practical, such amount shall be classified according to nature, i. e., going value, structural value, etc.

Where estimates are used in arriving at original cost or the amount to be included in Account 100.5 and/or Account 100-5, a full disclosure of the method and underlying facts should be given. The method of determining the original cost of the electric and/or gas plant acquired as operating units or systems should be described in sufficient detail to permit a clear understanding of the nature of the investigations which were made for that purpose.

Statement C showing any amounts arrived at by appraisals, recorded prior to the effective date of the applicable Uniform System of Accounts, in the electric and/or gas plant accounts (and not eliminated) in lieu of cost to the reporting company. This statement should give the full journal entry at the time the appraisal was originally recorded and if the entry had the effect of appreciating or writing-up the electric and/or gas plant account, the amount of the appreciation or write-up should be traced, by proper description and explanation of changes, from the date recorded to the effective date of the applicable Uniform System of Accounts.

Statement D showing electric and/or gas plant as of the effective date of the applicable Uniform System of Accounts, as classified in the books of account immediately prior to reclassification in accordance with the applicable system of accounts, including, under a descriptive heading, any unclassified accounts applicable jointly to the electric and/or gas department and other departments of the utility.

Statement E showing summary of adjustments necessary to state, as of the effective date of the applicable Uniform System of Accounts, Account 100, Electric Plant and/or Account 100, Utility Plant, including all its subsidiary accounts, and Account 107 Electric Plant Adjustments and/or Account 107, Utility Plant Adjustments, as prescribed in the applicable Uniform System of Accounts.

Statement F showing electric and/or gas plant (balance sheet Account 100) as of the effective date of the applicable Uniform System of Accounts classified according to the accounts prescribed in said Uniform System of Accounts on that date, and showing also the amount includible in Account 107, Electric Plant Adjustments and/or Account 107, Utility Plant Adjustments.

Statement G giving a comparative balance sheet, as of the effective date of the applicable Uniform System of Accounts, showing the accounts and amounts appearing in the books before the adjusting entries have been made and after such entries shall have been made.

Statement H giving a suggested plan for depreciating, amortizing, or otherwise disposing in whole or in part of the amounts, as of the effective date of the applicable Uniform System of Accounts, includible in Account 100.5, Electric Plant Acquisition Adjustments and/or Account 100-5, Utility Plant Acquisition Adjustments, and Account 107, Electric Plant Adjustments and/or Account 107, Utility Plant Adjustments.

Effective April 1, 1944.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter C—Miscellaneous Excise Taxes

[T. D. 5354]

PART 143—TAX ON THE TRANSPORTATION OF PROPERTY

GOVERNMENTAL EXEMPTIONS

In order to conform Regulations 113 [Part 143, Title 26, Code of Federal Regulations, 1943 Supp.], relating to the tax on the transportation of property, to section 307 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are hereby amended as follows:

PARAGRAPH 1. Section 143.0, Subpart A, is amended by changing the fourth paragraph to read as follows:

Subpart D deals with governmental exemptions.

PAR. 2. Section 143.13 (a), Subpart C, is amended by changing the seventh paragraph to read as follows:

The tax does not apply: (1) to an amount paid outside the United States for the transportation of property from a point without the United States to a point within the United States; (2) to an amount paid by a carrier, freight forwarder, express company, or similar person for the transportation of property with respect to which a tax is payable to such carrier, freight forwarder, express company, or similar person; or (3) to an amount paid for the transportation of property in course of exportation or shipment to a possession of the United States and actually so exported or shipped (see § 143.30). For governmental exemptions see Subpart D.

PAR. 3. Subpart D, as amended by Treasury Decision 5312, approved December 16, 1943, is further amended to read as follows:

SUBPART D—GOVERNMENTAL EXEMPTIONS

[SEC. 3475. TRANSPORTATION OF PROPERTY.—As added by section 620 (a) of the Revenue Act of 1942.]

(b) *Exemption of Government transportation.* The tax imposed under this section shall not apply to amounts paid by or to the United States or any agency or instrumentality of the United States for the transportation of property.

PUBLIC LAW 180—78TH CONGRESS, 1ST SESSION. APPROVED NOVEMBER 4, 1943

* * * * * *

That section 3475 (b) of the Internal Revenue Code (relating to the tax on the transportation of property) is amended to read as follows:

(b) *Government transportation.* The tax imposed under this section shall not apply to amounts paid for the transportation of property to or from the Government of the United States, or any State, Territory, or political subdivision thereof, or the District of Columbia, or to amounts paid to the Post Office Department for the transportation of property.

SEC. 2. The amendment made by section 1 shall take effect with respect to amounts paid, on and after the first day of the first month which begins more than ten days after the date of the enactment of this Act, for the transportation of property on and after such first day.

SEC. 307. TERMINATION OF CERTAIN GOVERNMENTAL EXCISE TAX EXEMPTIONS. (Revenue Act of 1943, enacted February 25, 1944, Title III.)

(a) The several sections of the Internal Revenue Code hereinafter enumerated are amended as follows:

* * * * * *

(9) Section 3475 (b) (relating to governmental exemption from tax with respect to transportation of property) is amended to read as follows:

(b) *Exemption of Government transportation.* The tax imposed under this section shall not apply to (1) amounts paid for the transportation of property to or from the government of a State, Territory of the United States, or political subdivision thereof, or the District of Columbia, or any corporation created by Act of Congress to act in matters of relief under the treaty of Geneva of August 22, 1864, (2) amounts paid to the Post Office Department for the transportation of property, or (3) amounts paid by or to the War Shipping Administration for the transportation of property by water from one point in the United States to another, except between points on the Great Lakes."

(b) *Period with respect to which applicable.* * * * the amendments made by this section shall apply as follows:

* * * * * *

(5) The amendments of sections * * * 3475 (b) of the Internal Revenue Code shall be applicable only with respect to amounts paid on or after the first day of the first month which begins three months or more after the date of the enactment of this Act, except that the amendment of such section 3475 (b), insofar as it relates to the exemption of amounts paid by or to the War Shipping Administration, shall be applicable for the period beginning December 1, 1943, and ending on the first day of the first month which begins six months or more after the date of the termination of hostilities in the present war.

(6) For the purposes of this subsection the term "date of the termination of hostilities in the present war" means the date proclaimed by the President as the date of such termination, or the date specified in a concurrent resolution of the two Houses of Congress as the date of such termination, whichever is the earlier.

* * * * *

§ 143.20 *United States Government; general provisions.* An amount paid prior to June 1, 1944, for the transportation of property, where such transportation originated prior to December 1, 1943, is exempt from the tax (1) if paid directly to a carrier by the United States or any agency or instrumentality thereof, or (2) if paid to the United States or any agency or instrumentality thereof. In either case an exemption certificate is not required.

An amount paid during the period December 1, 1943, to May 31, 1944, inclusive, for the transportation, originating on or after December 1, 1943, of property to or from the Government of the United States, is exempt from the tax. Where the shipping papers show the consignor or consignee to be the Government of the United States, or an agency or instrumentality thereof, such papers may be accepted by the carrier as proof of the exempt character of the shipment. A United States Government bill of lading may likewise be accepted as evidence of the exempt character of the shipment. No exemption certificate is required.

For additional exemptions affecting the Post Office Department, the War Shipping Administration, and The American National Red Cross see §§ 143.21 to 143.23, inclusive.

§ 143.21 *Post Office Department.* All amounts paid to the Post Office Department for the transportation of property are exempt from the tax.

§ 143.22 *War Shipping Administration.* An amount paid directly to a carrier by the War Shipping Administration, or an amount paid to the War Shipping Administration for the transportation of property by water from one point in the United States to another, except between points on the Great Lakes, is exempt from the tax.

The exemptions under this section shall apply only to amounts paid during the period beginning December 1, 1943, and ending on the first day of the first month which begins six months or more after the date of the termination of hostilities in the present war.

§ 143.23 *The American National Red Cross.* An amount paid on or after December 1, 1943, for the transportation, originating on or after such date, of property to or from The American National Red Cross, is exempt from the tax.

§ 143.24 *States, Territories, etc.* An amount paid directly to a carrier by a State, or political subdivision thereof, for the transportation of property is exempt from the tax.

An amount paid on or after December 1, 1943, for the transportation, originating on or after such date, of property to or from the government of a State, Territory of the United States, or political subdivision thereof, or the District of Columbia, is exempt from the tax. Where the shipping papers show the consignor or consignee to be a State, Territory, or political subdivision thereof, or the District of Columbia, or an agency or instrumentality of any of the foregoing, such papers may be accepted by the carrier as proof of the exempt character of the shipment.

No certificate of exemption is required.

§ 143.25 *Penalties.* For penalties applicable to any person falsely claiming exemption under §§ 143.20 to 143.24, inclusive, see section 1718 of the Internal Revenue Code, made applicable to the tax on amounts paid for the transportation of property by section 3473 thereof. (See Subpart H.)

(Secs. 3472 and 3791, Internal Revenue Code (53 Stat. 423, 467; 26 U.S.C. 3472, 3791) and sec. 307, Rev. Act of 1943 (Pub. Law 235, 78th Cong.))

PART 320—RETAILERS' EXCISE TAXES

TAXES ON JEWELRY, FURS, TOILET PREPARATIONS, AND LUGGAGE

In order to conform Regulations 51 [Part 320, Title 26, Code of Federal Regulations, 1941 Supp.], relating to the retailers' excise taxes under the Internal Revenue Code, to sections 301, 302, 303, 307, and 310 of the Revenue Act of 1943 (Public Law 235, 78th Congress), enacted February 25, 1944, such regulations are amended as follows:

PARAGRAPH 1. The subheading immediately preceding the heading "Subpart A—Introductory" is amended to read as follows:

Regulations Relating to Excise Taxes on Sales by the Retailer (Chapter 19 of the Internal Revenue Code, Added by Section 552 of the Revenue Act of 1941, and Chapter 9a of the Internal Revenue Code, Added by Section 210 of the Revenue Act of 1940, and Amended by Section 302 of the Revenue Act of 1943).

PAR. 2. Section 320.0 is amended to read as follows:

§ 320.0 *Scope of regulations.* These regulations deal with excise taxes imposed by Chapter 19 of the Internal Revenue Code, as added by section 552 of the Revenue Act of 1941, and Chapter 9A of the Internal Revenue Code, as added by section 210 of the Revenue Act of 1940, and amended by section 302 of the Revenue Act of 1943, on sales by the retailer of:

(a) Jewelry.
(b) Furs.
(c) Toilet preparations.
(d) Luggage.

Taxes on sales of articles in the four classes will be considered hereinafter in the order indicated. The regulations with respect to the imposition, manner of application, and computation of tax liability are set forth in Subparts B to G, inclusive. The regulations relating to the return and collection of tax and the imposition of penalties and other matters are contained in Subpart H.

PAR. 3. Immediately preceding § 320.1, there is inserted the following:

SEC. 302. INCREASES IN RATES. (Revenue Act of 1943, Title III, effective April 1, 1944.)

(a) *In general.* Chapter 9A is amended to read as follows:
